## Analysis of Agreement Containing Consent Order To Aid Public Comment

### I. Introduction

The Federal Trade Commission ("Commission") has accepted for public comment, subject to final approval, an Agreement Containing Consent Orders ("Consent Agreement") from Service Corporation International ("SCI") and Alderwoods Group, Inc. ("Alderwoods"), formerly known as The Loewen Group, Inc. ("Loewen").<sup>2</sup> The purpose of the Consent Agreement is to remedy the anticompetitive effects that would be likely to result from SCI's purchase of Alderwoods, as alleged in the Complaint the Commission issued with the Consent Agreement. The Consent Agreement has been placed on the public record for thirty (30) days for the receipt of comments from the public. Comments received during this period will become part of the public record. After the thirty (30) day comment period, the Commission will consider the Consent Agreement and the comments received, and will decide whether to withdraw from the Consent Agreement or make it final.

The Consent Agreement provides for relief in 47 local markets in which the Commission in its Complaint alleged the proposed acquisition is anticompetitive. Under the terms of the Consent Agreement, SCI must divest 40 funeral home facilities in 29 local markets and 15 cemetery properties in 12 local markets across the United States. In each of six additional funeral service markets, the Consent Agreement gives SCI the option of either divesting the Alderwoods funeral home(s) it will be acquiring or terminating its licensing agreement with the third-party funeral

<sup>2</sup> In mid 1999, Loewen, a Canadian corporation, filed for Chapter 11 bankruptcy protection. It emerged in early 2001 as a Delaware corporation under the Alderwoods name.

homes that are providing funeral services in the markets under SCI's Dignity Memorial trademark. In these Dignity Affiliate markets, until the divestitures required by the Consent Agreement, SCI must cease and desist from suggesting prices to those third-party Dignity Affiliates.

The Commission, SCI, and Alderwoods have also agreed to an Order to Hold Separate and Maintain Assets. This order requires SCI and Alderwoods to hold separate and maintain all of the Alderwoods assets in the markets where divestitures are required, pending the required divestitures. To ensure that the Alderwoods assets are properly held separate and maintained, the Commission has appointed William E. Rowe to act as monitor trustee. The eventual acquirers of the assets required to be divested and the manner of their divestiture must receive the prior approval of the Commission. The order also requires SCI to provide the Commission with regular compliance reports demonstrating how it is complying with the terms of the Consent Agreement, until it is in full compliance with that Agreement.

On April 2, 2006, SCI and Alderwoods agreed to SCI's proposed acquisition of Alderwoods for \$1.23 billion (a figure that includes the assumption of debt by SCI). The Commission's Complaint alleges that the proposed acquisition, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. 18, and Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. 45, by lessening competition in connection with the provision of funeral services (and associated products) or cemetery services (and associated products and property) in many of the local markets in which SCI and Alderwoods compete.<sup>3</sup>

The purpose of this analysis is to invite public comment on the Consent Agreement, including the proposed required divestitures, to aid the Commission in its determination whether to make final the Consent Agreement. This analysis is not an official interpretation of the Consent Agreement nor does it modify any of its terms.

<sup>3</sup> The Complaint identifies the market share of the parties, concentration levels in each market, and whether the principal anticompetitive concern is the increased likelihood of coordinated interaction among remaining competitors in the market or the exercise by SCI of unilateral market power, or both. The Complaint also alleges that new entry is not likely, or is likely to be insufficient in magnitude to constrain anticompetitive behavior in each of the markets of concern.

## II. The Parties and the Transaction

SCI is a corporation organized, existing, and doing business under and by virtue of the laws of the State of Texas, with its office and principal place of business located at 1929 Allen Parkway, Houston, Texas 77019. SCI had sales in 2005 of \$1.7 billion. SCI is the nation's largest chain of funeral homes and cemeteries, with about 10% of all related United States revenues.

Alderwoods is a corporation organized, existing, and doing business under and by virtue of the laws of the State of Delaware, with its office and principal place of business located at 311 Elm Street, Suite 1000, Cincinnati, Ohio 45202. Alderwoods had sales in 2005 of approximately \$740 million. Alderwoods is the nation's second largest funeral home and cemetery chain, with about 5% of all related United States revenues.

The proposed acquisition is the largest deal of its kind to date in the funeral home and cemetery industry. After the acquisition, SCI will have about 15% of all United States funeral and cemetery service revenues. The Complaint alleges that the proposed acquisition would be anticompetitive in 35 highly concentrated local funeral service markets and 12 highly concentrated cemetery service markets, but not in the nation as a whole. For this reason, the contemplated relief is limited to local markets.

