

Program: *Substance Abuse Prevention and Treatment Block*

Agency: *Department of Health and Human Services*

Bureau: *Substance Abuse and Mental Health Services Administration*

Rating: *Ineffective*

Program Type: *Block/Formula Grant*

Last Assessed: *1 year ago*

Key Performance Measures from Latest PART	Year	Target	Actual
Long-term Measure: Percentage of clients reporting change in abstinence at discharge from treatment			
Long-term Measure: Percentage of states that provide drug treatment services within approved cost per person bands by the type of treatment including outpatient non-methadone; outpatient methadone; and residential treatment services (treatment)			
Annual Measure: Perception of harm of drug use among program participants (prevention)			

Recommended Follow-up Actions

Status

Will continue to work with states to facilitate the transition from the Block Grant to performance partnerships to provide states additional flexibility in exchange for program performance.

Action taken, but not completed

Will continue to develop new outcome measures for substance abuse prevention focused on age of initiation, total drug use, and/or other indicators of prevention effectiveness.

Action taken, but not completed

Will establish baselines and set targets for treatment and prevention performance measures.

Action taken, but not completed

Update on Follow-up Actions:

SAMHSA continues to work with states to develop their capacity and expertise to report on performance measures. SAMHSA has developed a standard set of outcome measures on which states were asked to voluntarily report in their 2005 Block Grant applications. Baselines for new outcome measures will be available in late 2005 and performance data in late 2006.

Program Funding Level (in millions of dollars)
