Environmental Assessment and Compliance Findings for the Related Laws

U.S. Department of Housing and Urban Development

 Project Number: HUD Program: 	
2. Date Received:	

RMS: HI-00487R

Findings and Recommendations are to be prepared **after** the environmental analysis is completed. Complete items 1 through 15 as appropriate for all projects. For projects requiring an environmental assessment, also complete Parts A and B. For projects categorically excluded under 24 CFR 50.20, complete Part A. Attach notes and source documentation that support the findings.

•	
Project Number: HUD Program:	
Project Name:	
Location: (street, city, county/state, & zip code)	
Number of Dwelling Units: Project site is in a location des Central city Infill urban developmer Rehabilitation In undeveloped area	Suburban
comply with the National Environmental Policy Act (N	is a concise public document that a Federal agency must prepare in order to IEPA) and the related Federal environmental laws and authorities. The EA ear rationale, justification, and documentation for ratings assigned.
Instructions It is recommended that this checklist be used by HUD prepare the Environmental Assessment (EA; form HUD-will constitute full documentation for many factors on the partial documentation for others. It will avoid narrative and expedite the environmental review process. This which is a slightly revised version of Appendix C of F 1390.2, should be used pending revision of Handbook • The number for each checksheet topic is the number for each checksheet topic is the number for each checksheet topic.	report, map, or special study; site inspection/field observation name and location of the qualified data source(s) that provided the information, for example, the local planning agency, the local housing and/or community development agency, the State environmental protection agency, the State Historic Preservation Officer, or other qualified data source.) Preparers are to obtain and use as appropriate any environmental
appears on form HUD-4128. Also, each checklist title is followed by a reference to where the topic appearurent Handbook 1390.2.	report (Federal, State, or local) that may have already been prepared for the property or area in which the property is located
Before the site visit, review the Phase I and all ba information submitted with the application (if applicabing the site visit, the preparers of form HUD-4128 are to: all relevant questions on this checklist; (ii) use the spaces for comments to include supplemental information as record any recommended mitigation measures or require project approval; (iii) key your answers to the relevant (using additional sheets of paper to provide more detaimation); and (iv) use the spaces provided for source do	showing major features and facilities in the vicinity, the USGs topographic map and FEMA flood map for the site area, and zoning/land use maps. <i>Many of the conditions can and should b</i> recorded directly on the project plan. Distances to major feature and facilities (e.g., schools and fire stations) and a description of the surrounding area are examples. The plan can then be refer exced as "source documentation" on form HUD-4128
environmental review for the proposed project:	to obtain their existing environmental reports and other data for the HUD) or otherwise list the title, author, publication date)
10. Planning Findings Is the project in compliance or conformance with the Yes No Not Applicable (If no or not	he local zoning? ot applicable, explain)
Is the project located within a coastal management Yes No Not Applicable If your answer is YES, the State Coastal Zone Man finding that the project is consistent with the appro Is the State's finding attached to this checksheet? Yes No	agement (CZM) Agency must make a
Is the project in compliance with the air quality Sta Yes No Not Applicable	te Implementation Plan (SIP)?

	Comments:
	Source documentation:
	Are there any unresolved conflicts concerning the use of the site? Yes No
	If your answer is YES, briefly explain:
16	Coastal Barrier Resources
10.	Is the project located within a coastal barrier designated on a current FEMA flood map or Department of Interior coastal barrier resources map? Yes No
	If your answer is YES, the law prohibits Federal funding of projects in designated coastal barriers.
17 .	Flood Management (24 CFR Part 55) (see CF 3 and 4 of Handbook 1390.2) Is the project located within a floodplain designated on a current FEMA flood map? Yes No Identify FEMA flood map used to make this finding:
	Community Name and Number:
	Map Panel Number and Date of Map Panel: If your answer is YES, use § 55.12 and the floodplain management decisionmaking process (§ 55.20) to comply with 24 CFR Part 55.
	Comments:
	Source documentation: (attach § 55.20 analysis)
18.	Historic Preservation (see CF 2 of Handbook 1390.2)
	Has the SHPO been notified of the project and requested to provide comments? Yes No
	Is the property listed on or eligible for listing on the National Register of Historic Places? Yes No
	Is the property located within or directly adjacent to an historic district? Yes No
	Does the property's area of potential effects include an historic district or property? Yes No
	If your answer is YES to any of the above questions, consult with the State Historic Preservation Officer (SHPO) and comply with 36 CFR part 800.
	Has the SHPO been or is being advised of HUD's finding? Yes No
	Comments:
	Source documentation:
19.	Noise Abatement (see CF 1 of Handbook 1390.2) Is the project located near a major noise source, i.e., civil airports (within 5 miles), military airfields (15 miles), major highways or busy roads (within 1000 feet), or railroads (within 3000 feet)? Yes No If your answer is YES, comply with 24 CFR 51, Subpart B which requires a noise assessment for
	proposed new construction. Use adopted DNL contours if the noise source is an airport.

