## SMALL BUSINESS ACT

(Public Law 85-536, as amended)

§ 1. This Act may be cited as the “Small Business Act.”

§ 2. (a) The essence of the American economic system of private enterprise is free competition. Only through full and free competition can free markets, free entry into business, and opportunities for the expression and growth of personal initiative and individual judgment be assured. The preservation and expansion of such competition is basic not only to the economic well-being but to the security of this Nation. Such security and well-being cannot be realized unless the actual and potential capacity of small business is encouraged and developed. It is the declared policy of the Congress that the Government should aid, counsel, assist, and protect, insofar as is possible, the interests of small-business concerns in order to preserve free competitive enterprise, to insure that a fair proportion of the total purchases and contracts or subcontracts for property and services for the Government (including but not limited to contracts or subcontracts for maintenance, repair, and construction) be placed with small business enterprises, to insure that a fair proportion of the total sales of Government property be made to such enterprises, and to maintain and strengthen the overall economy of the Nation.

(b) (1) It is the declared policy of the Congress that the Federal Government, through the Small Business Administration, acting in cooperation with the Department of Commerce and other relevant State and Federal agencies, should aid and assist small businesses, as defined under this Act, to increase their ability to compete in international markets by—

- (A) enhancing their ability to export;
- (B) facilitating technology transfers;
- (C) enhancing their ability to compete effectively and efficiently against imports;
- (D) increasing the access of small businesses to long-term capital for the purchase of new plant and equipment used in the production of goods and services involved in international trade;
- (E) disseminating information concerning State, Federal, and private programs and initiatives to enhance the ability of small businesses to compete in international markets; and

SMALL BUSINESS ACT

(F) ensuring that the interests of small businesses are adequately represented in bilateral and multilateral trade negotiations.

(2) The Congress recognizes that the Department of Commerce is the principal Federal agency for trade development and export promotion and that the Department of Commerce and the Small Business Administration work together to advance joint interests. It is the purpose of this Act to enhance, not alter, their respective roles.

(c) It is the declared policy of the Congress that the Government, through the Small Business Administration, should aid and assist small business concerns which are engaged in the production of food and fiber, ranching, and raising of livestock, aquaculture, and all other farming and agricultural related industries; and the financial assistance programs authorized by this Act are also to be used to assist such concerns.

(d) (1) The assistance programs authorized by sections 7(i) and 7(j) of this Act are to be utilized to assist in the establishment, preservation, and strengthening of small business concerns and improve the managerial skills employed in such enterprises, with special attention to small business concerns (1) located in urban or rural areas with high proportions of unemployed or low-income individuals; or (2) owned by low-income individuals; and to mobilize for these objectives private as well as public managerial skills and resources.

(2) (A) With respect to the programs authorized by section 7(j) of this Act, the Congress finds—

(i) that ownership and control of productive capital is concentrated in the economy of the United States and certain groups, therefore, own and control little productive capital;

(ii) that certain groups in the United States own and control little productive capital because they have limited opportunities for small business ownership;

(iii) that the broadening of small business ownership among groups that presently own and control little productive capital is essential to provide for the well-being of this Nation by promoting their increased participation in the free enterprise system of the United States;

(iv) that such development of business ownership among groups that presently own and control little productive capital will be greatly facilitated through the creation of a small business ownership development program, which shall provide services, including, but not limited to, financial, management, and technical assistance.

(v) that the power to let Federal contracts pursuant to section 8(a) of the Small Business Act can be an effective procurement assistance tool for development of business ownership among groups that own and control little productive capital; and

SMALL BUSINESS ACT

(vi) that the procurement authority under section 8(a) of the Small Business Act shall be used only as a tool for developing business ownership among groups that own and control little productive capital.

(B) It is therefore the purpose of the programs authorized by section 7(j) of this Act to—

(i) foster business ownership and development by individuals in groups that own and control little productive capital; and

(ii) promote the competitive viability of such firms in the marketplace by creating a small business and capital ownership development program to provide such available financial, technical, and management assistance as may be necessary.

(e) Further, it is the declared policy of the Congress that the Government should aid and assist victims of floods and other catastrophes, and small-business concerns which are displaced as a result of federally aided construction programs.

(f) (1) With respect to the Administration's business development programs the Congress finds—

(A) that the opportunity for full participation in our free enterprise system by socially and economically disadvantaged persons is essential if we are to obtain social and economic equality for such persons and improve the functioning of our national economy;

(B) that many such persons are socially disadvantaged because of their identification as members of certain groups that have suffered the effects of discriminatory practices or similar invidious circumstances over which they have no control;

(C) that such groups include, but are not limited to, Black Americans, Hispanic Americans, Native Americans, Indian tribes, Asian Pacific Americans, Native Hawaiian Organizations, and other minorities;

(D) that it is in the national interest to expeditiously ameliorate the conditions of socially and economically disadvantaged groups;

(E) that such conditions can be improved by providing the maximum practicable opportunity for the development of small business concerns owned by members of socially and economically disadvantaged groups;

(F) that such development can be materially advanced through the procurement by the United States of articles, equipment, supplies, services, materials, and construction work from such concerns; and

SMALL BUSINESS ACT

(G) that such procurements also benefit the United States by encouraging the expansion of suppliers for such procurements, thereby encouraging competition among such suppliers and promoting economy in such procurements.

(2) It is, therefore, the purpose of section 8(a) to—

(A) promote the business development of small business concerns owned and controlled by socially and economically disadvantaged individuals so that such concerns can compete on an equal basis in the American economy;

(B) promote the competitive viability of such concerns in the marketplace by providing such available contract, financial, technical, and management assistance as may be necessary; and

(C) clarify and expand the program for the procurement by the United States of articles, equipment, supplies, services, materials, and construction work from small business concerns owned by socially and economically disadvantaged individuals.

(g) In administering the disaster loan program authorized by section 7 of this Act, to the maximum extent possible, the Administration shall provide assistance and counseling to disaster victims in filing applications, providing information relevant to loan processing, and in loan closing and prompt disbursement of loan proceeds and shall give the disaster program a high priority in allocating funds for administrative expenses.

(h) (1) With respect to the programs and activities authorized by this Act, the Congress finds that—

(A) women owned business has become a major contributor to the American economy by providing goods and services, revenues, and jobs;

(B) over the past two decades there have been substantial gains in the social and economic status of women as they have sought economic equality and independence;

(C) despite such progress, women, as a group, are subjected to discrimination in entrepreneurial endeavors due to their gender;

(D) such discrimination takes many overt and subtle forms adversely impacting the ability to raise or secure capital, to acquire managerial talents, and to capture market opportunities;

(E) it is in the national interest to expeditiously remove discriminatory barriers to the creation and development of small business concerns owned and controlled by women;

SMALL BUSINESS ACT

(F) the removal of such barriers is essential to provide a fair opportunity for full participation in the free enterprise system by women and to further increase the economic vitality of the Nation;

(G) increased numbers of small business concerns owned and controlled by women will directly benefit the United States Government by expanding the potential number of suppliers of goods and services to the Government; and

(H) programs and activities designed to assist small business concerns owned and controlled by women must be implemented in such a way as to remove such discriminatory barriers while not adversely affecting the rights of socially and economically disadvantaged individuals.

(2) It is, therefore, the purpose of those programs and activities conducted under the authority of this Act that assist women entrepreneurs to—

(A) vigorously promote the legitimate interests of small business concerns owned and controlled by women;

(B) remove, insofar as possible, the discriminatory barriers that are encountered by women in accessing capital and other factors of production; and

(C) require that the Government engage in a systematic and sustained effort to identify, define and analyze those discriminatory barriers facing women and that such effort directly involve the participation of women business owners in the public/private sector partnership.

(i) **PROHIBITION ON THE USE OF FUNDS FOR INDIVIDUALS NOT LAWFULLY WITHIN THE UNITED STATES.**—None of the funds made available pursuant to this Act may be used to provide any direct benefit or assistance to any individual in the United States if the Administrator or the official to which the funds are made available receives notification that the individual is not lawfully within the United States.

(j) **CONTRACT BUNDLING.**—In complying with the statement of congressional policy expressed in subsection (a), relating to fostering the participation of small business concerns in the contracting opportunities of the Government, each Federal agency, to the maximum extent practicable, shall—

(1) comply with congressional intent to foster the participation of small business concerns as prime contractors, subcontractors, and suppliers;

(2) structure its contracting requirements to facilitate competition by and among small business concerns, taking all reasonable steps to eliminate obstacles to their participation; and

SMALL BUSINESS ACT

(3) avoid unnecessary and unjustified bundling of contract requirements that precludes small business participation in procurements as prime contractors.

§ 3 (a) (1) For the purposes of this Act, a small-business concern, including but not limited to enterprises that are engaged in the business of production of food and fiber, ranching and raising of livestock, aquaculture, and all other farming and agricultural related industries, shall be deemed to be one which is independently owned and operated and which is not dominant in its field of operation: Provided, That notwithstanding any other provision of law, an agricultural enterprise shall be deemed to be a small business concern if it (including its affiliates) has annual receipts not in excess of \$750,000.

(A) DETERMINATION REQUIRED.—Not later than 30 days after the date of enactment of this paragraph, the Administrator shall review the application of size standards established pursuant to paragraph (2) to small business concerns that are performing contracts in qualified areas and determine whether it would be fair and appropriate to exclude from consideration in the average annual gross receipts of such small business concerns any payments made to such small business concerns by Federal agencies to reimburse such small business concerns for the cost of subcontracts entered for the sole purpose of providing security services in a qualified area.

(B) ACTION REQUIRED.—not later than 60 days after the date of enactment of this paragraph, the Administrator shall either—

(3) The Administration shall develop such procedures as are necessary for the facilitation, administration, and promotion of secondary market operations, and for assessing the increase of small business access to capital at reasonable rates and terms as a result of secondary market operations. Beginning on March 31, 1997, the sale of the unguaranteed portion of any loan made under section 7(a) shall not be permitted until a final regulation that applies uniformly to both depository institutions and other lenders is promulgated by the Administration setting forth the terms and conditions under which such sales can be permitted, including maintenance of appropriate reserve requirements and other safeguards to protect the safety and soundness of the program.

(4) Nothing in this subsection or subsection (g) of this section shall be interpreted to impede or extinguish the right of the borrower or the successor in interest to such borrower to prepay (in whole or in part) any loan made pursuant to section 7(a) of this Act, the guaranteed portion of which may be included in such trust or pool, or to impede or extinguish the rights of any party pursuant to section 7(a)(6)(C) or subsection (e) of this section.

SMALL BUSINESS ACT

(g) (1) The Administration is authorized to issue trust certificates representing ownership of all or a fractional part of the guaranteed portion of one or more loans which have been guaranteed by the Administration under this Act, or under section 502 of the Small Business Investment Act of 1958 (15 U.S.C. 660): Provided, That such trust certificates shall be based on and backed by a trust or pool approved by the Administration and composed solely of the entire guaranteed portion of such loans.

(2) The Administration is authorized, upon such terms and conditions as are deemed appropriate, to guarantee the timely payment of the principal of and interest on trust certificates issued by the Administration or its agent for purposes of this subsection. Such guarantee shall be limited to the extent of principal and interest on the guaranteed portions of loans which compose the trust or pool. In the event that a loan in such trust or pool is prepaid, either voluntarily or in the event of default, the guarantee of timely payment of principal and interest on the trust certificates shall be reduced in proportion to the amount of principal and interest such prepaid loan represents in the trust or pool. Interest on prepaid or defaulted loans shall accrue and be guaranteed by the Administration only through the date of payment on the guarantee. During the term of the trust certificate, it may be called for redemption due to prepayment or default of all loans constituting the pool.

(3) The full faith and credit of the United States is pledged to the payment of all amounts which may be required to be paid under any guarantee of such trust certificates issued by the Administration or its agent pursuant to this subsection.

(4) (A) The Administration may collect a fee for any loan guarantee sold into the secondary market under subsection (f) in an amount equal to not more than 50 percent of the portion of the sale price that exceeds 110 percent of the outstanding principal amount of the portion of the loan guaranteed by the Administration. Any such fee imposed by the Administration shall be collected by the Administration or by the agent which carries out on behalf of the Administration the central registration functions required by subsection (h) of this section and shall be paid to the Administration and used solely to reduce the subsidy on loans guaranteed under section 7(a) of this Act: Provided, That such fee shall not be charged to the borrower whose loan is guaranteed: and Provided further, That nothing herein shall preclude any agent of the Administration from collecting a fee approved by the Administration for the functions described in subsection (h)(2).

(B) The Administration is authorized to impose and collect, either directly or through a fiscal and transfer agent, a reasonable penalty on late payments of the fee authorized under subparagraph (A) in an amount not to exceed 5 percent of such fee per month plus interest.

(C) The Administration may contract with an agent to carry out, on behalf of the Administration, the assessment and collection of the annual fee established under section 7(a)(23). The agent may receive, as compensation for services, any interest earned on the fee while in the control of the agent before the time at which the agent is contractually required to remit the fee to the Administration.

