To Whom It May Concern:

I think that the idea of an "opt-out" box, FACTA Prescreen Rule Project No. R411010, is a great idea. It is a fantastic protection policy that I think will be a nice improvement. If this policy is enforced than it will definitely be used by many families (especially mine.)

Protection is a major factor in many problems. When one receives these credit card/insurance applications with ones' name and address printed on it and someone else (with no courtesy toward other people) gets a hold of it they may use it to benefit themselves by buying things without having to pay for things (because the bill ends up at the innocent persons' house.) With the "opt-out" box, the chances of this felony are lowered.

Sincerely,

Rianna Elizabeth Lane
