General Instructions For Spectrum Leasing Arrangement or Private Commons Arrangement

Purpose of Form

FCC Form 608 is a multi-purpose form. It is used to provide required notification or request approval for any spectrum leasing arrangement ("Lease") entered into between an existing licensee ("Licensee") in certain Wireless, Mobile Satellite Services and/or Public Safety Radio Services and a spectrum lessee ("Lessee"). This form also is required to notify or request approval for any spectrum subleasing arrangement ("Sublease"). The data collected on the form is used by the FCC to determine whether the public interest would be served by the Lease or Sublease. The form is also used to provide notification for any Private Commons Arrangement entered into between a Licensee, Lessee, or Sublessee and a class of third-party users (as defined in Section 1.9080 of the Commission's Rules). Applications/Notifications for Subleases or Private Common Arrangements must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

The services that use this form are those services listed in Section 1.9005 of the Commission's Rules. See 47 C.F.R. Section 1.900 *et seq.* For additional information, see Promoting Efficient Use of Spectrum Through Elimination of Barriers to the Development of Secondary Markets, *Report and Order and Further Notice of Proposed Rulemaking*, WT Docket No. 00-230, FCC 03-113, at ¶ 84 & n.181 (rel. FCC Form 608 replaces FCC Form 603-T for all purposes.

Introduction

This is a multi-part form consisting of a Main Form and several schedules. Each application/notification, amendment, or other request must contain only one Main Form but may contain as few or as many of the additional schedules as necessary.

Main Form

The purpose of the Main Form is to obtain information sufficient to identify the parties to the associated Lease, Sublease or Private Commons Arrangement, establish the parties' eligibility and qualifications for entering into the Lease, classify the filing, and determine the nature of the proposed service. The Main Form also contains the required certifications and signature blocks for the parties. The Main Form is required for every filing.

Schedules

In addition to the Main Form, which is required with every filing, completion of certain schedule(s) may also be required, depending on the type of Lease or Sublease, or whether a Private Commons Arrangement is involved. The purposes of these schedules are as follows:

Schedule A (Schedule for Licensees that Received Bidding Credits or Participate in the Installment Payment Plan, or Involving Licenses Won in Closed Bidding) This Schedule establishes whether unjust enrichment provisions or other restrictions apply.

Schedule B (Schedule for New Lease or New Sublease) This Schedule is used to provide required notification for new Spectrum Manager Leases or Subleases and to request approval for new *De Facto* Transfer Leases or Subleases. All filings for Subleases must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

Schedule C (Schedule for Modification of a Geographically Licensed Lease or Sublease to Add, Modify or Delete Technical Location Information for International Coordination, Environmental Assessment, or Quiet Zone Location). This Schedule is used to provide the technical location information for locations that require international coordination, an environmental assessment, or are located in a Quiet Zone. File a separate schedule for each location. All filings for Subleases must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

Schedule D (Schedule for Transfer of Control of a Lessee or Sublessee) This Schedule is used to notify the Commission or request Commission approval of the transfer of control of a Lessee/Sublessee. In addition, this Schedule is used to provide required notification of a transfer of control of the Lessee/Sublessee pursuant to the Commission's forbearance procedures for telecommunications carriers. (See Section 1.948 of the Commission's Rules). All filings for Subleases must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

Schedule E (Schedule for Supplemental Information Pertaining to a New Lease, New Sublease, Revision To Extend the Term of an Existing Lease or Sublease, or Revision To Cancel an Existing Lease or Sublease). This Schedule is used to provide supplemental date information in regards to the filing. All filings for Subleases must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

Schedule F (Schedule for Defined Geographic Area To Be Leased (Geographically Licensed Service)) This Schedule is used in conjunction with Schedule B for a New Lease when geographically licensed authorizations are involved and the entire geographic area and/or spectrum is not being leased. This Schedule must be used when the leased area involves FCC-defined geographic boundaries (*i.e.*, Major Trading Areas (MTAs), Basic Trading Areas (BTAs), etc.) or county boundaries.

This Schedule can be used to describe the geographic area of the Lease and any amount of the licensed spectrum (or both).

Schedule G (Schedule for Leases that Involve an Undefined Geographic Area) This Schedule is used in conjunction with Schedule B and Schedule F when geographically licensed authorizations are involved and the geographic area associated with the New Lease cannot be described using FCC-defined geographic boundaries or counties. This Schedule must be used to provide the geographic coordinates (latitude and longitude) that depict the periphery of the leased area.

Schedule H (Schedule for Point-to-Point Microwave Links To Be Leased in Geographically-Licensed Services) This Schedule is used in conjunction with Schedule B for a New Lease when geographically licensed point-to-point microwave authorizations are involved and one or more links are being leased.

Schedule I (Schedule for Supplemental Information Pertaining to a New Private Commons Arrangement, Modification of an Existing Private Commons Arrangement, Revision to Extend the Term of an Existing Private Commons Arrangement, or Revision to Cancel an Existing Private Commons Arrangement). This Schedule is used when filing a notification of a Private Commons Arrangement. All filings for Private Commons Arrangements must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

Who Must File and When

Existing Licensees may enter into Leases with spectrum Lessees, consistent with the Commission's Rules governing such arrangements as set forth in Subpart X of Part 1 of the Commission's Rules, 47 C.F.R. §§ 1.9001 *et seq.* In general, two types of spectrum leasing arrangements are permitted: (1) spectrum manager leasing arrangements ("Spectrum Manager Leases") and (2) *de facto* transfer leasing arrangements ("*De Facto* Transfer Leases"). In addition, provided that certain conditions are met, Lessees are permitted to enter into spectrum subleasing arrangements ("Subleases") with spectrum sublessees ("Sublessees"). The Commission has also established a new type of secondary market arrangement that permits the development of a "Private Commons" in licensed wireless and/or public safety radio spectrum. Applications/Notifications for Subleases or Private Common Arrangements must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

If a Licensee proposes to enter into a Spectrum Manager Lease with a Lessee, the Licensee must file a notification ("Notification") providing specified information about and certifications by the Licensee and Lessee, with the Commission prior to commencement of operations under the Lease.

If a Licensee proposes to enter into a *De Facto* Transfer Lease with a Lessee, they are required to file an application for approval by the Commission providing specified information about and certifications by both the Licensee and Lessee.

If a Lessee proposes to enter into a Sublease with a Sublessee, a similar Notification is required for a Spectrum Manager Sublease or an application/notification is required for a *De Facto* Transfer Sublease. Applications/Notifications for Subleases must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

If a Licensee, Lessee, or Sublessee proposes to enter into a Private Commons arrangement with a class of users, the Licensee or Lessee or Sublessee (whichever entity is to serve as manager of the Private Commons arrangement) is required to file a notification ("Notification") with the Commission. This notification must include information that describes: the general terms and conditions of the Private Commons arrange, including a description of the conditions for spectrum access placed on users: the technical and operating terms and conditions of use placed on users, including those relating to the types of communications devices that may be used within the Private Commons; the types of communications uses that are allowed by within the Private Commons; the location(s) or coverage area(s) of the Private Commons under the license authorization; and, the term of the arrangement (*e.g.*, commencement date and termination date). Applications/Notifications for Private Common Arrangements must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

General Definitions and Other General Information (Including Who Must Sign the Form)

Unless noted otherwise, all references in these instructions to the Commission's Rules refer to Part 1, Subpart X of the Commission's Rules.

Spectrum Manager Lease

A Licensee and Lessee may enter into a Spectrum Manager Lease provided that (1) the Licensee retains *de jure* control of its license and *de facto* control over the leased spectrum pursuant to the *de facto* control standard applicable to spectrum leasing arrangements (See Section 1.9010 of the Commission's Rules), and (2) the Licensee and Lessee meet the other applicable requirements for Spectrum Manager Leases as set forth in the Commission's Rules.

