BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

Advisory Committee on Reactor Safeguards (ACRS), Meeting of the ACRS Subcommittee on Advanced Boiling Water Reactor; Notice of Meeting

The ACRS Subcommittee on Advanced Boiling Water Reactor (ABWR) will hold a meeting on October 2, 2012, Room T-2B1, 11545 Rockville Pike, Rockville, Maryland.

The entire meeting will be open to public attendance with the exception of a portion that may be closed to protect information that is proprietary, pursuant to 5 U.S.C. 552(c)(4). The agenda for the subject meeting shall be as follows:

Tuesday October 2, 2012—8:30 a.m. Until 3 p.m.

The Subcommittee will review and discuss the long term cooling aspect of the Combined License Application (COLA) for South Texas Project (STP) Units 3 and 4. The Subcommittee will hear presentations by and hold discussions with the applicant, Nuclear Innovation North America (NINA), the NRC staff, and other interested persons regarding this matter. The Subcommittee will gather information, analyze relevant issues and facts, and formulate proposed positions and actions, as appropriate, for deliberation by the Full Committee.

Members of the public desiring to provide oral statements and/or written comments should notify the Designated Federal Official (DFO), Maitri Banerjee (Telephone 301-415-6973 or Email: Maitri.Banerjee@nrc.gov) five days prior

to the meeting, if possible, so that appropriate arrangements can be made. Thirty-five hard copies of each presentation or handout should be provided to the DFO thirty minutes before the meeting. In addition, one electronic copy of each presentation should be emailed to the DFO one day before the meeting. If an electronic copy cannot be provided within this timeframe, presenters should provide the DFO with a CD containing each presentation at least thirty minutes before the meeting. Electronic recordings will be permitted only during those portions of the meeting that are open to the public. Detailed procedures for the conduct of and participation in ACRS meetings were published in the **Federal Register** on October 17, 2011, (76 FR 64126-64127).

Detailed meeting agendas and meeting transcripts are available on the NRC Web site at <http://www.nrc.gov/reading-rm/doc-collections/acrs>. Information regarding topics to be discussed, changes to the agenda, whether the meeting has been canceled or rescheduled, and the time allotted to present oral statements can be obtained from the Web site cited above or by contacting the identified DFO. Moreover, in view of the possibility that the schedule for ACRS meetings may be adjusted by the Chairman as necessary to facilitate the conduct of the meeting, persons planning to attend should check with these references if such rescheduling would result in a major inconvenience.

If attending this meeting, please enter through the One White Flint North building, 11555 Rockville Pike, Rockville, MD. After registering with security, please contact Mr. Theron Brown (Telephone 240-888-9835) to be escorted to the meeting room.

Dated: September 19, 2012.

Cayetano Santos,

Chief, Technical Support Branch, Advisory Committee on Reactor Safeguards.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[NRC-2012-0002]

Sunshine Federal Register Notice

AGENCY HOLDING THE MEETINGS: Nuclear Regulatory Commission.

DATES: Weeks of October 1, 8, 15, 22, 29, November 5, 2012.

PLACE: Commissioners' Conference Room, 11555 Rockville Pike, Rockville, Maryland.

STATUS: Public and Closed.

Week of October 1, 2012

Tuesday, October 2, 2012

9:30 a.m. Strategic Programmatic Overview of the Nuclear Materials Users and Decommissioning and Low-Level Waste Business Lines (Public Meeting) (Contact: Kimyata Morgan Butler, 301-415-0733).

This meeting will be Web cast live at the Web address—www.nrc.gov

Week of October 8, 2012—Tentative

There are no meetings scheduled for the week of October 8, 2012.

Week of October 15, 2012—Tentative

There are no meetings scheduled for the week of October 15, 2012.

Week of October 22, 2012—Tentative

Tuesday, October 23, 2012

9:30 a.m. Strategic Programmatic Overview of the Spent Fuel Storage and Transportation and Fuel Facilities Business Lines (Public Meeting) (Contact: Kevin Mattern, 301-492-3221).

This meeting will be Web cast live at the Web address—www.nrc.gov

Week of October 29, 2012—Tentative

Tuesday, October 30, 2012

9:30 a.m. Briefing on Fort Calhoun (Public Meeting) (Contact: Michael Hay, 817-200-1527)

This meeting will be Web cast live at the Web address—www.nrc.gov

Week of November 5, 2012—Tentative

Monday, November 5, 2012

1:30 p.m. NRC All Employees Meeting (Public Meeting), Marriott Bethesda North Hotel, 5701 Marinelli Road, Rockville, MD 20852.

Thursday, November 8, 2012

9:30 a.m. Discussion of Management Issues (Closed—Ex. 2).

