The 2013 payment to the Military Retirement Fund includes funds for the amortization of the unfunded liability for all retirement benefits earned by military personnel for service prior to 1985. The amortization schedule for the unfunded liability is determined by the Department of Defense Retirement Board of Actuaries. Included in the unfunded liability are the consolidated requirements of the military departments to cover retired officers and enlisted personnel of the Army, Navy, Marine Corps, and Air Force; retainer pay of enlisted personnel of the Fleet Reserve of the Navy and Marine Corps; and survivors' benefits.

The 2004 National Defense Authorization Act (P.L. 108-136) created additional benefits for certain retirees who receive disability compensation from the Department of Veterans Affairs and moved the responsibility for payments under the Combat Related Special Compensation program to the Military Retirement Fund. Any additional funding requirements for retirees with service prior to 1985 will be included in this payment.

Public Law 98-94 provided for accrual funding of the military retirement system and for the establishment of a Department of Defense Military Retirement Fund in 1985. The fund has three sources of income. The first is payments from the military personnel accounts, which cover the accruing costs of the future retirement benefits being earned by today's service members. The second source is interest on investments of the fund. The third source is made up of two payments from the general fund of the Treasury. The first Treasury payment covers a portion of the accrued unfunded liability for all the retirees and current members who had earned benefits before the accrual funding system was set up. The second Treasury payment covers the liability for concurrent receipt of military retired pay and disability compensation paid by the Department of Veterans Affairs. This benefit was added in the 2004 National Defense Authorization Act.

The status of the fund is as follows:

Public Law 106-398 provides for accrual funding for health care to Medicare-eligible retirees. The statute establishes an accrual health care fund which has three sources of funding. The first is contributions from employing agencies, which cover the liability for future benefits accruing to current service members. The second is an annual payment from the general fund of the

Treasury on the accrued unfunded liability, and the third source is income from the investment of fund balances. Section 708 of the National Defense Authorization Act, 2012 shifts future enrollees of the Uniformed Services Family Health Plan into TRICARE-for-Life when the enrollees become Medicare-eligible at age 65.

The Budget includes a proposal to implement a modest annual premium for TRICARE-for-Life coverage for retirees and their family members age 65 and older. Also included are adjustments to prescription pharmacy fixed co-payments for active duty families and all retirees. In addition to discretionary savings in the Defense Health Program, the proposal reduces future accrual costs, resulting in reduced discretionary contributions to the Medicare Eligible Retiree Health Care Fund by the Services, Coast Guard, Public Health Service, National Oceanic and Atmospheric Administration and the Department of the Treasury.

The 1985 Department of Defense Authorization Act, Public Law 98-525, as amended by Public Laws 100-48 and 108-375, and the Post 9/11 Veterans Educational Assistance Improvements Act of 2010, Public Law 111-377, provide for the accrual funding of certain education benefits for active duty military personnel under the authority of Chapters 30 and 33, Title 38 U.S.C., and to selected Reserve personnel under the authority of Chapters 1606 and 1607, Title 10 U.S.C. The fund is financed through actuarially determined Government contributions from the Department of Defense military personnel appropriations and interest on investments. Funds are transferred to the Department of Veterans Affairs to make benefit payments to eligible personnel. The status of the fund is as follows:

The agency has a currency fluctuation account that insulates its appropriation's buying power from changes in exchange rates. Under "such sums as may be necessary" language, the Commission estimates \$15.2 million will be required in 2013 to address exchange rate imbalances. The Commission will continue to estimate and report its Foreign Currency Fluctuation Account requirements.

The 1991 Defense Authorization Act, Public Law 101-510, created an Armed Forces Retirement Home (AFRH) Trust Fund to finance the AFRH-Gulfport and the AFRH-Washington Homes. The homes are financed by appropriations drawn from the trust fund.

