

# Blue Ribbon Commission on America's Nuclear Future

Public invitation to attend discussions on  
**Finland's Nuclear Waste and Disposal Storage Techniques**

**Helsinki – October 21, 2010** 08:30-11:00am, Crowne Plaza Hotel

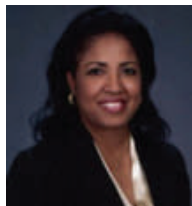

**Eurajoki – October 22, 2010** 13:30-15:00, Vuojoen Kartano, Kartanontie 28

A high-level U.S. delegation of the Blue Ribbon Commission will visit Helsinki October 21-22, 2010. The purpose of their visit is to learn Finnish best practices in nuclear waste disposal and storage techniques from regulation to storage site selection and public/citizen input.

The Commission will hold two open meetings – in Helsinki and Eurajoki – to hear from select Finnish stakeholders on nuclear waste disposal/storage issues specific to Finland. The Commission would also like to hear the views of the general public on these issues. Both meetings are open to the public.

If you are interested in attending, please contact Economic Officer Wendy Kahler at [kahlerwa@state.gov](mailto:kahlerwa@state.gov) for more information.
