

between a domestic bank holding company and its subsidiaries in order to identify broad categories of intercompany transactions and balances that may affect the financial condition of the subsidiary bank. The report also collects information on income recognized by subsidiary banks from other bank holding company members as well as information on credit extended by subsidiary banks to other bank holding company members. Domestic top-tier bank holding companies with assets of \$300 million or more are required to file the FR Y-8 on a semiannual basis (June and December). Also, interim reporting is currently required within ten calendar days of certain large asset transfers.

Current actions: On May 19, 2000, a **Federal Register** notice (65 FR 31912) was issued for public comment to completely revise the FR Y-8. The Federal Reserve proposed to delete the current information on the FR Y-8 and collect fourteen items of information on Section 23A covered transactions. The Federal Reserve is now amending this **Federal Register** notice, with regard to the FR Y-8 respondent panel, to include foreign banking organizations that directly own U.S. subsidiary banks. The comment period on the May 19, 2000, notice is extended to August 7, 2000. The Federal Reserve proposes, at the same time, to discontinue the Report of Intercompany Transactions for Foreign Banking Organizations and Their U.S. Bank Subsidiaries (FR Y-8f; OMB. 7100-0127). The majority of the FR Y-8f respondents (foreign banking organizations that own U.S. bank subsidiaries through a domestic bank holding company) are included in the FR Y-8 panel proposed in the May 19 **Federal Register** notice; this amendment includes the remaining 22 foreign banking organizations (that directly own U.S. banks) in the respondent panel.

Discontinuance of the Following Report Under OMB Delegated Authority

Report title: Report of Intercompany Transactions for Foreign Banking Organizations and their U.S. Bank Subsidiaries.

Agency form number: FR Y-8f.

OMB control number: 7100-0127.

Frequency: Semi-annually, and interim reporting required for certain large asset transfers.

Reporters: Bank holding companies as defined by Section 2(a) of the Bank Holding Company Act with at least \$300 million in total consolidated assets that are organized under the laws of a foreign country and principally engaged in banking outside the United States.

Annual reporting hours: 360.
Estimated average hours per response: 3.

Number of respondents: 58. semiannual respondents; 4 interim respondents. Small businesses are not affected.

General description of report: This information collection is authorized by section 5(c) of the Bank Holding Company Act (12 U.S.C. 1844 (c)) and section 225.5 (b) of Regulation Y (12 CFR 225.5 (b)) and is given confidential treatment pursuant to the Freedom of Information Act (5 U.S.C. 552 (b)(8)).

Abstract: This report provides the Federal Reserve System with information on intercompany transactions between foreign banking organizations and their U.S. bank subsidiaries. It enables the Federal Reserve to monitor and supervise intercompany flows of funds to ensure that U.S. subsidiary banks are not engaging in any unsafe and unsound practices with their foreign owners. This report supplements the Board's global framework for the supervision of the U.S. operations of foreign banks. In addition, it aids in determining whether a foreign banking organization serves as a source of strength to its U.S. subsidiary.

Current Actions: On May 19, 2000, a **Federal Register** notice (65 FR 31912) was issued for public comment to completely revise The Bank Holding Company Report of Insured Depository Institutions' Section 23A Transactions with Affiliates (FR Y-8), which is filed by domestic top-tier bank holding companies. The Federal Reserve now proposes to have foreign banking organizations that directly own U.S. subsidiary banks also file the revised FR Y-8. The comment period on the May 19, 2000, notice is extended to August 7, 2000. If this change to the reporting panel is adopted, the Federal Reserve will, at the same time, discontinue the FR Y-8f.

Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission has accepted, subject to final approval, an agreement to a proposed consent order from respondent Zim Textile Corporation.

The proposed consent orders has been placed on the public record for thirty (30) days for reception of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the Commission will again review the agreement and the comments received and will decide whether it should withdraw from the agreement and take other appropriate action or make final the agreement's proposed order.

This matter concerns practices related to the manufacture, sale, and distribution of household textile products. The Commission's complaint charges that respondent violated the Federal Trade Commission Act, 15 U.S.C. 41 *et seq.*, and the Textile Fiber Products Identification Act, 15 U.S.C. 70 *et seq.*, by offering for sale and selling household textile products without disclosing on a tag or label affixed to each such product the fiber content, the manufacturer or dealer identity, and the country of origin.

Part I of the proposed consent order prohibits future violations of the Textile Fiber Products Identification Act and Commission rules and regulations, found at 16 CFR part 303, implementing the requirements of the statute.

Part II of the proposed order requires the respondent, for three years after the date of issuance of the order, to maintain records demonstrating compliance with the order.

Part III of the proposed order requires the respondent to distribute copies of the order to certain company officials and employees. Part IV of the proposed order requires the respondent to notify the Commission of any change in the corporation that may affect compliance obligations under the order. Part V of the proposed order requires the respondent to file one or more compliance reports. Part VI of the proposed order is a provision whereby the order, absent certain circumstances, terminates twenty years from the date of issuance.

The purpose of this analysis is to facilitate public comment on the proposed consent order. It is not intended to constitute an official interpretation of the agreement and proposed order or to modify in any way their terms.

By direction of the Commission.

Donald S. Clark,

Secretary.