SMALL BUSINESS ACT

(5) (A) In the event the Administration pays a claim under a guarantee issued under this subsection, it shall be subrogated fully to the rights satisfied by such payment.

(B) No State or local law, and no Federal law, shall preclude or limit the exercise by the Administration of its ownership rights in the portions of loans constituting the trust or pool against which the trust certificates are issued.

(h) (1) Upon the adoption of final rules and regulations, the Administration shall—

(A) provide for a central registration of all loans and trust certificates sold pursuant to subsections (f) and (g) of this section;

(B) contract with an agent to carry out on behalf of the Administration the central registration functions of this section and the issuance of trust certificates to facilitate pooling. Such agent shall provide a fidelity bond or insurance in such amounts as the Administration determines to be necessary to fully protect the interest of the Government;

(C) prior to any sale, require the seller to disclose to a purchaser of the guaranteed portion of a loan guaranteed under this Act and to the purchaser of a trust certificate issued pursuant to subsection (g), information on terms, conditions, and yield of such instrument. As used in this paragraph, if the instrument being sold is a loan, the term “seller” does not include (A) an entity which made the loan or (B) any individual or entity which sells three or fewer guaranteed loans per year; and

(D) have the authority to regulate brokers and dealers in guaranteed loans and trust certificates sold pursuant to subsections (f) and (g) of this section.

(2) The agent described in paragraph (1)(B) may be compensated through any of the fees assessed under this section and any interest earned on any funds collected by the agent while such funds are in the control of the agent and before the time at which the agent is contractually required to transfer such funds to the Administration or to the holders of the trust certificates, as appropriate.

(3) Nothing in this subsection shall prohibit the utilization of a book-entry or other electronic form of registration for trust certificates. The Administration may, with the consent of the Secretary of the Treasury, use the book-entry system of the Federal Reserve System.

§ 6. (a) All moneys of the Administration not otherwise employed may be deposited with the Treasury of the United States subject to check by authority of the Administration. The Federal Reserve banks are authorized and directed to act as depositaries, custodians, and fiscal agents for the Administration in the general performance of its powers conferred by this Act. Any banks insured by the Federal Deposit Insurance Corporation, when designated by the Secretary of the Treasury, shall act as custodians and financial agents for the Administration.

SMALL BUSINESS ACT

Each Federal Reserve bank, when designated by the Administrator as fiscal agent for the Administration, shall be entitled to be reimbursed for all expenses incurred as such fiscal agent.

(b) The Administrator shall contribute to the employees' compensation fund, on the basis of annual billings as determined by the Secretary of Labor, for the benefit payments made from such fund on account of employees engaged in carrying out functions financed by the revolving fund established by section 4(c) of this Act. The annual billings shall also include a statement of the fair portion of the cost of the administration of such fund, which shall be paid by the Administrator into the Treasury as miscellaneous receipts.

§ 7. (a) **LOANS TO SMALL BUSINESS CONCERNS; ALLOWABLE PURPOSES; QUALIFIED BUSINESS; RESTRICTIONS AND LIMITATIONS.**—The Administration is empowered to the extent and in such amounts as provided in advance in appropriation Acts to make loans for plant acquisition, construction, conversion, or expansion, including the acquisition of land, material, supplies, equipment, and working capital, and to make loans to any qualified small business concern, including those owned by qualified Indian tribes, for purposes of this Act. Such financings may be made either directly or in cooperation with banks or other financial institutions through agreements to participate on an immediate or deferred (guaranteed) basis. These powers shall be subject, however, to the following restrictions, limitations, and provisions:

(1) **IN GENERAL.**—

(A) **CREDIT ELSEWHERE.**—No financial assistance shall be extended pursuant to this subsection if the applicant can obtain credit elsewhere. No immediate participation may be purchased unless it is shown that a deferred participation is not available; and no direct financing may be made unless it is shown that a participation is not available.

(B) **BACKGROUND CHECKS.**—Prior to the approval of any loan made pursuant to this subsection, or section 503 of the Small Business Investment Act of 1958, the Administrator may verify the applicant's criminal background, or lack thereof, through the best available means, including, if possible, use of the National Crime Information Center computer system at the Federal Bureau of Investigation.

(2) **LEVEL OF PARTICIPATION IN GUARANTEED LOANS.**—

(A) **IN GENERAL.**—Except as provided in subparagraph (B), in an agreement to participate in a loan on a deferred basis under this subsection (including a loan made under the Preferred Lenders Program), such participation by the Administration shall be equal to—

(i) 75 percent of the balance of the financing outstanding at the time of disbursement of the loan, if such balance exceeds \$150,000; or

(ii) 85 percent of the balance of the financing outstanding at the time of disbursement of the loan, if such balance is less than or equal to \$150,000.

SMALL BUSINESS ACT

(B) REDUCED PARTICIPATION UPON REQUEST.—

(i) IN GENERAL.—The guarantee percentage specified by subparagraph (A) for any loan under this subsection may be reduced upon the request of the participating lender.

(ii) PROHIBITION.—The Administration shall not use the guarantee percentage requested by a participating lender under clause (i) as a criterion for establishing priorities in approving loan guarantee requests under this subsection.

(C) INTEREST RATE UNDER PREFERRED LENDERS PROGRAM.—

(i) IN GENERAL.—The maximum interest rate for a loan guaranteed under the Preferred Lenders Program shall not exceed the maximum interest rate, as determined by the Administration, applicable to other loans guaranteed under this subsection.

(ii) PREFERRED LENDERS PROGRAM DEFINED.—For purposes of this subparagraph, the term “Preferred Lenders Program” means any program established by the Administrator, as authorized under the proviso in section 5(b)(7), under which a written agreement between the lender and the Administration delegates to the lender—

(I) complete authority to make and close loans with a guarantee from the Administration without obtaining the prior specific approval of the Administration; and

(II) complete authority to service and liquidate such loans without obtaining the prior specific approval of the Administration for routine servicing and liquidation activities, but shall not take any actions creating an actual or apparent conflict of interest.

(D) PARTICIPATION UNDER EXPORT WORKING CAPITAL PROGRAM.—Notwithstanding subparagraph (A), in an agreement to participate in a loan on a deferred basis under the Export Working Capital Program established pursuant to paragraph (14)(A), such participation by the Administration shall not exceed 90 percent.

(3) No loan shall be made under this subsection—

(A) if the total amount outstanding and committed (by participation or otherwise) to the borrower from the business loan and investment fund established by this Act would exceed \$1,500,000 (or if the gross loan amount would exceed \$2,000,000), except as provided in subparagraph (B);

(B) if the total amount outstanding and committed (on a deferred basis) solely for the purposes provided in paragraph (16) to the borrower from the business loan and

SMALL BUSINESS ACT

investment fund established by this Act would exceed \$1,750,000, of which not more than \$1,250,000 may be used for working capital, supplies or financings under section 7(a)(14) for export purposes; and

(C) if effected either directly or in cooperation with banks or other lending institutions through agreements to participate on an immediate basis if the amount would exceed \$350,000.

(4) INTEREST RATES AND PREPAYMENT CHARGES.—

(A) INTEREST RATES.—Notwithstanding the provisions of the constitution of any State or the laws of any State limiting the rate or amount of interest which may be charged, taken, received, or reserved, the maximum legal rate of interest on any financing made on a deferred basis pursuant to this subsection shall not exceed a rate prescribed by the Administration, and the rate of interest for the Administration's share of any direct or immediate participation loan shall not exceed the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans and adjusted to the nearest one-eighth of 1 per centum, and an additional amount as determined by the Administration, but not to exceed 1 per centum per annum: Provided, That for those loans to assist any public or private organization for the handicapped or to assist any handicapped individual as provided in paragraph (10) of this subsection, the interest rate shall be 3 per centum per annum.

(B) PAYMENT OF ACCRUED INTEREST.—

(i) IN GENERAL.—Any bank or other lending institution making a claim for payment on the guaranteed portion of a loan made under this subsection shall be paid the accrued interest due on the loan from the earliest date of default to the date of payment of the claim at a rate not to exceed the rate of interest on the loan on the date of default, minus one percent.

(ii) LOANS SOLD ON SECONDARY MARKET.—If a loan described in clause (i) is sold on the secondary market, the amount of interest paid to a bank or other lending institution described in that clause from the earliest date of default to the date of payment of the claim shall be no more than the agreed upon rate, minus one percent.

(iii) APPLICABILITY.—Clauses (i) and (ii) shall not apply to loans made on or after October 1, 2000.

(C) PREPAYMENT CHARGES.—

(i) IN GENERAL.—A borrower who prepays any loan guaranteed under this subsection shall remit to the Administration a subsidy recoupment fee calculated in accordance with clause (ii) if—

(I) the loan is for a term of not less than 15 years;

SMALL BUSINESS ACT

- (II) the prepayment is voluntary;
- (III) the amount of prepayment in any calendar year is more than 25 percent of the outstanding balance of the loan; and
- (IV) the prepayment is made within the first 3 years after disbursement of the loan proceeds.

(ii) **SUBSIDY RECOUPMENT FEE.**—The subsidy recoupment fee charged under clause (i) shall be—

- (I) 5 percent of the amount of prepayment, if the borrower repays during the first year after disbursement;
- (II) 3 percent of the amount of prepayment, if the borrower prepays during the second year after disbursement; and
- (III) 1 percent of the amount of prepayment, if the borrower prepays during the third year after disbursement.

(5) No such loans including renewals and extensions thereof may be made for a period or periods exceeding twenty-five years, except that such portion of a loan made for the purpose of acquiring real property or constructing, converting, or expanding facilities may have a maturity of twenty-five years plus such additional period as is estimated may be required to complete such construction, conversion, or expansion.

(6) All loans made under this subsection shall be of such sound value or so secured as reasonably to assure repayment: Provided, however, That—

(A) for loans to assist any public or private organization or to assist any handicapped individual as provided in paragraph (10) of this subsection any reasonable doubt shall be resolved in favor of the applicant;

(B) recognizing that greater risk may be associated with loans for energy measures as provided in paragraph (12) of this subsection, factors in determining “sound value” shall include, but not be limited to, quality of the product or service; technical qualifications of the applicant or his employees; sales projections; and the financial status of the business concern: Provided further, That such status need not be as sound as that required for general loans under this subsection; and [sic]

(C) [Repealed]

On that portion of the loan used to refinance existing indebtedness held by a bank or other lending institution, the Administration shall limit the amount of deferred participation to 80 percent of the amount of the loan at the time of disbursement: Provided further, That any

SMALL BUSINESS ACT

authority conferred by this subparagraph on the Administration shall be exercised solely by the Administration and shall not be delegated to other than Administration personnel.

(7) The Administration may defer payments on the principal of such loans for a grace period and use such other methods as it deems necessary and appropriate to assure the successful establishment and operation of such concern.

(8) The Administration may make loans under this subsection to small business concerns owned and controlled by disabled veterans (as defined in section 4211(3) of title 38, United States Code).

(9) The Administration may provide loans under this subsection to finance residential or commercial construction or rehabilitation for sale: Provided, however, That such loans shall not be used primarily for the acquisition of land.

(10) The Administration may provide guaranteed loans under this subsection to assist any public or private organization for the handicapped or to assist any handicapped individual, including service-disabled veterans, in establishing, acquiring, or operating a small business concern.

(11) The Administration may provide loans under this subsection to any small business concern, or to any qualified person seeking to establish such a concern when it determines that such loan will further the policies established in section 2(c) of this Act, with particular emphasis on the preservation or establishment of small business concerns located in urban or rural areas with high proportions of unemployed or low-income individuals or owned by low-income individuals.

(12) (A) The Administration may provide loans under this subsection to assist any small business concern, including start up, to enable such concern to design architecturally or engineer, manufacture, distribute, market, install, or service energy measures: Provided, however, That such loan proceeds shall not be used primarily for research and development.

(B) The Administration may provide deferred participation loans under this subsection to finance the planning, design, or installation of pollution control facilities for the purposes set forth in section 404 of the Small Business Investment Act of 1958. Notwithstanding the limitation expressed in paragraph (3) of this subsection, a loan made under this paragraph may not result in a total amount outstanding and committed to a borrower from the business loan and investment fund of more than \$1,000,000.

(13) The Administration may provide financings under this subsection to State and local development companies for the purposes of, and subject to the restrictions in, title V of the Small Business Investment Act of 1958.

(14) (A) The Administration may provide extensions of credit, standby letters of credit, revolving lines of credit for export purposes and other financing to enable small

SMALL BUSINESS ACT

business concerns, including small business export trading companies and small business export management companies, to develop foreign markets. A bank or participating lending institution may establish the rate of interest on extensions and revolving lines of credit as may be legal and reasonable.

(B) When considering loan or guarantee applications, the Administration shall give weight to export-related benefits, including opening new markets for United States goods and services abroad and encouraging the involvement of small businesses, including agricultural concerns, in the export market.

(C) The Administration shall aggressively market its export financing program to small businesses.