The AFRH provides, through the Armed Forces Retirement Home-Gulfport and Armed Forces Retirement Home-Washington, residences and related services for certain retired and former members of the Armed Forces. The net average number of members receiving domiciliary and hospital care are shown below:

	2011 actual	2012 est.	2013 est.
Domiciliary care	831	918	918
Hospital care	147	227	227
Total members	978	1145	1145

The AFRH Fiscal Year 2011 Performance and Accountability Report displayed the significant progress of AFRH over the past seven years. In 2011, AFRH successfully opened and transitioned Residents to the new energy-efficient Gulfport Facility. The Washington Facility is currently refurbishing the Campus by working toward opening the renewed Scott Dormitory. This project is within funding and on schedule. The budgets for 2009 and 2010 initiated the planning and execution for the design-build of the Scott Dormitory and 2011 and 2012's budgets started the transitional costs. The culmination of this effort will result in normal operations commencing in 2013. The Agency's annual operating costs continue to decrease in 2013. In 2011 the Wash-

ington Campus suffered significant damage to part of its historical National Landmark, the Sherman Building, from an earthquake. Funding in the amount of \$14.6M was received in 2012 from the Treasury's General Fund for the repair of this historical building.

CEMETERIAL EXPENSES

Federal Funds

CEMETERIAL EXPENSES, ARMY

SALARIES AND EXPENSES

For necessary expenses, as authorized by law, for maintenance, operation, and improvement of Arlington National Cemetery and Soldiers' and Airmen's Home National Cemetery, including the purchase or lease of passenger motor vehicles for replacement on a one-for-one basis only, and not to exceed \$1,000 for official reception and representation expenses, \$45,800,000, to remain available until expended. In addition, such sums as may be necessary for parking maintenance, repairs and replacement, to be derived from the "Lease of Department of Defense Real Property for Defense Agencies" account. Funds appropriated under this Act may be provided to Arlington County, Virginia, for the relocation of the federally owned water main at Arlington National Cemetery making additional land available for ground burials. (*Military Construction and Veterans Affairs, and Related Agencies Appropriations Act, 2012.*)

Operation and maintenance.—Funding supports day-to-day operations of the Army National Cemeteries Program, including planning and execution for more than 6,400 interments and inurnments annually, as well as routine repairs made to facilities, contracted services, and horticultural work at Arlington National Cemetery and the Soldiers' and Airmen's Home National Cemetery.

Administration.—Funding provides administrative support for the Army National Cemetery Program, including work conducted or supported by other agencies.

Construction.—A ten year capital investment plan has been developed to manage all construction, major rehabilitation, major maintenance, automation and study efforts. Funding supports long-term planning and capital investments made in construction of facilities, land improvements, and other major infrastructure sustainment, restoration, and maintenance.

In addition to incurring \$45.8 million in obligations in this Cemeterial Expenses, Army account, the Army will also support Arlington National Cemetery by providing at least an additional \$128 million in its military construction and operation and maintenance accounts in 2013. The work contemplated includes converting the Millennium land to burial sites and planning and design for future expansion efforts. The military construction project is explicitly identified and included in the budget justification materials submitted to Congress. The Army is addressing the Navy Annex project and plans to request those resources in future budget submissions.

These appropriations provide for development and conservation of fish and wildlife and recreational facilities on military installations. Proceeds from the sale of fishing and hunting permits are used for these programs at Army, Navy, Marine Corps, and Air Force installations charging such user fees. These programs are carried out through cooperative plans agreed upon by the local representatives of the Secretary of Defense, the Secretary of the Interior, and the appropriate agency of the State in which the installation is located.

The Selective Service System (SSS) continues to register men as they reach age 18, as required by law, and maintain an active database of registrant records. Should the Nation return to conscription for a national emergency, the agency would have the first draftees at military processing centers according to the mobilization plan. The agency also manages a program for the Nation's conscientious objectors in cooperation with the Department of Defense, all Reserve Force Officers participating in the Selective Service System program will remain at 175 in 2011 and 2012 to reflect readiness requirements.

The SSS will continue to strengthen its partnership with the Armed Services. The Agency will continue its national initiative to offer every young man that receives a registration acknowledgment, almost two million annually, the opportunity to volunteer for the military services.

SSS will maintain a modernized information technology system to improve business processes, while helping to sustain an all volunteer military recruiting effect. Relevant technology will ensure faster, more accurate registration processing, as well as more secure storage of personally identifiable information. It will also foster better customer service via the internet.