## III. The Commission's Complaint

### A. The Direct Overlap Markets

According to the Commission's Complaint, SCI and Alderwoods compete in the sale of funeral services<sup>4</sup> and cemetery services<sup>5</sup> in over 100 local markets throughout the United States. In highly concentrated local funeral service or cemetery service markets<sup>6</sup>

<sup>4</sup> Funeral services include some or all of the following: family consultation, collection of the deceased and transportation from the place of death to the funeral home, registration of death, embalming and other preparations, sale of a casket, flowers, catering, and other merchandise, use of funeral home facilities by hosting a viewing and ceremony, transportation to a place of worship, conveying the deceased to the cemetery or crematorium, and advance planning.

<sup>5</sup> Cemetery services include the traditional products and services offered by perpetual care cemeteries, including burial spaces, opening and closing of graves, memorials and burial vaults, mausoleum spaces, cemetery maintenance and upkeep, and advance planning.

<sup>6</sup> In calculating market share, the Commission relied on the number of "calls" (funerals or internments) of each competitor (rather than dollar revenues) because this information was available for all firms in the markets under investigation. For purposes of determining market share as well as calculating market concentration based on the Herfindahl-Hirschman Index ("HHI"), the

where SCI and Alderwoods compete, the acquisition will eliminate significant competition between SCI and Alderwoods and, in many of them, substantially increase the likelihood that SCI would be able unilaterally to exercise market power. In many other highly concentrated local funeral service or cemetery service markets where SCI and Alderwoods compete, the acquisition will increase substantially the likelihood that remaining firms in the market will be able to exercise market power through coordinated group behavior.<sup>7</sup> In some markets, the Commission was concerned with both future coordinated interaction and the future exercise of unilateral market power.

### 1. The Two Ways To Exercise Unilateral Market Power

The Complaint alleges that the acquisition increases the likelihood of SCI unilaterally exercising market power in 19 funeral service markets and nine cemetery service markets. In these markets, SCI is more likely to be able to increase its prices or decrease its services notwithstanding actions taken by other firms already in the market or who may be considering entry. This market power may be exercised in one of two ways. First, in about half of the markets, SCI's post-acquisition market share will approach 100%, and SCI will be in a position to exercise unilateral market power because it will face no real competition. This market power may be exercised by increasing prices or decreasing services. Second, in other markets, SCI will have a significant, but not a monopoly or near monopoly, post-acquisition market share and will also own or control facilities that are the first and second choices for a substantial number of consumers. In these markets, SCI and Alderwoods are now the first and second choices for a substantial number of consumers for several reasons, including: (i) They are the leading providers for certain religious or ethnic groups, including the Jewish or Chinese-American communities; (ii) the proximity of the SCI and Alderwoods

Commission included all market participants that competed with the funeral homes or cemeteries in the market. In addition, the Commission examined the transaction's competitive effects in each market of concern. As part of this assessment, the Commission excluded fringe competitors (participants that did not act as a competitive constraint in the market), e.g., small firms with less than three percent of the market or facilities that primarily offered direct disposals or direct cremations without attendant services.

<sup>7</sup> Market power is the ability of a firm, or group of firms, profitably to reduce output and raise prices above competitive levels or otherwise achieve anticompetitive effects such as by decreasing the quality or level of services.

facilities makes them the first and second choices for many consumers; or (iii) they are the first and second choice providers of high-end funeral services, which are generally not available at the facilities of nearby competitors. In these markets, SCI's ability to exercise unilateral market power post-acquisition will increase because it will be able to obtain the profit from the combined benefits of (a) the increase in price (or decrease in services) at the facilities of first choice for consumers and (b) the increase in business moving from the facilities of first choice for consumers to their second choices. The Commission alleges that the proposed acquisition would substantially increase concentration, and give SCI a monopoly or near monopoly market share, in 10 funeral service markets (Cartersville, Georgia; Hanford, California; Meridian, Mississippi; Newton, Mississippi; Alhambra, California; Broward County, Florida; Miami-Dade County, Florida; Yuma, Arizona; Yakima, Washington; and Gonzales, Louisiana) and five cemetery service markets (Bradenton/Palmetto, Florida; Broward County, Florida; Fort Myers, Florida; Abilene, Texas; and Baton Rouge, Louisiana). The Commission also alleges that unilateral effects are likely in nine additional funeral service markets (Odessa, Texas; Northern Rockland County, New York; Greensboro, North Carolina; Charlotte, North Carolina; Merced, California; Memphis, Tennessee; Abilene, Texas; Southern Ventura County, California; and Port Orange, Florida) and four additional cemetery service markets (Conroe, Texas; Miami-Dade County, Florida; Ventura County, California; and Macon, Georgia) where, post-merger, SCI will own or operate facilities that are the first and second choices for a substantial number of consumers, and will be in a position profitably to raise prices at one of these facilities.

