CONFIGURATION MANAGEMENT

Issue Date: <mm/dd/yyyy> Revision Date: <mm/dd/yyyy>

Document Purpose

This checklist is a brief document listing the items to be noted, checked, remembered, and delivered when completing the accompanying template and/or project management practice.

Activities Checklist

| Has a Configuration Manager been identified and assigned? |
|--|
| Has an assessment been conducted to identify the structure of the product/organization? |
| Were the appropriate stakeholders involved in the development and implementation of |
| configuration management (CM) processes? |
| Has a CM Plan been documented, approved, and communicated? |
| Have CM tools been identified and implemented? |
| Have CM training requirements been identified? |
| Have project personnel been trained to perform the CM activities for which they are responsible? |
| Has CM related training been conducted? |
| Have all configuration items (CI) been identified, documented, and placed under CM? |
| Does the CM system maintain status of CIs throughout the project's life cycle? |
| Has a change control/management system/process been defined? |
| Does the CM system report status on CIs and approved changes? |
| Are CM records readily available to project teams and other stakeholders? |
| Are adequate tools and sufficient funding available for CM activities? |
| Are periodic audits performed to verify compliance with documented CM policies/procedures? |
| If necessary, has a change control board (CCB) been established to approve and manage |
| change requests? |
| |
