COMPLAINT COUNSEL’S MEMORANDUM IN OPPOSITION
TO RESPONDENTS’ MOTIONS *IN LIMINE* TO PRECLUDE COMPLAINT COUNSEL
FROM INTRODUCING THE TESTIMONY OF MS. LYNNE GIVENS OPIE AT
TRIAL, TO EXCLUDE RECORDINGS AND TRANSCRIPTS OF RADIO PROGRAMS,
ACCENT RADIO NETWORK WEB PAGE, AND RESPONDENTS’ EDUCATIONAL
MATERIAL

I. INTRODUCTION

On March 16, 2009, Respondents filed Motions *in Limine* (the “Motions”) to exclude the testimony of Ms. Lynlea Givens Oppie and to exclude recordings and transcripts of Respondents’ radio program, a Web page from Respondents’ “Accent Radio Network” Web site, and four of Respondents’ publications. A “motion *in limine*” is “any motion, whether made before or during trial, to exclude anticipated prejudicial evidence before the evidence is actually offered.” *Luce v. United States*, 469 U.S. 38, 40 n.2 (1984); *see also In re Motor Up Corp., Inc.*, Docket 9291, 1999 FTC LEXIS 207, at *1 (August 5, 1999). Evidence should be excluded on a motion *in limine* only when the evidence is clearly inadmissible on all potential grounds.

Hawthorne Partners v. AT&T Techs., Inc., 831 F. Supp. 1398, 1400 (N.D. Ill. 1993); *see also SEC v. U.S. Envtl., Inc.*, 2002 WL 31323832, at *2 (S.D.N.Y. 2002). Complaint Counsel oppose Respondents' Motions, which, for the reasons set forth below, should be denied.

II. ARGUMENT

A. **Respondents' Motion to Exclude the Testimony of Ms. Lynlea Givens Oppie Should Be Denied.**

Respondents ask the Court to preclude Complaint Counsel from introducing the testimony of Lynlea Givens Oppie as a rebuttal witness at trial on the grounds that Complaint Counsel "failed to properly disclose her to Respondents prior to the close of discovery" because Complaint Counsel allegedly provided incomplete contact information for Ms. Oppie. Respondents' Memorandum at 1. However, Respondents do not argue that they were *prejudiced* by Complaint Counsel's actions, which might warrant her exclusion. Moreover, Respondents fail to disclose to this Court that the reason Ms. Oppie was not deposed was really due to their own decisions regarding this witness. First, Respondents delayed contacting Ms. Oppie until just days before discovery was to close, and then they rebuffed Complaint Counsel's offer to assist them in reaching out to Ms. Oppie to schedule her deposition.

Respondents first indicated that they wanted to schedule Ms. Oppie's deposition on January 13, 2009, just a week before the close of discovery. By letter dated January 12, 2009, Respondents informed Complaint Counsel that ". . .we expect to issue tomorrow a deposition subpoena to Ms. Oppie for her deposition next Tuesday, January 20th here in the Pacific NW.

We'll keep you apprised.” Letter from Michael McCormack, Esq. to Ted Zang, dated January 12, 2009, attached as Ex. 1.

Complaint Counsel heard nothing further from Respondents and so on January 16, 2009 Complaint Counsel sent the following e-mail to Respondents' counsel asking:

“Any further word on Lynlea Givens-Oppie? Will she appear on Tuesday? We really need to know today in order to finalize arrangements as to our participation so please let us know before close of business today what the status is. Michael, did you have a chance to send us a copy of her subpoena? We haven't seen it yet.”

E-mail from Carole Paynter to Jim Turner, Betsy Lehrfeld, and Michael McCormack, January 16, 2009, attached as Ex. 2.

Only when asked did Respondents inform Complaint Counsel that they “haven't been able to locate her yet.” E-mail from Michael McCormack to Carole Paynter, dated January 16, 2009, attached as Ex. 2. Complaint Counsel immediately responded: “Do you want me to try and reach out to her to see if she can appear next week? Please let me know.” E-mail from Carole Paynter to Michael McCormack, dated January 16, 2009 attached as Ex. 2. Respondents' counsel was noncommittal and replied: “. . . I'll have to revisit this with our group in light of the 11th hour. As a solo out here, I don't have a backup nor a lot of flexibility in adjusting my schedule on such short notice. We'll figure something out, in any case.” E-mail from Michael McCormack to Carole Paynter, dated January 16, 2009, attached as Ex. 2. As far as Complaint Counsel is aware, Respondents did nothing further to schedule a deposition of this witness. Moreover, at no time did Respondents complain to Complaint Counsel that the reason they did not schedule Ms. Oppie's deposition was because they had received incorrect information.

While Respondents were making last minute efforts to schedule their depositions, on January 13, 2009 – just one week prior to the close of discovery – they filed a motion to stay

discovery and never raised any complaint about being unable to schedule Ms. Oppie's deposition because of Complaint Counsel's failure, which would have been an appropriate time to do so. This Court denied the motion on January 21, 2009, pointing out that allowing discovery to proceed would not unfairly prejudice any party since discovery had been proceeding *since at least November 17, 2008*. Jan 21, 2009 Order Denying Respondents' Motion for Stay of Discovery at 2.

For the foregoing reasons, Respondents' motion to preclude the testimony of Ms. Oppie should be denied.

B. Respondents' Motion to Exclude Radio Show Recordings and Transcripts and the Accent Radio Network Web Page Should Be Denied.