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[NRC-2012-0044; Docket No. 50-423]

Central Vermont Public Service Corporation (Millstone Power Station, Unit 3); Order Approving Application Regarding Corporate Restructuring and Conforming Amendment

I

Dominion Nuclear Connecticut, Inc. (DNC), Central Vermont Public Service Corporation (CVPS) and Massachusetts Municipal Wholesale Electric Company (MMWE) (collectively “the licensees” or “DNC, Inc., et al.”) are the co-holders of the Renewed Facility Operating License No. NPF-49, which authorizes the possession, use and operation of Millstone Power Station, Unit 3 (MPS3). CVPS is a non-operating owner of a 1.7303% interest in MPS3. DNC is the majority owner and the licensed operator. MPS3 is located in the town of Waterford, Connecticut.

II

By letter dated September 9, 2011, as supplemented on November 4, 2011, April 6, 2012, May 4, 2012, June 26, 2012, and July 19, 2012 (collectively, “the application”), CVPS and Gaz Métro Limited Partnership (Gaz Métro), (collectively, “the Applicants”), requested that the U.S. Nuclear Regulatory Commission (NRC), pursuant to section 50.80 of Title 10 of the Code

of Federal Regulation (10 CFR), consent to the direct transfer of CVPS’s 1.7303% interest in the operating license for MPS3 that would result from the merger of CVPS with Green Mountain Power Corporation (GMP).

Both GMP and CVPS are wholly owned subsidiaries of Gaz Métro, as a result of the indirect transfer of CVPS’s 1.7303% interest in the license for MPS3, due to the acquisition of CVPS by Gaz Métro approved by the Commission on June 15, 2012.

According to the application for approval filed by CVPS in connection with the merger of CVPS and GMP, CVPS will merge with and into GMP, with GMP being the surviving company called Green Mountain Power Corporation. The GMP will continue as a minority co-owner and licensee of MPS3.

This application does not affect MMWEs ownership or DNCs ownership and operation of the facility.

Pursuant to 10 CFR 50.90, the Applicants also requested approval of a conforming license amendment for administrative purposes to reflect the change of name for the co-owner licensee on the MSP3 license from “Central Vermont Public Service Corporation” to “Green Mountain Power Corporation.”

No physical changes to the MPS3 facility or operational changes are being proposed in the application.

Notice of the request for approval and opportunity for a hearing was published in the **Federal Register** on July 20, 2012 (77 FR 42768). No comments or hearing requests were received.

Under 10 CFR 50.80, no license, or any right thereunder, shall be transferred, directly or indirectly, through transfer of control of the license, unless the NRC shall give its consent in writing. Upon review of the information in the application as supplemented and other information before the Commission and relying upon the representations and agreements in the application as supplemented, the NRC staff has determined that the proposed direct transfer of control from CVPS to GMP, as described in the application, will not affect the qualifications of the holders of the Renewed Facility Operating License No. NPF-49, and that the transfer of the license, to the extent affected by the proposed merger, is otherwise consistent with applicable provisions of law, regulations, and Orders issued by the Commission, pursuant thereto, subject to the conditions set forth below. The NRC staff has further found that the application for the proposed license amendment complies with the

standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission’s rules and regulations set forth in 10 CFR chapter I; the facilities will operate in conformity with the application, the provisions of the Act and the rules and regulations of the Commission; there is reasonable assurance that the activities authorized by the proposed license amendment can be conducted without endangering the health and safety of the public and that such activities will be conducted in compliance with the Commission’s regulations; the issuance of the proposed license amendment will not be inimical to the common defense and security or to the health and safety of the public; and the issuance of the proposed amendment will be in accordance with 10 CFR Part 51 of the Commission’s regulations and all applicable requirements have been satisfied. The findings set forth above are supported by a safety evaluation (SE) dated September 21, 2012.

III

Accordingly, pursuant to Sections 161b, 161i, 161.o, and 184 of the Atomic Energy Act of 1954, as amended (the Act), 42 U.S.C. 2201(b), 2201(i), 2201(o), and 2234; and 10 CFR 50.80, *it is hereby ordered* that the application regarding the proposed direct license transfer is approved, subject to the following conditions:

1. The Negation Action Plan provided to the NRC for review may not be modified in any respect concerning decision-making authority over “safety issues” as defined therein without the prior written consent of the Director, Office of Nuclear Reactor Regulation.

2. At least half the members of GMPs Board of Directors shall be U.S. citizens.

3. The Chief Executive Officer (CEO) of GMP shall be a U.S. citizen. This individual shall have the responsibility and exclusive authority to ensure and shall ensure that the business and activities of GMP with respect to the MPS3 license is at all times conducted in a manner consistent with the public health and safety and common defense and security of the United States.

4. The GMP Board of Directors will establish a Special Nuclear Committee (SNC) composed only of U.S. citizens, a majority of who are not officers or employees of GMP, Gaz Métro, or any other Gaz Métro subsidiaries. The SNC will report to the GMPC Board of Directors on a quarterly basis for informational purposes. The SNC will make available to the NRC for review these and any other reports regarding foreign ownership and control of nuclear operations.