De Facto Transfer Lease

A Licensee and Lessee may enter into a *De Facto* Transfer Lease, whereby *de facto* control over the use of the leased spectrum is transferred to the Lessee, provided that the Licensee retains *de jure* control of its license and the Licensee and Lessee meet the other applicable requirements for *De Facto* Transfer Leases as set forth in the Commission's Rules.

New Lease

When a Licensee and Lessee enter into a Lease of certain specified spectrum associated with a particular license authorization for the first time, such Lease constitutes a new Lease ("New Lease") for purposes of this application/notification.

If a Licensee and Lessee involved in a Short-Term *De Facto* Transfer Lease seek to "convert" that Short-Term *De Facto* Transfer Lease into a Long-Term *De Facto* Transfer Lease of spectrum under the license authorization, the Short-Term *De Facto* Transfer Lease must be cancelled and a new Long-Term *De Facto* Transfer Lease application/notification filed.

A Lessee may not assign an existing Lease to another party. The existing Lease must be cancelled and the new party must file for a new Lease.

If a New Lease application/notification is filed, the Main Form, Schedule B and Schedule E must be filed with the Commission and are always required. Schedules A, F, G and H are only required in certain circumstances.

If a New Lease application/notification is filed, both the Licensee and Lessee must sign the form.

New Sublease (Must be filed Manually)

A Lessee under an existing Spectrum Manager Lease or Long-Term *De Facto* Transfer Lease may enter into a Sublease provided that the Licensee has consented to the Sublease and all other applicable requirements for entering into a Sublease, as set forth in the Commission's Rules, are met.

If the underlying Lease is a Spectrum Manager Lease, the Lessee and Sublessee are permitted only to enter into a Spectrum Manager Sublease.

If the underlying Lease is a Long-Term *De Facto* Transfer Lease, the Lessee and Sublessee may enter into either a Spectrum Manager Sublease or *De Facto* Transfer Sublease.

Lessees under Short-Term *De Facto* Transfer Leases are not permitted to enter into Subleases.

If a New Sublease application/notification is filed, the Main Form, Schedule B and Schedule E must be filed with the Commission and are always required. Schedule A must be filed, if applicable.

If a New Sublease application/notification is filed, both the Lessee and Sublessee must sign the form. Also, an exhibit must be attached to the filing that includes a certification statement by the Licensee indicating its consent to the sublease.

Applications/Notifications for Subleases must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

Modification of a Lease/Sublease

If a Modification of a Lease/Sublease is filed and that Lease/Sublease does not contain a geographically licensed area, only the Main Form is required to be filed with the Commission.

If the Lease/Sublease contains a geographically licensed area, in addition to the Main Form, it may be necessary to file Schedule C if adding, modifying or deleting technical location information for international coordination, an environmental assessment or for a Quiet Zone location.

For a Modification of a Lease, the Lessee must sign the form. [For a Modification of a Spectrum Manager Lease, in addition to the Lessee information, the Licensee FRN is also required.]

For a Modification of a Sublease, the Sublessee must sign the form. [For a Modification of a Spectrum Manager Lease, in addition to the Sublessee information, the Licensee FRN and the Lessee FRN are also required.]

Applications/Notifications for Subleases must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

Administrative Update of a Lease/Sublease

If an Administrative Update of a Lease/Sublease is filed, only the Main Form is required to be filed with the Commission.

For an Administrative Update of a Lease, the Lessee must sign the form. [For an Administrative Update of a Spectrum Manager Lease, in addition to the Lessee information, the Licensee FRN is also required.]

For an Administrative Update of a Sublease, the Sublessee must sign the form. [For an Administrative Update of a Spectrum Manager Lease, in addition to the Sublessee information, the Licensee FRN and the Lessee FRN are also required.]

Applications/Notifications for Subleases must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

Transfer of Control of the Lessee/Sublessee

A transfer of control of a Lessee/Sublessee under an existing Lease/Sublease is permitted pursuant to Commission Rules.

Such a transfer of control involves the transfer of *de jure* or *de facto* control of the Lessee/Sublessee, but does not change the identity of the Lessee/Sublessee. Refer to the applicable FCC rules for definitions of controlling interest and ownership.

Main Form and Schedule D [Schedule A, if applicable] must be completed for a transfer of control of a Lessee/Sublessee.

For a Transfer of Control of a Lessee, the Transferor and Transferee must sign the form. Note: The Lessee Information and the Lessee Contact Information are also required, but the Lessee does not need to sign the form. [For a Spectrum Manager Transfer of Control of a Lessee, in addition to the Transferor, Transferee and Lessee information, the Licensee FRN is also required.]

For a Transfer of Control of a Sublessee, the Transferor and Transferee must sign the form. Note: The Sublessee Information and the Sublessee Contact Information are also required, but the Sublessee does not need to sign the form. [For a Spectrum Manager a Transfer of Control of a Sublessee, in addition to the Transferor, Transferee and Sublessee information, the Licensee FRN and the Lessee FRN are also required.]

Applications/Notifications for Subleases must be filed manually sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations found on page 6 of the instructions.

Revision to Extend the Term of an Existing Lease/Sublease

The term of any existing Lease/Sublease may be revised to extend the term subsequent to entering into the Lease/Sublease, pursuant to the Commission's Rules.

An application/notification to Extend the Term of an Existing Lease/Sublease must include the Main Form and Schedule E.

For a Revision to Extend the Term of an Existing Lease, the Licensee and the Lessee must sign the form. [In addition to the Licensee Information and the Licensee Contact Information, only the FRN of the Lessee is required].

For a Revision to Extend the Term of an Existing Sublease, the Licensee, Lessee, and Sublessee must sign the form. [For a *de facto* lease that is being extended, in addition to the Lessee Information and the Lessee Contact Information, only the FRN of the Sublessee is required]. [For a Spectrum Manager lease that is being extended, in addition to the Lessee Information and the Lessee Contact Information, only the FRN of the Licensee and the FRN of the Sublessee is required].

Applications/Notifications for Subleases must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

Cancellation of an Existing Lease/Sublease

An existing Lease/Sublease may be cancelled earlier than the expiration date set forth in the original application/notification, pursuant to the Commission's Rules. An application/notification involving a cancellation of a Lease/Sublease must be filed within ten days of the cancellation. The parties involved in a Lease/Sublease must notify the Commission if they did not commence operations under the Lease/Sublease, pursuant to the Commission's Rules.

An application/notification to cancel an Existing Lease/Sublease must include the Main Form and Schedule E.

For a Revision to Cancel an Existing Lease, the Licensee must sign the form. [In addition to the Licensee Information and the Licensee Contact Information, only the FRN of the Lessee is required].

For a Revision to Cancel an Existing Sublease, the Lessee must sign the form. [For a *de facto* lease that is being cancelled, in addition to the Lessee Information and the Lessee Contact Information, only the FRN of the Sublessee is required]. [For a Spectrum Manager lease that is being cancelled, in addition to the Lessee Information and the Lessee Contact Information, only the FRN of the Licensee and the FRN of the Sublessee is required].

