**Analysis of Proposed Consent Order To Aid Public Comment**

The Federal Trade Commission ("Commission") has accepted, subject to final approval, an Agreement Containing Consent Orders ("Agreement") from MacDermid, Inc. ("MacDermid") and Polyfibrion

Technologies, Inc. ("Polyfibrion") to resolve competitive concerns arising out of MacDermid's proposed acquisition of Polyfibrion. The Agreement includes a proposed Decision and Order (the "proposed Order") which would require MacDermid and Polyfibrion ("respondents") to divest the Polyfibrion business of producing and selling liquid photopolymers; to terminate their respective agreements to distribute sheet photopolymers in North America (MacDermid's 1998 distribution agreement with Asahi Chemical Industry Co., Ltd. ("Asahi"), and Polyfibrion's 1995 distribution agreement with BASF Lacke + Farben AG ("BASF")); and to cease and desist from inviting, entering into or participating in any agreements with other photopolymer manufacturers that have as their effect any allocation, division or illegal restriction of competition. The Agreement also includes an Order to Maintain Assets which requires respondents to preserve the Polyfibrion business of producing and selling liquid photopolymers as a viable, competitive, and ongoing business until the divestiture is achieved.

The proposed Order has been placed on the public record for thirty (30) days for reception of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the Commission will review the Agreement and comments received and decide whether to withdraw its acceptance of the Agreement or make final the Agreement's proposed Order.

The proposed complaint alleges that the acquisition, if consummated, would violate Section 7 of the Clayton Act, 15 U.S.C. 18, as amended, and Section 5 of the Federal Trade Commission Act ("FTC Act"), 15 U.S.C. 45, as amended,
