## Notes and Brief Reports

Federal Credit Unions, 1951
Provision of convenient credit union facilities is an essential part of the effort to promote habits of thrift
-one of the major purposes for which the Federal credit union system was established. Each charter is issued to a group of persons wirh interests in common and defines in
specific terms the group that it may serve. The facilities are organized to meet their convenience and accordingly are set up where the members live, work, or attend church or meetings of their labor unions, lodges, or farm organizations.

The success of this policy is evi-

Number of operating Federal credit unions and number of members, by type of membership, December 31, 1950 and 1951

dent from the fact that, at the end of 1951, more Federal credit unions were serving more persons than ever before. Assets, the amount of shareholdings of members, and the amount outstanding in loans were also at all-time highs.

Detailed information on the Federal credit unions operating in 1951 and 1950, grouped by type of membership, is shown in the accompanying table. Federal Government employees had the largest number (564) of operating Federal credit unions. The group of 274 credit unions serving petroleum industry employees was second in size, and those for religious groups, numbering 268, were third.

Federal credit unions serving Federal Government employees also had the greatest net gain (47) in number during the year. Religious groups and automotive industry employee groups also had substantial increases, with 29 each.
An outstanding development during the year was the chartering and organization of 18 Federal credit unions to serve the employees of a large chain of stores. As of December 31, 1951, these 18 credit unions had total assets of more than $\$ 1$ million and were serving 11,400 members.

The largest membership of any group of Federal credit unions was in those serving Federal Government employees. Their members numbered 310,016 ; the increase of 55,378 was the largest for any group. Credit unions serving employees of the petroleum industry had the second largest membership ( 143,393 ); automotive products employee groups were third $(128,111)$. The increase of 23,789 in the membership of credit unions serving the machine manufacturing industry was second only to that in the Federal Government employee groups and brought the total to 106,576 .

Employers, Workers, and Wages, Fourth Quarter 1951

[^0]1947, p. 30; quarterly data for 1941 and 1942 were in the Bulletin for February 1948, p. 31.
the Bulletin for February 1948, p. 31.
4 A description of these series and quarterly data for 1940 were presented in the Bulletin for August 1947, p. 30; quarterly data for 1941 and 1942 were in the Bulletin for February 1948, p. 31.
${ }^{5}$ Preliminary.

- Preliminary; includes data for new coverage under the 1950 amendments, except for newly covered self-employed persons and their earnings.

[^0]:    ${ }^{1}$ Number corresponds to number of employer returns. A return may relate to more than 1 establishment if employer operates several separate establishments but reports for concern as a whole.
    ${ }^{2}$ Data exclude joint coverage under the railroad retirement and old-age and survivors insurance programs.
    ${ }_{8}$ Quarterly and annual data for 1937-39 were presented in the Bulletin for February 1047, p. 31; quarterly data for 1940 were in the Bulletin for August