(15) (A) The Administration may guarantee loans under this subsection to qualified employee trusts with respect to a small business concern for the purpose of purchasing stock of the concern under a plan approved by the Administrator which, when carried out, results in the qualified employee trust owning at least 51 per centum of the stock of the concern.

(B) The plan requiring the Administrator's approval under subparagraph (A) shall be submitted to the Administration by the trustee of such trust with its application for the guarantee. Such plan shall include an agreement with the Administrator which is binding on such trust and on the small business concern and which provides that—

(i) not later than the date the loan guaranteed under subparagraph (A) is repaid (or as soon thereafter as is consistent with the requirements of section 401(a) of the Internal Revenue Code of 1954), at least 51 per centum of the total stock of such concern shall be allocated to the accounts of at least 51 per centum of the employees of such concern who are entitled to share in such allocation,

(ii) there will be periodic reviews of the role in the management of such concern of employees to whose accounts stock is allocated, and

(iii) there will be adequate management to assure management expertise and continuity.

(C) In determining whether to guarantee any loan under this paragraph, the individual business experience or personal assets of employee-owners shall not be used as criteria, except inasmuch as certain employee-owners may assume managerial responsibilities, in which case business experience may be considered.

(D) For purposes of this paragraph, a corporation which is controlled by any other person shall be treated as a small business concern if such corporation would, after the plan described in subparagraph (B) is carried out, be treated as a small business concern.

(E) The Administration shall compile a separate list of applications for assistance under this paragraph, indicating which applications were accepted and which were

denied, and shall report periodically to the Congress on the status of employee-owned firms assisted by the Administration.

(16) INTERNATIONAL TRADE.—

(A) IN GENERAL.—If the Administrator determines that a loan guaranteed under this subsection will allow an eligible small business concern that is engaged in or adversely affected by international trade to improve its competitive position, the Administrator may make such loan to assist such concern in—

(i) the financing of the acquisition, construction, renovation, modernization, improvement, or expansion of productive facilities or equipment to be used in the United States in the production of goods and services involved in international trade; or

(ii) the refinancing of existing indebtedness that is not structured with reasonable terms and conditions.

(B) SECURITY.—Each loan made under this paragraph shall be secured by a first lien position or first mortgage on the property or equipment financed by the loan or on other assets of the small business concern.

(C) ENGAGED IN INTERNATIONAL TRADE.—For purposes of this paragraph, a small business concern is engaged in international trade if, as determined by the Administrator, the small business concern is in a position to expand existing export markets or develop new export markets.

(D) ADVERSELY AFFECTED BY INTERNATIONAL TRADE.—For purposes of this paragraph, a small business concern is adversely affected by international trade if, as determined by the Administrator, the small business concern—

(i) is confronting increased competition with foreign firms in the relevant market; and

(ii) is injured by such competition.

(E) FINDINGS BY CERTAIN FEDERAL AGENCIES.—For purposes of subparagraph (D)(ii) the Administrator shall accept any finding of injury by the International Trade Commission or any finding of injury by the Secretary of Commerce pursuant to chapter 3 of title II of the Trade Act of 1974.

(17) The Administration shall authorize lending institutions and other entities in addition to banks to make loans authorized under this subsection.

(18) GUARANTEE FEES.—

SMALL BUSINESS ACT

(A) IN GENERAL.—With respect to each loan guaranteed under this subsection (other than a loan that is repayable in 1 year or less), the Administration shall collect a guarantee fee, which shall be payable by the participating lender, and may be charged to the borrower, as follows:

(i) A guarantee fee not to exceed 2 percent of the deferred participation share of a total loan amount that is not more than \$150,000.

(ii) A guarantee fee not to exceed 3 percent of the deferred participation share of a total loan amount that is more than \$150,000, but not more than \$700,000.

(iii) A guarantee fee not to exceed 3.5 percent of the deferred participation share of a total loan amount that is more than \$700,000.

(iv) In addition to the fee under clause (iii), a guarantee fee equal to 0.25 percent of any portion of the deferred participation share that is more than \$1,000,000.

(B) RETENTION OF CERTAIN FEES.—Lenders participating in the programs established under this subsection may retain not more than 25 percent of a fee collected under subparagraph (A)(i).

(C) [Deleted.]

(19) (A) In addition to the Preferred Lenders Program authorized by the proviso in section 5(b)(7), the Administration is authorized to establish a Certified Lenders Program for lenders who establish their knowledge of Administration laws and regulations concerning the guaranteed loan program and their proficiency in program requirements. The designation of a lender as a certified lender shall be suspended or revoked at any time that the Administration determines that the lender is not adhering to its rules and regulations or that the loss experience of the lender is excessive as compared to other lenders, but such suspension or revocation shall not affect any outstanding guarantee.

(B) In order to encourage all lending institutions and other entities making loans authorized under this subsection to provide loans of \$50,000 or less in guarantees to eligible small business loan applicants, the Administration shall develop and allow participating lenders to solely utilize a uniform and simplified loan form for such loans.

(C) Authority to liquidate loans.—

(i) IN GENERAL.—The Administrator may permit lenders participating in the Certified Lenders Program to liquidate loans made with a guarantee from the Administration pursuant to a liquidation plan approved by the Administrator.

SMALL BUSINESS ACT

(ii) Automatic approval.—If the Administrator does not approve or deny a request for approval of a liquidation plan within 10 business days of the date on which the request is made (or with respect to any routine liquidation activity under such a plan, within 5 business days) such request shall be deemed to be approved.

(20) (A) The Administration is empowered to make loans either directly or in cooperation with banks or other financial institutions through agreements to participate on an immediate or deferred (guaranteed) basis to small business concerns eligible for assistance under subsection (j)(10) and section 8(a). Such assistance may be provided only if the Administration determines that—

(i) the type and amount of such assistance requested by such concern is not otherwise available on reasonable terms from other sources;

(ii) with such assistance such concern has a reasonable prospect for operating soundly and profitably within a reasonable period of time;

(iii) the proceeds of such assistance will be used within a reasonable time for plant construction, conversion, or expansion, including the acquisition of equipment, facilities, machinery, supplies, or material or to supply such concern with working capital to be used in the manufacture of articles, equipment, supplies, or material for defense or civilian production or as may be necessary to insure a well-balanced national economy; and

(iv) such assistance is of such sound value as reasonably to assure that the terms under which it is provided will not be breached by the small business concern.

(B) (i) No loan shall be made under this paragraph if the total amount outstanding and committed (by participation or otherwise) to the borrower would exceed \$750,000.

(ii) Subject to the provisions of clause (i), in agreements to participate in loans on a deferred (guaranteed) basis, participation by the Administration shall be not less than 85 per centum of the balance of the financing outstanding at the time of disbursement.

(iii) The rate of interest on financings made on a deferred (guaranteed) basis shall be legal and reasonable.

(iv) Financings made pursuant to this paragraph shall be subject to the following limitations:

(I) No immediate participation may be purchased unless it is shown that a deferred participation is not available.

SMALL BUSINESS ACT

(II) No direct financing may be made unless it is shown that a participation is unavailable.

(C) A direct loan or the Administration's share of an immediate participation loan made pursuant to this paragraph shall be any secured debt instrument—

(i) that is subordinated by its terms to all other borrowings of the issuer;

(ii) the rate of interest on which shall not exceed the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loan and adjusted to the nearest one-eighth of 1 per centum;

(iii) the term of which is not more than twenty-five years; and

(iv) the principal on which amortized at such rate as may be deemed appropriate by the Administration, and the interest on which is payable not less often than annually.

(21) (A) The Administration may make loans on a guaranteed basis under the authority of this subsection—

(i) to a small business concern that has been (or can reasonably be expected to be) detrimentally affected by—

(I) the closure (or substantial reduction) of a Department of Defense installation; or

(II) the termination (or substantial reduction) of a Department of Defense program on which such small business was a prime contractor or subcontractor (or supplier) at any tier; or

(ii) to a qualified individual or a veteran seeking to establish (or acquire) and operate a small business concern.

(B) Recognizing that greater risk may be associated with a loan to a small business concern described in subparagraph (A)(i), any reasonable doubts concerning the firm's proposed business plan for transition to nondefense-related markets shall be resolved in favor of the loan applicant when making any determination regarding the sound value of the proposed loan in accordance with paragraph (6).

(C) Loans pursuant to this paragraph shall be authorized in such amounts as provided in advance in appropriation Acts for the purposes of loans under this paragraph.

SMALL BUSINESS ACT

(D) For purposes of this paragraph a qualified individual is—

(i) a member of the Armed Forces of the United States, honorably discharged from active duty involuntarily or pursuant to a program providing bonuses or other inducements to encourage voluntary separation or early retirement;

(ii) an employee of a prime contractor, subcontractor, or supplier at any tier of a Department of Defense program whose employment is involuntarily terminated (or voluntarily terminated pursuant to a program offering inducements to encourage voluntary separation or early retirement) due to the termination (or substantial reduction) of a Department of Defense program.

(E) **JOB CREATION AND COMMUNITY BENEFIT.**—In providing assistance under this paragraph, the Administration shall develop procedures to ensure, to the maximum extent practicable, that such assistance is used for projects that—

(i) have the greatest potential for—

(I) creating new jobs for individuals whose employment is involuntarily terminated due to reductions in Federal defense expenditures; or

(II) preventing the loss of jobs by employees of small business concerns described in subparagraph (A)(i); and

(ii) have substantial potential for stimulating new economic activity in communities most affected by reductions in Federal defense expenditures.

(22) The Administration is authorized to permit participating lenders to impose and collect a reasonable penalty fee on late payments of loans guaranteed under this subsection in an amount not to exceed 5 percent of the monthly loan payment per month plus interest.

(23) **YEARLY FEE.**—

(A) **IN GENERAL.**—With respect to each loan approved under this subsection, the Administration shall assess, collect, and retain a fee, not to exceed 0.55 percent per year of the outstanding balance of the deferred participation share of the loan, in an amount established once annually by the Administration in the Administration’s annual budget request to Congress, as necessary to reduce to zero the cost to the Administration of making guarantees under this subsection. As used in this paragraph, the term “cost” has the meaning given that term in section 502 of the Federal Credit Reform Act of 1990 (2 U.S.C. 661a).

(B) **PAYER.**—The yearly fee assessed under subparagraph (A) shall be payable by the participating lender and shall not be charged to the borrower.

(C) **LOWERING OF BORROWER FEES.**—If the Administration determines that fees paid by lenders and by small business borrowers for guarantees under this

subsection may be reduced, consistent with reducing to zero the cost to the Administration of making such guarantees—

(i) the Administration shall first consider reducing fees paid by small business borrowers under clauses (i) through (iii) of paragraph (18)(A), to the maximum extent possible; and

(ii) fees paid by small business borrowers shall not be increased above the levels in effect on the date of enactment of this subparagraph.

(24) NOTIFICATION REQUIREMENT.—The Administration shall notify the Committees on Small Business of the Senate and the House of Representatives not later than 15 days before making any significant policy or administrative change affecting the operation of the loan program under this subsection.

(25) LIMITATION ON CONDUCTING PILOT PROJECTS.—

(A) IN GENERAL.—Not more than 10 percent of the total number of loans guaranteed in any fiscal year under this subsection may be awarded as part of a pilot program which is commenced by the Administrator on or after October 1, 1996.

(B) PILOT PROGRAM DEFINED.—In this paragraph, the term “pilot program” means any lending program initiative, project, innovation, or other activity not specifically authorized by law.

(C) LOW DOCUMENTATION LOAN PROGRAM.—The Administrator may carry out the low documentation loan program for loans of \$100,000 or less only through lenders with significant experience in making small business loans. Not later than 90 days after the date of enactment of this subsection, the Administrator shall promulgate regulations defining the experience necessary for participation as a lender in the low documentation loan program.

(26) CALCULATION OF SUBSIDY RATE.—All fees, interest, and profits received and retained by the Administration under this subsection shall be included in the calculations made by the Director of the Office of Management and Budget to offset the cost (as that term is defined in section 502 of the Federal Credit Reform Act of 1990) to the Administration of purchasing and guaranteeing loans under this Act.

(27) [Repealed].

(28) LEASING.—In addition to such other lease arrangements as may be authorized by the Administration, a borrower may permanently lease to one or more tenants not more than 20 percent of any property constructed with the proceeds of a loan guaranteed under this subsection, if the borrower permanently occupies and uses not less than 60 percent of the total business space in the property.

SMALL BUSINESS ACT

(29) REAL ESTATE APPRAISALS.—With respect to a loan under this subsection that is secured by commercial real property, an appraisal of such property by a State licensed or certified appraiser—

(A) shall be required by the Administration in connection with any such loan for more than \$250,000; or

(B) may be required by the Administration or the lender in connection with any such loan for \$250,000 or less, if such appraisal is necessary for appropriate evaluation of creditworthiness.

(30) OWNERSHIP REQUIREMENTS.—Ownership requirements to determine the eligibility of a small business concern that applies for assistance under any credit program under this Act shall be determined without regard to any ownership interest of a spouse arising solely from the application of the community property laws of a State for purposes of determining marital interests.

