Administration on Aging (AoA)

AoA Center for Program Operations

Funding Opportunity Title: National Resource Centers on Older Indians, Alaska Natives and Native Hawaiians

Announcement Type: Initial

Funding Opportunity Number: HHS-2012-AoA-OI-1209

Catalog of Federal Domestic Assistance (CFDA) Number: 93.048

Key Dates: The deadline date for submission of applications is May 1, 2012 (11:59 p.m., EST).

Applications that fail to meet the application due date will not be reviewed and will receive no further consideration. You are strongly encouraged to submit your application a minimum of 3-5 days prior to the application closing date. Do not wait until the last day in the event you encounter technical difficulties, either on your end or, with <http://www.grants.gov>. Grants.gov can take up to 48 hours to notify you of a successful submission.

I. FUNDING OPPORTUNITY DESCRIPTION

Increased longevity continues to become more prevalent in American Indian, Alaska Native and Native Hawaiian communities. This trend has placed greater demands on service delivery systems, which are even more complex and fragmented than in non-Indian communities. In recognition of this, under the Older Americans Act Amendments of 2006, Congress has mandated the support of at least two (2), and not more than four (4), Resource Centers that will focus on issues and concerns affecting individuals who are older Indians, Alaska Natives and Native Hawaiians.

The primary goal of these Centers is to enhance knowledge about older Native Americans and thereby to increase and improve the delivery of services to them. With this goal in mind, the Centers will concentrate on the development and provision of technical information and expertise and best practices to Indian tribal organizations, Native American communities, educational institutions including Tribal Colleges and Universities, and professionals and paraprofessionals in the field. Each Center must have a national focus and direct its resources to one or more of the areas of primary concern specified below. Applicants must specify at least two (2) areas of primary concern on which the Center will focus. These areas shall be: health issues; long term care, including in-home care; elder abuse; and other problems and issues facing Native communities. Each Center is expected to incorporate the concepts and principles and cultural competencies into all aspects

of their staffing, program, and activities. Additionally, each Center's activities should promote one or more of the AoA priority areas. These priority areas are: 1) make it easier for older people to access an integrated array of health and long term care services, 2) help older people to stay active and healthy, 3) support families in their efforts to care for their loved ones at home and in the community, 4) ensure the rights of older people and prevent their abuse, neglect and exploitation, 5) training and technical assistance, and 6) coordination within the university structure.

Each Center is expected to develop special activities and best practices within its areas of primary concern which will address the special needs of different Indian communities. The application must contain a description of anticipated outcomes for the activities, how these outcomes will be measured and how the overall success of the program/activity will be determined. For instance, staying active and healthy focuses on the identification and use of evidence-based health promotion and disease prevention interventions that can be applied by non-clinical personnel in a community setting.

Statutory Authority

The statutory authority for grants under this Program Announcement is contained in Title IV of the Older Americans Act (OAA) (42U.S.C. 3032), as amended by the Older Americans Act Amendments of 2006, P.L. 109-365. (Catalog of Federal Domestic Assistance 93.048, Title IV Discretionary Projects).

II. AWARD INFORMATION

AoA plans to fund two (2) to four (4) cooperative agreements under this competition. These will be new awards. Total funding for the Resource Centers will be approximately \$672,363 per year. The funding of each individual Resource Center will be determined after the final selection is made. For application purposes, the planned budget should be between \$117,000 to \$350,000. The new applications will be funded for a project period up to three (3) years with a start date in July 1, 2012.

This award is a cooperative agreement because the Administration on Aging (AoA) will be substantially involved in the development and execution of the activities of the grantees. The AoA and the Centers will work cooperatively in the development of Center agendas and awarding of subcontracts. The AoA will work with the Centers to set priorities for research, training and technical assistance, education, and best practices based on findings and/or dissemination as well as addressing AoA's priority areas. Whenever possible, AoA will share with the Centers information about other federally supported projects and Federal activities relevant to its areas of primary concern.

Once a cooperative agreement is in place, requests to modify or amend it or the work plan may be made by AoA or the awardee at any time.

Modifications and/or amendments of the Cooperative Agreement or work

plan shall be effective upon the mutual agreement of both parties, except where AoA is authorized under the Terms and Conditions of award, 45 CFR Part 74 or 92, or other applicable regulation or statute to make unilateral amendments. When an award is issued the cooperative agreement terms and conditions from the program announcement are incorporated by reference.

Below is the cooperative agreement that will be part of the terms and conditions of the award. This will also be cited in the Notice of Award.

COOPERATIVE AGREEMENT

As provided by the terms of the Federal Grant and Cooperative Agreement Act of 1977, as amended (P.L. 95-224), the attached Notice of Award establishes a Cooperative Agreement between the Administration on Aging (AoA) and grantees under the National Resource Center on Older Indians, Alaska Natives and Native Hawaiians.

The grantees will enhance knowledge about older Native Americans and thereby increase and improve the delivery of services to them. The Centers will concentrate on the development and provision of technical information and expertise and best practices to Indian tribal organizations, Native American communities, education institutions including Tribal Colleges and Universities, and professionals and paraprofessionals in the field. Each Center will have a national focus and direct its resources to one or more of the areas of primary concern chosen in their application which include; health issues, long term care, including in-home care; elder abuse; and other problems and issues facing Native communities.

The AoA project officer for these cooperative agreements will provide technical assistance and support on grant management and implementation issues, including execution of the cooperative agreement. Specifically, the actions outlined below shall be carried out by each partner in the cooperative agreement.

A) The AoA shall:

- Collaborate with the Centers on the development, modification, and execution of the Center work plans;
- Provide technical advice on the development of all informational materials;
- Review, provide technical advice, and approve work products;
- Provide consultation on the identification of emerging issues in the field and on policy developments of particular impact on each Center's target populations; and
- Assist project leadership to understand the strategic goals, objectives, policy perspectives, and priorities of the Assistant Secretary for Aging and the Department of Health and Human Services by sharing such information via email, conference calls, briefings, and other consultations. Also, AoA will share information about other federally

sponsored projects and activities relevant to the interests of Center activities.