Respondents seek to preclude Complaint Counsel from introducing recordings and transcripts of Respondents' radio show, "Daniel Chapter One Health Watch." Respondent James Feijo and his wife, Patricia Feijo, co-host this radio show. *J. Feijo Dep. Tr.* at 16, 1. 25 - 17, 1. 4.¹ "Daniel Chapter One Health Watch" is broadcast two hours a day, Monday through Friday. *Id.* Respondents assert that the radio shows are not advertisements and do not constitute commercial activity, but instead are "constitutionally protected religious and political speech." Respondents' Memorandum at 2. Once again, Respondents persist in arguing that their representations regarding the efficacy of Bio*Shark, 7 Herb Formula, GDU, and BioMixx (the "DCO Products") in preventing, treating, and curing cancer, are constitutionally protected speech and shielded from the FTC Act's prohibition against unfair and deceptive practices.

¹Copies of the entire depositions of James and Patricia Feijo were submitted to the Court as exhibits in support of Complaint Counsel's Motion for Summary Decision.

Respondents first raised their First Amendment argument in their January 13, 2009 Motion to Dismiss. The Court denied Respondents' Motion to Dismiss in its February 2, 2009, Order, stating that "[t]he Complaint contains sufficient allegations that Respondents are engaging in deceptive commercial speech, including allegations that the Respondents promote and advertise the [DCO Products], that the [DCO Products] are offered for sale at not insignificant prices, and that the advertisements refer to specific products and attributes." Feb. 2 Order at 8. The Court noted that commercial speech – speech proposing a commercial transaction – that is false or misleading can be suppressed, and that "[t]he more limited protection accorded commercial speech permits the FTC to act when necessary to challenge false or deceptive advertising." Feb. 2 Order at 7 (citing *In re R.J. Reynolds*, 1988 WL 490114, *4 (1988)).

It is no surprise that Respondents seek to exclude the recordings and transcripts of their radio show, since this evidence clearly demonstrates that Respondents are advertising their products and engaging in commercial speech. Respondents make bold claims about the efficacy of their products in preventing, treating, or curing cancer, daily on their radio program and encourage listeners to order products using Daniel Chapter One's toll-free number. Although Respondents represent to this Court that the radio show is merely a forum for "free ranging conversations between DCO's leadership and its community that are of an educational nature," such a benign description obfuscates the fact that Respondent James Feijo and Patricia Feijo spend a significant portion of the broadcasts counseling callers on "natural" treatments for a wide variety of health problems. Patricia Feijo, by her own admission, stated that Respondents have counseled cancer patients who have called into the Daniel Chapter One radio program about taking the DCO Products. *Patricia Feijo Dep. Tr.* at 96, 1. 20-25 - 97, 1.1-8. The

transcript for the July 14, 2008 radio program bears this out as during that broadcast, Patricia Feijo advised a consumer whose father was diagnosed with colon cancer that she should get her father “on . . . GDU, BioShark and 7 Herb Formula. And if you can get him to, you know, go right now to the website, How to Fight Cancer Is Your Choice, or you can get him a hard copy from our order center, while we have them.” FTC-DCO 0693-0694 (cited pages of CX 8, Complaint Counsel’s proposed exhibit, are attached). Thus, Respondents’ radio show is merely another avenue by which they have sought to induce consumers to purchase the DCO Products, and their deceptive efficacy claims constitute commercial speech, despite Respondents’ efforts to present their representations as “constitutionally protected religious and political speech.” Indeed, as set forth below, in trying to convince merchants to carry its products, DCO specifically promotes the ability of the radio show to drive store traffic. *See* p. 8 below and CX 22.

Respondents also seek to exclude the “About Us” Web page (“CX 32”) of the “Accent Radio Network” Web site on relevance grounds.² Respondents offer no explanation why CX 32, which describes the radio network, is irrelevant. As noted above, the network is one of the mechanisms through which Respondents peddle the DCO Products. CX 32 helps put the Respondents and their representations in their proper context and is relevant to these proceedings. This exhibit illustrates yet another way that Respondents have engaged in commerce and disseminated deceptive claims to consumers that the DCO Products were effective in preventing, treating, or curing cancer. Indeed, this exhibit confirms that “Daniel Chapter One is [the] main focus” of the network. As set forth below, this evidence is relevant to

²Complaint Counsel have designated the attached proposed exhibit, bates-stamped FTC-DCO 0498, as CX 32.

the allegations of the Complaint and do not prejudice the Respondents in any way. Accordingly, the Court should deny Respondents' motion in its entirety.

C. Respondents' Motion to Exclude Four of Their Print Publications Should Be Denied.

Respondents ask the Court to preclude Complaint Counsel from introducing four Daniel Chapter One print publications: "1) Bioguide;³ 2) The Truth Will Set You Free[!]; 3) How to Fight Cancer is Your Choice[!!!], Cancer Newsletter Millennium Edition [2002]; and 4) How to Fight Cancer is Your Choice[!!!], Cancer Newsletter 2004." Respondents' Memorandum at 3.⁴ Respondents assert that these publications are "educational, political and religious in nature and do not constitute advertisements, promotional material or other commercial activity." *Id.* Respondents also assert that the four publications are not relevant to the issue of substantiation for their statements about the DCO Products. Respondents' Memorandum at 4.

Respondents misapprehend Complaint Counsel's purpose for seeking to introduce these exhibits. These four publications are a major vehicle Respondents use to disseminate their cancer treatment claims and therefore are wholly relevant to Complaint Counsel's argument that Respondents disseminated claims that the DCO Products are effective in preventing, treating, or curing cancer. Accordingly, Respondents' motion should be denied.