(31) EXPRESS LOANS.

(A) DEFINITIONS.—As used in this paragraph:

(i) The term “express lender” means any lender authorized by the Administration to participate in the Express Loan Program.

(ii) The term “express loan” means any loan made pursuant to this paragraph in which a lender utilizes to the maximum extent practicable its own loan analyses, procedures, and documentation.

(iii) The term “Express Loan Program” means the program for express loans established by the Administration under paragraph (25)(B), as in existence on April 5, 2004, with a guaranty rate of not more than 50 percent.

(B) RESTRICTION TO EXPRESS LENDER.—The authority to make an express loan shall be limited to those lenders deemed qualified to make such loans by the Administration. Designation as an express lender for purposes of making an express loan shall not prohibit such lender from taking any other action authorized by the Administration for that lender pursuant to this subsection.

APPLY TO THE ENTIRE SUBSECTION 7(b).]

No loan under this subsection, including renewals and extensions thereof, may be made for a period or periods exceeding thirty years: Provided, That the Administrator may consent to a suspension in the payment of principal and interest charges on, and to an extension in the maturity of, the Federal share of any loan under this subsection for a period not to exceed five years, if (A) the borrower under such loan is a homeowner or a small business concern, (B) the loan was made to enable (i) such homeowner to repair or replace his home, or (ii) such concern to repair or replace plant or equipment which was damaged or destroyed as the result of a disaster meeting the requirements of clause (A) or (B) of paragraph (2) of this subsection, and (C) the Administrator determines such action is necessary to avoid severe financial hardship: Provided further, That the provisions of paragraph (1) of subsection (d) of this section shall not be applicable to any such loan having a maturity in excess of twenty years. Notwithstanding the provisions of any other law, the interest rate on the Administration's share of any loan made under subsection (d), except as provided in subsection (d), shall not exceed the average annual interest rate on all interest-bearing obligations of the United States then forming a part of the public debt as computed at the end of the fiscal year next preceding the date of the loan and adjusted to the nearest one-eighth of 1 per centum plus one-quarter of 1 per centum: Provided, however, That the interest rate for loans made under paragraphs (1) and (2) hereof shall not exceed the rate of interest which is in effect at the time of the occurrence of the disaster. In agreements to participate in loans on a deferred basis under this subsection, such participation by the Administration shall not be in excess of 90 per centum of the balance of the loan outstanding at the time of disbursement. Notwithstanding any other provision of law, the interest rate on the Administration's share of any loan made pursuant to paragraph (1) of this subsection to repair or replace a primary residence and/or replace or repair damaged or destroyed personal property, less the amount of compensation by insurance or otherwise, with respect to a disaster occurring on or after July 1, 1976, and prior to October 1, 1978, shall be: 1 per centum on the amount of such loan not exceeding \$10,000, and 3 per centum on the amount of such loan over \$10,000 but not exceeding \$40,000. The interest rate on the Administration's share of the first \$250,000 of all other loans made pursuant to paragraph (1) of this subsection, with respect to a disaster occurring on or after July 1, 1976, and prior to October 1, 1978, shall be 3 per centum. All repayments of principal on the Administration's share of any loan made under the above provisions shall first be applied to reduce the principal sum of such loan which bears interest at the lower rates provided in this paragraph. The principal amount of any loan made pursuant to paragraph (1) in connection with a disaster which occurs on or after April 1, 1977, but prior to January 1, 1978, may be increased by such amount, but not more than \$2,000, as the Administration determines to be reasonable in light of the amount and nature of loss, damage, or injury sustained in order to finance the installation of insulation in the property which was lost, damaged, or injured, if the

SMALL BUSINESS ACT

uninsured, damaged portion of the property is 10 per centum or more of the market value of the property at the time of the disaster. Not later than June 1, 1978, the Administration shall prepare and transmit to the Select Committee on Small Business of the Senate, the Committee on Small Business of the House of Representatives, and the Committees of the Senate and House of Representatives having jurisdiction over measures relating to energy conservation, a report on its activities under this paragraph, including therein an evaluation of the effect of such activities on encouraging the installation of insulation in property which is repaired or replaced after a disaster which is subject to this paragraph, and its recommendations with respect to the continuation, modification, or termination of such activities.

In the administration of the disaster loan program under paragraphs (1) and (2) of this subsection, in the case of property loss or damage or injury resulting from a major disaster as determined by the President or a disaster as determined by the Administrator which occurs on or after January 1, 1971, and prior to July 1, 1973, the Small Business Administration, to the extent such loss or damage or injury is not compensated for by insurance or otherwise—

(A) may make any loan for repair, rehabilitation, or replacement of property damaged or destroyed without regard to whether the required financial assistance is otherwise available from private sources;

(B) may, in the case of the total destruction or substantial property damage of a home or business concern, refinance any mortgage or other liens outstanding against the destroyed or damaged property if such property is to be repaired, rehabilitated, or replaced, except that (1) in the case of a business concern, the amount refinanced shall not exceed the amount of the physical loss sustained, and (2) in the case of a home, the amount of each monthly payment of principal and interest on the loan after refinancing under this clause shall be not less than the amount of each such payment made prior to such refinancing;

(C) may, in the case of a loan made under clause (A) or a mortgage or other lien refinanced under clause (B) in connection with the destruction of, or substantial damage to, property owned and used as a residence by an individual who by reason of retirement, disability, or other similar circumstances relies for support on survivor, disability, or retirement benefits under a pension, insurance, or other program, consent to the suspension of the payments of the principal of that loan, mortgage, or lien during the lifetime of that individual and his spouse for so long as the Administration determines that making such payments would constitute a substantial hardship;

(D) shall, notwithstanding the provisions of any other law and upon presentation by the applicant of proof of loss or damage or injury and a bona fide estimate of cost of repair, rehabilitation, or replacement, cancel the principal of any loan made to cover a loss or damage or injury resulting from such disaster, except that—

(i) with respect to a loan made in connection with a disaster occurring on or after January 1, 1971, but prior to January 1, 1972, the total amount so canceled shall not exceed \$2,500, and the interest on the balance of the loan shall be at a rate of 3 per centum per annum; and

With respect to any loan referred to in clause (D) which is outstanding on the date of enactment of this paragraph, the Administrator shall—

(i) make such change in the interest rate on the balance of such loan as is required under that clause effective as of such date of enactment; and

(ii) in applying the limitation set forth in that clause with respect to the total amount of such loan which may be canceled, consider as part of the amount so canceled any part of such loan which was previously canceled pursuant to section 231 of the Disaster Relief Act of 1970.

Whoever wrongfully misapplies the proceeds of a loan obtained under this subsection shall be civilly liable to the Administrator in an amount equal to one-and-one-half times the original principal amount of the loan.

(E) A State grant made on or prior to July 1, 1979, shall not be considered compensation for the purpose of applying the provisions of section 312(a) of the Disaster Relief and Emergency Assistance Act to a disaster loan under paragraph (1) or (2) of this subsection.

SMALL BUSINESS ACT

Administration may use not more than 5 percent to provide technical assistance, either directly or through contractors, to welfare-to-work microloan initiative grantees, to ensure that, as grantees they have the knowledge, skills, and understanding of microlending and welfare-to-work transition, and other related issues, to operate a successful welfare-to-work microloan initiative.

§ 8. (a) (1) It shall be the duty of the Administration and it is hereby empowered, whenever it determines such action is necessary or appropriate—

(A) to enter into contracts with the United States Government and any department, agency, or officer thereof having procurement powers obligating the Administration to furnish articles, equipment, supplies, services, or materials to the Government or to perform construction work for the Government. In any case in which the Administration certifies to any officer of the Government having procurement powers that the Administration is competent and responsible to perform any specific Government procurement contract to be let by any such officer, such officer shall be authorized in his discretion to let such procurement contract to the

SMALL BUSINESS ACT

Administration upon such terms and conditions as may be agreed upon between the Administration and the procurement officer. Whenever the Administration and such procurement officer fail to agree, the matter shall be submitted for determination to the Secretary or the head of the appropriate department or agency by the Administrator. Not later than 5 days from the date the Administration is notified of a procurement officer's adverse decision, the Administration may notify the contracting officer of the intent to appeal such adverse decision, and within 15 days of such date the Administrator shall file a written request for a reconsideration of the adverse decision with the Secretary of the department or agency head. For the purposes of this subparagraph, a procurement officer's adverse decision includes a decision not to make available for award pursuant to this subsection a particular procurement requirement or the failure to agree on the terms and conditions of a contract to be awarded noncompetitively under the authority of this subsection. Upon receipt of the notice of intent to appeal, the Secretary of the department or the agency head shall suspend further action regarding the procurement until a written decision on the Administrator's request for reconsideration has been issued by such Secretary or agency head, unless such officer makes a written determination that urgent and compelling circumstances which significantly affect interests of the United States will not permit waiting for a reconsideration of the adverse decision. If the Administrator's request for reconsideration is denied, the Secretary of the department or agency head shall specify the reasons why the selected firm was determined to be incapable to perform the procurement requirement, and the findings supporting such determination, which shall be made a part of the contract file for the requirement. A contract may not be awarded under this subsection if the award of the contract would result in a cost to the awarding agency which exceeds a fair market price;

(B) to arrange for the performance of such procurement contracts by negotiating or otherwise letting subcontracts to socially and economically disadvantaged small business concerns for construction work, services, or the manufacture, supply, assembly of such articles, equipment, supplies, materials, or parts thereof, or servicing or processing in connection therewith, or such management services as may be necessary to enable the Administration to perform such contracts;

(C) to make an award to a small business concern owned and controlled by socially and economically disadvantaged individuals which has completed its period of Program Participation as prescribed by section 7(j)(15), if—

(i) the contract will be awarded as a result of an offer (including price) submitted in response to a published solicitation relating to a competition conducted pursuant to subparagraph (D); and

(ii) the prospective contract awardee was a Program Participant eligible for award of the contract on the date specified for receipt of offers contained in the contract solicitation; and

(D) (i) A contract opportunity offered for award pursuant to this subsection shall be awarded on the basis of competition restricted to eligible Program Participants if—

SMALL BUSINESS ACT

(I) there is a reasonable expectation that at least two eligible Program Participants will submit offers and that award can be made at a fair market price, and

(II) the anticipated award price of the contract (including options) will exceed \$5,000,000 in the case of a contract opportunity assigned a standard industrial classification code for manufacturing and \$3,000,000 (including options) in the case of all other contract opportunities.

(ii) The Associate Administrator for Minority Small Business and Capital Ownership Development, on a nondelegable basis, is authorized to approve a request from an agency to award a contract opportunity under this subsection on the basis of a competition restricted to eligible Program Participants even if the anticipated award price is not expected to exceed the dollar amounts specified in clause (i)(II). Such approvals shall be granted only on a limited basis.

(2) Notwithstanding subsections (a) and (c) of the first section of the Act entitled “An Act requiring contracts for the construction, alteration, and repair of any public building or public work of the United States to be accompanied by a performance bond protecting the United States and by additional bond for the protection of persons furnishing material and labor for the construction, alteration, or repair of said public buildings or public works,” approved August 24, 1935 (49 Stat. 793), no small business concern shall be required to provide any amount of any bond as a condition of receiving any subcontract under this subsection if the Administrator determines that such amount is inappropriate for such concern in performing such contract: Provided, That the Administrator shall exercise the authority granted by the paragraph only if—

(A) the Administration takes such measures as it deems appropriate for the protection of persons furnishing materials and labor to a small business receiving any benefit pursuant to this paragraph;

(B) the Administration assists, insofar as practicable, a small business receiving the benefits of this paragraph to develop, within a reasonable period of time, such financial and other capability as may be needed to obtain such bonds as the Administration may subsequently require for the successful completion of any program conducted under the authority of this subsection;

(C) the Administration finds that such small business is unable to obtain the requisite bond or bonds from a surety and that no surety is willing to issue such bond or bonds subject to the guarantee provisions of Title IV of the Small Business Investment Act of 1958; and

(D) the small business is determined to be a startup concern and such concern has not been participating in any program conducted under the authority of this subsection for a period exceeding one year.

SMALL BUSINESS ACT

The authority to waive bonds provided in this paragraph (2) may not be exercised after September 30, 1988.

(3) (A) Any Program Participant selected by the Administration to perform a contract to be let noncompetitively pursuant to this subsection shall, when practicable, participate in any negotiation of the terms and conditions of such contract.

(B) (i) For purposes of paragraph (1) a “fair market price” shall be determined by the agency offering the procurement requirement to the Administration, in accordance with clauses (ii) and (iii).

(ii) The estimate of a current fair market price for a new procurement requirement, or a requirement that does not have a satisfactory procurement history, shall be derived from a price or cost analysis. Such analysis may take into account prevailing market conditions, commercial prices for similar products or services, or data obtained from any other agency. Such analysis shall consider such cost or pricing data as may be timely submitted by the Administration.