### 2. The Exercise of Market Power Through Coordinated Interaction

The Complaint alleges that the acquisition increases the likelihood of SCI exercising market power through coordinated interaction in 15 highly concentrated funeral service markets (Seguin, Texas; Odessa, Texas; Tulare, California; Northern Rockland County, New York; Manassas, Virginia; Baton Rouge, Louisiana; Greensboro, North Carolina; Lansing, Michigan; Abilene, Texas; Killeen, Texas; Merced, California; Lynchburg, Virginia; Lexington/West Columbia, South Carolina; Brownsville, Texas; and Fort Myers, Florida) and four highly concentrated cemetery service markets

(Columbia/Lexington, South Carolina; Nashville, Tennessee; Memphis, Tennessee; and Miami-Dade County, Florida). These increased opportunities for successful coordinated interaction will be due to: (a) An increased ease of agreement upon terms of coordination, (b) the availability of opportunities to monitor compliance with those terms of agreement, and (c) the ability of the firms in the market to control or punish firms that deviate from their terms of agreement.

*B. The Dignity Affiliate Markets*

The Complaint alleges that in six funeral service markets in which Alderwoods is present, but in which SCI does not own or operate a facility, SCI nevertheless has a competitive presence through a licensing arrangement with third-party funeral service providers, which it refers to as Dignity Affiliates. SCI has authorized third parties to sell SCI trademarked Dignity Memorial funeral services. The Dignity Affiliates were competitors of Alderwoods, but not SCI, prior to the proposed acquisition. After SCI acquires Alderwoods, competition between the Alderwoods facility (which would be owned by SCI post-acquisition) and the Dignity Affiliate is likely to be reduced because it is likely that these firms will cooperate on pricing. Such cooperation on pricing would increase the likelihood that firms in these six markets<sup>8</sup> would exercise market power through coordinated interaction.<sup>9</sup>

*C. "Customs-Conscious" Consumers Sometimes Create Narrow Antitrust Product Markets*

The Complaint alleges that in some local markets, some funeral homes or

cemeteries cater to specific populations by focusing upon the customs and rituals associated with one or more religious, ethnic, or cultural heritage groups. In some of the local markets addressed in the proposed Consent Agreement, this market segmentation exists in connection with Jewish, Chinese-American, or African-American populations.

Because of the preferences of "customs-conscious" consumers, in some local markets, the alleged product market is limited to facilities that provide the customs and rituals for a specific population. In some other local markets, the alleged product market is limited to facilities that serve the general population but do not provide the customs and rituals that "customs-conscious" consumers require. The determination whether a product market was narrower than all facilities that provided funeral or cemetery services was made on a market-by-market basis. However, if other facilities in that market served both the "customs-conscious" population as well as a broader population, facilities that performed the customs and rituals associated exclusively with respect to a specific population were included in the overall market definition.

*D. Entry Conditions*

The Complaint alleges that entry would not be timely, likely or sufficient to prevent anticompetitive effects in the specific markets at issue. With regard to these cemetery service markets, entry would be difficult because of the limited availability of land, zoning regulations and other statutory restrictions, and high sunk costs, as well as the lead time necessary to develop a customer base.

As concerns entry into the funeral service markets at issue, new entry, if it occurs, is unlikely to prove sufficient to prevent a significant price increase for "traditional" funeral home services of the type offered by most of the parties' homes. If a new traditional funeral home were to enter, it is unlikely that it would make sufficient sales within two years to constrain anticompetitive behavior. Moreover, if "no frills" funeral homes were to enter, it is unlikely that the services that they would offer would be sufficiently close substitutes for traditional funeral home services to prevent a price increase for the latter.

**IV. The Consent Agreement**

The Commission believes that the Consent Agreement, if made final, would fully restore competition and maintain the competitive status quo ante in the local markets that would have been adversely impacted by the proposed acquisition.

*A. The Direct Overlap Markets*

In 29 local funeral service markets and 12 local cemetery service markets, the Consent Agreement provides for divestitures of specific properties. The following Table A lists each of the local markets in which the Complaint alleges that the proposed acquisition would be competitively problematic, separately for funeral services and cemetery services. Table A also lists the specific SCI or Alderwoods funeral home facilities that SCI will be required to divest under the Consent Agreement.

B. The Dignity Affiliate Markets

In six funeral service markets, the Consent Agreement requires that SCI, at its option, either divest the Alderwoods property being acquired or terminate the SCI licensing relationship with the third-party Dignity Affiliate. The Consent Agreement also requires that until SCI has complied with this

requirement in the markets, SCI shall not enter into or enforce any agreement or exchange information with the Dignity Affiliate regarding actual, suggested, or future prices of funeral services.

Table B lists each of the highly concentrated Dignity Affiliate funeral service markets in which the proposed

acquisition would create a competitive problem, together with the remedy.