³The complete title of the "Bioguide" is "BioGuide: The BioMolecular Nutrition Guide to Natural Health 3 (2005)."

⁴These publications have been designated by Complaint Counsel as CX 21, CX 22, CX 23, and CX 24 respectively. Copies of each of these proposed exhibits are attached to Respondents' motion.

1. BioGuide

The BioGuide consists of numerous DCO product descriptions and testimonials. The following testimonial printed in the BioGuide is illustrative of the serious disease claims

Respondents make:

“I had contracted leukemia and had three inoperable tumors. When I decided not to do chemotherapy or radiation, my father sent me BIOMIXX and 7 HERB FORMULA. Each day as I took it and got it into my system more and more, the better I felt. Then I added Garlic, Siberian Ginseng, and Bio*Shark. I am now in complete remission.”⁵ BioGuide at FTC-DCO 0353 (quoted page of CX 21 is attached).

The BioGuide’s product descriptions also contain cancer and tumor claims. For example, Bio*Shark is described as “[p]ure skeletal tissue of sharks which provides a protein that inhibits angiogenesis – the formation of new blood vessels. This can stop tumor growth” FTC-DCO 0322 (quoted page of CX 21 is attached). Accompanying the product profiles and testimonials are Respondents’ Web site, www.danielchapterone.com, and/or toll-free order telephone number, which are prominently displayed in large-type on nearly every page of the BioGuide.

2. “The Truth Will Set You Free!” Publication

“The Truth Will Set You Free!” publication is a four-page brochure containing “All You Need to Know to Get Your BioMolecular Nutrition Center Started!” FTC-DCO 0382-0385 (cited pages of CX 22 are attached). Like the BioGuide, “The Truth Will Set You Free!” contains testimonials, including those related to cancer. Under the heading, “What Doctors

⁵This testimonial also appears in “Cancer Newsletter, How to Fight Cancer is Your Choice!!!,” Millennium Edition, 2002.

Say,” is the following testimonial from “Dr. Jonas and Marla Marry, Family First Chiropractic, McMurray, PA”:

“My son was diagnosed with a tumor on his left temple. The tumor was extremely aggressive. It was destroying the temporal bone and threatening the orbit of the eye. A friend suggested we speak to Jim and Trish. They suggested 7-Herb, BioShark and GDU, which we bought and started him on. Four months later the whole family is using the products, as well as my patients, and you would never know my son had a tumor.” FTC-DCO 0383.

“The Truth Will Set You Free!” also contains a profile of Respondent Daniel Chapter One, which is referred to as a “company,” and describes the benefits of other companies or individuals becoming “carriers” of DCO products. FTC-DCO 0384-85. Among the carrier benefits listed are:

“Products That Do What They Claim,” “Proven Marketing- This is the only company of its kind to guarantee your success by helping you get clients through your front door. Radio, Internet, and referrals are some of the ways Daniel Chapter One can do this,” **“Live On-Air Referrals -** Daniel Chapter One is the ONLY nutrition company where the owners personally tell thousands of people to visit your office or store. Jim and Tricia field caller’s *[sic]* questions regarding all manners *[sic]* of health concern. . . . they not only answer the questions, but they send the caller right to the nearest Daniel Chapter One product carrier . . . YOU!!! This . . . boosts your sales . . . ,” and **“A Partner Who Provides Support.”** In addition, the publication contains an “Earnings Potential” graph accompanying the description of “carrier guidelines.” FTC-DCO 0384 (emphasis in bold in original).

Respondents’ assertion that this brochure is not promotional material borders on the absurd.

3. **Cancer Newsletter: How To Fight Cancer Is Your Choice!!! [2002 and 2004 Editions]**

Respondents seek to exclude both the 2002 and 2004 editions of their “Cancer Newsletter” entitled “How to Fight Cancer is Your Choice!!!”⁶ (collectively “Cancer Newsletter”).) The Cancer Newsletter, which Respondents have priced at \$5.95, contains

⁶The 2002 and 2004 editions of the Cancer Newsletter are substantially identical.

purported success stories and testimonials as well as product descriptions of the DCO Products, much like the BioGuide.⁷ FTC-DCO 0405 (cited pages of CX 23 are attached). Respondent Feijo testified that the publication is “strictly all about the products for cancer.” *J. Feijo Dep. Tr.* at 143, 1. 17-22. For example in the Cancer Newsletter, Respondents represent that BioMixx “is used to assist the body in fighting cancer and in healing the destructive effects of radiation and chemotherapy treatments.” FTC-DCO 0400. These representations are juxtaposed with a purported success story entitled “Texas businessman has true friends for life,” which recounts a bladder-cancer sufferer’s purported full recovery after taking a series of DCO products, including 7 Herb Formula, Bio*Shark, and BioMixx. *Id.* In addition, like the other two publications challenged in the instant motions *in limine*, the Cancer Newsletter displays both the DCO website and Respondents’ toll-free telephone number through which consumers may order products.

