

CBRN
**Centres
of Excellence**
An initiative of the European Union

Chemical Biological Radiological Nuclear - Centres of Excellence

EU Commission Instrument for Stability

**Global Partnership January 24 – 25, 2012
Department of State, Washington, USA**

**Philippe Servais
EC DG for Development and Cooperation
EuropeAid**

Jointly implemented by JRC and UNICRI

Amount for implementation 2007-2013: 2,000 M€

75% for response to crisis or natural disasters (short term-component)

25% for longer-term actions to counter global and trans-regional threats (trafficking, proliferation CBRN agents, threats to public health, etc) – *CBRN risk mitigation = €300 m*

2007-2009

65 M for actions

Ratio 42%

19 actions were selected for funding

Regions involved:

- South East Asia
- Central Asia
- Middle East
- South East Europe, Ukraine, Moldova and Caucasus
- North Africa
- West Africa
- Sub Saharan Africa

Technical areas of interest:

- Illicit trafficking
- Bio-safety/bio-security
- Awareness rising on CBRN threats
- Misuse of biotechnology
- CBRN national legal framework
- e-learning on CBRN risk mitigation
- Public and infrastructure protection
- First response
- Chemical and Biological waste management
- CBRN border control and import/export

A total budget of € 16,300,000 has been allocated for implementing the accepted proposals in 2012.