B) The Center shall:

- Collaborate with the AoA on the development, modification, and execution of the Center work plan;
- Assist the AoA in the establishment and/or participating in community-based partnerships and responding to inquiries concerning issues regarding Native Americans elders; and
- Evaluate the impact of Center activities.

C) The Center and the AoA will:

- Work cooperatively to determine the priority activities to be completed by the project and develop the work plan for each year of the project. Within 45 days of the award and 45 days of each continuation award, recipient organizations will agree upon and adhere to work plans that detail expectations for major activities, products, and reports during the current budget period. Plans will:
 - Specify actions to assure program access to target populations;
 - Include timetables for project and activity implementation, staff assignments, and other areas that require AoA consultation, review, and/or prior approval;
 - Either the AoA or the Center can propose a revision of the final work plan at any time.

The AoA will be provided a period of 10 days prior to release and/or publication, to review and comment upon all materials, reports, documents, etc. produced by the project with funds provided through this award. After the 10 day review and comment period, the project is free to make such materials public, using the following disclaimer:

This project was supported, in part by grant number _____, from the U.S. Administration on Aging, Department of Health and Human Services, Washington, D.C. 20201. Grantees undertaking projects under government sponsorship are encouraged to express freely their findings and conclusions. Points of view or opinions do not, therefore, necessarily represent official Administration on Aging policy

III. ELIGIBILITY INFORMATION

1. Eligible Applicants

Institutions of higher education are eligible to apply. Applicants must have experience conducting research, assessing the needs of older individuals and developing best practices to be utilized by the Tribes. Current Resource Centers are also eligible to apply.

2. Cost Sharing or Matching

Under this Older Americans Act (OAA) program, AoA will fund no more than 75% of the project's total cost, which means the applicant must cover at least 25% of the project's total cost with non-Federal resources. In other words, for every three (3) dollars received in Federal funding, the applicant must contribute at least one (1) dollar in non-Federal resources toward the project's total cost. This "three-to-one" ratio is reflected in the formula included under Item 18 in Attachment A. You can use this formula to calculate your minimum required match. A common error applicants make is to match 25% of the Federal share, rather than 25% of the project's total cost.

There are two types of match: 1) non-Federal cash and 2) non-Federal in-kind. In general, costs borne by the applicant and cash contributions of any and all third parties involved in the project, including sub-grantees, contractors and consultants, are considered matching funds. Volunteered time and use of facilities to hold meetings or conduct project activities may be considered in-kind (third party) donations. Examples of non-Federal cash match includes budgetary funds provided from the applicant agency's budget for costs associated with the project. **AoA encourages you to not exceed the minimum match requirement.** Applications with a match greater than the minimum required will not receive additional consideration under the review. Match is not one of the responsiveness criteria as noted in Section III, 3 Application Screening Criteria.

AoA takes very seriously the current downturn in the nation's economy; therefore AoA may waive the matching requirement where severe hardship is documented by the applicant. If you feel unable to meet the minimum matching requirement, please provide a written justification, which explains why you cannot meet the match through cash or in-kind contributions. The written justification must be signed by your authorized representative and submitted with your application through <http://www.grants.gov>. AoA will review your request and contact you should additional information or justification be necessary. Applicants are encouraged to make this hardship determination during the application phase; waiver requests made after awards have been issued will be reviewed on a case-by-case basis.

3. Responsiveness and Screening Criteria

Application Responsiveness Criteria

Applications that do not meet the following responsiveness criteria will be administratively eliminated and will not be reviewed:

National Resource Center

The successful applicant will be an organization that meets the following criteria:

- 1) Substantial organizational commitment, made by the highest levels of the organization, must be clearly evident in the application. Each center must have its own organizational identity within the awardee's organization. Evidence must be provided that the Center will have the ability to function in an independent manner within the institution. Each center shall have a Director with an appropriate background, professional training and expertise who shall devote 50% of his/her time to this position. Individuals qualified by education, training and experience to accomplish the Center's activities shall be appointed to the Center faculty. In an effort to achieve cultural competence within each Center, AoA strongly encourages that the Director be Native American.

Application Screening Criteria

All applications will be screened to assure a level playing field for all applicants. Applications that fail to meet the three screening criteria described below will **not** be reviewed and will receive **no** further consideration.

In order for an application to be reviewed, it must meet the following screening requirements:

1. Applications must be submitted electronically via <http://www.grants.gov> by 11:59 p.m., Eastern Time, May 1, 2012.
2. The Project Narrative section of the Application must be **double-spaced**, on 8 ½" x 11" plain white paper with **1" margins** on both sides, and a **font size of not less than 11**.
3. **The Project Narrative must not exceed 20 pages.** NOTE: The Project Work Plan, Letters of Commitment, and Vitae of Key Project Personnel **are not counted** as part of the Project Narrative for purposes of the 20-page limit.

Unsuccessful submissions will require authenticated verification from <http://www.grants.gov> indicating system problems existed at the time of your submission. For example, you will be required to provide an <http://www.grants.gov> submission error notification and/or tracking number in order to substantiate missing the application deadline.

IV. APPLICATION AND SUBMISSION INFORMATION

1. Address to Request Application Package

Application materials can be obtained from <http://www.grants.gov> or <http://www.aoa.gov/AoARoot/Grants/Funding/index.aspx>.