(iii) The estimate of a current fair market price for a procurement requirement that has a satisfactory procurement history shall be based on recent award prices adjusted to insure comparability. Such adjustments shall take into account differences in quantities, performance times, plans, specifications, transportation costs, packaging and packing costs, labor and materials costs, overhead costs, and any other additional costs which may be deemed appropriate.

(C) An agency offering a procurement requirement for potential award pursuant to this subsection shall, upon the request of the Administration, promptly submit to the Administration a written statement detailing the method used by the agency to estimate the current fair market price for such contract, identifying the information, studies, analyses, and other data used by such agency. The agency’s estimate of the current fair market price (and any supporting data furnished to the Administration) shall not be disclosed to any potential offeror (other than the Administration).

(D) A small business concern selected by the Administration to perform or negotiate a contract to be let pursuant to this subsection may request the Administration to protest the agency’s estimate of the fair market price for such contract pursuant to paragraph (1)(A).

(4) (A) For purposes of this section, the term “socially and economically disadvantaged small business concern” means any small business concern which meets the requirements of subparagraph (B) and—

(i) which is at least 51 per centum unconditionally owned  
by—

SMALL BUSINESS ACT

disadvantaged individuals,

- (I) one or more socially and economically
- (II) an economically disadvantaged Indian tribe (or a wholly owned business entity of such tribe), or
- (III) an economically disadvantaged Native Hawaiian organization, or

(ii) in the case of any publicly owned business, at least 51 per centum of the stock of which is unconditionally owned by—

disadvantaged individuals,

- (I) one or more socially and economically
- (II) an economically disadvantaged Indian tribe (or a wholly owned business entity of such tribe), or
- (III) an economically disadvantaged Native Hawaiian organization.

(B) A small business concern meets the requirements of this subparagraph if the management and daily business operations of such small concern are controlled by one or more—

- (i) socially and economically disadvantaged individuals described in subparagraph (A)(i)(I) or subparagraph (A)(ii)(I), or
- (ii) members of an economically disadvantaged Indian tribe described in subparagraph (A)(i)(II) or subparagraph (A)(ii)(II) or
- (iii) Native Hawaiian organizations described in subparagraph (A)(i)(III) or subparagraph (A)(ii)(III).

(C) Each Program Participant shall certify, on an annual basis, that it meets the requirements of this paragraph regarding ownership and control.

(5) Socially disadvantaged individuals are those who have been subjected to racial or ethnic prejudice or cultural bias because of their identity as a member of a group without regard to their individual qualities.

(6) (A) Economically disadvantaged individuals are those socially disadvantaged individuals whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same business area who are not socially disadvantaged. In determining the degree of diminished credit and capital opportunities the Administration shall consider, but not be limited to, the assets and

net worth of such socially disadvantaged individual. In determining the economic disadvantage of an Indian tribe, the Administration shall consider, where available, information such as the following: the per capita income of members of the tribe excluding judgment awards, the percentage of the local Indian population below the poverty level, and the tribe's access to capital markets.

(B) Each Program Participant shall annually submit to the Administration—

(i) a personal financial statement for each disadvantaged owner;

(ii) a record of all payments made by the Program Participant to each of its disadvantaged owners or to any person or entity affiliated with such owners; and

(iii) such other information as the Administration may deem necessary to make the determinations required by this paragraph.

(C) (i) Whenever, on the basis of information provided by a Program Participant pursuant to subparagraph (B) or otherwise, the Administration has reason to believe that the standards to establish economic disadvantage pursuant to subparagraph (A) have not been met, the Administration shall conduct a review to determine whether such Program Participant and its disadvantaged owners continue to be impaired in their ability to compete in the free enterprise system due to diminished capital and credit opportunities when compared to other concerns in the same business area, which are not socially disadvantaged.

(ii) If the Administration determines, pursuant to such review, that a Program Participant and its disadvantaged owners are no longer economically disadvantaged for the purpose of receiving assistance under this subsection, the Program Participant shall be graduated pursuant to section 7(j)(10)(G) subject to the right to a hearing as provided for under paragraph (9).

(D) (i) Whenever, on the basis of information provided by a Program Participant pursuant to subparagraph (B) or otherwise, the Administration has reason to believe that the amount of funds or other assets withdrawn from a Program Participant for the personal benefit of its disadvantaged owners or any person or entity affiliated with such owners may have been unduly excessive, the Administration shall conduct a review to determine whether such withdrawal of funds or other assets was detrimental to the achievement of the targets, objectives, and goals contained in such Program Participant's business plan.

(ii) If the Administration determines, pursuant to such review, that funds or other assets have been withdrawn to the detriment of the Program Participant's business, the Administration shall—

SMALL BUSINESS ACT

(I) initiate a proceeding to terminate the Program Participant pursuant to section 7(j)(10)(F), subject to the right to a hearing under paragraph (9); or

(II) require an appropriate reinvestment of funds or other assets and such other steps as the Administration may deem necessary to ensure the protection of the concern.

(E) Whenever the Administration computes personal net worth for any purpose under this paragraph, it shall exclude from such computation—

(i) the value of investments that disadvantaged owners have in their concerns, except that such value shall be taken into account under this paragraph when comparing such concerns to other concerns in the same business area that are owned by other than socially disadvantaged persons;

(ii) the equity that disadvantaged owners have in their primary personal residences, except that any portion of such equity that is attributable to unduly excessive withdrawals from a Program Participant or a concern applying for program participation shall be taken into account.

(7) (A) No small business concern shall be deemed eligible for any assistance pursuant to this subsection unless the Administration determines that with contract, financial, technical, and management support the small business concern will be able to perform contracts which may be awarded to such concern under paragraph (1)(C) and has reasonable prospects for success in competing in the private sector.

(B) Limitations established by the Administration in its regulations and procedures restricting the award of contracts pursuant to this subsection to a limited number of standard industrial classification codes in an approved business plan shall not be applied in a manner that inhibits the logical business progression by a participating small business concern into areas of industrial endeavor where such concern has the potential for success.

(8) All determinations made pursuant to paragraph (5) with respect to whether a group has been subjected to prejudice or bias shall be made by the Administrator after consultation with the Associate Administrator for Minority Small Business and Capital Ownership Development. All other determinations made pursuant to paragraphs (4), (5), (6), and (7) shall be made by the Associate Administrator for Minority Small Business and Capital Ownership Development under the supervision of, and responsible to, the Administrator.

(9) (A) Subject to the provisions of subparagraph (E), the Administration, prior to taking any action described in subparagraph (B), shall provide the small business concern that is the subject of such action, an opportunity for a hearing on the record, in accordance with chapter 5 of title 5, United States Code.

(B) The actions referred to in subparagraph (A) are—

SMALL BUSINESS ACT

- (iii) a graduation pursuant to section 7(j)(10)(G); and
- (iv) the denial of a request to issue a waiver pursuant to paragraph (21)(B).

(C) The Administration's proposed action, in any proceeding conducted under the authority of this paragraph, shall be sustained unless it is found to be arbitrary, capricious, or contrary to law.

(D) A decision rendered pursuant to this paragraph shall be the final decision of the Administration and shall be binding upon the Administration and those within its employ.

(E) The adjudicator selected to preside over a proceeding conducted under the authority of this paragraph shall decline to accept jurisdiction over any matter that—

- (i) does not, on its face, allege facts that, if proven to be true, would warrant reversal or modification of the Administration's position;
- (ii) is untimely filed;
- (iii) is not filed in accordance with the rules of procedure governing such proceedings; or
- (iv) has been decided by or is the subject of an adjudication before a court of competent jurisdiction over such matters.

(F) Proceedings conducted pursuant to the authority of this paragraph shall be completed and a decision rendered, insofar as practicable, within ninety days after a petition for a hearing is filed with the adjudicating office.

(10) The Administration shall develop and implement an outreach program to inform and recruit small business concerns to apply for eligibility for assistance under this subsection. Such program shall make a sustained and substantial effort to solicit applications for certification from small business concerns located in areas of concentrated unemployment or underemployment or within labor surplus areas and within States having relatively few Program Participants and from small disadvantaged business concerns in industry categories that have not substantially participated in the award of contracts let under the authority of this subsection.

SMALL BUSINESS ACT

(11) To the maximum extent practicable, construction subcontracts awarded by the Administration pursuant to this subsection shall be awarded within the county or State where the work is to be performed.

(12) (A) The Administration shall require each concern eligible to receive subcontracts pursuant to this subsection to annually prepare and submit to the Administration a capability statement. Such statement shall briefly describe such concern's various contract performance capabilities and shall contain the name and telephone number of the Business Opportunity Specialist assigned such concern. The Administration shall separate such statements by those primarily dependent upon local contract support and those primarily requiring a national marketing effort. Statements primarily dependent upon local contract support shall be disseminated to appropriate buying activities in the marketing area of the concern. The remaining statements shall be disseminated to the Directors of Small and Disadvantaged Business Utilization for the appropriate agencies who shall further distribute such statements to buying activities with such agencies that may purchase the types of items or services described on the capability statements.

(B) Contracting activities receiving capability statements shall, within 60 days after receipt, contact the relevant Business Opportunity Specialist to indicate the number, type and approximate dollar value of contract opportunities that such activities may be awarding over the succeeding 12-month period and which may be appropriate to consider for award to those concerns for which it has received capability statements.

(C) Each executive agency reporting to the Federal Procurement Data System contract actions with an aggregate value in excess of \$50,000,000 in fiscal year 1988, or in any succeeding fiscal year, shall prepare a forecast of expected contract opportunities or classes of contract opportunities for the next and succeeding fiscal years that small business concerns, including those owned and controlled by socially and economically disadvantaged individuals, are capable of performing. Such forecast shall be periodically revised during such year. To the extent such information is available, the agency forecasts shall specify:

(i) The approximate number of individual contract opportunities (and the number of opportunities within a class)

(ii) The approximate dollar value, or range of dollar values, for each contract opportunity or class of contract opportunities.

(iii) The anticipated time (by fiscal year quarter) for the issuance of a procurement request.

(iv) The activity responsible for the award and administration of the contract.

(D) The head of each executive agency subject to the provisions of subparagraph (C) shall within 10 days of completion furnish such forecasts to—

SMALL BUSINESS ACT

(i) the Director of the Office of Small and Disadvantaged Business Utilization established pursuant to section 15(k) for such agency; and

(ii) the Administrator.

(E) The information reported pursuant to subparagraph (D) may be limited to classes of items and services for which there are substantial annual purchases.

(F) Such forecasts shall be available to small business concerns.

(13) For purposes of this subsection, the term “Indian tribe” means any Indian tribe, band, nation, or other organized group or community of Indians, including any Alaska Native village or regional or village corporation (within the meaning of the Alaska Native Claims Settlement Act) which—

(A) is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians, or

(B) is recognized as such by the State in which such tribe, band, nation, group, or community resides.

(14) (A) A concern may not be awarded a contract under this subsection as a small business concern unless the concern agrees that—

(i) in the case of a contract for services (except construction), at least 50 percent of the cost of contract performance incurred for personnel shall be expended for employees of the concern; and

(ii) in the case of a contract for procurement of supplies (other than procurement from a regular dealer in such supplies), the concern will perform work for at least 50 percent of the cost of manufacturing the supplies (not including the cost of materials).

(B) The Administrator may change the percentage under clause (i) or (ii) of subparagraph (A) if the Administrator determines that such change is necessary to reflect conventional industry practices among business concerns that are below the numerical size standard for businesses in that industry category. A percentage established under the preceding sentence may not differ from a percentage established under section 15(o).

(C) The Administration shall establish, through public rulemaking, requirements similar to those specified in subparagraph (A) to be applicable to contracts for general and specialty construction and to contracts for any other industry category not otherwise subject to the requirements of such subparagraph. The percentage applicable to any such requirement shall be determined in accordance with subparagraph (B), except that such a percentage may not differ from a percentage established under section 15(o) for the same industry category.

SMALL BUSINESS ACT

(15) For purposes of this subsection, the term “Native Hawaiian Organization” means any community service organization serving Native Hawaiians in the State of Hawaii which—

(B) is controlled by Native Hawaiians, and

(C) whose business activities will principally benefit such Native Hawaiians.

(16) (A) The Administration shall award sole source contracts under this section to any small business concern recommended by the procuring agency offering the contract opportunity if—

(i) the Program Participant is determined to be a responsible contractor with respect to performance of such contract opportunity;

(ii) the award of such contract would be consistent with the Program Participant’s business plan; and

(iii) the award of the contract would not result in the Program Participant exceeding the requirements established by section 7(j)(10)(I).

(B) To the maximum extent practicable, the Administration shall promote the equitable geographic distribution of sole source contracts awarded pursuant to this subsection.

(17) (A) An otherwise responsible business concern that is in compliance with the requirements of subparagraph (B) shall not be denied the opportunity to submit and have considered its offer for any procurement contract for the supply of a product to be let pursuant to this subsection or subsection (a) of section 15 solely because such concern is other than the actual manufacturer or processor of the product to be supplied under the contract.

