RIN 1512-AC32

Elimination of Application To Remove Tobacco Products From Manufacturer's Premises for Experimental Purposes

AGENCY: Bureau of Alcohol, Tobacco and Firearms (ATF), Treasury.

ACTION: Final rule.

SUMMARY: This final rule eliminates the requirements that manufacturers of tobacco products apply to ATF to remove tobacco products from their factories in bond for experimental purposes and that they maintain the approved applications for their records. In place of these requirements, manufacturers of tobacco products will prepare and maintain records of tobacco products removed from their factories in bond for experimental purposes. In addition, this final rule defines "experimental purposes" under section 5704(a) of Title 26 of the United States Code.

DATES: The effective date for this final rule is May 20, 2002.

FOR FURTHER INFORMATION CONTACT: Robert Ruhf, Regulations Division, Bureau of Alcohol, Tobacco and Firearms, 650 Massachusetts Avenue NW., Washington, DC 20226 (telephone 202-927-8210 or e-mail alctob@atfhq.atf.treas.gov).

SUPPLEMENTARY INFORMATION:

Background

We published a notice of proposed rulemaking in the **Federal Register** on October 6, 2001 (66 FR 52730). It requested comments about a proposal to eliminate the requirements that manufacturers of tobacco products apply to ATF to remove tobacco products from their factories in bond for experimental purposes and that they maintain the approved applications for their records. In place of these requirements, manufacturers of tobacco products will prepare and maintain

records of tobacco products removed from their factories in bond for experimental purposes. In addition, the proposed rule defined "experimental purposes" under section 5704(a) of Title 26 of the United States Code.

We did not receive any comments in response to our notice of proposed rulemaking. Consequently, we are publishing this final rule without any substantial changes except for the control number given by the Office of Management and Budget.

Regulatory Requirements

Regulatory Flexibility Act

We certify that these regulations will not have a significant economic impact on a substantial number of small entities. Consequently, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) do not apply. We also submitted the revised regulations to the Chief Counsel for Advocacy of the Small Business Administration for comment in accordance with 26 U.S.C. 7805(f). No comments were received.

Executive Order 12866

We have determined that this rule is not a significant regulatory action because it will not: (1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local or tribal governments or communities; (2) create a serious inconsistency or otherwise interfere with an action taken or planned by another agency; (3) materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or (4) raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in Executive Order 12866.

Paperwork Reduction Act

The collection of information contained in this regulation has been reviewed under the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3507(j)). No public comments were received. The Office of Management and Budget (OMB) has issued control number 1512-0562 for this recordkeeping requirement. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid control number assigned by OMB.

The collection of information in this rule is found in 27 CFR 40.232. We use

this information to verify the kind and amount of tobacco products removed in bond from the premises of manufacturers for experimental purposes. In addition, we may use this information to determine that the persons to whom such removals are made are using the tobacco products for legitimate experimental purposes and that the tobacco products are properly destroyed or returned to the premises of a manufacturer following their experimental use. If such tobacco products are not destroyed or returned to the premises of a manufacturer, we will use this information to collect the taxes due.

The collection of information is mandatory. The likely respondents may include small businesses or organizations. We have estimated 165 recordkeepers and the total annual recordkeeping burden as 1 hour. The recordkeeping is customary and usual for business purposes.

Administrative Procedure Act

In accordance with the provisions of 5 U.S.C. 553, we issued a notice of proposed rulemaking (66 FR 52730) prior to this final rule.
