I. Introduction

Under 35 U.S.C. 122(e), a third party is permitted to submit patents, published patent applications or printed publications along with a concise description of the relevance of each document to the Office for consideration during the examination of a patent application. This provision applies to any patent application filed before, on, or after September 16, 2012.

Third-Party Submissions must be made (1) before the later of (i) 6 months after the date the application is first published by the Office, or (ii) the date of a first Office action on the merits rejecting any claim, and (2) before the date a notice of allowance is given or mailed.

A Third-Party Submission may be made in any non-provisional utility, design, or plant application, including any continuing application. The application may be pending or abandoned and need not be published. Third-Party Submissions are not permitted in reissue applications and reexamination proceedings.

The resource page for Third-Party Submissions is located at:

http://www.uspto.gov/aia_implementation/patents.j sp#heading-7.

II. Requirements

- A Third-Party Submission must include:
- Form PTO/SB/429 (or equivalent document list), identifying the publications, or portions of publications, being submitted in accordance with § 1.290(e);
- A concise description of the asserted relevance of each item identified in the document list;
- (3) A legible copy of each item identified in the document list, other than U.S. patents and U.S. patent application publications;
- (4) An English language translation of any non-English language item identified in the document list;
- (5) Statements by the party making the submission that:
 (i) The party is not an individual who has a duty to disclose information with respect to the application under § 1.56; and
 (ii) The submission complies with the requirements of 35 U.S.C. 122(e) and § 1.290; and
 (6) Any required fee, or the § 1.290(g) statement that the fee exemption applies to the submission.

Third-Party Submissions will be reviewed for compliance with 35 U.S.C. 122(e) and § 1.290 before being entered into the image file wrapper (IFW) record of an application. If a Third-Party Submission is found to be non-compliant, no time period will be set to file a corrected Third-Party Submission and amendments to a noncompliant submission previously filed will not be accepted. Instead, the third party may file another complete submission, provided the time period for doing so has not closed.

The fee set forth in 37 CFR 1.290(f) has been submitted herewith.	Select this box if a fee is due for the Third- Party Submission.
The fee set forth in 37 CFR 1.290(f) is not required because this submission lists three or fewer total items and, to the knowledge of the person signing the statement after making reasonable inquiry, this submission is the first and the only submission under 35 U.S.C. 122(e) filed in the above-identified application by the party making the submission or by a party in privity with the party.	Select this box if the fee exemption pursuant to § 1.290(g) applies to the Third-Party Submission.

(2) Concise Description of Relevance

A Third-Party Submission must include a concise description of relevance for each item identified in the document list. The concise description of relevance is a statement of facts explaining how the document is of potential relevance to the examination of the application. A concise description of relevance is not an invitation for the third party to participate in the prosecution of the application, and must not include proposed rejections of the claims or arguments relating to an Office action or an applicant's reply in the application. Provide the concise description of relevance for each item listed as a separate paper clearly labeled as to which item in the document list it pertains. Do not combine concise descriptions for different documents in a single paper.

(3) Copies

A Third-Party Submission must include a legible copy of each item identified in the document list, other than U.S. Patents and U.S. Patent Application Publications. Where only a portion of a document is listed as an item in the document list, only submit a copy of that portion and not a copy of the entire document. Further, where only a portion of a document is submitted, copies of pages of the document that provide identifying information (*e.g.*, a copy of the cover, title page, copyright information page, etc.) should also be submitted.

(4) Translations

À Third-Party Submission must include an English language translation of any non-English language item identified in the document list. The translation should be clearly labeled as to which item in the document list it pertains. The translation may be a reliable machine translation and need not be certified. Where only a portion of a non-English language document is listed, only submit a translation of that portion and not a translation of the entire document.

(5) Statements

A Third-Party Submission must include a statement that (i) the party making the submission is not an individual who has a duty to disclose information with respect to the application under § 1.56, and (ii) the submission complies with the requirements of 35 U.S.C. 122(e) and § 1.290. Form PTO/SB/429 includes both statements.

(6) Fees

The fee for a Third-Party Submission is currently \$180 for every 10 documents listed or fraction thereof, as set forth in 37 CFR 1.290(f) and 37 CFR 1.17(p). Consult the current fee schedule located at: <u>http://www.uspto.gov/about/offices/cfo/finance/</u> fees.jsp.

No fee is required if the *first* submission by a third party in an application lists 3 or fewer items, and is accompanied by the statement set forth in 37 CFR 1.290(g) (select the appropriate check box on form PTO/SB/429).

