Annual Progress Report (APR) Measuring Performance Outcomes

OMB Number 2506-0133 (Expiration Date: 10/31/2014)

The APR report for HOPWA competitively selected grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes related to: maintain housing stability; prevent homelessness; and improve access to care and support. The public reporting burden for the collection of information is estimated to average 56 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number.

Overview. The Annual Progress Report (APR) provides annual performance reporting on clients outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The APR fulfills statutory reporting requirements and provides the grantee and HUD with the necessary information to assess the overall performance and accomplishment of the grantee's program activities under the approved goals and objectives.

HOPWA competitive grantees are required to submit an APR for each operating year in which HOPWA grant funds were expended. Information on each competitive grant is to be reported in a separate APR. Grantees must complete Parts 1-5 on standard reporting elements. Grantees approved for "Other Activities", as detailed in their grant agreement, are requested to adapt the APR to report on their unique program accomplishments.

In addition, grantees are requested to comply with the Federal Funding Accountability and Transparency Act 2006 (Public Law 109-282), which requires grant recipients to provide general information for all entities (including contractors and sub-contractors) receiving \$25,000+ in federal funding.

Continued Use Periods. Grantees that received HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA-eligible beneficiaries for a ten (10) year period. If no further HOPWA funds are used to support the facility, in place of filing the APR, the grantee must submit an Annual Certification of Continued Project Operation throughout the required use periods. This certification is included in Part 5E Annual Certification of Continued Use for HOPWA Facility-Based Stewardship in this APR. The required use period is three years if rehabilitation is non-substantial.

Record Keeping. Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. In the case that HUD must review client level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.

In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of **HOPWA-funded** homeless assistance projects. These project sponsor or subrecipient records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, , Services

Provided, and Housing Status or Destination at the end of the operating year. Other suggested but optional elements are: Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Date of Contact, Date of Engagement, Financial Assistance, Housing Relocation & Stabilization Services, Employment, Education, General Health Status, , Pregnancy Status, Reasons for Leaving, Veteran's Information, and Children's Education. Other HOPWA projects sponsors may also benefit from collecting these data elements.

Operating Year. The information contained in this APR should reflect the grantee's operating year determined at the time the grant agreement is signed. Project sponsor/subrecipient accomplishment information must coincide with this operating year period. Any change requires the approval of HUD by amendment, such as an extension for one additional year of operation. A renewal grant start date would be coordinated with the close out of the existing grant.

Grantees with an approved extension period of less than 6-months should submit the APR for the third year of the grant term at the end of the approved extension period and incorporate data from the additional months. Grantees with an approved extension period of 6-months or more should turn in an APR at the end of the operating year and submit a separate extension APR at the end of the extension period.

Final Assembly of Report. After the entire report is assembled, please number each page sequentially.

Filing Requirements. Within 90 days of the completion of each program year, grantees must submit their completed APR to the CPD Director in the grantee's State or Local HUD Field Office, and to the HOPWA

Program Office: a **HOPWA Program** submission is not HIV/AIDS Housi Development, 451 submission is not

Note: Definitions have been added and revised for clarity and based on public comment. Be sure to read through these carefully.

Definitions

Adjustment for Duplication: Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3C, Chart 1, Column [1] in the following manner:

Н	IOPWA Housing Subsidy Assistance	[1] Outputs: Number of Households
1.	Tenant-Based Rental Assistance	1
2a.	Permanent Housing Facilities: Received Operating Subsidies/Leased units	
2b.	Transitional/Short-term Facilities: Received Operating Subsidies	
3a.	Permanent Housing Facilities: Capital Development Projects placed in service during the operating year	
3b.	Transitional/Short-term Facilities: Capital Development Projects placed in service during the operating year	
4.	Short-term Rent, Mortgage, and Utility Assistance	1
5.	Adjustment for duplication (subtract)	1
6.	TOTAL Housing Subsidy Assistance (Sum of Rows 1-4	1

minus Row 5)	

Administrative Costs: Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

Beneficiary(ies): All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

Central Contractor Registration (CCR): The primary registrant database for the U.S. Federal Government. CCR collects, validates, stores, and disseminates data in support of agency acquisition missions, including Federal agency contract and assistance awards. Both current and potential federal government registrants (grantees) are required to register in CCR in order to be awarded contracts by the federal government. Registrants must update or renew their registration at least once per year to maintain an active status. Although recipients of direct federal contracts and grant awards have been required to be registered with CCR since 2003, this requirement is now being extended to indirect recipients of federal funds with the passage of ARRA (American Recovery and Reinvestment Act). Per ARRA and FFATA (Federal Funding Accountability and Transparency Act) federal regulations, all grantees and sub-grantees or subcontractors receiving federal grant awards or contracts must have a DUNS (Data Universal Numbering System) Number.