(B) To be in compliance with the requirements referred to in subparagraph (A), such a business concern shall—

(i) be primarily engaged in the wholesale or retail trade;

(ii) be a small business concern under the numerical size standard for the Standard Industrial Classification Code assigned to the contract solicitation on which the offer is being made;

SMALL BUSINESS ACT

(iii) be a regular dealer, as defined pursuant to section 35(a) of title 41, United States Code (popularly referred to as the Walsh-Healey Public Contracts Act), in the product to be offered the Government or be specifically exempted from such section by section 7(j)(13)(C); and

(iv) represent that it will supply the product of a domestic small business manufacturer or processor, unless a waiver of such requirement is granted—

(I) by the Administrator, after reviewing a determination by the contracting officer that no small business manufacturer or processor can reasonably be expected to offer a product meeting the specifications (including period for performance) required of an offeror by the solicitation; or

(II) by the Administrator for a product (or class of products), after determining that no small business manufacturer or processor is available to participate in the Federal procurement market.

(18) (A) No person within the employ of the Administration shall, during the term of such employment and for a period of two years after such employment has been terminated, engage in any activity or transaction specified in subparagraph (B) with respect to any Program Participant during such person's term of employment, if such person participated personally (either directly or indirectly) in decision-making responsibilities relating to such Program Participant or with respect to the administration of any assistance provided to Program Participants generally under this subsection, section 7(j)(10), or section 7(a)(20).

(B) The activities and transactions prohibited by subparagraph (A) include—

(i) the buying, selling, or receiving (except by inheritance) of any legal or beneficial ownership of stock or any other ownership interest or the right to acquire any such interest;

(ii) the entering into or execution of any written or oral agreement (whether or not legally enforceable) to purchase or otherwise obtain any right or interest described in clause (i); or

(iii) the receipt of any other benefit or right that may be an incident of ownership.

(C) (i) The employees designated in clause (ii) shall annually submit a written certification to the Administration regarding compliance with the requirements of this paragraph.

SMALL BUSINESS ACT

(21) (A) Subject to the provisions of subparagraph (B), a contract (including options) awarded pursuant to this subsection shall be performed by the concern that initially received such contract. Notwithstanding the provisions of the preceding sentence, if the owner or owners upon whom eligibility was based relinquish ownership or control of such concern, or enter into any agreement to relinquish such ownership or control, such contract or option shall be terminated for the convenience of the Government, except that no repurchase costs or other damages may be assessed against such concerns due solely to the provisions of this subparagraph.

(B) The Administrator may, on a nondelegable basis, waive the requirements of subparagraph (A) only if one of the following conditions exist:

(II) the disadvantaged owners will maintain ownership of the largest single outstanding block of voting stock (including stock held by affiliated parties); and

(III) the disadvantaged owners will maintain control of daily business operations.

(C) The Administrator may waive the requirements of subparagraph (A) if—

(i) in the case of subparagraph (B)(i), (ii) and (iv), he is requested to do so prior to the actual relinquishment of ownership or control; and

(ii) in the case of subparagraph (B)(iii), he is requested to do so as soon as possible after the incapacity or death occurs.

(D) Concerns performing contracts awarded pursuant to this subsection shall be required to notify the Administration immediately upon entering an agreement (either oral or in writing) to transfer all or part of its stock or other ownership interest to any other party.

(E) Notwithstanding any other provision of law, for the purposes of determining ownership and control of a concern under this section, any potential ownership interests held by investment companies licensed under the Small Business Investment Act of 1958 shall be treated in the same manner as interests held by the individuals upon whom eligibility is based.

(b) It shall also be the duty of the Administration and it is hereby empowered, whenever it determines such action is necessary—

(II) other Federal and State agencies;

(iii) by maintaining a clearinghouse for information on managing, financing, and operating small business enterprises; and

To facilitate the implementation of such volunteer programs the Administration shall maintain at its headquarters and pay the salaries, benefits, and expenses of a volunteer and professional staff to manage and oversee the program. Any such payments made pursuant to this subparagraph shall be effective only to such extent or in such amounts as are provided in advance in appropriation Acts. (C) To allow any individual or group of persons participating with it in furtherance of the purposes of subparagraphs (A) and (B) to use the Administration's office facilities and related material and services as the Administration deems appropriate, including clerical and stenographic services:

(iii) such volunteers shall in no way provide services to a client of such Administration with a delinquent loan outstanding, except upon a specific request signed by such client for assistance in connection with such matter.

(D) Notwithstanding any other provision of law, no payment for supportive services or reimbursement of out-of-pocket expenses made to persons serving pursuant to section 8(b)(1) of this Act shall be subject to any tax or charge or be treated as wages or compensation for the purposes of unemployment, disability, retirement, public assistance, or similar benefit payments, or minimum wage laws.

(E) In carrying out its functions under subparagraph (A), to make grants (including contracts and cooperative agreements) to any public or private institution of higher education for the establishment and operation of a small business institute, which shall be used to provide business counseling and assistance to small business concerns through the activities of students enrolled at the institution, which students shall be entitled to receive educational credits for their activities.

(6) to determine within any industry the concerns, firms, persons, corporations, partnerships, cooperatives, or other business enterprises which are to be designated "small business concerns" for the purpose of effectuating the provisions of this Act. To carry out this purpose the Administrator, when requested to do so, shall issue in response to each such request an appropriate certificate certifying an individual concern as a "small business concern" in accordance with criteria expressed in this Act. Any such certificate shall be subject to revocation when the concern covered thereby ceases to be a "small business concern." Offices of the Government having procurement or lending powers, or engaging in the disposal of Federal property or allocating materials or supplies, or promulgating regulations affecting the distribution of materials or supplies, shall accept as conclusive the Administration's determination as to which enterprises are to be designated "small-business concerns," as authorized and directed under this paragraph;

(B) If a Government procurement officer finds that an otherwise qualified small business concern may be ineligible due to the provisions of section 35(a) of title 41, United States Code (the Walsh-Healey Public Contracts Act), he shall notify the Administration in writing of such finding. The Administration shall review such finding and shall either dismiss it and certify the small business concern to be an eligible Government contractor for a specific Government contract or if it concurs in the finding, forward the matter to the Secretary of Labor for final disposition, in which case the Administration may certify the small business concern only if the Secretary of Labor finds the small business concern not to be in violation.

(C) In any case in which a small business concern or group of such concerns has been certified by the Administration pursuant to (A) or (B) to be a responsible or eligible Government contractor as to a specific Government contract, the officers of the Government having procurement or property disposal powers are directed to accept such certification as conclusive, and shall let such Government contract to such concern or group of

Notwithstanding the first sentence of this subparagraph, the Administration may not establish an exemption from referral or notification or refuse to accept a referral or notification from a Government procurement officer made pursuant to subparagraph (A) or (B) of this paragraph, but nothing in this paragraph shall require the processing of an application for certification if the small business concern to which the referral pertains declines to have the application processed.

## SMALL BUSINESS ACT

programs is beyond the means of many small-business concerns, and such concerns are handicapped in obtaining the benefits of research and development programs conducted at Government expense. These small-business concerns are thereby placed at a competitive disadvantage. This weakens the competitive free enterprise system and prevents the orderly development of the national economy. It is the policy of the Congress that assistance be given to small-business concerns to enable them to undertake and to obtain the benefits of research and development in order to maintain and strengthen the competitive free enterprise system and the national economy.

(b) It shall be the duty of the Administration, and it is hereby empowered—

(1) to assist small-business concerns to obtain Government contracts for research and development;

(2) to assist small-business concerns to obtain the benefits of research and development performed under Government contracts or at Government expense;

(3) to provide technical assistance to small-business concerns to accomplish the purposes of this section; and

(7) to report not less than annually to the Committee on Small Business of the Senate and the Committee on Science and the Committee on Small Business of the House of Representatives, on the SBIR and STTR programs of the Federal agencies and the Administration's information and monitoring efforts related to the SBIR programs, including the data on output and outcomes collected pursuant to subsections (g)(10) and (o)(9), and (o)(15), the number of proposals received from, and the number and total amount of awards to, HUBZone small business concerns under each of the SBIR and STTR programs, and a description of the extent to which Federal agencies are providing in a timely manner information needed to maintain the database described in subsection (k); and

(8) to provide for and fully implement the tenets of Executive Order No. 13329 (Encouraging Innovation in Manufacturing).

(A) to construct, acquire, or establish laboratories and other facilities for the conduct of research;

(B) to undertake and utilize applied research;

(C) to collect research information related to a particular industry and disseminate it to participating members;

(D) to conduct applied research on a protected, proprietary, and contractual basis with member or nonmember firms, Government agencies, and others;

(E) to prosecute applications for patents and render patent services for participating members; and

(2) The Administrator may, after consultation with the Attorney General and the Chairman of the Federal Trade Commission, and with the prior written approval of the Attorney General, approve any agreement between small-business firms providing for a joint program of research and development, if the Administrator finds that the joint program proposed will maintain and strengthen the free enterprise system and the economy of the Nation. The Administrator or the Attorney General may at any time withdraw his approval of the agreement and the joint program of research and development covered thereby, if he finds that the agreement or the joint program carried on under it is no longer in the best interests of the competitive free enterprise system and the economy of the Nation. A copy of the statement of any such finding and approval intended to be within the coverage of this subsection, and a copy of any modification or withdrawal of approval, shall be published in the Federal Register. The authority conferred by this subsection on the Administrator shall not be delegated by him.

(3) No act or omission to act pursuant to and within the scope of any joint program for research and development, under an agreement approved by the Administrator under this subsection, shall be construed to be within the prohibitions of the antitrust laws or the Federal Trade Commission Act. Upon publication in the Federal Register of the notice of withdrawal of his approval of the agreement granted under this subsection, either by the

(2) investigations undertaken by the Administration, including external and internal audits and security and investigation reports.

(h) The Administration shall transmit, not later than March 31 of each year, to the Committees on Small Business of the Senate and House of Representatives a report on the secondary market operations during the preceding calendar year. This report shall include, but not be limited to, (1) the number and the total dollar amount of loans sold into the secondary market and the distribution of such loans by size of loan, size of lender, geographic location of lender, interest rate, maturity, lender servicing fees, whether the rate is fixed or variable, and premium paid; (2) the number and dollar amount of loans resold in the secondary market with a distribution by size of loan, interest rate, and premiums; (3) the number and total dollar amount of pools formed; (4) the number and total dollar amount of loans in each pool; (5) the dollar amount, interest rate, and terms on each loan in each pool and whether the rate is fixed or variable; (6) the number, face value, interest rate, and terms of the trust certificates issued for each pool; (7) to the maximum extent possible, the use by the lender of the proceeds of sales of loans in the secondary market for additional lending to small business concerns; and (8) an analysis of the information reported in (1) through (7) to assess small businesses' access to capital at reasonable rates and terms as a result of secondary market operations.

§ 11. (a) The President is authorized to consult with representatives of small-business concerns with a view to encouraging the making by such persons with the approval of the President of voluntary agreements and programs to further the objectives of this Act.

(b) No act or omission to act pursuant to this Act which occurs while this Act is in effect, if requested by the President pursuant to a voluntary agreement or program approved under subsection (a) of this section and found by the President to be in the public interest as contributing to the national defense, shall be construed to be within the prohibitions of the antitrust laws or the Federal Trade Commission Act of the United States. A copy of each such request intended to be within the coverage of this section, and any modification or withdrawal thereof, shall be furnished to the Attorney General and the Chairman of the Federal Trade Commission when made, and it shall be published in the Federal Register unless publication thereof would, in the opinion of the President, endanger the national security.

(c) The authority granted in subsection (b) of this section shall be delegated only (1) to an official who shall for the purpose of such delegation be required to be appointed by the President by and with the advice and consent of the Senate, (2) upon the condition that such official consult with the Attorney General and the Chairman of the Federal Trade Commission not less than ten days before making any request or finding thereunder, and (3) upon the

## SMALL BUSINESS ACT

condition that such official obtain the approval of the Attorney General to any request thereunder before making the request.

(d) Upon withdrawal of any request or finding hereunder, or upon withdrawal by the Attorney General of his approval of the voluntary agreement or program on which the request or finding is based, the provisions of this section shall not apply to any subsequent act, or omission to act, by reason of such finding or request.

§ 12. The President may transfer to the Administration any functions, powers, and duties of any department or agency which relate primarily to small-business problems. In connection with any such transfer, the President may provide for appropriate transfers of records, property, necessary personnel, and unexpended balances of appropriations and other funds available to the department or agency from which the transfer is made.

§ 13. No loan shall be made or equipment, facilities, or services furnished by the Administration under this Act to any business enterprise unless the owners, partners, or officers of such business enterprise (1) certify to the Administration the names of any attorneys, agents, or other persons engaged by or on behalf of such business enterprise for the purpose of expediting applications made to the Administration for assistance of any sort, and the fees paid or to be paid to any such persons; (2) execute an agreement binding any such business enterprise for a period of two years after any assistance is rendered by the Administration to such business enterprise, to refrain from employing, tendering any office or employment to, or retaining for professional service, any person, who, on the date such assistance or any part thereof was rendered, or within one year prior thereto, shall have served as an officer, attorney, agent, or employee of the Administration occupying a position or engaging in activities which the Administration shall have determined involve discretion with respect to the granting of assistance under this Act; and (3) furnish the names of lending institutions to which such business enterprise has applied for loans together with dates, amounts, terms, and proof of refusal.