Applications/Notifications for Subleases must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

Private Commons Arrangement

A "Private Commons" arrangement, an arrangement distinct from a spectrum leasing arrangement, is permitted in the same services for which spectrum leasing arrangements are allowed. Under a Private Commons arrangement, a Licensee, Lessee or Sublessee makes certain spectrum usage rights under the license authorization available to a class of third-party users that employ advanced communications technologies that do not involve use of the Licensee's, Lessee's or Sublessee's end-to-end physical network infrastructure (e.g., base stations, mobile stations, or other related elements) and are not intended to be used in the provision of network-based services to end-users. Specifically, in a Private Commons arrangement the Licensee, Lessee or Sublessee authorizes users of certain communications devices employing particular technical parameters, as specified by the Licensee, Lessee or Sublessee, to operate under the license authorization. The Licensee, Lessee or Sublessee that acts as the manager of a Private Commons must retain *de facto* control of the use of the spectrum by such third-party users. This includes maintaining reasonable oversight over the user's use of the spectrum to ensure that the use of the spectrum, and communications equipment employed, comply with the applicable technical and service rules; it also includes maintaining the ability to ensure such compliance. For additional information, see Promoting Efficient Use of Spectrum Through Elimination of Barriers to the Development of Secondary Markets, *Second Report and Order, Order on Reconsideration, and Second Further Notice of Proposed Rulemaking*, WT Docket No. 00-230, FCC 04-167, at ¶¶ 91-99 (rel. Sep. 2, 2004) ("Secondary Markets Second Report and Order"); 47 C.F.R. § 1.9080.

A Licensee, Lessee or Sublessee acting as the manager of the Private Commons must notify the Commission of a Private Commons arrangement prior to permitting third-party users to commence operations. This Licensee, Lessee or Sublessee must complete the applicable questions, and submit the necessary exhibits, as set forth in the Main Form and Schedule I, and sign the Main Form. If a Private Commons Arrangement applies with regard to operations under a license authorization (as opposed to spectrum that has been leased under a spectrum leasing arrangement), the Licensee must sign the form.

If a Private Commons Arrangement applies with regard to spectrum leased under a *De Facto* Transfer Lease, the Lessee must sign the form.

If a Private Commons Arrangement applies with regard to spectrum leased under a *De Facto* Transfer Sublease, the Sublessee must sign the form.

If a Private Commons Arrangement applies with regard to spectrum leased under a Spectrum Manager Lease, the Lessee must sign the form.

If a Private Commons Arrangement applies with regard to spectrum leased under a Spectrum Manager Sublease, the Sublessee must sign the form.

Applications/Notifications for Private Commons Arrangements must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the instructions.

Other Wireless Licenses

Item 4a Enter 'Y', if this application/notification is one in a series of related applications/notifications. Otherwise, enter 'N'.

The purpose of this item is to indicate whether this application/notification is part of a proposed transaction involving the Lease/Sublease or transfer of other spectrum not listed in this application/notification that is held by the Licensee/Lessee/Sublessee, affiliates of the Licensee/Lessee/Sublessee, or third parties (e.g., spectrum swaps or multi-party transactions). Where a transaction involves the Lease/Sublease of spectrum under multiple licenses held by a common Licensee, a single form should be filed whenever possible. Where a transaction involves the Lease/Sublease of spectrum under licenses by affiliated Licensees or third-party licensees, a separate form must be filed for each affiliate or licensee. Enter 'N' if all licenses to be Leased/Subleased, as a result of the proposed transaction, are listed on this one Form. This allows parties to submit all attachments that are common to all applications in a transaction once. The parties can then attach one exhibit to the other applications associated with the transaction in order to incorporate by reference the attachments in the lead application.

Attachments

Item 5 Enter 'Y' if attachments (other than associated schedules) are being filed with this application/notification. Otherwise, enter 'N'.

Parties submitting applications/notifications may in some instances be required to provide by means of an attachment, additional information not specifically requested elsewhere on FCC Form 608 to establish the qualifications of the Lessee/Sublessee/Transferee or to otherwise demonstrate that the proposed transaction is in the public interest. The burden is on the parties to determine whether such additional information is necessary under Section 310(d) in light of the circumstances of the particular Lease/Sublease. Applicants seeking further guidance on this issue are encouraged to contact the bureau in advance of filing FCC Form 608.

Regulatory Status and Offerings (Only applicable on a Modification of a Lease or Modification of a Sublease)

Radio Service Offerings

Item 9 Indicate the type(s) of radio service offerings the Applicant plans to provide.

All entities that are planning to use the lease spectrum for telecommunications services should select common carrier in this item. The term 'telecommunications service' means the offering of telecommunications (*i.e.*, the transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received) for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used. Non-common carriers do not hold themselves out indiscriminately for hire as carriers of communications provided by the customer. A person engaged in radio broadcasting shall not, insofar as such person is so engaged, be deemed a common carrier. Thus, those entities meeting this definition would select non-common carrier for this item. Private internal users are those entities that utilize telecommunications services purely for internal business purposes or public safety communications and not on a for hire or for profit basis. Such entities should select 'Private' for this item. The term 'Broadcast Services' shall have the same meaning as that for "broadcasting" in § 3(6) of the Communications Act of 1934, *i.e.*, the dissemination of radio communications intended to be received by the public, directly or by the intermediary of relay stations." 47 U.S.C. § 153(6).

Radio Service

Item 10 Select all types of radio services that the Applicant plans to provide, as applicable. Broadcast Auxiliary applicants should select Fixed or Mobile, not Broadcast Services.

Item 11 Indicate whether the Applicant plans to provide service interconnected to the public telephone network as defined in the FCC rules. Enter 'Y' if 'Y'. Otherwise, enter 'N'.

Otherwise, enter 'N'.

The initial grant date is the date that the license was originally granted by the Commission after an auction, even if the license was acquired in the secondary market. The initial grant date is **not** the date on which the Commission granted an assignment or transfer of control of the license.

If the response to this item is 'Y', the licenses may be subject to the FCC's unjust enrichment rules. See Section 1.2111(d), (e) of the Commission's Rules. If the response to 12a is 'Y', Schedule A must be completed.

If the application/notification includes Licenses in the Wireless Radio Services that are subject to the ownership reporting requirements of Section 1.2112(a), or in the Mobile Satellite Services that are subject to the ownership reporting requirements of Section 25.149(g), the Applicant must file a FCC Form 602, Ownership Disclosure Form. For purposes of this question, Applicant is the Lessee, Sublessee or Transferee.

Item 151a Enter 'Y' if the Applicant is required to file FCC Form 602, Ownership Disclosure Information for the Wireless Telecommunications Services. Otherwise, enter 'N'.

Item 151b If the response to Item 151a is 'Y', enter the File Number of the FCC Form 602 that was filed in conjunction with this filing or already on file with the FCC.

Alien Ownership Questions

Alien Ownership

Pursuant to the Secondary Markets Order, the Commission requires that a Lessee/Sublessee, including a Lessee or Sublessee subsequent to a proposed transfer of control, meet the eligibility requirements that pertain to foreign ownership, as set forth in Section 310 of the Communications Act. See *Secondary Markets Order*, WT Docket No. 00-230, FCC 03-113, at ¶¶ 110,143. The following items enable the FCC to determine whether a Lessee/Sublessee, including a Lessee or Sublessee subsequent to a proposed transfer of control, is eligible under Section 310(a) and (b) of the Communications Act of 1934, as amended, to Lease/Sublease. If the application/notification is for the transfer of control of a lease or sublease, the foreign ownership of the post-transaction Lessee or Sublessee is evaluated. All Lessees/Sublessees and Post-Transfer Lessees/Sublessees filing an application/notification must answer Items 152-156. Any applicant that answers 'Y' to Items 153-156a must provide an attachment explaining the circumstances. The FCC will otherwise dismiss the application/notification without further consideration.

Item 152 All Transferees/Lessees/Sublessees filing an application/notification must answer Item 152. The FCC cannot grant an application/notification if the Lessee/Sublessee or Post-transfer Lessee/Sublessee is a foreign government or the representative of a foreign government. Therefore, if the true and correct answer to Item 152 is 'Y', the Lessee/Sublessee or Post-transfer Lessee/Sublessee is not eligible to enter into a Lease and the FCC will dismiss the application/notification, if filed, without further consideration.