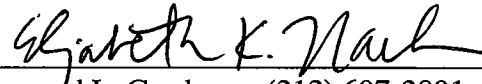

III. CONCLUSION

Respondents are engaged in commerce in selling the DCO Products and have advertised the same to consumers in several written publications, over the Internet, and through their radio program. To meet their burden of proof in this proceeding, Complaint Counsel must be permitted to introduce evidence regarding the serious cancer claims Respondents disseminated and how these claims are presented to consumers. Ms. Oppie’s testimony, Respondents’ radio show recordings and transcripts, the Accent Radio Web page, as well as the four DCO publications that Respondents seek to exclude, are directly relevant to these issues and the

⁷In fact, the Cancer Newsletter even advertises the “[l]atest Bioguide” as available for purchase for “[o]nly \$9.95.” FTC-DCO 0397 (cited page of CX 23 is attached).

allegations of the Complaint and should be admitted at hearing. Moreover, Respondents have not shown any prejudice if this evidence is admitted at trial. For the reasons set forth above, Complaint Counsel respectfully request that the Administrative Law Judge deny Respondents' Motions *in Limine* as to this evidence.

Respectfully submitted,

Re: In Re Daniel Chapter One

Dear Ted:

Enclosed please find our Notices of Deposition to Michael Marino, Lynne Colbert and FTC Designee(s). Jim Turner (and/or Respondents' other counsel in NY for the depositions) will be prepared to discuss logistics with you tomorrow before, during or after the deposition process. I'll be available by phone to the extent necessary.

Please note that we plan to take these depositions in New York, as travel to D.C. will be impossible due to the Inauguration. Also, we expect to issue tomorrow a deposition subpoena to Ms. Oppie for her deposition next Tuesday, January 20th here in the Pacific NW. We'll keep you apprised.

Three more quick notes in anticipation of our "meet and confer" on Thursday. (1) Would you please provide me with a privilege log of all documents withheld pursuant to your claim of privilege? (2) Could you plan to provide me on Thursday with a sampling of the legal authorities that support the claim of "law enforcement" and "investigative" privileges? I'm new to this realm, and so would like some information to better understand this privilege claim. Finally, (3) would you please identify the date the FTC anticipated litigation for purposes of your work-product protection claim?

Thank you.

Best regards,

/s/

Michael McCormack

Subject: Re: Further deposition matters

I only looked in the revised witness list, and didn't see it there. And we had the wrong first name (Lynne, instead of Lynlea). Regardless, I'll have to revisit this with our group in light of the 11th hour. As a solo out here, I don't have backup nor a lot of flexibility in adjusting my schedule on such short notice. We'll figure something out, in any case.

Talk soon.

Importance: High

Good morning, Carole (and everyone):

1. With no address for Ms. Oppie in the FTC Disclosure other than "Seattle," we haven't been able to locate her yet either via the public records or via a casual skip trace. Her deposition will not occur next week, and not at all until we can find (or the FTC can provide) specific contact information for her.
2. I'll have to confer with Jim Turner, et. al. about this. Having juggled my schedule for next week already to accommodate the change from deps on Wed. to deps on Thursday, I'm presently required to fly out of NY early Friday morning. In any case, we'll figure something out on our end and get back to you ASAP.

Thanks.

On Jan 16, 2009, at 8:34 AM, Paynter, Carole A. wrote:

Hi Jim, Betsy and Michael:

I am just following up further on deposition matters:

Any further word on Lynlea Givens-Oppie? Will she appear on Tuesday? We really need to know today in order to finalize arrangements as to our participation so please let us know before close of business today what the status is. Michael, did you have a chance a to send us a copy of her subpoena? We haven't seen it yet.

As to the other scheduled depositions, the FTC witnesses who are coming from Washington on Thursday are only scheduled to be here for one day and we were wondering whether we could really squeeze them and our investigator in on Thursday. Since we now re going to ask for the additional 2 days to take depositions, we suggest that the depositions proceed as follows:

3/20/2009

Thursday 1/22/09 – Lynne Colbert and Rich Cleland;
Friday 1/23/09 – Michael Marino and Jill Feijo as DCO financial representative.

The only caveat with this is that the FTC witnesses for Thursday are planning to be here at 10:30 am. since it was anticipated that Michael Marino would be deposed first. If we can get them to be here to start at 10 we will try to do that. Regardless of it's a 10:30 or 10:00 am start time, would the proposal schedule work for you? Also, I will be sending you a notice for Jill Feijo's deposition shortly.

About us |

Accent Radio Network was born in the summer of 2000. Jim Feijo of Daniel Chapter One founded the network. It was brought about for the purpose of promoting a God-centered view of health and healing. Through their radio show, Daniel Chapter One HealthWatch, Jim and Tricia Feijo have helped thousands of people get back to God's plan for health, directly from His word. They were equally concerned with exposing the deceptions of Satan in the FDA and Pharmaceutical drug companies. After airing their show on a couple of different networks, Jim and Tricia thought it would be best to put together their own network. This sounded like a great idea, but how would they go about getting it done? After much prayer and thought, they called Jay Harrison who had produced their show at another network. Immediately Jay got to work on building a network capable of airing their message of hope nationally.

Though Daniel Chapter One is our main focus, we've also added shows over the years that provide information on what's happening in our world from a conservative political perspective. Our program line-up is very diverse. Our show content consists of health info, current events, old-time radio, and more. We at ARN are concerned with magnifying Jesus Christ, and we strive to follow His leadership and direction in our jobs as well as our personal lives. It excites us to see Him actively working to make our network what He wants it to be, which is what we desire. We want to make it clear that whatever changes are made in the future of ARN will be brought about by God alone. We hope stations that share a similar philosophy to ours will join ARN and help bring back the correct focus in our nation.

TESTIMONY

Cancer Brain Tumor

Tracey Kulikowski, 32
CA

The doctors had pretty much given up on Tracey. She had leukemia and tumors on the brain, behind the heart and on her liver.