Please note, AoA is requiring applications for all announcements to be submitted electronically through <http://www.grants.gov>. The Grants.gov (<http://www.grants.gov>) registration process can take several days. If your organization is not currently registered with <http://www.grants.gov>, please begin this process immediately. **For assistance with <http://www.grants.gov>, please contact them at support@grants.gov or 1-800-518-4726 between 7 a.m. and 9 p.m. Eastern Time.** At <http://www.grants.gov>, you will be able to download a copy of the application packet, complete it off-line, and then upload and submit the application via the Grants.gov website (<http://www.grants.gov>).

Applications submitted via <http://www.grants.gov>:

- You may access the electronic application for this program on <http://www.grants.gov>. You must search the downloadable application page by the Funding Opportunity Number (HHS-2012-AoA-OI-**1206**) or CFDA number 93.048.
- At the <http://www.grants.gov> website, you will find information about submitting an application electronically through the site, including the hours of operation. AoA strongly recommends that you do not wait until the application due date to begin the application process through <http://www.grants.gov> because of the time involved to complete the registration process.
- All applicants must have a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number and register in the Central Contractor Registry (CCR). You should allow a minimum of **five days** to complete the CCR registration.
- **Note:** Failure to submit the correct suffix can lead to delays in identifying your organization and access to funding in the Payment Management System.
- Effective October 1, 2010, HHS requires all entities that plan to apply for and ultimately receive Federal grant funds from any HHS Operating/Staff Division (OPDIV/STAFFDIV) **or receive subawards directly from the recipients of those grant funds** to:
 1. Be registered in the CCR prior to submitting an application or plan;
 2. Maintain an active CCR registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV; and
 3. Provide its DUNS number in each application or plan it submits to the OPDIV.

An award cannot be made until the applicant has complied with these requirements. At the time an award is ready to be made, if the intended recipient has not complied with these requirements, the OPDIV/STAFFDIV:

- May be determined that the applicant is not qualified to receive an

award;and

- May use that determination as a basis for making an award to another applicant.

Additionally, all first-tier subaward recipients must have a DUNS number at the time the subaward is made.

- Since October 1, 2003, The Office of Management and Budget has required applicants to provide a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number when applying for Federal grants or cooperative agreements. It is entered on the SF 424. It is a unique, **nine-digit identification number**, which provides unique identifiers of single business entities. The DUNS number is *free and easy* to obtain.
- Organizations can receive a DUNS number at no cost by calling the dedicated toll-free DUNS Number request line at 1-866-705-5711 or by using this link to access a guide:
http://www.whitehouse.gov/sites/default/files/omb/grants/duns_num_guide.pdf.
- You must submit all documents electronically, including all information included on the SF424 and all necessary assurances and certifications.
- Prior to application submission, Microsoft Vista and Office 2007 users should review the <http://www.grants.gov> compatibility information and submission instructions provided at <http://www.grants.gov> (click on “**Vista and Microsoft Office 2007 Compatibility Information**”).
- **Your application must comply with any page limitation requirements described in this Program Announcement.**
- After you electronically submit your application, you will receive an automatic acknowledgement from <http://www.grants.gov> that contains <http://www.grants.gov> tracking number. The Administration on Aging will retrieve your application form from <http://www.grants.gov>.
- After the Administration on Aging retrieves your application form from <http://www.grants.gov>, a return receipt will be emailed to the applicant contact. This will be in addition to the validation number provided by <http://www.grants.gov>.
- Each year organizations registered to apply for Federal grants through <http://www.grants.gov> will need to renew their registration with the Central Contractor Registry (CCR). You can register with the CCR online and it will take about 30 minutes (<http://www.ccr.gov>).

2. Content and Form of Application Submission

a. Project Narrative

The Project Narrative must be double-spaced, on 8 ½” x 11” paper with 1” margins on both sides, and a font size of not less than 11. You can use smaller font sizes to fill in the Standard Forms and Sample Formats. The suggested length for the Project Narrative is ten to twenty pages; twenty pages is the maximum length allowed. AoA will not accept applications with a Project Narrative that exceeds 20 pages. The Project Work Plan, Letters of Commitment, and Vitae of Key Personnel are not counted as part of the Project Narrative for purposes of the 20-page limit, but all of the other sections noted below are included in the limit.

The components of the Project Narrative counted as part of the 20 page limit include:

- Summary/Abstract
- Problem Statement
- Goal(s) and Objective(s)
- Proposed Intervention
- Special Target Populations and Organizations
- Outcomes
- Project Management
- Evaluation
- Dissemination
- Organizational Capability

The Project Narrative is the most important part of the application, since it will be used as the primary basis to determine whether or not your project meets the minimum requirements for grants under Title IV of the Older Americans Act. The Project Narrative should provide a clear and concise description of your project. AoA recommends that your project narrative include the following components:

Summary/Abstract. This section should include a brief - no more than 265 words maximum - description of the proposed project, including: goal(s), objectives, outcomes, and products to be developed. Detailed instructions for completing the summary/abstract are included in Attachment F of this document.

Problem Statement. This section should describe, in both quantitative and qualitative terms, the nature and scope of the particular problem or issue the proposed intervention is designed to address, including how the project will potentially affect the elderly population and/or their caregivers (including specific subgroups within those populations), and possibly the health care and social services systems (e.g., the use of health care and/or nursing home services.)

Goals and Objectives. This section should consist of a description of the project’s goal(s) and major objectives. Unless the project involves multiple, complex interventions, we recommend you have only one overall goal.

Proposed Intervention. This section should provide a clear and concise description of the intervention you are proposing to use to address the problem described in the “Problem Statement”. You should also describe the rationale for using the particular intervention, including factors such as: “lessons learned” for similar projects previously tested in your community, or in other areas of the country; factors in the larger environment that have created the “right conditions” for the intervention (e.g., existing social, economic or political factors that you’ll be able to take advantage of, etc.). Also note any major barriers you anticipate encountering, and how your project will be able to overcome those barriers. Be sure to describe the role and makeup of any strategic partnerships you plan to involve in implementing the intervention, including other organizations, supporters, and/or consumer groups.

