

What is the Virtual Global Taskforce (VGT)?

Established in 2003 to combat online child exploitation and create a safer online environment, the VGT now comprises the following eight (8) agencies:

	<h3>AIM & PHILOSOPHY</h3> <p>The objective of the VGT is to make the internet a safer place, safeguarding children at risk and ensuring perpetrators are brought to justice. The VGT Logo further reaffirms this objective in that the eye is always roaming the internet across international borders as part of the global response in tackling on-line child sexual exploitation and contact offending.</p>

Making a Difference

This crime type is attacking the most vulnerable members of our society, significantly depriving children of their most formative years. The advent of the Internet, while obviously not the root cause of this area of criminality, has become just another public place targeted by predators.

Through the innovative international collaboration of the VGT, the message is getting out there – that this behaviour will not be tolerated, no matter where it occurs in the world.

	<h3>VGT BOARD OF MANAGEMENT</h3> <p>The Board of Management (BOM), which is supported by the Secretariat, is making a connect between the policy and the reality. The VGT BOM achieve this through the three (3) workstreams of:</p> <ul style="list-style-type: none">• Operational Support• Research & Intelligence• Training & Education