Items 153-155 The FCC cannot grant an authorization to provide common carrier or broadcast service to any Lessee/Sublessee or Post-transfer Lessee/Sublessee for which the true and correct answer to any of Items 153 - 155 is 'Y'. Any Applicant that answers 'Y' to any of Items 153-155 must provide an attachment explaining why the Lease that is the subject of the application/notification is exempt from the prohibitions contained in Section 310(b)(1)-(3) of the Communications Act of 1934. The FCC will otherwise dismiss the application/notification without further consideration.

Item 156a Enter 'Y' if the Lessee/Sublessee or Post-transfer Lessee/Sublessee is directly or indirectly controlled by any other corporation of which more than one-fourth of the capital stock is owned of record or voted by aliens, their representatives, or by a foreign government or representative thereof, or by any corporation organized under the laws of a foreign country. Otherwise, enter 'N'. If the answer is 'Y', and if the Lease that is the subject of the application/notification allows for the provision of a common carrier or broadcast service, it is necessary for the Lessee/Sublessee or Post-transfer Lessee/Sublessee to have or obtain approval of the indirect foreign ownership of the Lessee/Sublessee or Post-transfer Lessee/Sublessee pursuant to Section 310(b)(4) of the Communications Act of 1934. Accordingly, any Lessee/Sublessee or Post-transfer Lessee/Sublessee that answers 'Y' to Items 156a must provide an attachment explaining the circumstances. The FCC will otherwise dismiss the application/notification without further consideration. In the attachment, the Lessee/Sublessee or Post-transfer Lessee/Sublessee must demonstrate either that (i) the subject Lease is exempt from the provisions of Section 310(b)(4), or (ii) allowing the Lessee/Sublessee or Post-transfer Lessee/Sublessee to hold the requested license is consistent with the Commission's policies pursuant to Section 310(b)(4). If the Lessee/Sublessee or Post-transfer Lessee/Sublessee cannot demonstrate that the Lease is exempt from the provisions of Section 310(b)(4), it must include in its Section 310(b)(4) showing a description of the Lessee/Sublessee's or Post-transfer Lessee/Sublessee's indirect foreign ownership along with information regarding any approvals of the foreign ownership obtained from the Commission. In general, the Commission has indicated that there is a strong presumption that indirect foreign ownership of common carrier radio Licensees by entities whose home markets are in countries that are members of the World Trade Organization (WTO) does not raise competitive concerns. If more than 25 percent of the ownership of an entity that directly or indirectly controls a common carrier radio Licensee (or Lessee or Sublessee) is attributable to parties whose home markets are in non-WTO member countries, the presumption does not apply, and the Commission will evaluate whether those markets offer effective competitive opportunities to U.S. investors in the same service sector. See Rules and Policies on Foreign Participation in the U.S. Telecommunications Market, IB Docket No. 97-142, Report and Order and Order on Reconsideration, FCC 97-398, 12 FCC Rcd 23,891 ¶¶ 97-118, 131 (1997). See also *Secondary Markets Order*, WT Docket No. 00-230, FCC 03-113, at ¶¶ 110, 143.

For additional guidance on how the Commission analyzes foreign ownership issues, see Foreign Ownership Guidelines for FCC Common Carrier and Aeronautical Radio Licenses, DA 04-3610, 19 FCC Rcd 22,612 (IB 2004) corrected by erratum, DA 06-1242, 21 FCC Rcd 6484 (IB 2006).

Item 156b Enter 'Y' if the Lessee/Sublessee or Post-transfer Lessee/Sublessee has received a ruling(s) under Section 310(b)(4) of the Communications Act with respect to the same radio service(s) and geographic coverage area(s) involved in this application/notification. Otherwise, enter 'N'.

If the answer to Item 156b is 'Y', include in the attachment required by Item 156a the citation(s) of the applicable declaratory ruling(s) by DA/FCC number, the FCC Record citation, if available, release date, and any other identifying information.

If the answer to Item 156b is 'N', attach as an exhibit, a date-stamped copy of the request for a foreign ownership ruling pursuant to Section 310(b)(4) of the Communications Act of 1934. It is not necessary to file a request for a foreign ownership ruling if the Applicant includes in the exhibit required by Item 156a a showing that the subject Lease is exempt from the provisions of Section 310(b)(4).

Basic Qualification Information

Basic Qualification Questions

Items 157-159 These items enable the FCC to determine whether a Transferee/Lessee/Sublessee is eligible to Lease/Sublease spectrum or control a Lessee/Sublessee. Transferees/Lessees/Sublessees do not have to answer these questions if they are filing FCC Form 608 for a revision of the terms of an existing Lease/Sublease. If the answer to any one or more of Items 157-159 is 'Y', attach as an exhibit a statement explaining the circumstances and a statement giving the reasons why the Transferee/Lessee/Sublessee believes that grant of the application/notification would be in the public interest notwithstanding the actual or alleged misconduct. If the Transferee/Lessee/Sublessee responds 'Y' to any question and has previously provided a statement and explanation regarding the circumstances as an attachment to a prior application/notification filed in ULS, and the facts and circumstances are unchanged, the Transferee/Lessee/Sublessee may refer to the previous application/notification by identifying the application/notification file number and indicating the disposition of the prior application/notification.

License Authorization(s) or identifiers (pertaining to Lease(s)/Sublease(s)/Private Commons) Associated with the Spectrum To Be Included in the Filing

Items 184-190 In every application/notification, list the Call Sign(s) or Lease Identifier(s) of the License(s), Lease, or Sublease that are associated with the spectrum included in the proposed application/notification. There must be at least one Call Sign, Lease Identifier or Sublease Identifier entered in the column designated as Item 184. For example, if the filing is for a new Lease and the spectrum involved in the Lease is associated with three different Call Signs, all three call signs must be provided. Likewise, if the filing is for a new Sublease, each Lease Identifier must be provided. Additionally, if the application/notification is to revise existing Lease/Sublease terms, each Lease/Sublease Identifier must be provided.

In addition, if this is an application/notification for New Lease for a site-based License and the Lease does not encompass the entire License, use this section to identify the specific locations/paths to be leased (complete Items 186-190, as appropriate).

Item 184 In this item, list the Call Sign(s) or Lease Identifier(s) of the licenses that are associated with the Lease/Sublease. Call signs are located on FCC Authorizations. Lease/Sublease Identifiers are located on Lease Arrangement Letters.

Item 185 In this column, list the Radio Service Code of the Call Sign or Lease/Sublease Identifier. The Radio Service Code is a 2-letter code and is located on FCC authorizations and Lease Arrangement Letters.

Site-based authorizations only (To be completed only when the type of filing in Item 2a is a “New Lease.”)

Item 186 If the Lease does not encompass the entire License, in this item, list the location numbers associated with the spectrum to be leased (non-Microwave Site-based Services only). Location numbers are located on FCC authorizations.

Note: Providing locations without specifying which specific frequencies are to be leased for that location will result in all frequencies at that location being associated with the spectrum to be leased. Use Items 189 and 190 to specify which (if any) specific frequencies are to be included in the Lease.

Item 187 If the Lease does not encompass the entire License, in this item, list the path numbers to be included in the Lease (Microwave Site-based Services only). Path numbers are located on FCC authorizations.

Note: Providing paths without specifying which specific frequencies are to be leased for that path will result in all frequencies on that path being associated with the spectrum to be leased. Use Items 189 and 190 to specify which (if any) specific frequencies are to be included in the Lease.

Item 188 If the Lease does not encompass the entire License or all frequencies at a particular location or path, in this item list the frequency number to be included in the Lease. Frequency numbers are located on FCC authorizations.