Special Target Populations and Organizations. This section should describe how you plan to involve community-based organizations in a meaningful way in the planning and implementation of the proposal project. This section should also describe how the proposed intervention will target disadvantaged populations, including limited-English speaking populations.

Outcomes. This section of the project narrative must clearly identify the measurable outcome(s) that will result from the project. (NOTE: AoA will not fund any project that does not include measurable outcomes). This section should also describe how the project’s findings might benefit the field at large, (e.g., how the findings could help other organizations throughout the nation to address the same or similar problems.) List measurable outcomes in the attached work plan grid (Attachment E) under “Measurable Outcomes” in addition to any discussion included in the narrative along with a description of how the project might benefit the field at large.

A “measurable outcome” is an observable end-result that describes how a particular intervention benefits consumers. It demonstrates the functional status, mental well-being, knowledge, skill, attitude, awareness or behavior.) It can also describe a change in the degree to which consumers exercise choice over the types of services they receive, or whether they are satisfied with the way a service is delivered. Additional examples include: a change in the responsiveness or cost-effectiveness of a service delivery system; a new model of support or care that can be replicated in the aging network; new knowledge that can contribute to the field of aging; a measurable increase in community awareness; or a measurable increase in persons receiving services. A measurable outcome is not a measurable “output”, such as: the number of clients served; the number of training sessions held; or the number of service units provided.

You should keep the focus of this section on describing what outcome(s) will be produced by the project. You should use the Evaluation section noted below to describe how the outcome(s) will be measured and reported.

Your application will be scored on the clarity and nature of your proposed outcomes, not on the number of outcomes cited. It is totally appropriate for a project to have only ONE outcome that it is trying to achieve through the

intervention reflected in the project's design.

Project Management. This section should include a clear delineation of the roles and responsibilities of project staff, consultants and partner organizations, and how they will contribute to achieving the project's objectives and outcomes. It should specify who would have day-to-day responsibility for key tasks such as: leadership of project; monitoring the project's on-going progress, preparation of reports; communications with other partners and AoA. It should also describe the approach that will be used to monitor and track progress on the project's tasks and objectives.

Evaluation. This section should describe the method(s), techniques and tools that will be used to: 1) determine whether or not the proposed intervention achieved its anticipated outcome(s), and 2) document the "lessons learned" – both positive and negative - from the project that will be useful to people interested in replicating the intervention, if it proves successful.

Dissemination. This section should describe the method that will be used to disseminate the project's results and findings in a timely manner and in easily understandable formats, to parties who might be interested in using the results of the project to inform practice, service delivery, program development, and/or policy-making, including and especially those parties who would be interested in replicating the project.

Organizational Capability Statement. Each application should include an organizational capability statement and vitae for key project personnel. The organizational capability statement should describe how the applicant agency (or the particular division of a larger agency which will have responsibility for this project) is organized, the nature and scope of its work and/or the capabilities it possesses. It should also include the organization's capability to sustain some or all project activities after Federal financial assistance has ended.

This description should cover capabilities of the applicant agency not included in the program narrative, such as any current or previous relevant experience and/or the record of the project team in preparing cogent and useful reports, publications, and other products. If appropriate, include an organization chart showing the relationship of the project to the current organization. Please attach short vitae for key project staff only. Neither vitas nor an organizational chart will count towards the narrative page limit. Also include information about any contractual organization(s) that will have a significant role(s) in implementing project and achieving project goals.

b. Work Plan

The Project Work Plan should reflect and be consistent with the Project Narrative and Budget and should cover all three (3) years of the project period. It should include a statement of the project's overall goal, anticipated outcome(s), key objectives, and the major tasks / action steps that will be pursued to achieve the goal and outcome(s). For each major task / action step, the work plan should

identify timeframes involved (including start- and end-dates), and the lead person responsible for completing the task. Please use the Sample Work Plan format included in Attachment E.

c. Letters of Commitment from Key Participating Organizations and Agencies

Include confirmation of the commitments to the project (should it be funded) made by key collaborating organizations and agencies in this part of the application. Any organization that is specifically named to have a significant role in carrying out the project should be considered an essential collaborator. For applications submitted electronically via <http://www.grants.gov>, signed letters of commitment should be scanned and included as attachments. Applicants unable to scan the signed letters of commitment may fax them to the AoA Office of Grants Management at 202-357-3467 by the application submission deadline. In your fax, be sure to include the funding opportunity number and your agency name.

d. Budget Narrative/Justification

The Budget Narrative/Justification should be provided using the format included as Attachment C of this Program Announcement. Applicants are encouraged to pay particular attention to Attachment C, which provides an example of the level of detail sought. A combined multi-year Budget Narrative/Justification, as well as a detailed Budget Narrative/Justification for each year of potential grant funding is required.

3. Submission Dates and Times

The deadline for the submission of applications under this Program Announcement is May 1, 2012. Applications must be submitted electronically by 11:59 p.m. Eastern Time, May 1, 2012.

Applications that fail to meet the application due date will not be reviewed and will receive no further consideration. You are strongly encouraged to submit your application a minimum of 3-5 days prior to the application closing date. Do not wait until the last day in the event you encounter technical difficulties, either on your end or, with <http://www.grants.gov>. Grants.gov can take up to 48 hours to notify you of a successful submission.

Unsuccessful submissions will require authenticated verification from <http://www.grants.gov> indicating system problems existed at the time of your submission. For example, you will be required to provide an <http://www.grants.gov> submission error notification and/or tracking number in order to substantiate missing the cut off date.

Grants.gov (<http://www.grants.gov>) will automatically send applicants a tracking number and date of receipt verification electronically once the application has been successfully received and validated in <http://www.grants.gov>. After the

Administration on Aging retrieves your application form from <http://www.grants.gov>, a return receipt will be emailed to the applicant contact. This will be in addition to the validation number provided by <http://www.grants.gov>.