Chronically Homeless Person: An individual or family who: (i) is homeless and lives or resides individual or family who: (i) Is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations. An unaccompanied homeless individual (age 18 years or older) with a disabling condition or a family with at least one adult member (age 18 years or older) who has a disabling condition who has either been continuously homeless for a year or more OR has had at least four episodes of homelessness in the past three years." For this purpose, the term "homeless" means "a person sleeping in a place not meant for human habitation (e.g., living on the streets) or in an emergency homeless shelter." This does not include doubled up or overcrowding situations.

Disabling Condition: Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, or chronic physical illness or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

Extension APR: In addition to the standard three-year (3) grant term, grantees that requested and received an extension of their grant term from the HUD field office may be required to submit an *Extension APR*. Grantees with an approved extension period of less than 6-months should submit the APR for the third year of the grant term at the end of the approved extension period and incorporate data from the additional months. Grantees with an approved extension period of 6-months or more should turn in an APR at the end of the operating year and submit a separate extension APR at the end of the extension period.

Facility-Based Housing Assistance: All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD

Faith-Based Organization: Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

Grassroots Organization: An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."

HOPWA Eligible Individual: The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the APR asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

HOPWA Housing Information Services: Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

HOPWA Housing Subsidy Assistance Total: The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent Housing Placement, and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

Household: A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (See definition for Live-in Aide below) and nonbeneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the APR.

Housing Stability: The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Worksheet - Determining HOPWA Outcomes and Connections with HMIS* for definitions of stable and unstable housing situations.

In-kind Leveraged Resources: These involve additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the rate established in HUD notices, such as the rate of ten dollars per hour. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

Leveraged Funds: The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

Live-In Aide: A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and wellbeing of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary

supportive or services. See Code of Federal Regulations Title 24 Part 5.403 and the HOPWA Grantee Oversight Resource Guide for additional reference.

Master Leasing: Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

Operating Costs: Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

Outcome: The degree to which the HOPWA assisted household has been enabled to establish or better maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

Output: The number of units of housing or households that receive HOPWA assistance during the operating year.

Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs

Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration requirements on program income for state and local governments at 24 CFR 85.25, or for non-profits at 24 CFR 84.24.

Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor/subrecipient. Assistance is tied directly to the properties and is not portable or transferable.

Project Sponsor Organizations: Any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended. Funding flows to a project sponsor as follows:

HUD Funding → Grantee → Project Sponsor

Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time limited housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52 week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

Stewardship Units: Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

Subrecipient Organization: Any organization that receives funds from a project sponsor to provide eligible housing and other support services and/or administrative services as defined in 24 CFR 574.300. If a subrecipient organization provides housing and/or other supportive services directly to clients, the subrecipient organization must provide performance data on household served and funds expended. Funding flows to subrecipients as follows:

HUD Funding → Grantee → Project Sponsor → Subrecipient

Tenant-Based Rental Assistance (TBRA): TBRA is a rental subsidy program similar to Section Sthe Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

Transgender: Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender at birth.

Veteran: A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

In order to help Grantees differentiate, the definitions for Project Sponsor and Subrecipient have been revised.

Part 2: Grantee Narrative and Performance Assessment

Use the Grantee Narrative and Performance Assessment (items A through D) to succinctly describe in a one to three page narrative how activities enabled client households to improve housing stability, increased access to care and support, and reduced their risk of homelessness. Describe the organization of the HOPWA Program and how the program interacts with other housing and supportive service programs in the community and/or state. The narrative should detail program accomplishments, barriers to achieving stated performance goals, technical assistance needs and innovative outreach and support strategies utilized by project sponsors or partner organizations to achieve program goals. In addition, provide information on any evaluations of the project's accomplishments conducted during the operating year. This narrative will be used for public information, including posting on HUD's web page.

- **A. Outputs Reported.** Describe program accomplishments including the number of housing units supported and the number households assisted with HOPWA funds during this operating year. <u>Include a comparison between proposed (as approved in the grant agreement) and actual accomplishments,</u> as demonstrated in Part 3: Overview of Grant Activities. In the narrative, describe how the different types of housing assistance are coordinated to serve clients. If your organization has a waiting list, please explain how it is administered.
- **B. Outcomes Assessed.** Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.
- **C. Barriers and Recommendations.** Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program's ability to achieve the objectives and outcomes discussed, and actions taken in response to barriers, as well as recommendations for program improvement. You may select more than one from the following list. Specify a barrier for each explanation or description.

E. Unmet Housing Need: Assessment of Unmet Housing Needs for HOPWA eligible Households.

In Chart 1, please identify your service area. If your service area operates within an area also served by HOPWA formula funds, check the box in Row a. If your service area is **not** also served by HOPWA formula funds, check the box in Row b.

Note: For help determining whether or not a formula HOPWA programs operates within your service area, go to [http://portal.hud.gov/hudportal/HUD?src=/program offices/comm planning/aidshousing/programs/formula].

b. Program operates in an area that is not eligible for HOPWA formula funds [This group of competitive grantees must complete Chart 2]	

2. Planning Estimate of Area's Unmet Needs for HOPWA-eligible Households

In Chart 2 Row 1, provide an assessment of the total number of HOPWA-eligible households that require housing subsidy assistance, but are not served by any HOPWA-funded housing subsidy assistance programs in this service area. In Rows a. through c. enter the total number of HOPWA-eligible households by type of housing subsidy assistance needed. Do not include clients who are already receiving HOPWA-funded housing subsidy assistance.