Item 189 and 190 If the Lease does not encompass the entire License or all frequencies at a particular location or path, in these items, list the frequencies, in Megahertz (MHz), to be included in the Lease. Enter the lower frequency of a frequency band in Item 189. If applicable, enter the upper frequency of a frequency band in Item 190. Frequencies are located on FCC authorizations.

Note: Listing Call Signs associated with site-based licenses without specifying specific locations, paths (Microwave Services only), or frequencies will result in all locations, paths, and frequencies for that Call Sign being associated with the spectrum to be leased/subleased. Use Item 186 to specify which (if any) specific locations are to be included in the Lease. Use Item 187 to specify which (if any) specific paths (Microwave Services only) are to be included in the Lease. Use Items 189 and 190 to specify which (if any) specific frequencies are to be included in the Lease.

Instructions for Schedule for Licensees that Received Bidding Credits or Participate in the Installment Payment Plan, or Involving Licenses Won in Closed Bidding

FCC Form 608, Schedule A

Complete this schedule when a Lease/Sublease/Transfer of Control involves spectrum associated with a License(s) that was originally awarded through the competitive bidding process and the original Licensee or current Licensee obtained installment payments, bidding credits, or was otherwise subject to special provisions applicable to entrepreneurs, and closed bidding licenses. This schedule establishes whether the Lessee/Sublessee/Transferee is eligible for the same special provisions as the Licensee, or whether unjust enrichment provisions or other restrictions apply. All filings for Subleases must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the Main Form Instructions.

Designated Entity Information

Bidding Credits

Items 1-3 require information from Licensees and Lessees/Sublessees/Transferees in those instances in which the Lease/Sublease involves spectrum associated with license(s) for which the Licensee is a "designated entity." See 47 CFR §§ 1.2110-1.2112 (rules pertaining to designated entities); § 1.9020(d)(4), § 1.9030(d)(4) (rules pertaining to leasing involving designated entities); and appropriate FCC competitive bidding rules and applicable service rules in Title 47 of the Code of Federal Regulations (47 CFR).

Item 1 Enter 'Y' if the full amount of bidding credits awarded with regard to each subject license has been paid as part of unjust enrichment payment(s) in previous transaction(s). Otherwise, enter No. If the response to Item 1 is 'Y', Items 2 and 3 are not required to be completed. If the response to Item 1 is 'N', complete Item 2 or 3, as appropriate.

Bidding Credits – (Spectrum Manager Only)

Item 2 Must be completed for each Application/Notification for a Spectrum Manager Lease/Sublease in which the Licensee has "designated entity" status if the Applicant entered No in Item 1. In general, for purposes of determining whether a licensee retains its eligibility as a designated entity, the gross revenues of the licensee, its "controlling interest(s)," and any "affiliate(s)" of the licensee or of any "controlling interest" are considered on a cumulative basis and aggregated. See 47 CFR §§ 1.2110(b), 1.2112(b). A "controlling interest" includes any individual or entity with either *de jure* or *de facto* control of the licensee. See § 1.2110(c)(2). An "affiliate" includes any individual or entity holding an attributable interest in the licensee as set forth in § 1.2110(c)(5). Note that the Commission's attribution rules relating to "controlling interests" (and the standard for determining *de facto* control embodied therein) and "affiliates," as set forth in § 1.2110, are not altered by the different *de facto* control standard generally applicable to spectrum leasing arrangements, as set forth in § 1.9010 of the Commission's Rules. See Promoting Efficient Use of Spectrum through Elimination Barriers to the Development of Secondary Markets. WT Docket No. 00-230, 18 FCC Rcd. 20604 (2003) ("Secondary Markets Order"). To the extent that there is any conflict between Section 1.2110 (and the *de facto* control standard embodied therein) and the *de facto* control standard in Section 1.9010, the designated entity provisions of § 1.2110 govern with regard to whether a licensee has maintained the requisite degree of ownership and control to allow it to remain eligible for the license or for other benefits such as bidding credits and installment payments. See *Secondary Markets Order*, 18 FCC Rcd at 20654-55 ¶ 113.

Item 2a Enter 'Y' if the Applicant (Lessee/Sublessee/Transferee) has a general partnership interest or has direct or indirect ownership interests in excess of ten percent in the Licensee. Otherwise, enter 'N'.

Item 2b Enter 'Y' if the Applicant (Lessee/Sublessee/Transferee) is a "controlling interest holder" or "affiliate" of the current Licensee. Otherwise, enter 'N'.

Item 2c Enter 'Y' if the Applicant (Lessee/Sublessee/Transferee) shares office space, equipment or other facilities with any party controlling the entity from which spectrum is being leased/subleased. Otherwise, enter 'N'.

Item 2d Enter 'Y' if the Licensee can certify that the Lease/Sublease does not affect its continuing eligibility to retain bidding credits as a designated entity. Enter 'N' if the Licensee cannot so certify.

Bidding Credits – (Long-Term De Facto Transfer Only)

Item 3 Item 3 must be completed for each Application/Notification for a Long-Term *De Facto* Transfer Lease/Sublease. Check the appropriate response.

If the Lessee/Sublessee/Transferee qualifies for the same designated entity status as the current Licensee, or qualifies for a higher percentage bidding credit than the current Licensee, it should so indicate by checking the first box. If the Lessee/Sublessee/Transferee qualifies for a designated entity status, but does not qualify for as high a percentage of bidding credits as received by the Licensee, the Lessee/Sublessee/Transferee should respond by checking the second box. If the Lessee/Sublessee/Transferee checks either the second box or if it does not qualify for any designated entity status (and thus checks the third box), an unjust enrichment payment **WILL** be required. See *Secondary Markets Order*, 18 FCC Rcd at 10666-67 ¶ 145.

Refer to the appropriate FCC competitive bidding rules, including section 1.2111, and to the service rules in 47 CFR. If the Lessee/Sublessee/Transferee qualifies for designated entity status, it must complete Items 11-39 and attach an exhibit in accordance with 47 CFR disclosing the Lessee/Sublessee/Transferee's eligibility for bidding credits.

Note that payment of any required unjust enrichment must be provided to the Commission prior to grant of the Application/Notification.

Installment Payment Plan

Items 4-7 require information from Licensees and Lessees/Sublessees/Transferees in those instances in which the Lease/Sublease involves spectrum associated with license(s) for which the Licensee is making installment payments. See 47 CFR §§ 1.2110-1.2112 (rules pertaining to licensees participating in the Commission's installment payment plan); § 1.9020(d)(4), § 1.9030(d)(4) (rules pertaining to leasing involving designated entities); and appropriate FCC competitive bidding rules and applicable service rules in 47 CFR.

Item 4 Enter 'Y', if all installment payment obligations for each of the subject licenses have been paid in full. Otherwise, enter 'N'. If the response to Item 4 is 'N', complete Item 5 and Items 6 or 7 as appropriate.

Item 5 If a Lease/Sublease involves spectrum associated with a license subject to the Commission's installment payment plan (see § 1.2110 and related service-specific rules in Title 47 of the Code of Federal Regulations (47 CFR)), a Licensee and Lessee/Sublessee/Transferee may enter into a Lease/Sublease only after the Commission-approved financing documents have been executed by both the Licensee and Lessee/Sublessee/Transferee, as required pursuant to Sections 1.9040 and 1.9045, 47 C.F.R. §§ 1.9040, 1.9045). The Licensee and Lessee/Sublessee/Transferee should check the appropriate response to item 5a regarding the execution of Commission-approved financing agreements. If the response to Item 5a is 'Y', provide the date of execution of the required document(s) in Items 5b and 5c.