4. Intergovernmental Review

If the funding opportunity is subject to Executive Order (EO) 12372, “Intergovernmental Review of Federal Programs,” the program staff must say so. In alerting applicants that they must contact their State’s Single Point of Contact (SPOC) to find out about and comply with the State’s process under EO 12372, you should inform them that the names and addresses of the SPOCs are listed in the Office of Management and Budget’s home page at: <http://www.whitehouse.gov/omb/grants/spoc.html>.

If not subject to the EO, indicate the following:

This funding opportunity announcement is not subject to the requirements of Executive Order 12372, “Intergovernmental Review of Federal Programs.”

5. Funding Restrictions

Identify any activities which are not fundable under the grant program, e.g., construction and/or major rehabilitation of buildings. This section also may include any other types of funding restrictions, e.g., ceiling amounts for particular activities if an application will consist of multiple programmatic components. This section should also indicate whether pre-award costs are allowable.

The following activities are not fundable:

- Construction and/or major rehabilitation of buildings
- Basic research (e.g. scientific or medical experiments)
- Continuation of existing projects without expansion or new and innovative approaches.

Note: A recent Government Accountability Office (GAO) report number 11-43, has raised considerable concerns about grantees and contractors charging the Federal government for additional meals outside of the standard allowance for travel subsistence known as per diem expenses. Executive Orders on Promoting Efficient Spending (EO 13589) and Delivering Efficient, Effective and Accountable Government (EO 13576) have been issued and instruct Federal agencies to promote efficient spending. Therefore, if meals are to be charged in your proposal, applicants should understand such costs must meet the following criteria outlined in the Executive Orders and HHS Grants Policy Statement:

- *Meals are generally unallowable except for the following:*
 - *For subjects and patients under study (usually a research program);*

- *Where specifically approved as part of the project or program activity, e.g., in programs providing children’s services (e.g., Headstart);*
- *When an organization customarily provides meals to employees working beyond the normal workday, as a part of a formal compensation arrangement;*
- *As part of a per diem or subsistence allowance provided in conjunction with allowable travel; and*
- *Under a conference grant, when meals are a necessary and integral part of a conference, provided that meal costs are not duplicated in participants’ per diem or subsistence allowances. (Note: conference grant means the sole purpose of the award is to hold a conference)*

Project Impact

Weight: 20 points

Are the expected project benefits/results clear, realistic, and consistent with the objectives and purpose of the project? Are the proposed outcomes quantifiable and measurable, consistent with the definition of a project outcome contained in Attachment E of the Program Announcement? (7 points)

Does the project evaluation reflect a thoughtful and well-designed approach that will be able to successfully measure whether or not the project has achieved its proposed outcome(s)? Does the plan include the qualitative and/or quantitative methods necessary to reliably measure outcomes? Is the evaluation also designed to capture “lessons learned” from the overall effort that might be of use to others in the field of aging, especially those who might be interested in replicating the project? (7 points)

Is there a realistic plan to try to secure resources to continue some or all project activities after Federal financial assistance has ended? (3 points)

Do the proposed project director(s), key staff and consultants have the background, experience, and other qualifications required to carry out their designated roles? Are letters from participating organizations included, as appropriate, and do they express the clear commitment and areas of responsibility of those organizations, consistent with the work plan description of their intended roles and contributions? (10 points)

8. Review and Selection Process

An independent review panel of at least three individuals will evaluate applications that pass the screening and meet the responsiveness criteria if applicable. These reviewers are experts in their field, and are drawn from academic institutions, non-profit organizations, state and local government, and Federal government agencies. Based on the Application Review Criteria as outlined under section V.1, the reviewers will comment on and score the applications, focusing their comments and scoring decisions on the identified criteria.

Final award decisions will be made by the Assistant Secretary for Aging (ASA). In making these decisions, the ASA will take into consideration: recommendations of the review panel; reviews for programmatic and grants management compliance; the reasonableness of the estimated cost to the government considering the available funding and anticipated results; and the likelihood that the proposed project will result in the benefits expected.

VI. AWARD ADMINISTRATION INFORMATION

1. Award Notices

Successful applicants will receive an electronic Notice of Award. The Notice of Award is the authorizing document from the U.S. Administration on Aging authorizing official, Officer of Grants Management, and the AoA Office of Budget and Finance. Acceptance of this award is signified by the drawdown of funds from the Payment Management System. Unsuccessful applicants are generally notified within 30 days of the final funding decision and will receive a disapproval letter via e-mail or U.S. mail. Unless indicated otherwise in this announcement, unsuccessful applications will not be retained by the agency and destroyed.

2. Administrative and National Policy Requirements

The award is subject to DHHS Administrative Requirements, which can be found in 45CFR Part 74 and 92 and the Standard Terms and Conditions, included in the Notice of Award as well as implemented through the HHS Grants Policy Statement located at <http://www.hhs.gov/grantsnet/adminis/gpd/index.htm>.

3. Reporting

Effective March 1, 2011, AoA requires the submission of the SF-425 (Federal Financial Report). The reporting cycle will be reflected in the Notice of Award. The AoA program progress report is due semi-annually from the start date of the award and is due within 30 days of the reporting period end date. The final progress report and SF-425 reports are due 90 days after the end of the project period.

Grantees are required to complete the federal cash transactions portion of the SF-425 within the Payment Managements System as identified in their award documents for the calendar quarters ending 3/31, 6/30, 9/30, and 12/31 through the life of their award. In addition, the fully completed SF-425 will be required as denoted in the Notice of Award terms and conditions.

4. FFATA and FSRS Reporting

The Federal Financial Accountability and Transparency Act (FFATA) requires data entry at the FFATA Subaward Reporting System (<http://www.FSRS.gov>) for all sub-awards and sub-contracts issued for \$25,000 or more as well as addressing executive compensation for both grantee and sub-award organizations.

