SUBJECT: SUPPORT: Fairness, freedom, liberties, democracy, government function, social justice; REFORMS on ALL AREAS- - prosecution, sentencing, release; policies, procedures, practices, correction facilities,...etc.; local- federal.

My name is Lih Young. I am a Ph. D. economist by training. I urge comprehensive reforms on all areas related to jailing and correction facilities.

REASONS: My testimony, with detail information and recommendation are based on: (I).

the experiences of myself, my families: (1) both extensive and intensive as victims in the past several decades. (2) There is no one single day is peace, despite we have been model citizens, travelling around the world and U.S.A. (3). I have been arrested, detained, fined, imprisoned in all kinds of unjust manners by officials, legislators, court/legal personnel, law enforcement

(broadly defined), law firms, accountant, ... staff, which have deprived of our rights, , homes, cars, properties ...etc. (5). My husband was murdered by "MURDER-FRAUD-CRIME-INJUSTICE NETWORKS" operation; with unjust manipulation, schemes, scams. (6). I almost have been murdered, or near death a few times. (7). When I was detained, prisoned (in jails, hospitals or rehabs). I often did not have basic uses of phone/computer/ stationery...,despite they say so, even my family supplied them; I was obstructed from writing briefs, petition, complaints, mailing. . . mostly with torture, deprivation of sleep.... I did not have real use of public defender, even someone pretend so. (II). I also seen, heard many families are victimized; damaged; including senior citizen and veterans; blacks, whites, or browns. (III). I have frequently participated in varieties of activities when victimization, petitions and protests against social injustice, local – federal; which are interrelated, including jailing, medication, unjust practices and billing (private and public).

RECOMMENDATION:

(I). For those issues CCTF outlined (see below), other civic organizations and I have petitioned for reform before: the impact of current federal prosecution, sentencing, release, and supervision policies and practices, and suggestions for reform; the consequences of the current size of the federal prison population and its associated costs, and options to reduce the population and/or avert further growth; the nature and impact of overcrowding in Bureau of Prisons (BOP) facilities and proposed measures to address its consequences; and the status of current BOP risk and needs assessment practices, substance abuse treatment, and rehabilitation and employment programs, and opportunities for improvement.

(II). I just focus on other issues and reform that CCTF and other people have not or less likely to talk about as I provided below. To help you understand the social problems as I have

identified, see the attachments, including my candidate statements. I have run for public offices, local- federal, since 1994, including U.S. SENATE. *

(A). **ALERT TO THE PEOPLE= POWER TO THE PEOPLE. Do not be misled:**

Restore JUSTICE -fix "ROBBER-ISM" first; or just benefit "MURDER-FRAUD-CRIME-INJUSTICE NETWORKS" operation.

Oppose Supreme Court decisions on Citizen-united, and on Mcclutcheon on election campaign, and Koch Brothers Dark money and super PAC strategies. OPPOSE SO CALLED "FAIR ELECTION ACT" PUBLIC FINANCE MATCHING SMALL DONORS FUND- - DO MORE HARM THAN GOOD, RESOURCES BENEFIT "BAD GUYS" AS USUAL.

WORK TO BE DONE; SOCIAL JUSTICE IN GREAT DANGER! Too much rhetoric, false, misleading, unjust manipulation! Meaningless! The most urgent serious problems here and overseas: ROBBERISM"= "MURDER- FRAUD- CRIME- INJUSTICE NETWORKS" operation = bad guy propaganda to help/benefit/self-promotion among themselves; victimize others = destroying freedom, fairness, democracy, capitalism; continuing, on-going; expanding; penetrating every segment of our lives, including civic non-profit, women, minorities, churches, nonsense studies, proposals, block grants, "think tanks", etc. UNJUST killing: not just gun shooting; false imprisonment, rehab, medication, injection, accidents, brutality, freezing, hungry...; Many people are misdiagnosed, hospitalized/ imprisoned as mentally ill, etc.; political prisoners; dissenters; victimized/abused– resources/properties/benefits; private, public; vet, Medicare, ssa,...;Living wage=min. for survival in justice; but never enough in injustice: unlawful traffic tickets, fines, legal fees, other problems; Agencies, doj, fbi,cia, nsa, dhhs,dot, ...etc. local-federal have no accountability! Lots of problems: waste, abuse, official misconduct; Urge @WhiteHouse, Congres, officials local-federal to investigate suppression/concealment of public