Installment Payment Plan – (Spectrum Manager Leases/Subleases Only)

Item 6 Must be completed for each Application/Notification for a Spectrum Manager Lease/Sublease in which the license(s) associated with the spectrum is subject to the Commission's installment payment plan. In general, for purposes of determining whether a licensee retains its eligibility to participate in the installment payment plan, the gross revenues of the licensee, its "controlling interest(s)," and any "affiliate(s)" of the licensee or of any "controlling interest" are considered on a cumulative basis and aggregated. See 47 CFR §§ 1.2110(b), 1.2112(b). A "controlling interest" includes any individual or entity with either *de jure* or *de facto* control of the licensee. See § 1.2110(c)(2). An "affiliate" includes any individual or entity holding an attributable interest in the licensee as set forth in § 1.2110(c)(5). Note that the Commission's attribution rules relating to "controlling interest(s)" (and the standard for determining *de facto* control embodied therein) and "affiliate(s)," as set forth in § 1.2110, are not altered by the different *de facto* control standard generally applicable to spectrum leasing arrangements, as set forth in § 1.9010 of the Commission's rules. See *Secondary Markets Order*, 18 FCC Rcd. 20604. To the extent that there is any conflict between Section 1.2110 (and the *de facto* control standard embodied therein) and the *de facto* control standard in Section 1.9010, the provisions of § 1.2110 govern with regard to whether a licensee has maintained the requisite degree of ownership and control to allow it to remain eligible for the license or for other benefits such as bidding credits and installment payments. See *Secondary Markets Order*, 18 FCC Rcd. at 20654-55 ¶ 113.

Item 6a Enter 'Y' if the Applicant (Lessee/Sublessee/Transferee) has a general partnership interest or has direct or indirect ownership interests in excess of ten percent in the Licensee. Otherwise, enter 'N'.

Item 6b Enter 'Y' if the Applicant (Lessee/Sublessee/Transferee) is a "controlling interest holder" or "affiliate" of the current Licensee. Otherwise, enter 'N'.

Item 6c Enter 'Y' if the Applicant (Lessee/Sublessee/Transferee) shares office space, equipment or other facilities with any party controlling the entity from which spectrum is being leased/subleased. Otherwise, enter 'N'.

Item 6d Enter 'Y' if the Licensee can certify that the Lease/Sublease does not affect its continuing eligibility to participate in the FCC's installment payment plan. Enter 'N' if the Licensee cannot so certify.

Installment Payment Plan – (Long-Term De Facto Transfer Only)

Eligibility Status

Item 7 This item must be completed for each Application/Notification for a Long-Term *De Facto* Transfer Lease/Sublease. Check the appropriate response.

If the Lessee/Sublessee/Transferee qualifies for the same eligibility status for the installment payment plan as the current Licensee, or qualifies for a more favorable installment payment plan than the current Licensee, it should so indicate by checking the first box. If the Lessee/Sublessee/Transferee qualifies for an installment payment plan, but does not qualify for as favorable an installment payment plan as the Licensee, the Lessee/Sublessee/Transferee should respond by checking the second box. If the Lessee/Sublessee/Transferee checks either the second box or if it does not qualify for any installment payment plan (and thus checks the third box), an unjust enrichment payment **WILL** be required. *Secondary Markets Order*, 18 FCC Rcd. at 20666-67 ¶ 145. Refer to the appropriate FCC competitive bidding rules, and to the service-specific rules in 47 CFR. If the Lessee/Sublessee/Transferee qualifies for an installment payment plan, it must complete Items 11-39 and attach an exhibit in accordance with 47 CFR disclosing the Lessee/Sublessee/Transferee's eligibility for an installment payment plan.

Closed Bidding Licenses

Items 8-10 require information from Licensees and Lessees/Sublessees/Transferees in those instances in which the Lease/Sublease involves spectrum associated with license(s) for which the Licensee obtained a closed bidding license. See 47 CFR §§ 1.2110-1.2112, 24.709 (rules pertaining to licensees that participate in the closed bidding program); §§ 19020(d)(4), 1.9030(d)(4) (rules pertaining to leasing involving licensees in the closed bidding program); and appropriate FCC competitive bidding rules and applicable service rules in Title 47 of the Code of Federal Regulations (47 CFR).

Items 8 Enter 'Y' if construction notifications have been submitted for each of the subject licenses. Otherwise, enter 'N'. If the response to Item 8 is 'Y', Items 9 and 10 are not required to be completed. If the response to Item 8 is 'N', complete Item 9 or 10, as appropriate.

Closed Bidding Licenses – (Spectrum Manager Only)

Item 9 Must be completed for each Application/Notification for a Spectrum Manager Lease/Sublease in which the license(s) associated with the spectrum was obtained in the Commission's closed bidding program. In general, for purposes of determining whether a licensee retains its eligibility for a license obtained in closed bidding, the gross revenues of the licensee, its "controlling interest(s)," and any "affiliate(s)" of the licensee or of any "controlling interest" are considered on a cumulative basis and aggregated. See 47 CFR §§ 1.2110(b), 1.2112(b), 24.709. A "controlling interest" includes any individual or entity with either *de jure* or *de facto* control of the licensee. See § 1.2110(c)(2). An "affiliate" includes any individual or entity holding an attributable interest in the licensee as set forth in § 1.2110(c)(5). Note that the Commission's attribution rules relating to "controlling interest(s)" (and the standard for determining *de facto* control embodied therein) and "affiliate(s)," as set forth in § 1.2110, are not altered by the different *de facto* control standard generally applicable to spectrum leasing arrangements, as set forth in § 1.9010 of the Commission's Rules. See *Secondary Markets Order*, 18 FCC Rcd. 20604. To the extent that there is any conflict between section 1.2110 (and the *de facto* control standard embodied therein) and the *de facto* control standard in Section 1.9010, the provisions of § 1.2110 govern with regard to whether a licensee has maintained the requisite degree of ownership and control to allow it to remain eligible for the license or for other benefits such as bidding credits and installment payments. See *Secondary Markets Order*, 18 FCC Rcd. at 20654-55 ¶ 113.

Item 9a Enter 'Y' if the Applicant (Lessee/Sublessee/Transferee) has a general partnership interest or has direct or indirect ownership interests in excess of ten percent in the Licensee. Otherwise, enter 'N'.

Item 9b Enter 'Y' if the Applicant (Lessee/Sublessee/Transferee) is a "controlling interest holder" or "affiliate" of the current Licensee. Otherwise, enter 'N'.

Item 9c Enter 'Y' if the Applicant (Lessee/Sublessee/Transferee) shares office space, equipment or other facilities with any party controlling the entity from which spectrum is being leased/subleased. Otherwise, enter 'N'.

Item 9d Enter 'Y' if the Licensee can certify that the Lease/Sublease does not affect its continuing eligibility to retain closed bidding licenses. Enter 'N' if the Licensee cannot so certify.

Closed Bidding Licenses – (Long-Term De Facto Transfer Only)

Eligibility Status

Item 10 This item must be completed for each Application/Notification for a Long-Term *De Facto* Transfer Lease/Sublease. Check the appropriate response.

If the Lessee/Sublessee/Transferee meets the gross revenue and asset qualifications for closed bidding/entrepreneurial licenses, see 47 C.F.R. § 24.709(a), it should so indicate by checking the first box. If the Lessee/Sublessee/Transferee does not meet the gross revenue and asset qualifications for closed bidding/entrepreneurial licenses, it should so indicate by checking the second box. If the Lessee/Sublessee/Transferee checks the second box, the Licensee/Lessee/Sublessee/Transferee will not be allowed to enter into a Lease/Sublease, unless the parties comply with one of the exemptions under Section 24.839(a) of the Commission's rules. 47 C.F.R. §24.839(a). See *Secondary Markets Order*, 18 FCC Rcd. at 20666-67 ¶ 145. If the Lessee/Sublessee/Transferee qualifies for closed bidding/entrepreneurial licenses, it must complete Items 11-39.