<http://www.house.gov/Welcome.shtml>

17. Proposed Project Start and End Dates: (REQUIRED) Enter the proposed start date and final end date of the project. **If you are applying for a multi-year grant, such as a 3 year grant project, the final project end date will be 3 years after the proposed start date.** In general, all start dates on the SF424 should be the 1st of the month and the end date of the last day of the month of the final year, for example 7/01/2012 to 6/30/2015. The Grants Officer can alter the start and end date at their discretion.

18. Estimated Funding: (REQUIRED) If requesting multi-year funding, enter the full amount requested from the Federal Government in line item 18.a., as a multi-year total. For example and illustrative purposes only, if year one is \$100,000, year two is \$100,000, and year three is \$100,000, then the full amount of Federal funds requested would be reflected as \$300,000. The amount of matching funds is denoted by lines b. through f. with a combined Federal and non-Federal total entered on line g. Lines b. through f. represents contributions to the project by the applicant and by your partners during the total project period, broken down by each type of contributor. The value of in-kind contributions should be included on appropriate lines, as applicable.

NOTE: Applicants should review cost sharing or matching principles contained in Subpart C of 45 CFR Part 74 or 45 CFR Part 92 before completing Item 18 and the Budget Information Sections A, B and C noted below.

All budget information entered under item 18 should cover the total project period. For sub-item 18a, enter the Federal funds being requested. Sub-items 18b-18e is considered matching funds. The dollar amounts entered in sub-items 18b-18f must total at least 1/3rd of the amount of Federal funds being requested (the amount in 18a). For a full explanation of AoA's match requirements, see the information in the box below. For sub-item 18f (program income), enter only the amount, if any, that is going to be used as part of the required match. Program Income submitted as match will become a part of the award match and recipients will be held accountable to meet their share of project expenses even if program income is not generated during the award period.

There are two types of match: 1) non-Federal cash and 2) non-Federal in-kind. In general, costs borne by the applicant and cash contributions of any and all third parties involved in the project, including sub-grantees, contractors and consultants, are considered **matching funds**. Examples of **non-Federal cash match** includes budgetary funds provided from the

applicant agency's budget for costs associated with the project. Generally, most contributions from sub-contractors or sub-grantees (third parties) will be non-Federal in-kind matching funds. Volunteered time and use of third party facilities to hold meetings or conduct project activities may be considered in-kind (third party) donations.

NOTE: Indirect charges may only be requested if: (1) the applicant has a current indirect cost rate agreement approved by the Department of Health and Human Services or another Federal agency; or (2) the applicant is a state or local government agency. State governments should enter the amount of indirect costs determined in accordance with DHHS requirements. **If indirect costs are to be included in the application, a copy of the approved indirect cost agreement must be included with the application. Further, if any sub-contractors or sub-grantees are requesting indirect costs, a copy of the latest approved indirect cost agreements must also be included with the application, or reference to an approved cost allocation plan.**

AOA's Match Requirement

Under this and other OAA programs, AoA will fund no more than 75 % of the **project's total cost**, which means the applicant must cover at least 25% of the **project's total cost** with non-Federal resources. In other words, for every three (3) dollars received in Federal funding, the applicant must contribute at least one (1) dollar in non-Federal resources toward the project's total cost (i.e., the amount on line 18g.). This "three-to-one" ratio is reflected in the following formula which you can use to calculate your **minimum** required match:

$$\frac{\text{Federal Funds Requested} * \text{Match Percentage}}{\text{Inverse Match Percentage}} = \text{Minimum Match Requirement}$$

Examples of varying match levels:

1) $\frac{\$100,000 \text{ (federal funds requested)} * 5\% \text{ (match)}}{95\%} = \$5,263$

2) $\frac{\$100,000 * 25\% \text{ (match)}}{75\%} = \$33,333$

3) $\frac{\$100,000 * 35\% \text{ (match)}}{65\%} = \$53,846$

4) $\frac{\$100,000 * 45\% \text{ (match)}}{55\%} = \$81,818$

If the required non-Federal share is not provided by the completion date of the funded project period, AoA will reduce the Federal dollars awarded when closing out the award to meet the match percentage, which may result in a requirement to return Federal funds.

19. **Is Application Subject to Review by State Under Executive Order 12372 Process?**
Check c. Program is not covered by E.O. 12372

20. **Is the Applicant Delinquent on any Federal Debt?** (Required) This question applies to the applicant organization, not the person who signs as the authorized representative. If yes, include an explanation on the continuation sheet.

21. **Authorized Representative:** (Required) To be signed and dated by the authorized representative of the applicant organization. Enter the name (First and last name required) title (Required), telephone number (Required), fax number, and email address (Required) of the person authorized to sign for the applicant. A copy of the governing body's authorization for you to sign this application as the official representative must be on file in the applicant's office. (Certain Federal agencies may require that this authorization be submitted as part of the application.)

b. Standard Form 424A

NOTE: Standard Form 424A is designed to accommodate applications for multiple grant programs; thus, for purposes of this AoA program, many of the budget item columns and rows are not applicable. You should only consider and respond to the budget items for which guidance is provided below. Unless otherwise indicated, the SF 424A should reflect a multi year budget. See Attachment B.

Section A - Budget Summary

Line 5: Leave columns (c) and (d) blank. Enter TOTAL Federal costs in column (e) and total non-Federal costs (including third party in-kind contributions and any program income to be used as part of the grantee match) in column (f). Enter the sum of columns (e) and (f) in column (g).

Section B - Budget Categories

Column 1: Enter the breakdown of how you plan to use the Federal funds being requested by object class category (see instructions for each object class category in Attachment C).

Column 2: Enter the breakdown of how you plan to use the non-Federal share by object class category.

Column 5: Enter the total funds required for the project (sum of Columns 1 and 2) by object class category.