	Comments:				
	Source documentation: (attach NAG worksheets)				
20.	Hazardous Industrial Operations (see CF 5 of Handbook 1390.2) Are industrial facilities handling explosive or fire-prone materials such as liquid propane, gasoline or other storage tanks adjacent to or visible from the project site? Yes No If your answer is YES, use HUD Hazards Guide and comply with 24 CFR Part 51, Subpart C.				
	Comments:				
	Source documentation: (attach ASD worksheets)				
21.	Airport Hazards (see CF 5 of Handbook 1390.2)				
	Is the project within 3,000 feet from the end of a runway at a civil airport? Yes No				
	Is the project within 2-1/2 miles from the end of a runway at a military airfield? Yes No				
	If your answer is YES to either of the above questions, comply with 24 CFR Part 51, Subpart D. Comments:				
	Source documentation:				
22.	Protection of Wetlands (E.O. 11990) (see CF 3 and 4 of Handbook 1390.2)				
	Are there drainage ways, streams, rivers, or coastlines on or near the site? Yes No				
	Are there ponds, marshes, bogs, swamps or other wetlands on or near the site? Yes No				
For projects proposing new construction and/or filling, the following applies: Is the project located within a wetland designated on a National Wetlands Inventory map of the Department of the Interior (DOI)? Yes No					
	If your answer is YES, E.O. 11990, Protection of Wetlands, discourages Federal funding of new construction or filling in wetlands and compliance is required with the wetlands decisionmaking process (§ 55.20 of 24 CFR Part 55. Use proposed Part 55 published in the Federal Register on January 1, 1990 for wetland procedures).				
	Comments:				
	Source documentation: (attach § 55.20 analysis for new construction and/or filling)				
23.	Toxic Chemicals and Radioactive Materials (see CF 5 of Handbook 1390.2)				
	Has a Phase I (ASTM) Report been submitted and reviewed? Yes No				
	If your answer is NO, is a Phase I (ASTM) report needed? Yes No				
	Are there issues that require a special/specific Phase II report before completing the environmental assessment? Yes No				
	Is the project site near an industry disposing of chemicals or hazardous wastes? Yes No				
	Is the site listed on an EPA Superfund National Priorities or CERCLA, or equivalent State list? Yes No				

Is	the site located within 3,000 feet of a toxic or solid waste landfill site? Yes No						
Do	pes the site have an underground storage tank?						
	Yes No						
	your answer is YES to any of the above questions, use current techniques by qualified professionals to undertake investiga- ons determined necessary and comply with § 50.3(i).						
Ar	re there any unresolved concerns that could lead to HUD being determined to be a Potential Responsible Party (PRP)? Yes No						
Co	omments:						
_	Comments.						
So	ource documentation: (attach § 55.20 analysis for new construction and/or filling)						
24. Ot	ther						
a.	Endangered Species (see EF 3.4 of Handbook 1390.2)						
	Has the Department of Interior list of Endangered Species and Critical Habitats been reviewed? Yes No						
	Is the project likely to affect any listed or proposed endangered or threatened species or critical habitats? Yes No						
	If your answer is YES, compliance is required with Section 7 of the Endangered Species Act, which mandates consultation with the Fish and Wildlife Service in order to preserve the species.						
	Comments:						
	Source documentation:						
b.	Sole Source aquifers Will the proposed project affect a sole source or other aquifer?						
	Yes No						
	Comments:						
	Source documentation:						
c.	Farmlands Protection (see EF 3.3 of Handbook 1390.2) If the site or area is presently being farmed, does the project conform with the Farmland Protection Policy Act and HUD policy memo? Yes No						
	If your answer is YES, compliance is required with 7 CFR Part 658, Department of Agriculture regulations implementing the Act.						
	Comments:						
	Source documentation:						
d.	Flood Insurance						
	Is the building located or to be located within a Special Flood Hazard Area identified on a current Flood Insurance Rate Map (FIRM)?						
	Yes No						
	If your answer is YES, flood insurance protection is required for buildings located or to be located within a Special Flood Hazard Area as a condition of approval of the project. In addition, compliance with § 55.12 and the floodplain management decisionmaking process (§ 55.20) is required (refer to item #17 above). Document the map used to determine Special Flood Hazard Area in above item #17 pertaining to community name and number, map panel number and date of map panel.						

Is the project located in a p Yes No	redomina	ntly minority and low-income neigh	hborhoo	d?
income populations relative Yes No	to the co	ommunity-at-large?		vironmental effects on minority and low- s to Address Environmental Justice.
•	-	•		
25. Unique Natural Features and	Areas (s	see EF 3.2 of Handbook 1390.2)		
Is the site near natural features Yes No	(i.e., bluf	fs or cliffs) or near public or private	e scenic	areas?
Are other natural resources visi resources be adversely affected Yes No		e or in vicinity? Will any such ney adversely affect the project?		
Comments:				
26. Site Suitability, Access, and C	C ompatib i	ility with Surrounding Developme	ent (see	e EF 1.1 and 1.3 of Handbook 1390.2)
Has the site has been used as a Yes No Is there paved access to the site Yes No	-	nitary landfill or mine waste dispos	al area?	
Are there other unusual conditi	ons on sit	re?		
Is there indication of:				
distressed vegetation	Yes No	o oil/chemical spills	Yes	No
waste material/containers soil staining, pools of liquid		abandoned machinery, cars, refrigerators, etc.		
loose/empty drums, barrels		transformers, fill/vent pipes, pipelines, drainage structures		
Is the project compatible with s	surroundin Yes No	_	Yes	No
Land use Height, bulk, mass		Building type (low/high-rise) Building density		
Will the project be unduly influence	ed by:			
Building deterioration Postponed maintenance Obsolete public facilities	Yes No	Transition of land uses Incompatible land uses Inadequate off-street parking	Yes	No
Are there air pollution generators r	-	ich would adversely affect the site:		
Heavy industry Incinerators Power generating plants Oil refineries Cement plants	Yes No	Large parking facilities (1000 or more cars) Heavy travelled highway (6 or more lanes) Other	Yes	No
