AND CIVILIAN MORALE, WELFARE RECREATION (MWR) ACTIVITIES

Ref: (a) SECNAVINST 5300.22B

(c) MCO 7010.18
(d) MCO 7510.2D

Encl: (1) Operational Procedures for Civilian NAFI's and MWR
Activities

1. Purpose. To publish instructions concerning the operations and requirements of managing civilian nonappropriated fund (NAF) activities as per references (a) and (b).

2. Scope. This Order applies to all commands having civilian NAF instrumentalities.

3. Background. Reference (a) transferred management of the subject program from the Office of Civilian Personnel Management to the Commandant of the Marine Corps. This Order issues instructions within the Marine Corps to supplement reference (b).

4. Administration

a. The enclosure contains instructions required to establish a Marine Corps Civilian NAF program. Civilian welfare and recreation activities are nonappropriated funds established to provide approved welfare and recreational programs for the civilian employees of an installation. Any establishment and operation of such an activity must be in conformance with this Order. These instructions are to be used in conjunction with the Department of the Navy policies and procedures in reference (b).

b. The Commandant of the Marine Corps advocates the conduct of morale, welfare and recreational programs which promote the optimum mental, social and physical well-being of its civilian employees. The extent of encouragement by the command depends upon such factors as the availability of adequate community facilities and the needs and interests of employees. Since the Comptroller General has ruled out the use of appropriated funds

for salaries of civilian employees in developing, organizing, or supervising recreation programs for civilian employees, it is necessary that the development of recreation programs are through the direction and leadership of organized employee recreation associations or groups. Employee welfare associations included under this section will not engage in welfare projects or programs properly within the province of established public or private agencies. Command sponsored activities must be directly concerned with the employees or their immediate families.

c. Financial management and reporting requirements of civilian NAF's are per reference (c).

d. Auditing of the financial records and administration of the civilian activities are covered in reference (d).

5. Action. Commanders will comply with the instructions contained in this Order.

CHAPTER 1

CIVILIAN NONAPPROPRIATED FUND (CIVNAF) INSTRUMENTALITY ACTIVITIES

1000. OPERATING PRINCIPLES AND PROCEDURES. Marine Corps civilian nonappropriated fund instrumentalities will operate facilities and services, when established, effectively and efficiently serving the needs and interests of the employees of each Marine Corps installation. All employees have the opportunity to participate in any officially established civilian NAF. Food services, welfare or recreation NAFs may be combined under one association, so long as they maintain separate accounts for each program.

1001. ESTABLISHMENT. Commands may establish civilian NAFIs per this Order. Following its establishment, the appropriate board or council will state in writing the official policies and procedures for its operation. Provide the Commandant of the Marine Corps MPC-30 copies of the procedures.

1002. BOARDS AND COUNCILS. A board or council supervises and directs a separate or combined civilian NAF. The board or council will normally consist of five to seven members, appointed by the Commanding General or Officer or designate, or may be entirely or partially selected through an elective or nominating process. Board members must be full-time civilian employees of the instrumentality and may not be contractor employees. An occasional exception may be made involving membership of military personnel on boards, where there is joint participation of military and civilian personnel in the civilian NAF. In these cases the majority of the board are civilian employees. Rotate membership on boards biennially to permit change of members and to ensure equal representation of all employees. The Base or Station commander will assign to the board or council responsibility for developing, recommending, and executing plans, policies and procedures for operating within the provisions of this Order. Since the function of the board or council is a command responsibility, conduct the business during regular working hours.

1003. RESPONSIBILITY OF THE CIVILIAN PERSONNEL OFFICER. The CPO will represent the commanding officer, advise the board or council, and serve as the official liaison between the board and command. The CPO, or representative, attends all meetings. Neither the CPO nor the representative will be a voting member of the board; nor assume any accounting, bookkeeping or record keeping duties for the board. Other staff members of the CPO will be similarly restricted.

1. According to Title 5 USC 2105(c), employees of civilian NAFs are exempt from coverage under any laws administered by the Office of Personnel Management and from the provisions of Subchapter I, Chapter 81, Title 5 U.S.C. However, as employees of instrumentalities of the Government, employees of civilian NAFs are Federal Employees. As a result, they are subject to certain Federal Statutes and Executive Orders and to policies and regulations issued by the Commandant of the Marine Corps. They are also entitled to certain benefits, such as unemployment insurance.

2. Provisions for duty-connected death and disability compensation for civilian NAFs employees must be made through insurance or other means, under subchapter II, Chapter 81 of Title 5, U.S.C. and Title 33, U.S.C.

3. DOD Directive 1401.1-M, SECNAVINST 5300.22A, and MCO P5300.9 apply to all NAF employees, including those of civilian NAFI's. Personnel management will be in accordance with applicable statutes and regulations, including the above.

1005. DISESTABLISHMENT. A civilian nonappropriated fund instrumentality may be disestablished at the discretion of the command, based upon an evaluation of the needs and desires of the employees. The discontinuance will not be taken without at least 30 days advance notice of the proposed action, with reasons for the discontinuance, to the Commandant of the Marine Corps (MPC-30). When a fund is disestablished under the above conditions, or where a base or station closure, or transfer of function requires discontinuance, residual funds will be directed to the Marine Corps Central Civilian Fund, Headquarters, U.S. Marine Corps (MPC-30), unless provisions are made to transfer of funds to a successor organization. Residual funds will consist of cash and other assets remaining after outstanding obligations of the fund have been met. 1006. PROHIBITED PRACTICES. Civilian NAF activities cannot purchase, for resale, alcoholic beverages or real estate either in their own name, or in that of the Commandant of the Marine Corps.

1007. USE OF INCOME. Civilian NAF's should maintain sufficient funds to ensure financial stability but should avoid the accumulating of excess funds. As a general rule, reserve funds of all types should not exceed an amount sufficient to cover usual operating costs for a 60-day period. All other income from food service and associated services should be used first for improving food services and facilities and secondly, for welfare and

1008. ACCOUNTING PROCEDURES. Operate the facilities and services of nonappropriated fund commands, or financed from nonappropriated funds, under the accounting procedures in NAVSO P3520.

1009. NAVY SUPPLY SYSTEM. The Navy supply system will permit civilian NAF's, within certain limits, to purchase stock items. The principle exclusion for procurement through this source concerns subsistence items. Consult the activity procurement officer to determine the availability of items and procedures for purchasing.