Refer to Chart 3, and check all sources consulted to calculate unmet need. Reference any data from neighboring states' or municipalities' Consolidated Plan or other planning efforts that informed the assessment of Unmet Need in your service area.

b. Age and Gender

In Chart b., indicate the Age and Gender of all beneficiaries as reported in Chart a. directly above. Report the Age and Gender of all HOPWA Eligible Individuals (those reported in Chart a., Row 1) using Rows 1-5 below and the Age and Gender of all other beneficiaries (those reported in Chart a., Rows 2 and 3) using Rows 6-10 below. Household Area Median Income

Report the area median income(s) for all households served with HOPWA housing subsidy assistance.

Data Check: The total number of households served with HOPWA housing subsidy assistance should equal Part 3C, Row 7, Column [1] and Part 3A, Section 1, Chart a. (Total HOPWA Eligible Individuals Served with HOPWA Housing Subsidy Assistance).

Note: Refer to http://www.huduser.org/portal/datasets/il/il2010/select Geography mfi.odn for information on area median income in your community.

4.	Total (Sum of Rows 1-3)	*

The available options for Household Area Median Income have been compressed to reflect HUD definitions for Extremely Low Income, Very Low Income, and Low Income.

Data Check: The sum of Rows 1-3 should equal the total number of households served with HOPWA Housing Subsidy Assistance as reported in Part 3C, Chart 1, Row 7.

Part 3: Summary Overview of Grant Activities B. Sources of Leveraging and Program Income

1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan, or grant proposal/renewal application and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

As tracking the usage of Program Income has long been a federal requirement for grantees, project sponsors, and subrecipients this data element should be fairly easy for most to incorporate into reporting.

An example of Program Income is when Security Deposits paid out through a Permanent Housing Placement Program and previously reimbursed by HUD are later returned to the program after the client vacates the unit. For more information about Program Income consult <u>HOPWA Grantee Oversight Resource Guide</u> at www.hudhre.info.

Part 3: Summary Overview of Grant Activities

C. Performance and Expenditure Information

Report the total number of households that received HOPWA assistance and the amount of HOPWA funds expended for each program activity provided. In each activity section, the total Row must contain an <u>unduplicated</u> total number of households assisted. An adjustment for duplication Row is provided in each section to ensure that the total is correct.

Note: See definition section for more information about Adjustment for Duplication.

Data Check: Data in this section is summarized from all project sponsors/subrecipients PART 5A-E submissions and therefore should match the combined total for those submissions. HOPWA housing subsidy assistance, supportive services, and housing placement activities are measured in households served while housing development activities are measured in units developed.

Part 4: Summary of Performance Outcomes

Housing Stability, Prevention of Homelessness, and Access to Care

In Column [1], report by type the total number of households that received HOPWA housing subsidy assistance. In Column [2], enter the number of households continuing to access each type of HOPWA housing subsidy assistance into the following year. In Column [3], report the housing status of all households that exited the program. *Note:* Refer to the destination codes that appear in Part 6: Appendix: Worksheet on Determining HOPWA Outcomes and Connections with HMIS.

Data Check: The sum of Columns [2] (Number of Households Continuing) and [3] (Exited Households) equals the total households reported in Column [1].

Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Rent, Mortgage, and Utility Assistance)

Report the total number of households that received STRMU assistance in Column [1].

In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor or subrecipient's best assessment for stability at the end of the operating year.

Column [3] provides a description of housing outcomes; therefore, data is not required.

At the bottom of the Chart:

- In Row 1a., report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b., report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

Data Check: The total households reported as served with STRMU in Column [1] equals the total reported in Part 3C, Chart 1, Row 4, Column [1].

- Which households to include in reporting for Outcomes on Access to Care
- Where in table 1b and 1c to report Outcomes for Access to Care.

For example, a subrecipient organization may receive funds from a project sponsor to provide nutritional services for clients residing within a HOPWA facility-based housing program. Please note that subrecipients who work directly with client households must complete Part 5, Sections A-E of the APR.

This is a new chart. It is designed to capture information on subrecipients who have received a HOPWA contract from a project sponsor to complete direct service activities with client households. Background on HOPWA Housing Stability Codes

Stable Permanent Housing/Ongoing Participation

- 3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.
- 4 = Other HOPWA-funded housing assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.
- 5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, Public Housing).
- 6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

Temporary Housing

2 = Temporary housing: moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

Unstable Arrangements

- 1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).
- 7 = Jail /Prison.
- 8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

Tenant-based Rental Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Permanent Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) remain in the

housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary <u>Housing</u> is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Transitional/Short-Term Facility-Based Housing Assistance: <u>Stable Housing</u> is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other <u>Temporary Housing</u> is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. <u>Unstable Situations</u> is the sum of numbers reported under items: 1, 7, and 8.

Tenure Assessment. A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

STRMU Assistance: Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.