The doctors had pretty much given up on Tracey. She had leukemia and tumors on the brain, behind the heart and on her liver.

The allopathic methods of dealing with the advanced cancer would be more chemotherapy. She had gone the chemo and radiation route just months before and knew her weakened body could not endure another round of chemo.

The doctor tried to pressure Tracey into taking chemo and she refused, angering the doctor. Her rejection of his chemo protocol led to a heated argument in his office and Tracey decided to take control of her own recovery.

A woman that Tracey had befriended while in the hospital accepted the chemo treatment and the unfortunate result was that her friend died.

Sherman "Red" Smith
Cooper Landing, AK

This is Tracey's story in her own words as told in 1997:

"I had contracted leukemia and had three inoperable tumors. When I decided not to do chemotherapy or radiation, my father sent me BIOMIXX and 7 HERB FORMULA. Each day as I took it and got it into my system more and more, the better I felt. Then I added Garlic, Siberian Ginseng, and Bio Shark.

I am now in complete remission. The cancer cell count has dropped, the doctors tell me. I had a tumor just above the brain stem in my brain that has completely disappeared. The tumor on my liver is shrinking and the tumor behind my heart has shrunk over 50%. My weight, which dropped to 103 pounds, is on an uphill. There are alternatives besides chemo and radiation!

By May 1998, Tracey was free of cancer!

Tracey, FREE of leukemia, brain, heart, and liver tumors using DC1 products, was given no hope by doctors that summer of 1997 when she refused chemo and radiation. She continues to live well, free of cancer, and is so busy working and traveling it's hard to get a hold of her!

Lowered PSA

My GOOD NEWS is that my PSA went from 6.9 to 6.0 after I finished using my first four bottles of 7 Herb Formula, in combination with your Bio C 1000, C DU and other minerals and vitamins. I believe it was your products that did the trick. I had been taking other minerals and vitamins for quite a few years, but developed a prostate cancer - a mild type and so I added your products since my PSA kept increasing. It has now reversed direction and other symptoms are improving as well. At 77, I feel strong, healthy, and ready to carry on with my share of the everlasting fight for FREEDOM!"

Beta 7 Sublingual:

Combination of plant sterols necessary for natural muscle growth. Effective for both men and women. Increases growth hormone release, insulin release, and amino acid uptake. **GIVES YOU A NATURAL PUMP!** Beta 7 combines several all natural plant sterols and natural plant origin hormone precursors and cyclic nucleotides. Unlike synthetic anabolic steroids, Beta 7 is safe for men and women and does not have harmful side effects. Biometabolic activities targeted by Beta 7 include increase of endocrine steroidogenesis, increase in GH release, normalization of insulin activity, accentuating amino acid uptake, and maximizing lean body (muscle) mass.

BioMixx:

Delicious Chocolate flavor. Mix into water, milk, or soymilk. Helps detox the body, boosts immunity and energy. This unique BioMolecular formula is set apart from even our original formulas ENDO24, PrePost, TPBplus and Mega Gains. What separates BioMixx is that it was developed specifically to maximize the immune system, particularly for those individuals whose immune systems were compromised through chemotherapy and radiation. See page 28 for detailed information.

Bio*Shark:

Pure skeletal tissue of sharks which provides a protein that inhibits angiogenesis - the formation of new blood vessels. This can stop tumor growth, and halt the progression of eye diseases such as diabetic retinopathy and macular degeneration. Should not be used by pregnant women, or immediately after heart surgery. Shark cartilage may also reduce the pain, inflammation, and joint stiffness of arthritis, alleviate inflammatory bowel disease, and reverse psoriasis. Shark cartilage is an excellent source of Calcium, Phosphorus, amino acids, and a family of carbohydrates called mucopolysaccharides (sulfated Oligosaccharides and Chondroitin Sulfates A and C).

*In summary, Bio*Shark works to reduce inflammation and swelling, affects the formation of new blood vessels and provides essential nutrients for healing.*

Warning: If you are pregnant, nursing a baby, recovering from recent surgery, or have a heart or circulatory condition, consult a health professional before using this product.

ElectroCarbs:

Calcium, Magnesium, Sodium, and Potassium Electrolytes in perfect ratio plus vitamin C to replenish the body during times of stress and extreme heat. Prevents muscle cramping, helps regulate heart beat. Similar ratio of potassium/sodium as in a banana! Other sports drinks on the market are using the trendy sweeteners that can cause a hyperosmolar state, so water being drawn to the stomach. ElectroCarbs does not cause hyperosmolarity, therefore dehydration and loss of vital electrolytes are prevented. The final result is a combination of performance glucose, maltodextrin, and electrolytes that give you the desired fuel. It is essential for athletes and is the best electrolyte product for you!

ENDO24

Specializes in muscle tissue recovery and growth. The base is egg-white and soy protein and includes complex carbohydrates derived from grains.

ENDO24: THE FIRST AND STILL THE BEST! Daniel Chapter One has been using its ENDO24 BioMolecular food source for almost 15 years. ENDO24 is the world's first Soy based multi-nutritional supplement. Years of study and research helped Jim Feijo discover the benefits of using Soy as a protein base for overall better health.

ENDO24's main characteristic, separating it from any other nutritional product, is that its 70 nutrients assimilate as quickly as water. Eight ounces of water will empty out of the stomach in fifteen minutes. This is important for a number of reasons since the delivery of proteins, carbohydrates and the nutrients in ENDO24 will be made available for the many biochemical needs of the cells and the immune system for health and healing immediately.