Information and Instructions

Instructions for Schedule for Modification of a Geographically Licensed Lease or Sublease
to Add, Modify or Delete Technical Location Information
for International Coordination, Environmental Assessment, or Quiet Zone Location

FCC Form 608, Schedule C

Schedule C is a supplementary schedule that is used to provide information regarding a Modification of a Geographically Licensed Lease or Sublease to add, modify or delete technical location information for locations that require International Coordination, an Environmental Assessment, or are located in a Quiet Zone. All filings for Subleases must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the Main Form Instructions.

Location Detail

Item 1 This item must be completed. It indicates the action that the applicant wants the FCC to take with respect to the specified location. Enter 'A' for add, 'M' for Modify, or 'D' for Delete.

Item 2 This item must be completed. If the location has been previously licensed by the FCC under this lease or sublease, enter its FCC-assigned location number. For a new location, assign a temporary code to represent the location. This temporary code should begin with 'L' to indicate it is a location and end with a number to uniquely identify it (e.g., L1, L2, L3, etc.). The FCC will assign an official number to the new location.

Items 3 and 4 This item must be completed. Enter the geographic coordinates (latitude and longitude) of the location.

Enter the latitude using the format *DD-MM-SS*, where the degrees (*DD*) term can have a value in the range of 0 to 72, minutes (*MM*) can range from 0 to 59, and seconds (*SS*) can range from 0 to 59.9. If desired, seconds can be rounded to the nearest tenth of a second (in which case, use the format *DD-MM-SS.S*). In the right corner, specify the direction as either N for North or S for South.

Enter the longitude using the format *DDD-MM-SS*, where the degrees (*DDD*) term can have a value in the range of 64 to 180, minutes (*MM*) can range from 0 to 59, and seconds (*SS*) can range from 0 to 59.9. If desired, seconds can be rounded to the nearest tenth of a second (in which case, use the format *DDD-MM-SS.S*). In the right corner, specify the direction as either E for East or W for West.

All coordinates must be referenced to the North American Datum of 1983 (NAD83). This information can be determined in many ways, including a GPS receiver, a 7.5-minute topographical quadrangle map of the area, or you may consult the city or county/borough/parish or equivalent entity surveyor in your area. Topographical maps may be purchased from the U.S. Geological Survey, Washington, DC 20242 or from its office in Denver, Colorado 80225.

Note: Location coordinates (latitude and longitude) for sites in the Continental United States, Puerto Rico, the U.S. Virgin Islands, Alaska, Hawaii, American Samoa, and Guam must be referenced to the North American Datum of 1983 (NAD83). Coordinates for sites in the Northern Mariana Islands, Wake Island, and Midway Island should be referenced to the applicable local datum. If the source from which you obtain the coordinates still utilizes an older datum (i.e., NAD27, PRD40) you must convert to NAD83. Conversion routines are available through the internet at <http://wireless.fcc.gov/uls/utilities/nadcon.html>.

Item 5 Enter the city or town name for the location in this item.

Item 6 Enter the State of the location in this item. Refer to FCC Form 608 Main Form Instructions, Appendix I, for a list of valid state, jurisdiction, and area codes.

Item 7 Enter the County/Borough/Parish or equivalent entity for the location unless any of the following pertain to the location:

- a) The City entered in Item 6 is an Independent City that is not affiliated with a County/Borough/Parish (e.g., Baltimore, MD), or
- b) The State code entered in Item 7 is GM, Gulf of Mexico

Coordination and Environmental Impact

International Coordination

Item 8 This item must be completed.- Enter 'Y' if you propose to operate in a Canadian border area. Otherwise, enter 'N'.

Item 9 This item must be completed. Enter 'Y' if you propose to operate in a Mexican border area. Otherwise, enter 'N'.

National Environmental Policy Act (NEPA)

Item 10 This item must be completed. This item is required for compliance with the National Environmental Policy Act of 1969 (NEPA), as amended, 42 U.S.C. 4321-4335. See also Part 1, Subpart I of the FCC rules (47 CFR 1.1301 - 1.1319). Enter Yes if an FCC grant of this application will have a significant environmental effect. Section 1.1307 of the FCC rules lists categories of environmental effects for which the applicant must file an environment assessment. Otherwise, enter 'N'.

Examples of facilities that may have a significant effect on the environment include:

- An antenna structure located in a residential area (as defined by applicable zoning laws) that will utilize high intensity aviation obstruction lighting
- A facility located in an officially designated wilderness area, wildlife preserve, or floodplain
- A facility that affects a site significant in American history
- A facility whose construction involves extensive changes in surface features
- Facilities, operations, or transmitters that would cause human exposure to levels of radio frequency radiation in excess of the limits as detailed in § 1.1310 of the Commission's Rules

Quiet Zone

Item 11a Applicants filing for a new or modified location located in one of the Quiet Zone areas listed below in Item 11b must notify the proper authority and indicate the date such notification was sent in Item 12a. See Part 1, Subpart F of the FCC Rules (47 CFR 1.924)

Item 11b If the applicant has obtained prior written consent from the Quiet Zone entity for the location specified in the application, enter "Y" and include a copy of the consent as a Quiet Zone consent attachment. If prior written consent has not been obtained, enter "N".

Quiet Zone areas:

Instructions for Schedule for Transfer of Control of a Lessee or a Sublessee

FCC Form 608, Schedule D

Schedule D is a supplementary schedule that is used to provide information regarding the Transfer of Control of a Lessee/Sublessee. A single Schedule D is used for all of the Lease Identifier(s) listed on the Main Form. All filings for Subleases must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the Main Form Instructions.

Transaction Information

Transaction Occurrence

Item 1a Enter 'Y' if the Transfer of Control has already occurred. Otherwise, enter 'N'.

If the response to Item 1a is 'Y', the response to Item 2 is Voluntary, and the response to Item 3 or Item 4 is 'N', attach an exhibit explaining the circumstances.

Item 1b If the response to Item 1a is 'Y', provide the date the transaction occurred (MM/DD/YYYY).

For additional information, see Federal Communications Bar Association's Petition for Forbearance from Section 310(d) of the Communications Act Regarding Transfers of Control Involving Telecommunications Carriers Licensed by the Wireless Telecommunications Bureau, *Memorandum Opinion and Order*, 13 FCC Rcd. 6293 (1998). This question should be answered only where the transfer is a *pro forma* Transfer of Control of a Lessee or Sublessee that does not require prior Commission consent

Type of Transfer

Item 5 This item indicates how the transfer of control of a lessee/sublessee will be or has been accomplished. Select one of the following: Sale or other assignment of assets; Court Order; Reorganization or Liquidation; Transfer of Stock or Other Ownership Interests; or Other (Voting Trust Agreement, Management Contract, etc.)

Information and Instructions

**Instructions for Schedule for Defined Geographic Area To Be Leased
(Geographically-Licensed Services)
FCC Form 608, Schedule F**

Schedule F is a supplementary schedule used in conjunction with Schedule B for a New Lease when geographically licensed authorizations are involved in the Lease and only a portion of the licensed spectrum and/or only a portion of the licensed geographic area will be leased (the entire spectrum and the entire geographic area are not included in the Lease).

Call Sign

Item 1 Enter the Call Sign of the spectrum associated with the Lease.

Geographic Area of Spectrum To Be Included in Lease

Item 2 If the area to be leased is defined according to the FCC rules, enter its description under Item 2. To obtain a list and description of defined areas, refer to the FCC Public Notice for the auction.

