Influenza Vaccine Payment Allowances - Annual Update for 2009-2010 Season

Note: This article was revised on March 11, 2011, to add a reference to MLN Matters® article MM7128, which is available at <http://www.cms.gov/MLNArticles/downloads/MM7128.pdf>, for information on influenza and Pneumococcal Vaccine payment edits that are being added to existing CWF edits to prevent payment duplication for claims processed beginning July 5, 2011. All other information is the same.

Provider Types Affected

This article is for physicians and providers submitting claims to Medicare contractors (carriers, Fiscal Intermediaries (FIs), and/or Part A/B Medicare Administrative Contractors (A/B MACs)) for influenza vaccines provided to Medicare beneficiaries.

Provider Action Needed

The Centers for Medicare & Medicaid Services (CMS) issued Change Request (CR) 6608 in order to update payment allowances, effective September 1, 2009, for influenza vaccines when payment is based on 95 percent of the average wholesale price (AWP).

Background

The Medicare Part B payment allowance limits for influenza and pneumococcal vaccines are 95 percent of the AWP as reflected in the published compendia except where the vaccine is furnished in a hospital outpatient department, Rural Health Clinic (RHC), or Federally Qualified Health Center (FQHC), in which cases, payments for the vaccines are based on reasonable cost.

Annual Part B deductible and coinsurance amounts do not apply to these vaccines. All physicians, non-physician practitioners and suppliers who administer the influenza virus vaccination and the pneumococcal vaccination must take assignment on the claim for the vaccine.

Key Points of CR 6608

The payment allowances for influenza vaccines are updated on an annual basis effective September 1 of each year. CR 6608 provides the payment allowances for the following influenza virus vaccines: Current Procedural Terminology (CPT) codes 90655, 90656, 90657, 90658, and 90660 when payment is based on 95 percent of the AWP.

Note: For information about billing the H1N1 influenza vaccine, please see the MLN Matters® article at <http://www.cms.hhs.gov/MLNMattersArticles/downloads/MM6617.pdf> on the CMS website.

Effective September 1, 2009, these Medicare Part B payment allowances for influenza vaccines are as follows:

CPT Code	Allowance
90655	\$15.447
90656	\$12.541
90657	\$5.684
90658	\$11.368

CPT 90660 (FluMist, a nasal influenza vaccine) may be covered if the local Medicare contractor determines its use is medically reasonable and necessary for the beneficiary. When payment is based on 95 percent of the AWP, the Medicare Part B payment allowance for CPT 90660 is \$22.316 (effective September 1, 2009).