The fee may be paid by check, money order, credit card or deposit account. Checks and money orders must be made payable to the Director of the United States Patent and Trademark Office. Use the Credit Card Payment Form (PTO-2038) located at: <u>http://www.uspto.gov/web/forms/2038.pdf</u> when paying by credit card. Credit Card Payment Form (PTO-2038) will <u>not</u> be included among the records open to public inspection in the patent file.

III. Request for Notice of Non-compliance

A third-party may request e-mail notification in the event the submission is found to be non-compliant. To request such notification, file a <u>separate paper</u> with the Third-Party Submission clearly titled "REQUEST FOR NOTIFICAITON OF NON-COMPLIANT THIRD-PARTY PREISSUANCE SUBMISSION" and indicate the e-mail address to which the notification should be directed. Neither the notification nor the non-compliant submission will be made of record in the application. Further, if the submission is deemed compliant, the Office does not intend to enter the email address provided for in the request for notification of noncompliance into the record of the patent application.

IV. Filing

Third-Party Submissions may be submitted in paper via first-class mail, United States Postal Service (USPS) Express Mail service pursuant to § 1.10, or delivery by hand. Facsimile transmission of Third-Party Submissions is <u>not</u> permitted. Include a self-addressed postcard with the Third-Party Submission to receive acknowledgment of receipt by return receipt postcard.

The mailing address for Third-Party Submissions submitted in paper via first-class mail or USPS Express Mail service is:

> Commissioner for Patents P.O. Box 1450 Alexandria, Virginia 22313-1450

The delivery address for Third-Party Submissions submitted via hand-delivery is:

Customer Service Window Randolph Building 401 Dulany Street Alexandria, VA 22314

A Third-Party Submission is filed on its date of receipt in the Office as set forth in § 1.6. The certificate of mailing provisions of § 1.8 do *not* apply to Third-Party Submissions; however, the USPS Express Mail service provisions of § 1.10 do apply to Third-Party Submissions.

- (1) Intergovernmental organizations (regional patent offices) acting for certain Contracting States under the PCT (Patent Cooperation Treaty). In case of the European Patent Office, it also acts as International Searching Authority and International Preliminary Examining Authority under the PCT.
- (2) The Benelux Office for Intellectual Property (BOIP) (former Benelux Trademark and Designs Offices) have replaced the national Offices of Belgium, Luxembourg and the Netherlands with regard to actions relating to marks and industrial designs.
- ⁽³⁾ In the electronic database of the International Register of Marks, the International Bureau of WIPO uses the following additional codes, not part of the active codes of Standard ST.3: "DD" to designate Germany without the territory that, prior to October 3, 1990, constituted the Federal Republic of Germany; "DT" to designate Germany without the territory that, prior to October 3, 1990, constituted the German Democratic Republic.
- ⁽⁴⁾ The code "WO" is used in relation to the international publication under the Patent Cooperation Treaty (PCT) of international applications filed with any PCT receiving Office, as well as in the publication of international deposits of industrial designs under the Hague Agreement Concerning the International Deposit of Industrial Designs. In this regard, reference is made to INID code (33) given in WIPO Standards <u>ST.9</u> and <u>ST.80</u>. The code "WO" is also the appropriate code to be used with respect to international registrations of marks under the Madrid Agreement and the Madrid Protocol Concerning the International Registration of Marks. The code "IB" is used in relation to the receipt of international applications under the PCT filed with the International Bureau of WIPO in its capacity as a PCT receiving Office.
- ⁽⁵⁾ Provisional name.
- (6) Code BF adopted in 1984..
- (7) Code CD adopted in 1997.
- (8) Code MM adopted in 1989.
- ⁽⁹⁾ Code TL adopted on May 20, 2002.
- (10) Code SY used before 1.1.1978.
- (11) Code DL used before 1.1.1978.
- ⁽¹²⁾ Subsequent to the country name change of "Yugoslavia" to "Serbia and Montenegro", that took effect on February 4, 2003, and to the decision by the ISO 3166/MA to use the new country name and new two-letter code "CS" (to replace "YU"), which was announced on July 23, 2003, the SCIT Standards and Documentation Working Group agreed, at its fifth session, in November 11, 2004, to recommend that the two-letter code "YU" continue to be used for "Serbia and Montenegro" in the industrial property field because code "CS" raised certain problems due to its former use to represent "Czechoslovakia" until 1993.