Section C – Non Federal Resources

Column A: Enter the federal grant program.

Column B: Enter in any non-federal resources that the applicant will contribute to the project.

Column C: Enter in any non-federal resources that the state will contribute to the project.

Column D: Enter in any non-federal resources that other sources will contribute to

the project.

Column E: Enter the total non-federal resources for each program listed in column A.

Section D –Forecasted Cash Needs

Line 13: Enter Federal forecasted cash needs broken down by quarter for the first year only.

Line 14: Enter Non-Federal forecasted cash needs broken down by quarter for the first year.

Line 15: Enter total forecasted cash needs broken down by quarter for the first year.

Note: This area is not meant to be one whereby an applicant merely divides the requested funding by four and inserts that amount in each quarter but an area where thought is given as to how your estimated expenses will be incurred during each quarter. For example, if you have initial start up costs in the first quarter of your award reflect that in quarter one or you do not expect to have contracts awarded and funded until quarter three, reflect those costs in that quarter.

Section E – Budget Estimates of Federal Funds Needed for Balance of the Project (i.e. subsequent years 2, 3, 4 or 5 as applicable).

Column A: Enter the federal grant program

Column B (first): Enter the requested year two funding.

Column C (second): Enter the requested year three funding.

Column D (third): Enter the requested year four funding, if applicable.

Column E (forth): Enter the requested year five funding, if applicable.

Section F – Other Budget Information

Line 21: Enter the total Indirect Charges

Line 22: Enter the total Direct charges (calculation of indirect rate and direct charges).

Line 23: Enter any pertinent remarks related to the budget.

Separate Budget Narrative/Justification Requirement

Applicants requesting funding for multi-year grant programs are REQUIRED to provide a combined multi-year Budget Narrative/Justification, as well as a detailed Budget Narrative/Justification for each year of potential grant funding. A separate Budget Narrative/Justification is also REQUIRED for each potential year of grant funding requested.

For your use in developing and presenting your Budget Narrative/Justification, a sample format with examples and a blank sample template have been included in these Attachments. In your Budget Narrative/Justification, you should include a breakdown of the budgetary costs for all of the object class categories noted in Section B, across three columns: Federal; non-Federal cash; and non-Federal in-kind. Cost breakdowns, or justifications, are required for any cost of \$1,000 or for the thresholds as established in the examples. The Budget Narratives/Justifications should fully explain and justify the costs in each of the major budget items for each of the object class categories, as described below. Non-Federal cash as well as, sub-contractor or sub-grantee (third party) in-kind contributions designated as match must be clearly identified and explained in the Budget Narrative/Justification. The full Budget Narrative/Justification should be included in the application immediately following the SF 424 forms.

Line 6a: **Personnel:** Enter total costs of salaries and wages of applicant/grantee staff. Do not include the costs of consultants, which should be included under 6h - Other.
In the Justification: Identify the project director, if known. Specify the key staff, their titles, and time commitments in the budget justification.

Line 6b: **Fringe Benefits:** Enter the total costs of fringe benefits unless treated as part of an approved indirect cost rate.
In the Justification: If the total fringe benefit rate exceeds 35% of Personnel costs, provide a break-down of amounts and percentages that comprise fringe benefit costs, such as health insurance, FICA, retirement, etc. A percentage of 35% or less does not require a break down but you must show the percentage charged for each full/part time employee.

Line 6c: **Travel:** Enter total costs of all travel (local and non-local) for staff on the project. **NEW:** Local travel is considered under this cost item not under Other. Local transportation (all travel which does not require per diem is considered local travel). Do not enter costs for consultant's travel - this should be included in line 6h.
In the Justification: Include the total number of trips, number of travelers, destinations, purpose (e.g., attend conference), length of stay, subsistence allowances (per diem), and transportation costs (including mileage rates).

Line 6d: **Equipment:** Enter the total costs of all equipment to be acquired by the project. For all grantees, "equipment" is non-expendable tangible personal property

having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. If the item does not meet the \$5,000 threshold, include it in your budget under Supplies, line 6e.

In the Justification: Equipment to be purchased with federal funds must be justified as necessary for the conduct of the project. The equipment must be used for project-related functions. Further, the purchase of specific items of equipment should not be included in the submitted budget if those items of equipment, or a reasonable facsimile, are otherwise available to the applicant or its sub-grantees.

Line 6e: **Supplies:** Enter the total costs of all tangible expendable personal property (supplies) other than those included on line 6d.

In the Justification: For any grant award that has supply costs in excess of 5% of total direct costs (Federal or Non-Federal), you must provide a detailed breakdown of the supply items (e.g., 6% of \$100,000 = \$6,000 – breakdown of supplies needed). If the 5% is applied against \$1 million total direct costs (5% x \$1,000,000 = \$50,000) a detailed breakdown of supplies is not needed. Please note: any supply costs of \$5,000 or less regardless of total direct costs does not require a detailed budget breakdown (e.g., 5% x \$100,000 = \$5,000 – no breakdown needed).

Line 6f: **Contractual:** Regardless of the dollar value of any contract, you must follow your established policies and procedures for procurements and meet the minimum standards established in the Code of Federal Regulations (CFR's) mentioned below. Enter the total costs of all contracts, including (1) procurement contracts (except those which belong on other lines such as equipment, supplies, etc.). Note: The 33% provision has been removed and line item budget detail is not required as long as you meet the established procurement standards. Also include any awards to organizations for the provision of technical assistance. Do not include payments to individuals on this line. Please be advised: A subrecipient is involved in financial assistance activities by receiving a sub-award and a subcontractor is involved in procurement activities by receiving a sub-contract. Through the recipient, a subrecipient performs work to accomplish the public purpose authorized by law. Generally speaking, a sub-contractor does not seek to accomplish a public benefit and does not perform substantive work on the project. It is merely a vendor providing goods or services to directly benefit the recipient, for example procuring landscaping or janitorial services. In either case, you are encouraged to clearly describe the type of work that will be accomplished and type of relationship with the lower tiered entity whether it be labeled as a subaward or subcontract.