§ 14. To the fullest extent the Administration deems practicable, it shall make a fair charge for the use of Government-owned property and make and let contracts on a basis that will result in a recovery of the direct cost incurred by the Administration.

§ 15. (a) To effectuate the purposes of this Act, small business concerns within the meaning of this Act shall receive any award or contract or any part thereof, and be awarded any contract for the sale of Government property, as to which it is determined by the Administration and the contracting procurement or disposal agency (1) to be in the interest of maintaining or mobilizing the Nation's full productive capacity, (2) to be in the interest of war or national defense programs, (3) to be in the interest of assuring that a fair proportion of the total purchases and contracts for property and services for the Government in each industry category are placed with small-business concerns, or (4) to be in the interest of assuring that a fair proportion of the total sales of Government property be made to small-business concerns; but nothing contained in this Act shall be construed to change any preferences or priorities established by law with respect to the sale of electrical power or other property by the Government or any agency thereof. These determinations may be made for individual awards or contracts or for classes of awards or contracts. If a proposed procurement includes in its statement of work goods or services

currently being performed by a small business, and if the proposed procurement is in a quantity or estimated dollar value the magnitude of which renders small business prime contract participation unlikely, or if a proposed procurement for construction seeks to package or consolidate discrete construction projects, or the solicitation involves an unnecessary or unjustified bundling of contract requirements, as determined by the Administration, the Procurement Activity shall provide a copy of the proposed procurement to the Procurement Activity's Small Business Procurement Center Representative at least 30 days prior to the solicitation's issuance along with a statement explaining (1) why the proposed acquisition cannot be divided into reasonably small lots (not less than economic production runs) to permit offers on quantities less than the total requirement, (2) why delivery schedules cannot be established on a realistic basis that will encourage small business participation to the extent consistent with the actual requirements of the Government, (3) why the proposed acquisition cannot be offered so as to make small business participation likely, (4) why construction cannot be procured as separate discrete projects, or (5) why the agency has determined that the bundled contract (as defined in section 3(o)) is necessary and justified. The thirty-day notification process shall occur concurrently with other processing steps required prior to issuance of the solicitation. Within 15 days after receipt of the proposed procurement and accompanying statement, if the Procurement Center Representative believes that the procurement as proposed will render small business prime contract participation unlikely, the Representative shall recommend to the Procurement Activity alternative procurement methods which would increase small business prime contracting opportunities. Whenever the Administration and the contracting procurement agency fail to agree, the matter shall be submitted for determination to the Secretary or the head of the appropriate department or agency by the Administrator. For purposes of clause (3) of the first sentence of this subsection, an industry category is a discrete group of similar goods and services. Such groups shall be determined by the Administration in accordance with the definition of a "United States industry" under the North American Industry Classification System, as established by the Office of Management and Budget, except that the Administration shall limit such an industry category to a greater extent than provided under such classification codes if the Administration receives evidence indicating that further segmentation for purposes of this paragraph is warranted due to special capital equipment needs or special labor or geographic requirements or to recognize a new industry. A market for goods or services may not be segmented under the preceding sentence due to geographic requirements unless the Government typically designates the area where work for contracts for such goods or services is to be performed and Government purchases comprise the major portion of the entire domestic market for such goods or services and, due to the fixed location of facilities, high mobilization costs, or similar economic factors, it is unreasonable to expect competition from business concerns located outside of the general areas where such concerns are located. A contract may not be awarded under this subsection if the award of the contract would result in a cost to the awarding agency which exceeds a fair market price.

(b) With respect to any work to be performed the amount of which would exceed the maximum amount of any contract for which a surety may be guaranteed against loss under section 411 of the Small Business Investment Act of 1958 (15 U.S.C. 694 (b)), the contracting procurement agency shall, to the extent practicable, place contracts so as to allow more than one small business concern to perform such work.

SMALL BUSINESS ACT

(c) (1) As used in this subsection:

(A) The term “Committee” means the Committee for Purchase from the Blind and Other Severely Handicapped established under the first section of the Act entitled “An Act to create a Committee on Purchases of Blind-made Products, and for other purposes,” approved June 25, 1938 (41 U.S.C. 46).

(B) The term “public or private organization for the handicapped” has the same meaning given such term in section 3(e).

(C) The term “handicapped individual” has the same meaning given such term in section 3(f).

(2) (A) During fiscal year 1995, public or private organizations for the handicapped shall be eligible to participate in programs authorized under this section in an aggregate amount not to exceed \$40,000,000.

(B) None of the amounts authorized for participation by subparagraph (A) may be placed on the procurement list maintained by the Committee pursuant to section 2 of the Act entitled “An Act to create a Committee on Purchases of Blind-made Products, and for other purposes,” approved June 25, 1938 (41 U.S.C. 47).

(3) The Administrator shall monitor and evaluate such participation.

(4) (A) Not later than ten days after the announcement of a proposed award of a contract by an agency or department to a public or private organization for the handicapped, a for-profit small business concern that has experienced or is likely to experience severe economic injury as the result of the proposed award may file an appeal of the proposed award with the Administrator.

(B) If such a concern files an appeal of a proposed award under subparagraph (A) and the Administrator, after consultation with the Executive Director of the Committee, finds that the concern has experienced or is likely to experience severe economic injury as the result of the proposed award, not later than thirty days after the filing of the appeal, the Administration shall require each agency and department having procurement powers to take such action as may be appropriate to alleviate economic injury sustained or likely to be sustained by the concern.

(5) Each agency and department having procurement powers shall report to the Office of Federal Procurement Policy each time a contract subject to paragraph (2)(A) is entered into, and shall include in its report the amount of the next higher bid submitted by a for-profit small business concern. The Office of Federal Procurement Policy shall collect data reported under the preceding sentence through the Federal procurement data system and shall report to the Administration which shall notify all such agencies and departments when the maximum amount of awards authorized under paragraph (2)(A) has been made during any fiscal year.

(6) For the purpose of this subsection, a contract may be awarded only if at least 75 per centum of the direct labor performed on each item being produced under the contract in the sheltered workshop or performed in providing each type of service under the contract by the sheltered workshop is performed by handicapped individuals.

(7) Agencies awarding one or more contracts to such an organization pursuant to the provisions of this subsection may use multiyear contracts, if appropriate.

(d) For purposes of this section priority shall be given to the awarding of contracts and the placement of subcontracts to small business concerns which shall perform a substantial proportion of the production on those contracts and subcontracts within areas of concentrated unemployment or underemployment or within labor surplus areas. Notwithstanding any other provision of law, total labor surplus area set-asides pursuant to [44 C.F.R. Part 331] or any successor policy shall be authorized if the Secretary or his designee specifically determines that there is a reasonable expectation that offers will be obtained from a sufficient number of eligible concerns so that awards will be made at reasonable prices. As soon as practicable and to the extent possible, in determining labor surplus areas, consideration shall be given to those persons who would be available for employment were suitable employment available. Until such definition reflects such number, the present criteria of such policy shall govern.

(e) PROCUREMENT STRATEGIES; CONTRACT BUNDLING—

(1) IN GENERAL.—To the maximum extent practicable, procurement strategies used by the various agencies having contracting authority shall facilitate the maximum participation of small business concerns as prime contractors, subcontractors, and suppliers.

(2) MARKET RESEARCH—

(A) IN GENERAL.—Before proceeding with an acquisition strategy that could lead to a contract containing consolidated procurement requirements, the head of an agency shall conduct market research to determine whether consolidation of the requirements is necessary and justified.

(B) FACTORS.—For purposes of subparagraph (A), consolidation of the requirements may be determined as being necessary and justified if, as compared to the benefits that would be derived from contracting to meet those requirements if not consolidated, the Federal Government would derive from the consolidation measurably substantial benefits, including any combination of benefits that, in combination, are measurably substantial. Benefits described in the preceding sentence may include the following:

- (i) Cost savings.
- (ii) Quality improvements.
- (iii) Reduction in acquisition cycle times.

(iv) Better terms and conditions.

(v) Any other benefits.

(C) REDUCTION OF COSTS NOT DETERMINATIVE.—The reduction of administrative or personnel costs alone shall not be a justification for bundling of contract requirements unless the cost savings are expected to be substantial in relation to the dollar value of the procurement requirements to be consolidated.

(3) STRATEGY SPECIFICATIONS.—If the head of a contracting agency determines that a proposed procurement strategy for a procurement involves a substantial bundling of contract requirements, the proposed procurement strategy shall—

(A) identify specifically the benefits anticipated to be derived from the bundling of contract requirements;

(B) set forth an assessment of the specific impediments to participation by small business concerns as prime contractors that result from the bundling of contract requirements and specify actions designed to maximize small business participation as subcontractors (including suppliers) at various tiers under the contract or contracts that are awarded to meet the requirements; and

(C) include a specific determination that the anticipated benefits of the proposed bundled contract justify its use.

(4) CONTRACT TEAMING.—In the case of a solicitation of offers for a bundled contract that is issued by the head of an agency, a small business concern may submit an offer that provides for use of a particular team of subcontractors for the performance of the contract. The head of the agency shall evaluate the offer in the same manner as other offers, with due consideration to the capabilities of all of the proposed subcontractors. If a small business concern teams under this paragraph, it shall not affect its status as a small business concern for any other purpose.

(f) [deleted].

(g) (1) The President shall annually establish Government-wide goals for procurement contracts awarded to small business concerns, small business concerns owned and controlled by service disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women. The Government-wide goal for participation by small business concerns shall be established at not less than 23 percent of the total value of all prime contract awards for each fiscal year. The Government-wide goal for participation by small business concerns owned and controlled by service-disabled veterans shall be established at not less than 3 percent of the total value of all prime contract and subcontract awards for each fiscal year. The Government-wide goal for participation by qualified HUBZone

## SMALL BUSINESS ACT

small business concerns shall be established at not less than 1 percent of the total value of all prime contract awards for fiscal year 1999, not less than 1.5 percent of the total value of all prime contract awards for fiscal year 2000, not less than 2 percent of the total value of all prime contract awards for fiscal year 2001, not less than 2.5 percent of the total value of all prime contract awards for fiscal year 2002, and not less than 3 percent of the total value of all prime contract awards for fiscal year 2003 and each fiscal year thereafter. The Government-wide goal for participation by small business concerns owned and controlled by socially and economically disadvantaged individuals shall be established at not less than 5 percent of the total value of all prime contract and subcontract awards for each fiscal year. The Government-wide goal for participation by small business concerns owned and controlled by women shall be established at not less than 5 percent of the total value of all prime contract and subcontract awards for each fiscal year. Notwithstanding the Government-wide goal, each agency shall have an annual goal that presents, for that agency, the maximum practicable opportunity for small business concerns, small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women to participate in the performance of contracts let by such agency. The Administration and the Administrator of the Office of Federal Procurement Policy shall, when exercising their authority pursuant to paragraph (2), insure that the cumulative annual prime contract goals for all agencies meet or exceed the annual Government-wide prime contract goal established by the President pursuant to this paragraph.

(2) The head of each Federal agency shall, after consultation with the Administration, establish goals for the participation by small business concerns, by small business concerns owned and controlled by service-disabled veterans, by qualified HUBZone small business concerns, by small business concerns owned and controlled by socially and economically disadvantaged individuals, and by small business concerns owned and controlled by women in procurement contracts of such agency having a value of \$25,000 or more. Goals established under this subsection shall be jointly established by the Administration and the head of each Federal agency and shall realistically reflect the potential of small business concerns, small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, and small business concerns owned and controlled by socially and economically disadvantaged individuals to perform such contracts and to perform subcontracts under such contracts. Whenever the Administration and the head of any Federal agency fail to agree on established goals, the disagreement shall be submitted to the Administrator of the Office of Federal Procurement Policy for final determination. For the purpose of establishing goals under this subsection, the head of each Federal agency shall make consistent efforts to annually expand participation by small business concerns from each industry category in procurement contracts of the agency, including participation by small business concerns owned and controlled by service-disabled veterans, by qualified HUBZone small business concerns, by small business concerns owned and controlled by socially and economically disadvantaged individuals and by small business concerns owned and controlled by women. The head of each Federal agency, in attempting to attain such participation, shall consider—

(A) contracts awarded as the result of unrestricted competition; and

SMALL BUSINESS ACT

(B) contracts awarded after competition restricted to eligible small business concerns under this section and under the program established under section 8(a).

(h) (1) At the conclusion of each fiscal year, the head of each Federal agency shall report to the Administration on the extent of participation by small business concerns, small business concerns owned and controlled by veterans (including service-disabled veterans), qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women in procurement contracts of such agency. Such reports shall contain appropriate justifications for failure to meet the goals established under subsection (g) of this section.

