Fire Suppression Operations

	What is the fire weather forecast (present and extended)? What is the fire behavior potential? Are fire personnel briefed on incident objectives, strategies, tactics, organization, communications, hazards, and safety principles? Are the strategy and tactics based on current and forecast weather? Are strategy and tactics safe, effective, and consistent with management's objectives and accepted fire policies and procedures? Do you have effective communication on incident and with dispatch? Are you monitoring weather and fire behavior to make needed adjustments to strategy and tactics? Are you using tactical aircraft? Do you have an assigned air tactical group supervisor? Is aircraft use safe, effective, and efficient? If the fire escapes initial attack, what will your role be in developing the Wildland Fire Situation Analysis?	
Administration		
	Do you have any administrative concerns? What arrangements have you made to complete time reports, accident forms, fire report, etc.? Did all orders and procurement go through dispatch? Do you have any outstanding obligations? Are all rental agreements and use records properly completed? How did the fire start? If human-caused, has an investigation been initiated to determine the cause and develop a trespass case? Do you know of any current or potential claims?	
Dispatch Office		
	Is the incident receiving fire weather and fire behavior information? Is the incident getting the resources ordered in a timely manner? Is dispatch adequately staffed? What are the local area and national Preparedness Levels? How do they affect this fire? Are the elements identified at the various Preparedness Levels being considered? What are the current local, area and national fire situations? What is the priority of existing fires and how are the priorities being determined?
