

Thank You

to all the Central Florida Businesses who have participated in the
Kilowatt Crackdown Challenge. With your help we have registered over 1,580 buildings!

Your commitment to energy efficiency is appreciated by your tenants, your employees, and your neighbors.

Thank You for being a community Leader!

The Kilowatt Crackdown Challenge is an Energy Use Reduction Program sponsored by the Central Florida Energy Efficiency Alliance (CFEEA) created to reduce commercial building energy use 30% by June 30, 2012. Businesses are encouraged to register their building(s) online and gain access to free tracking tools, personal consulting, marketing benefits, and an opportunity to compete for the CFEEA Energy Efficiency Community Awards. For more information, please visit