Continued on page 69

ENDO24 is the world's first Soy based multi-nutritional supplement.

welcome

Do you want to help others live healthier, happier, more fulfilled tomorrows? If the answer is yes then Daniel Chapter One's principle of BioMolecular Nutrition is your step in the right direction. Our goal is to make the body better.

All around us are hundreds of thousands of natural healing aids, and yet, everyday we put unnatural substances into our bodies to combat ailments or to increase athletic performance. We were put on this earth with all the necessary natural elements to survive, yet the conventional medicine in America has relied upon man-made or chemically altered substances.

Everyday more and more people are seeking the natural approach to health and healing practices. Health stores are opening up all over the country, but there is a demand for nutritional direction that is not being met. Daniel Chapter One can fulfill that need with **AMAZING RESULTS!**

doctors

Many doctors want to know about Daniel Chapter One and its unique way of healing people. Our dedication to all-natural health and healing has provided many people with a new outlook on life. It was the truth in God's creation that provided that outlook. Now you have a chance to provide your patients with the God-given answer to their questions.

centers

Daniel Chapter One has provided Nutrition Centers with the highest quality product line available. Nutrition Centers can provide products for both athletes as well as people looking for creative answers.

coaches

Athletes and coaches know full well what Positive Nutrition means to an athlete or team. Daniel Chapter One Sportsline was formed by Daniel Chapter One many years ago to support the athlete in his/her search for this edge. Many athletes and teams of all levels have benefited from this advanced group of products.

mission

The mission here at Daniel Chapter One is to support health and healing using all-natural products of the highest quality. After years of personally helping thousands of people, we have developed the theories of BioMolecular Nutrition. Our mission at Daniel Chapter One is simple: we are here to help everyone attain a better quality of life through principles that are true in God's creation.

concept

Daniel Chapter One's BioMolecular Nutrition is the in-depth understanding of the molecular structures of foods and the chemical and physiological impact they have on the body. The goal of Daniel Chapter One was to develop a product line that combines proteins, carbohydrates, vitamins, and minerals, in a form that the body can assimilate immediately. Daniel Chapter One was able to accomplish the science of BioMolecular Nutrition through ionic and isotonic chemistry. The body absorbs these essential nutrients as they are in water, and can use them within minutes with no energy lost through the digestive process. These principles were originally developed for the military and quickly applied to athletics leading to key research on health, energy, and performance.

Call Daniel Chapter One

what doctors say

"My son was diagnosed with a tumor on his left temple. The tumor was extremely aggressive. It was destroying the temporal bone and threatening the orbit of the eye. A friend suggested we speak to Jim and Tricia. They suggested 7-Herb, BioShark and GDU, which we bought and started him on. Four months later the whole family is using the products, as well as my patients, and you would never know my son had a tumor. We thank God, for giving us the courage and strength to get through this."

Dr. Jonas and Maria Marry, Family First Chiropractic, McMurray, PA

what centers say

"I've spent well over 20 years in the health care field as a registered pharmacist, working in both hospital and retail. In the past 5 years I've dealt strictly with natural (non-prescription) remedies and have personally witnessed miraculous healings using God-given foods and supplements. The products that Jim and Tricia are working with in the Daniel Chapter One nutrition line is exactly what I was looking for and I'm absolutely confident that my clients will benefit tremendously from their use."

Alan Bengtson, R.Ph. Nature's Pharmacy, Altosna, FL

what coaches say

"Spending all day at track meets, it's hard for an athlete to get the proper nutrition and energy for his or her recovery. Daniel Chapter One's PrePost, ElectroCarbs, and AM*PM provide us with the best alternative to eating a bulky meal. They provide the taste and effectiveness!" "We take ElectroCarbs! It's the best product I've ever seen as far as providing energy during a practice line."

Bryan Fetter, Collegiate Judo Coach, Track & Field

health talk radio

Welcome to Daniel Chapter One HealthWatch. This is the only program that boldly cuts through the confusion and deception of what Jim and Tricia call "medical madness". HealthWatch informs a wide ranging audience about how eating healthily and treating illnesses naturally can have a powerful impact on anyone's life. **With billions of dollars** spent on prescription drugs and natural remedies, listeners need an honest and caring response to their health concerns. HealthWatch provides that voice by explaining the pitfalls of allopathic medicine and provides clear insight into the world of natural healing. **The world's voice** in the Science of BioMolecular Nutrition! Jim founded the science of BioMolecular Nutrition in 1986. He has lectured and lead research worldwide. He has also formulated countless cutting edge nutritional products. **Jims'** incredible knowledge and energy are captivating. Once you begin to listen you're hooked! Jim can be outrageous, but always with a purpose to wake people up and get them thinking about the truth. **Tricia Feijo**, the other half of this dynamic team, is a classical Homeopath with a practice in New England. Her soothing voice and rational explanations add balance and symmetry to this phenomenal show! **Health and Healing** is on everyone's mind these days, and HEALTHWATCH provides the very best advice for all those important health and healing questions people have today!

benefits

Patient/Athlete Satisfaction- Supplying people with natural alternatives, giving them a strong nutritional foundation leads to higher satisfaction. They are happier because they are no longer in need of harmful drugs, while at the same time they get the results they deserve.

Products That Do What They Claim- Daniel Chapter One has developed the Highest Quality nutritional supplements on the market today. Each product we have developed contains the highest-grade ingredients to ensure that our products work! We stand behind each and every product.

