VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110.

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. *Performance Measures:* The success of the Training Program is measured by its cost-effectiveness based on the number of TRIO project personnel receiving training each year; the percentage of Training Program participants that, each year, evaluate the training as benefiting them in increasing their qualifications and skills in meeting the needs of disadvantaged students;

and the percentage of Training Program participants that, each year, evaluate the trainings as benefiting them in increasing their knowledge and understanding of the Federal TRIO Programs. All grantees will be required to submit an annual performance report documenting their success in training personnel working on TRIO-funded projects, including the average cost per trainee and the trainees' evaluations of the effectiveness of the training provided. The success of the Training Program also is assessed on the quantitative and qualitative outcomes of the training projects based on project evaluation results.

5. *Continuation Awards:* In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

prosecution of participants in such fraud, or abuse; (2) improving the efficiency, quality, and accuracy of existing data collected by the Department; (3) conducting data modeling for indications of fraud, waste, and abuse, and internal control weaknesses concerning Department programs and operations, the results of which may be used in the conduct of audits, investigations, inspections, or other activities as necessary to promote economy and efficiency and to prevent and detect fraud, waste, and abuse in Department programs and operations; and (4) coordinating relationships with other Federal, State, local, or foreign agencies or other public authorities responsible for assisting in the investigation, prosecution, oversight, or enforcement of violations of administrative, civil, or criminal law or regulations.

2. On page 61410, first column, under the heading "Routine Uses of Records Maintained in the System, including Categories of Users and the Purposes for Such Uses", the paragraph labeled "(1) *Disclosure for Use by Other Law Enforcement Agencies*", is revised to read as follows:

"(1) *Disclosure for Use by Other Law Enforcement Agencies*. The Department may disclose information from this system of records as a routine use to any Federal, State, local, foreign agency, or other public authority responsible for enforcing, investigating, prosecuting, overseeing, or assisting in the enforcement, investigation, prosecution, or oversight of, violations of administrative, civil, or criminal law or regulation if that information is relevant to any enforcement, regulatory, investigative, prosecutorial, or oversight responsibility of the Department or of the receiving entity."

security personnel who check each individual entering the building for his or her employee or visitor badge. All data maintained in the system of records are kept on a secured and restricted private network and stored in a combination locked computer laboratory. ODAS is housed within a secure and controlled computer lab. Physical access to the lab is by authorized OIG personnel only. The general public does not have access to ODAS.

All information stored in this system is secured by using database encryption technology and is resistant to tampering and circumvention by unauthorized users. Access to data by all users will be monitored using both automated and manual controls.