In the Justification: Provide the following three items – 1) Attach a list of contractors indicating the name of the organization; 2) the purpose of the contract; and 3) the estimated dollar amount. If the name of the contractor and estimated costs are not available or have not been negotiated, indicate when this information will be available. The Federal government reserves the right to request the final executed contracts at any time. If an individual contractual item is over the small purchase threshold, currently set at \$100K in the CFR, you must certify that your procurement standards are in accordance with the policies and procedures as stated in 45 CFR 74.44 for non-profits and 92.36 for states, in lieu of providing separate detailed budgets. This certification should be referenced in

the justification and attached to the budget narrative.

Line 6g: **Construction:** Leave blank since construction is not an allowable costs for this program.

Line 6h: **Other:** Enter the total of all other costs. Such costs, where applicable, may include, but are not limited to: insurance, medical and dental costs (i.e. for project volunteers this is different from personnel fringe benefits), non-contractual fees and travel paid directly to *individual* consultants, postage, space and equipment rentals/lease, printing and publication, computer use, training and staff development costs (i.e. registration fees). If a cost does not clearly fit under another category, and it qualifies as an allowable cost, then rest assured this is where it belongs.

Note: A recent Government Accountability Office (GAO) report number 11-43, has raised considerable concerns about grantees and contractors charging the Federal government for additional meals outside of the standard allowance for travel subsistence known as per diem expenses. If meals are to be charged towards the grant they must meet the following criteria outlined in the Grants Policy Statement:

- *Meals are generally unallowable except for the following:*
- *For subjects and patients under study (usually a research program);*
- *Where specifically approved as part of the project or program activity, e.g., in programs providing children's services (e.g., Headstart);*
- *When an organization customarily provides meals to employees working beyond the normal workday, as a part of a formal compensation arrangement;*
- *As part of a per diem or subsistence allowance provided in conjunction with allowable travel; and*
- *Under a conference grant, when meals are a necessary and integral part of a conference, provided that meal costs are not duplicated in participants' per diem or subsistence allowances (Note: the sole purpose of the grant award is to hold a conference).*

In the Justification: Provide a reasonable explanation for items in this category. For example, individual consultants explain the nature of services provided and the relation to activities in the work plan or indicate where it is described in the work plan. Describe the types of activities for staff development costs.

Line 6i: **Total Direct Charges:** Show the totals of Lines 6a through 6h.

Line 6j: **Indirect Charges:** Enter the total amount of indirect charges (costs), if any. If no indirect costs are requested, enter "none." Indirect charges may be requested if: (1) the applicant has a current indirect cost rate agreement approved by the Department of Health and Human Services or another federal agency; or (2) the applicant is a state or local government agency. **State governments should enter the amount of indirect costs determined in accordance with DHHS requirements.** An applicant that will charge indirect costs to the grant must

enclose a copy of the current rate agreement. Indirect Costs can only be claimed on Federal funds, more specifically, they are to only be claimed on the Federal share of your direct costs. Any unused portion of the grantee's eligible Indirect Cost amount that are not claimed on the Federal share of direct charges can be claimed as un-reimbursed indirect charges, and that portion can be used towards meeting the recipient match.

Line 6k: **Total:** Enter the total amounts of Lines 6i and 6j.

Line 7: **Program Income:** As appropriate, include the estimated amount of income, if any, you expect to be generated from this project that you wish to designate as match (equal to the amount shown for Item 15(f) on Form 424). **Note:** Any program income indicated at the bottom of Section B and for item 15(f) on the face sheet of Form 424 will be included as part of non-Federal match and will be subject to the rules for documenting completion of this pledge. If program income is expected, but is not needed to achieve matching funds, **do not** include that portion here or on Item 15(f) of the Form 424 face sheet. Any anticipated program income that will not be applied as grantee match should be described in the Level of Effort section of the Program Narrative.

c. Standard Form 424B – Assurances (required)

Attachment F: Instructions for Completing the Project Summary/Abstract

- All applications for grant funding must include a Summary/Abstract that concisely describes the proposed project. It should be written for the general public.
- To ensure uniformity, limit the length to 265 words or less, on a single page with a font size of not less than 11, doubled-spaced.
- The abstract must include the project's goal(s), objectives, overall approach (including target population and significant partnerships), anticipated outcomes, products, and duration. The following are very simple descriptions of these terms, and a sample Compendium abstract.

Goal(s) – broad, overall purpose, usually in a mission statement, i.e. what you want to do, where you want to be.

Objective(s) – narrow, more specific, identifiable or measurable steps toward a goal. Part of the planning process or sequence (the “how”) to attain the goal(s).

Outcomes - measurable results of a project. Positive benefits or negative changes, or measurable characteristics that occur as a result of an organization's or program's activities. (Outcomes are the end-point)

Products – materials, deliverables.

- A model abstract/summary is provided below:

The **objectives** are: 1) to improve lifespan respite infrastructure; 2) to improve the provision of information and awareness about respite service; 3) to streamline access to respite services through the Delaware ADRC; 4) to increase availability of respite services. Anticipated **outcomes** include: 1) families and caregivers of all ages and disabilities will have greater options for choosing a respite provider; 2) providers will demonstrate increased ability to provide specialized respite care; 3) families will have streamlined access to information and satisfaction with respite services; 4) respite care will be provided using a variety of existing funding sources and 5) a sustainability plan will be developed to support the project in the future. The expected **products** are marketing and outreach materials, caregiver training, respite worker training, a Respite Online searchable database, two new Caregiver Resource Centers (CRC), an annual Respite Summit, a respite voucher program and 24/7 telephone information and referral services.