A Supplier That Is Dependable- Daniel Chapter One is a supplier that is committed to making sure you have what you need. Most orders take 3 days to receive.

A Partner Who Provides Support- Daniel Chapter One provides a point of contact that will be able to give you qualified answers and support when you need it.

Live On-Air Referrals- Daniel Chapter One is the ONLY nutrition company where the owners personally tell thousands of people to visit your office or store. Jim and Tricia field caller's questions regarding all manners of health concern. They not only answer the questions, but they send the caller right to the nearest Daniel Chapter One product carrier...YOU!!! This not only boosts your sales, but it also boosts your... and pay...

Proven Marketing- This is the only company of its kind to guarantee your success by helping you get clients through your front door. Radio, Internet, and referrals are some of the ways Daniel Chapter One can do this.

Financial Rewards- With a great markup on all of the products, it is the best way to invest back into your business/practice. An average clinic could gross over 100,000 per year.

Finally......to implement, gets... referrals, and... and pro...

Today and make a difference! 1-800-504-5511

what people say

"Logan wasn't able to nurse, and if he was awake he'd be screaming. My Mom told us about Daniel Chapter One, and when Logan was just one month old we started giving him 1-2 scoops of AM*PM, 1/4 tsp. A&B BioTropics, and 1/4 tsp. IG-Factors in 4 ounces of water in a bottle. It was like he was reborn! After that, he was a happy little guy. His stomach doesn't hurt anymore. Now if he's awake, he's happy.
Elizabeth Sloan Kebberty

what people say

"I went in for a breast exam by mammography. On 10/3/01 they said they found a mass that they believed was not cancerous, but benign. I began taking GDU six times a day: 2 before breakfast, 2 before lunch, and 2 before dinner, and in a month I went to my doctors for the breast exam, and he found nothing on either breast. I got another bottle of GDU and the Herbal Fat Burners, which I took twice a day. In April I had my 6-month exam and the letter read: "We are pleased to inform you that the results of your recent breast evaluation are normal." Praise GOD!"
Deloris Winter, Age 52, Lakeland, FL

what people say

"Everything seems to be going well with my recovery. The AMPM formula is awesome! I think the chocolate flavor is the best. Thanks again for all you have done! Also, The 7 herb that you sent, I gave it to my dad and it worked miracles for him, he has had a lot of tests done over the past couple of years and nothing they have given him has worked like that. Thanks again for your help with all my family's problems. In Him,"
JD DREW, Professional Baseball

danielchapterone

Jim Feijo, founder of DANIEL CHAPTER ONE and of the science of BioMolecular Nutrition, holds a Bachelor of Science in Health, Biology, and Physical Education and a Master of Education in Psychological Services from Springfield College.

An expert on Sports Training and Fitness, Jim has lectured and lead research nationally and internationally at the Beijing Research Institute of Sports Science, Hong Kong Sports Institute, Sanford University, University of Rhode Island, Springfield College, Columbia University, U.S. Navy War College, Northeastern University, Boston College, University of Albany, University of Alabama and Auburn State.

Jim's coaching experience spans from high schools to the semi-pros, and he has trained many world-class athletes. His BioMolecular Nutritional System for monitoring and maximizing muscle gain and fat loss has been published in the Journal of Sports Medicine. Before founding Daniel Chapter One, Jim taught Physics, Chemistry and Biology.

A classical Homeopath, Tricia graduated from the New England School of Homeopathy, and continues advanced study under world renown homeopathic physicians, most notably Dr Luc De Schepper of the Renaissance Institute of Classical Homeopathy. She has practiced Homeopathy in R.I. for 10 years, and takes select out-of-state cases by phone.

Besides hosting her own radio talk show with Jim, she has appeared on several other radio and television shows to discuss the benefits of natural healing. She has authored a newspaper column entitled "Wise and Simple", and presently writes "HealthWatch" for The Good News newspaper in R.I. She lectures to parent and church groups, and annually presents Homeopathy at U. Mass. Dartmouth for the Graduate Nursing program.

Prior to attending U. Mass. Dartmouth as an English/Writing major, Tricia worked for several years as a lab technician in cancer research, and later at an HMO health clinic.

Tricia's interest in natural foods and healing, along with Jim's interest in biochemistry and herbs, led them to establish DANIEL CHAPTER ONE together in 1986.

This package is intended to provide information, and not to replace the wisdom of God and His Creation. It is not intended to diagnose or treat disease. Caution: some herbs or supplements should not be mixed with certain medications.

The Power of Advanced Biomolecular Nutrition

Bio-molecular nutrition was first established in 1986 by Daniel Chapter One and has expanded and improved since then. In 1991, the results and accomplishments of Daniel Chapter One reached China and Jim Feijo, founder of Daniel Chapter One and World Sports Nutrition, was invited by the Chinese government to conduct studies at the Beijing Research Institute of Sports Science. Jim led Chinese researchers in two studies involving world-class Chinese athletes, judo and weight lifting. After the conclusion of these studies, Dr. Li invited Jim to lecture to the institute's scientists.

At that time, Jim Feijo was invited to conduct studies and lecture at the Sports Research Center in Moscow. The science of Bio-Molecular nutrition is available to you through the research done by Daniel Chapter One and World Sports Nutrition.

Declared Free of Cancer

"Yeah, Tracey can't keep her feet on the ground these days, she has been declared free of cancer."

-Ed Kulikowski, Florida

Texas businessman has true friends for life

Florida family shares its discovery of Daniel Chapter One success

What are friends for?

