

Watch your step!

Ladder Safety

- Stand your ladder on flat ground
- Do not stand on the top 2 steps of a ladder
- Stand in the center of a ladder step
- Never use a folding ladder when it is closed - Open the ladder and press side locks into place
- While on a ladder, do not reach to the side
- While on a ladder, do not push or pull anything

Roof Safety

- To reach a roof, use a ladder that is at least three feet higher than the edge of the roof
- Be careful when on a roof - Roofs are usually slick, sloped, and high above the ground