(2) The Administration shall annually compile and analyze the reports submitted by the individual agencies pursuant to paragraph (1) and shall submit them to the President and the Congress. The Administration's submission to the President shall include the following:

(A) The Government-wide goals for participation by small business concerns, small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women and the performance in attaining such goals.

(B) The goals in effect for each agency and the agency's performance in attaining such goals.

(C) An analysis of any failure to achieve the Government-wide goals or any individual agency goals and the actions planned by such agency (and approved by the Administration) to achieve the goals in the succeeding fiscal year.

(D) The number and dollar value of contracts awarded to small business concerns, small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals and small business concerns owned and controlled by women through—

- (i) noncompetitive negotiation,
- (ii) competition restricted to small business concerns owned and controlled by socially and economically disadvantaged individuals,
- (iii) competition restricted to small business concerns, and
- (iv) unrestricted competitions,

for each agency and on a Government-wide basis.

SMALL BUSINESS ACT

(F) The number and dollar value of prime contracts and subcontracts awarded to small business concerns owned and controlled by women.

(3) The President shall include the information required by paragraph (2) in each annual report to the Congress on the state of small business prepared pursuant to section 303(a) of the Small Business Economic Policy Act of 1980 (15 U.S.C. 631b(a)).

(i) Nothing in this Act or any other provision of law precludes exclusive small business set-asides for procurements of architectural and engineering services, research, development, test and evaluation, and each Federal agency is authorized to develop such set-asides to further the interests of small business in those areas.

(j) (1) Each contract for the purchase of goods and services that has an anticipated value greater than \$2,500 but not greater than \$100,000 shall be reserved exclusively for small business concerns unless the contracting officer is unable to obtain offers from two or more small business concerns that are competitive with market prices and are competitive with regard to the quality and delivery of the goods or services being purchased.

(2) in carrying out paragraph (1), a contracting officer shall consider a responsive offer timely received from an eligible small business offeror.

(3) Nothing in paragraph (1) shall be construed as precluding an award of a contract with a value not greater than \$100,000 under the authority of subsection (a) of section 8 of this Act, section 2323 of title 10, United States Code, section 712 of the Business Opportunity Development Reform Act of 1988 (Public Law 100-656; 15 U.S.C. 644 note), or section 7102 of the Federal Acquisition Streamlining Act of 1994.

(k) There is hereby established in each Federal agency having procurement powers an office to be known as the “Office of Small and Disadvantaged Business Utilization.” The management of each such office shall be vested in an officer or employee of such agency who shall—

(1) be known as the “Director of Small and Disadvantaged Business Utilization” for such agency,

(2) be appointed by the head of such agency,

SMALL BUSINESS ACT

(3) be responsible only to, and report directly to, the head of such agency or to the deputy of such head, except that the director for the Office of the Secretary of Defense shall be responsible only to, and report to, such Secretary or the Secretary's designee,

(4) be responsible for the implementation and execution of the functions and duties under sections 8 and 15 of this Act which relate to such agency,

(5) identify proposed solicitations that involve significant bundling of contract requirements, and work with the agency acquisition officials and the Administration to revise the procurement strategies for such proposed solicitations where appropriate to increase the probability of participation by small businesses as prime contractors, or to facilitate small business participation as subcontractors and suppliers, if a solicitation for a bundled contract is to be issued;

(6) assist small business concerns to obtain payments, late payment interest penalties, or information due to such concerns from an executive agency or a contractor, in conformity with chapter 39 of title 31, United States Code, or any other protection for contractors or subcontractors (including suppliers) that is included in the Federal Acquisition Regulation or any individual agency supplement to such Government-wide regulation;

(7) have supervisory authority over personnel of such agency to the extent that the functions and duties of such personnel relate to functions and duties under sections 8 and 15 of this Act,

(8) assign a small business technical adviser to each office to which the Administration has assigned a procurement center representative—

(A) who shall be a full-time employee of the procuring activity and shall be well qualified, technically trained and familiar with the supplies or services purchased at the activity, and

(B) whose principal duty shall be to assist the Administration procurement center representative in his duties and functions relating to sections 8 and 15 of this Act,

(9) cooperate, and consult on a regular basis, with the Administration with respect to carrying out the functions and duties described in paragraph (4) of this subsection, and

(10) make recommendations to contracting officers as to whether a particular contract requirement should be awarded pursuant to subsection (a), or section 8(a) of this Act or section 2323 of title 10, United States Code. Such recommendations shall be made with due regard to the requirements of subsection (m), and the failure of the contracting officer to accept any such recommendations shall be documented and included within the appropriate contract file.

This subsection shall not apply to the Administration.

SMALL BUSINESS ACT

(1) (1) The Administration shall assign to each major procurement center a breakout procurement center representative with such assistance as may be appropriate. The breakout procurement center representative shall carry out the activities described in paragraph (2), and shall be an advocate for the breakout of items for procurement through full and open competition, whenever appropriate, while maintaining the integrity of the system in which such items are used, and an advocate for the use of full and open competition, whenever appropriate, for the procurement of supplies and services by such center. Any breakout procurement center representative assigned under this subsection shall be in addition to the representative referred to in subsection (k)(6).

(2) In addition to carrying out the responsibilities assigned by the Administration, a breakout procurement center representative is authorized to—

(A) attend any provisioning conference or similar evaluation session during which determinations are made as to whether requirements are to be procured through other than full and open competition and make recommendations with respect to such requirements to the members of such conference or session;

(B) review, at any time, restrictions on competition previously imposed on items through acquisition method coding or similar procedures, and recommend to personnel of the appropriate activity the prompt reevaluation of such limitations;

(C) review restrictions on competition arising out of restrictions on the rights of the United States in technical data, and, when appropriate, recommend that personnel of the appropriate activity initiate a review of the validity of such an asserted restriction;

(D) obtain from any governmental source, and make available to personnel of the appropriate activity, technical data necessary for the preparation of a competitive solicitation package for any item of supply or service previously procured noncompetitively due to the unavailability of such technical data;

(E) have access to procurement records and other data of the procurement center commensurate with the level of such representative's approved security clearance classification;

(F) receive unsolicited engineering proposals and, when appropriate (i) conduct a value analysis of such proposal to determine whether such proposal, if adopted, will result in lower costs to the United States without substantially impeding legitimate acquisition objectives and forward to personnel of the appropriate activity recommendations with respect to such proposal, or (ii) forward such proposals without analysis to personnel of the activity responsible for reviewing such proposals and who shall furnish the breakout procurement center representative with information regarding the disposition of any such proposal; and

(G) review the systems that account for the acquisition and management of technical data within the procurement center to assure that such systems provide the maximum

SMALL BUSINESS ACT

availability and access to data needed for the preparation of offers to sell to the United States those supplies to which such data pertain which potential offerors are entitled to receive.

(3) A breakout procurement center representative is authorized to appeal the failure to act favorably on any recommendation made pursuant to paragraph (2). Such appeal shall be filed and processed in the same manner and subject to the same conditions and limitations as an appeal filed by the Administrator pursuant to subsection (a).

(4) The Administration shall assign and co-locate at least two small business technical advisers to each major procurement center in addition to such other advisers as may be authorized from time to time. The sole duties of such advisers shall be to assist the breakout procurement center representative for the center to which such advisers are assigned in carrying out the functions described in paragraph (2) and the representatives referred to in subsection (k)(6).

(5) (A) The breakout procurement center representatives and technical advisers assigned pursuant to this subsection shall be—

(i) full-time employees of the Administration; and

(ii) fully qualified, technically trained, and familiar with the supplies and services procured by the major procurement center to which they are assigned.

(B) In addition to the requirements of subparagraph (A), each breakout procurement center representative, and at least one technical adviser assigned to such representative, shall be an accredited engineer.

(C) The Administration shall establish personnel positions for breakout procurement representatives and advisers assigned pursuant to this subsection which are classified at a grade level of the General Schedule sufficient to attract and retain highly qualified personnel.

(6) For purposes of this subsection, the term “major procurement center” means a procurement center that, in the opinion of the Administrator, purchases substantial dollar amounts of other than commercial items and which has the potential to incur significant savings as the result of the placement of a breakout procurement center representative.

(7) (A) At such times as the Administrator deems appropriate, the breakout procurement center representative shall conduct familiarization sessions for contracting officers and other appropriate personnel of the procurement center to which such representative is assigned. Such sessions shall acquaint the participants with the provisions of this subsection and shall instruct them in methods designed to further the purposes of such subsection.

(B) The breakout procurement center representative shall prepare and personally deliver an annual briefing and report to the head of the procurement center to which such representative is assigned. Such briefing and report shall detail the past and planned

SMALL BUSINESS ACT

activities of the representative and shall contain such recommendations for improvement in the operation of the center as may be appropriate. The head of such center shall personally receive such briefing and report and shall, within sixty calendar days after receipt, respond, in writing, to each recommendation made by such representative.

(m) (1) Each agency subject to the requirements of section 2323 of title 10, United States Code, shall, when implementing such requirements—

(A) establish policies and procedures that insure that there will be no reduction in the number of dollar value of contracts awarded pursuant to this section and section 8(a) in order to achieve any goal or other program objective; and

(B) assure that such requirements will not alter or change the procurement process used to implement this section or section 8(a).

(2) All procurement center representatives (including those referred to in subsection (k)(6)), in addition to such other duties as may be assigned by the Administrator, shall—

(A) monitor the performance of the procurement activities to which they are assigned to ascertain the degree of compliance with the requirements of paragraph (1);

(B) report to their immediate supervisors all instances of noncompliance with such requirements; and

(C) increase, insofar as possible, the number and dollar value of procurements that may be used for the programs established under this section, section 8(a), and section 2323 of title 10, United States Code.

(n) For purposes of this section, the determination of labor surplus areas shall be made on the basis of the criteria in effect at the time of the determination, except that any minimum population criteria shall not exceed twenty-five thousand. Such determination, as modified by the preceding sentence, shall be made by the Secretary of Labor.

(o) (1) A concern may not be awarded a contract under subsection (a) as a small business concern unless the concern agrees that—

(A) in the case of a contract for services (except construction), at least 50 percent of the cost of contract performance incurred for personnel shall be expended for employees of the concern; and

(B) in the case of a contract for procurement of supplies (other than procurement from a regular dealer in such supplies), the concern will perform work for at least 50 percent of the cost of manufacturing the supplies (not including the cost of materials).

SMALL BUSINESS ACT

(2) The Administrator may change the percentage under subparagraph (A) or (B) of paragraph (1) if the Administrator determines that such change is necessary to reflect conventional industry practices among business concerns that are below the numerical size standard for businesses in that industry category.

(3) The Administration shall establish, through public rulemaking, requirements similar to those specified in paragraph (1) to be applicable to contracts for general and specialty construction and to contracts for any other industry category not otherwise subject to the requirements of such paragraph. The percentage applicable to any such requirement shall be determined in accordance with paragraph (2).

(p) DATABASE, ANALYSIS, AND ANNUAL REPORT WITH RESPECT TO BUNDLED CONTRACTS.—

(1) BUNDLED CONTRACT DEFINED.—In this subsection, the term “bundled contract” has the meaning given such term in section 3(o)(1).

(2) DATABASE.—

(A) IN GENERAL.—Not later than 180 days after the date of the enactment of this subsection, the Administrator of the Small Business Administration shall develop and shall thereafter maintain a database containing data and information regarding—

- (i) each bundled contract awarded by a Federal agency; and
- (ii) each small business concern that has been displaced as a prime contractor as a result of the award of such a contract.

(3) ANALYSIS.—For each bundled contract that is to be recompeted as a bundled contract, the Administrator shall determine—

- (A) the amount of savings and benefits (in accordance with subsection (e)) achieved under the bundling of contract requirements; and
- (B) whether such savings and benefits will continue to be realized if the contract remains bundled, and whether such savings and benefits would be greater if the procurement requirements were divided into separate solicitations suitable for award to small business concerns.

(4) ANNUAL REPORT ON CONTRACT BUNDLING.—

(A) IN GENERAL.—Not later than 1 year after the date of the enactment of this paragraph, and annually in March thereafter, the Administration shall transmit a report on contract bundling to the Committees on Small Business of the House of Representatives and the Senate.

SMALL BUSINESS ACT

(B) CONTENTS.—Each report transmitted under subparagraph (A) shall include—

(i) data on the number, arranged by industrial classification, of small business concerns displaced as prime contractors as a result of the award of bundled contracts by Federal agencies; and

(ii) a description of the activities with respect to previously bundled contracts of each Federal agency during the preceding year, including—

(I) data on the number and total dollar amount of all contract requirements that were bundled; and

(II) with respect to each bundled contract, data or information on—

(aa) the justification for the bundling of contract requirements;

(bb) the cost savings realized by bundling the contract requirements over the life of the contract;

(cc) the extent to which maintaining the bundled status of contract requirements is projected to result in continued cost savings;