The answer to that question is personified in the Dellinger family of Milton, FL. Drew, 37, and his parents, Dean and Dorothy, have been using Daniel Chapter One products for about a year and are enthusiastic about the results. The Dellingers heard Jim and Tricia's Daniel Chapter One HealthWatch radio show in Milton and ordered products that they say had remarkable results.

The Dellingers wanted to share their discovery with family friend, Dick N. of Garland, Texas, who has been suffering from emphysema, 18% capacity in one lung and 27% in another, and bladder cancer.

They employed the persuasive powers of a mutual friend, Ed Kulikowski, whose daughter Tracey (See related story on opposite page) is cancer-free as a result of using the Daniel Chapter One products.

Mr. Kulikowski contacted the Texas Oil company executive and said that the Dellingers were willing to provide him with Daniel Chapter One products for his breathing problems and problems associated with his cancer.

Drew Dellinger said the family friend received the package of products and hesitated to use them.

The package included 7 Herb Formula, AM*PM, Herbal Blast, Bio Shark and Bio*Mixx.

The Texas oil executive reportedly downed six ounces of 7 Herb Formula right away and as soon as he did, Drew said, Dick N. felt as though an "electrical wave" went through his system. Drew said his friend told him that he began shaking.

Dick didn't know what was going on, Drew Dellinger said. He reportedly asked his wife, Carmen, "You reckon this stuff will kill me?"

Every 15 minutes, she would bring AM*PM, 7 Herb, or Herbal Blast for Dick to drink, Drew reported.

What were the results for a man with partial use of his lungs and someone who had undergone several operations for cancer? He quickly began breathing better and is now off oxygen during the day but stays on it while sleeping. The excruciating pain that accompanied urination is gone.

According to Drew, the Texas businessman is back to work and telling people he never felt better.

He said that Dick told him the employees think he has been drinking because he seems like his jovial, energetic self.

The Dellingers are pleased they could come to the rescue of their friend. They said they have so much faith in Daniel Chapter One that it simply seemed the right thing to do to help their friend in a struggle to regain his health.

Bio Mixx™

How does
Bio Mixx work?
Boosts the
immune system, cleanses the
blood and feeds the endocrine
system.

Bio Mixx is a combination of numerous herbs, vitamins, minerals, enzymes, amino acids and essential biomolecular nutrients. The purpose of this formula is to provide man natural immune-boosting properties in one tasty product. These include IGF-One, a natural gamma globulin complex essential for overall immunity with natural anti-fungal, antibacterial and anti-viral properties. Bio*Mixx is a foundational nutritional product.

Some other important herbs in Bio*Mixx include: Goldenseal, an antibacterial, Echinacea, an anti-viral, and Ginseng, an adaptogen that brings all body properties in to balance for overall wellness. Bio*Mixx boosts the immune system, cleanses the blood and feeds the endocrine system to allow for natural healing. It is used to assist the body in fighting cancer and in healing the destructive effects of radiation and chemotherapy treatments.

Doctors gave up on Michigan man

When Jim Feijo greeted Richard Nelson, a talk show caller from East Grand Rapids, MI, with "How are you doing Richard," he received this short reply: "Lots better now." There was more.

The caller went on to explain his situation. He is living proof that doctors may be wrong in surrendering to defeat in life and death situations.

Richard went into the hospital for treatment of a hernia and doctors broke the shocking news to him ~ melanoma. The outcome prediction was grim.

It was in August of 1997 when Richard's cancer was discovered and he was soon undergoing chemotherapy.

Even with treatment, he was told he would only have nine months to live.

An angel he says, in the form of his brother-in-law, told him he had heard Daniel Chapter One HealthWatch and listened to Jim and Tricia Feijo talk about the success of 7 Herb Formula in helping people with cancer.

"My brother-in-law asked me if he bought me the 7 Herb, would I take it and I assured him I would," Richard said on the coast-to-coast broadcast that was originating from Las Vegas, NV.

Richard reveals: "I had lost my faith. After my fourth treatment with chemo, the cancer masses stayed constant. I started taking the 7 Herb and that tumor was shrinking. At the last treatment, I was told the tumors had liquid centers and were on the verge of drying up. Then I had a CAT scan and it was found that there has been massive tumor shrinkage."

Jim Feijo called the Richard Nelson story a great example of how people can come to the rescue of others.

Pre-Cancerous Growths & Acid and Heartburn

"And the most amazing thing was when I had my upper G.I. in September, and the X-ray showed nothing there. Before, I had bad pain constantly...by then, nothing."

~Kathy Colton

After using 7 HERB and other DC1 products for pre-cancerous growths and for acid & heartburn.

Bio Shark™

In 1983, two researchers at the Massachusetts Institute of Technology published a study showing that shark cartilage contains a substance that significantly inhibits the development of blood vessels that nourish solid tumors, thereby limiting tumor growth. This effect is called anti-angiogenesis.

Scientists recognize the benefits of starving a tumor to limit its growth. They have been looking for a drug to patent that can do the same thing as shark cartilage. They say the answer to curing cancer lies in preventing angiogenesis ~ the formation of blood vessels which feed the tumor. These scientists are trying to replicate what God has already presented to us so that they can claim rights to it, patent it and make a lot of money. But man can never lab synthesize a product and make it exactly the same ~ and all drugs have harmful side effects.

Researchers have also demonstrated that shark cartilage can reduce the inflammation and pain associated with arthritis, alleviate psoriasis and have a positive effect on other degenerative diseases.