In some cases, more than one geographic area exists with the same name in the same state (e.g., an independent city with the same name as a county in the same state). To indicate these independent cities, you must enter its 5 digit FIPS code (2-digit state FIPS code + 3-digit county FIPS code). For example, in Virginia there is a Fairfax County and a Fairfax City. Fairfax City is an independent city and is not affiliated with Fairfax County. To indicate the city of Fairfax, you must enter its FIPS code, 51600, as shown in the table below. To indicate the county of Fairfax, you could enter its FIPS code or 'Fairfax, VA.' For a listing of FIPS codes, refer to "www.census.gov/datamap/fipslist/AllSt.txt."

Item 3 If the area to be leased is undefined, describe its periphery by completing the Undefined Geographic Area Schedule, FCC Form 608, Schedule G. Assign a unique number to each copy of Schedule G that is filed and enter that unique number in Item 3 of this Schedule F.

Item 4 Enter the population of the leased area.

Frequencies of Spectrum To Be Included in Lease (MHz)

Item 5 Authorized spectrum blocks can be leased by assigning one or more frequency blocks. To indicate a frequency, enter its lower value in MHz in the Lower Frequency field and enter its upper value in MHz in the Upper Frequency field. In this table, complete as many entries as you need to indicate the spectrum being leased.

Certifications

By signing the Main Form, FCC Form 608, the Licensee and Lessee certify that the applicable statements listed in this schedule are true, complete, correct, and made in good faith.

Instructions for Schedule for Leases that Involve an Undefined Geographic Area

FCC Form 608, Schedule G

This schedule must be completed and attached if the geographic area of spectrum to be leased is an undefined area, as specified by Item 3 on Schedule F. Complete and attach a copy of Schedule G for *each* Call Sign affected by the New Lease. If multiple undefined areas are requested, *each* undefined area must have a corresponding Schedule G.

Schedule for Leases that Involve an Undefined Geographic Area

This schedule further defines geographic areas that have not been defined by the FCC. It is used to enter the coordinates of locations that describe the periphery of a geographic area to be leased. Specifically, enter up to 120 pairs of latitude/longitude coordinates, one pair for every 3 degrees azimuth around the periphery. Coordinates of the specified locations must be referenced to the North American Datum of 1983 (NAD83).

Note: If the geographic area to be leased is a defined geographic shape, fewer than 120 coordinates can be provided, in which case the FCC will assume that these coordinate points are joined by straight lines. For example, a rectangle can be described by four coordinates, a hexagon by six coordinates, and so on.

Number: Enter the corresponding unique number from Item 3 of Schedule F that was assigned to this undefined area.

Latitude: In this column, enter the latitudes of locations using the format *DD-MM-SS.S-D*, where the degrees (*DD*) term can have a value in the range of 0 to 72, minutes (*MM*) can range from 0 to 59, seconds (*SS.S*) can range from 0 to 59.9, and the direction (*D*) term is either N for North or S for South.

Longitude: In this column, enter the corresponding longitudes of locations using the format *DDD-MM-SS.S-D*, where the degrees (*DDD*) term can have a value in the range of 64 to 180, minutes (*MM*) can range from 0 to 59, seconds (*SS.S*) can range from 0 to 59.9, and the direction (*D*) term is either E for East or W for West.

Information and Instructions

**Instructions for Schedule for Supplemental Information Pertaining to a
New Private Commons Arrangement,
Modification of an Existing Private Commons Arrangement,
Revision to Extend the Term of an Existing Private Commons Arrangement, or
Revision to Cancel an Existing Private Commons Arrangement**

FCC Form 608, Schedule I

Schedule I is a supplementary schedule that is used to provide information regarding a Private Commons Arrangement. This includes information pertaining to (a) a new Private Commons arrangement, (b) a modification or revision of the terms and conditions, technical requirements and approved equipment, and/or types of communications uses allowed, (c) a revision to extend the term of an existing Private Commons arrangement, or (d) a revision to cancel an existing Private Commons arrangement. A single Schedule I is used for all of the Call Signs, Lease Identifier(s) or Private Commons Identifier(s) listed in Item 182 of the Main Form. All filings for Private Commons Arrangements must be filed manually and sent to the appropriate address. The mailing address can be found under the Application Fees and Filing Locations section found on page 8 of the Main Form Instructions.

Private Commons Information

A Private Commons arrangement is distinct from a spectrum leasing arrangement. Under a Private Commons arrangement, a Licensee, Lessee or Sublessee makes certain spectrum usage rights under the license authorization available to a class of third-party users that employ advanced communications technologies that involve peer-to-peer communications and do not use of the Licensee's, Lessee's or Sublessee's end-to-end physical network infrastructure (e.g., base stations, mobile stations, or other related elements) and are not intended to be used in the provision of network-based services to end-users. See generally Promoting Efficient Use of Spectrum Through Elimination of Barriers to the Development of Secondary Markets, *Second Report and Order, Order on Reconsideration, and Second Further Notice of Proposed Rulemaking*, WT Docket No. 00-230, FCC 04-167, at ¶¶ 91-99 (rel. Sep. 2, 2004) ("Secondary Markets Second Report and Order"); 47 C.F.R. § 1.9080. Pursuant to the Secondary Markets Second Report and Order, a Licensee, Lessee or Sublessee that establishes a Private Commons Arrangement is required to provide notification to the Commission, prior to commencement of operations under such arrangement, and also must provide exhibits describing certain details (set forth below) about the nature of this arrangement. Only the Licensee, Lessee or Sublessee that exercises *de facto* control over the use of the spectrum associated with the Private Commons arrangement may establish such an arrangement. As manager of the Private Commons arrangement, this Licensee, Lessee or Sublessee also must exercise certain responsibilities to ensure that the users comply with the technical and service rules applicable to the license authorization. See *id.*

If this notification involves a new Private Commons arrangement, or it involves a modification or revision of an existing Private Commons arrangement (i.e., a modification of the terms and conditions, technical requirements and approved equipment, and/or types of communications uses allowed under an existing Private Commons arrangement, request to extend the term or request to cancel an existing arrangement), the following questions must be answered and certain exhibits (described below) provided.

General Terms and Conditions

A License, Lessee or Sublessee establishing and managing a Private Commons arrangement must provide relevant information pertaining to the general terms and conditions of the arrangement with the class of third-party users that would be employing advanced communications technologies involving peer-to-peer devices. Attach an exhibit describing the general terms and conditions of this Private Commons arrangement, including a description of the conditions for spectrum access placed on users.

Technical Requirements and Approved Equipment

A License, Lessee or Sublessee establishing and managing a Private Commons arrangement is responsible for establishing the technical and operating terms and conditions of use of users of the Private Commons, including those relating to the types of communications devices that may be used within the Private Commons. Attach an exhibit describing these technical requirements and the equipment approved for use in the Private Commons.

Types of Communications Uses Allowed

A License, Lessee or Sublessee establishing and managing a Private Commons also is required to describe the types of communications uses that are to be allowed by third-party users in the Private Commons. Attach an exhibit describing these types of uses.

Item 1 Enter 'Y' if the License, Lessee or Sublessee that will be managing the Private Commons arrangement designed the arrangement to provide access to spectrum by users employing peer-to-peer technologies that do not involve use of the License's, Lessee's or Sublessee's end-to-end physical network infrastructure and are not intended to be used for the provision of network-based services to end-users. Otherwise enter 'N'.

If the response to Item 1 is 'Y', attach the following exhibits: (1) an exhibit describing the general terms and conditions of the Private Commons arrangement, including a description of the conditions for spectrum access placed on users; (2) an exhibit describing the technical and operating terms and conditions of use placed on users, including those relating to the types of communications devices that may be used within the Private Commons; and (3) an exhibit describing the types of communications uses that are to be allowed by users in the Private Commons.