comments/complaints; e.g., on federal solidarity CMU. PREVENT hidden agenda; not to divert taxpayers' resources to benefit "BAD GUYS"; more law/caucus/task force/ shuffling do not make government/ contractors/ churches work better.

Urge to re-open/investigate/prosecute "MURDER- FRAUD- CRIME- INJUSTICE NETWORKS" operation; seizure, destruction; obstruction, tampering; denial of LIVES/resources/ rights/freedom/reputation; access/use of communication; phone, fax, media; equipment, facilities; computers, internet, social media; work, documents, files, petition/action sites, voters guides, websites, e.g., DNet (by League of Women Voters, Congress.org); Congress.org, Vote-Md, Project Vote Smart, media, links... ..more.

(B). SOCIAL JUSTICE IN GREAT DANGER! WORK TO BE DONE: PROMOTE FAIRNESS, FREEDOM, JUSTICE, PEACE, HUMANITY, PRODUCTIVITY, WELL-BEING OF GENERAL PUBLIC; RESOLVE SOCIO- POLITICAL ISSUES, BALANCING BUDGET.

(C). PROMOTE: fairness, freedom, liberties, government function, social justice; to protect people, families, communities and society from unnecessary damages, affects people's health, productivity, medical expenditures; individual, family and social lives; from both private and social cost-benefits points of view; while taxpayers and general public have to pay the costs. Further, adverse impacts of unfairness, irresponsibility, unfair election and market mechanism, and unjust influences of corporations, entities or networks cause serious social-political problems, and thus cost our society tremendously.

(D). I urge the officials and legislators to (1): prosecute/eliminate "MURDER-FRAUD-CRIME- INJUSTICE NETWORKS" operation, unjust practices, abuse, waste; rather than being misled, manipulated, and influenced to benefit them. "**MURDER- FRAUD- CRIME- INJUSTICE NETWORKS**"; rampant, private - public sectors; 3 branches;

administrative/judicial levels; local- global; including legal/judicial/ court personnel, law enforcement, health services occupation, agencies, contractors, impersonators, facilities, etc.; continuing, on-going, relaying, infiltrating every segment of our lives (including non-profit civic organizations), expanding; with threat, coercion, falsification/ misleading, destruction; tampering/ destroying/ concealing evidences, documents, witnesses; endless abuse of power, laws, authorities; unlawful, immoral acts, official misconduct, waste; unjust practices, schemes, scams, manipulation, monitoring, influences; deprivation of people's rights, resources, reputation and LIVES (private, public); obstruct/destroy activities (personal, business, civic, political, affiliation); destroy individuals, families, businesses, communities, society, justice, peace; cause homelessness, poverty, civil- human rights backwards, serious "socio- political- election- media- legislative- budget- appropriation- system problems".

(E). The 'MURDER- FRAUD- CRIME- INJUSTICE NETWORKS' can use various abuses, false evidence/witnesses; ROB people's homes, vehicles, assets, accounts, properties, possessions, belongings...Damages: pull hairs; cut buttons, clothing, handbags, shoes, luggage, samples, blood; unjust injuries, injection, medications, unsafe foods, damages (financially, physically, bodily, mentally, LIVES); involuntary jailing, hospitalized, rehab, surgeries (even without doctors approval); forced samples, big tubes of bloods which will allow them to have certainly matches on "DNA" when they planted evidences on incidence/scam. It would be more difficult or impossible for people to defend.

(F). Improve integrity, quality, competition, transparency, public interest, "check and balance"; objective examinations/evaluations of projects/proposals. (3) Televisе issue/candidate forum/debate; disseminate/maintain/open meaningful records/archive. # # #
