Due to the volume of authorizations requiring amendments to reflect these changes, the Managing Director of DDTC is exercising the authority under 22 CFR 126.3 to waive the requirement for amendments to change currently approved authorizations.

All currently approved DSP authorizations identifying the companies in the **“From”** column will not require an amendment to reflect the name changes. A copy of this website notice must be attached to the currently approved license by the license holder.

Pending authorizations received by DDTC identifying the companies in the **“From”** column on the license will be adjudicated without prejudice. A copy of the website notice must be attached to the approved license by the license holder.

New license applications received after **May 31, 2012**, identifying the companies in the **“From”** column on the license will be considered for returned without action for correction to the new name.

A copy of this website notice must be maintained by the license holder and presented with the relevant license to Customs at time of shipment.

All currently approved agreements will require an amendment to be executed to reflect the name changes. The agreement holder will be responsible for amending there agreements. The executed amendments will be treated as a minor amendment per 22 CFR 124.1(d) and must be submitted as such. New DSP-83s must be executed as a result of the name changes, as applicable.

Pending agreement applications identifying the companies in the **“From”** column will be adjudicated without prejudice. With the filing of the executed agreement, the agreement holder must attach a copy of this web notice as explanation for the name changes in the executed agreement.
