Super Bowl XLV

Super Bowl XLV will be played Feb. 6 at Cowboys Stadium in Arlington, Texas, midway between Dallas and Fort Worth. To commemorate this occasion, the Census Bureau has compiled a collection of facts examining the demographics of the host city, as well as the cities represented by the contenders, in this year's edition of our nation's most celebrated sporting event.

Green Bay, Wis. (Packers)

Unless otherwise indicated, the data come from the 2009 American Community Survey.

268th

Where Green Bay, Wis., ranked on the list of the nation's most populous cities. The estimated population of Green Bay on July 1, 2009, was 101,412. Green Bay gained 527 people from July 1, 2008, to July 1, 2009.

Source: Population estimates <<http://www.census.gov/popest/cities/SUB-EST2009.html>>

19%

Percentage of Green Bay residents 25 and older who had a bachelor's degree or higher in 2009; 85 percent had at least graduated from high school. The respective national figures were 28 percent and 85 percent. The percentage in Green Bay who have graduated from high school did not differ significantly from the percentage for Arlington.

18 minutes

Average amount of time it took Green Bay residents to get to work. Seventy-eight percent of the city's workers drove to work alone, 8 percent carpoolled and 1 percent took public transportation. Nationally, it took workers an average of 25 minutes to get to work. The percentage of Green Bay workers who drove to work alone and the percentage taking public transportation were not statistically different from the respective percentages for Arlington. The percentage of Green Bay workers carpooling was not statistically different from the percentage for Pittsburgh.

14%

Percentage of Green Bay residents 5 and older who spoke a language other than English at home. The national average was 20 percent.
