Work with us to make your stay here at Sheridan a rewarding experience, one which will lead you to a fulfilling life following release.

25. There will be no modifications to inmate cells, fixtures, furniture, lighting, etc. You are subject to disciplinary action if you are found responsible for any modifications.

MARRIAGES

If an inmate wishes to be married while incarcerated, the Warden may authorize him or her to do so, under certain conditions. All expenses of the marriage will be paid by the inmate. Government funds may not be used for marriage expenses. If an inmate requests permission to marry he must:

- Have a letter from the intended spouse which verifies his or her intention to marry.
- Demonstrate legal eligibility to marry.
- Be mentally competent.

Weddings will take place in the visiting room on the first Wednesday of each quarter (October, January, April, or July). Unit Teams coordinate all weddings, while the Chaplains are available for premarital counseling. Wedding bands, valued less than \$100 without any stones, may be brought into the institution with preapproval from the Unit Manager for the ceremony and will become inmate property.

DISTRESS BUTTON

Located in each cell is an inmate "Distress Button." When this button is pushed, it will summon the officer. **THIS BUTTON WILL BE USED FOR EMERGENCIES ONLY. ANY MISUSE OF THIS SYSTEM WILL RESULT IN DISCIPLINARY ACTION.**

PERMANENT ASSIGNMENTS

Upon completion of the Admission and Orientation process, you will be given a work assignment by your Unit Team based on

institutional needs. You will remain on this assignment until a change is authorized by your Unit Team. If you are unassigned, you may be given a daily work detail in the Housing Unit until a permanent work assignment is indicated. You must work a job assignment for a minimum of 90 days before requesting a change. To switch jobs, you must have a Inmate Request to Staff (Cop-Out) signed by the new Foreman and the old Foreman authorizing the change.

SMOKING

FCI Sheridan is an inmate tobacco-free institution. Inmates caught with tobacco will receive disciplinary action.

PERSONAL CLOTHING

Each Housing Unit has six washers and six dryers (three of each on each side) available for inmate use. It is the responsibility for each individual to keep all his personal clothing clean. Personal clothing is to be washed at a minimum of once per week. An accumulation of dirty clothing could result in disciplinary action.

BULLETIN BOARDS

Inmate bulletin boards are located in each Housing Unit. You are responsible for reviewing the inmate bulletin boards daily for pertinent information. Each housing area has an informational pillar. General information, call outs, movie, recreation, meal, and Religious Services Activities Schedules will be posted in this area.

TELEVISION HOURS

Unit televisions may be viewed from 6:00 a.m. until work call. Disruptive conduct, poor sanitation, tampering with security lights, discovery of contraband, and excessive noise in the Unit TV areas may result in termination of viewing privileges. TV volume should not be heard outside the TV room. The Unit Staff have the authority to close down any TV room for violations of institution rules.

CORRECTIONAL SYSTEMS DEPARTMENT

The Correctional Systems Department (CSD) is located in the Administration Building. The CSD consists of Mail Room, Receiving and Discharge, and the Records Office. Open House hours are from 10:45 a.m. to 11:45 a.m., Tuesday through Thursday, or you may submit an Inmate Request to Staff Member through the institutional mail stating your specific request to CSD staff.

Outgoing general mail at this Institution may not be sealed. You must use the printed TRULINCS labels for your outgoing mail. In addition, you must place your full committed name, register number, and the Institution's return address on all outgoing mail as follows, or it will be returned to you:

Committed Name
Register Number
Federal Correctional Institution Sheridan
P.O. Box 5000
Sheridan, Oregon 97378-5000

Legal mail/special correspondence must be clearly marked as such to avoid possible opening and screening as "general mail." Mail is treated in accordance with the United States Postal Service Regulations, the Bureau of Prisons Program Statement on Correspondence and the Mail Management Manual which are on file in the law library.

Incoming "Legal Mail/Special Mail" is not opened in the mail room if it is clearly marked, and is being sent by a specific legal counsel/attorney. This mail will be forwarded to the Unit Staff and then opened in your presence. You will be required to sign a log book indicating you have received your legal mail.

Mail is delivered to inmates Monday through Friday after the 4 p.m. count at the Unit Officer's station. On Saturdays, Sundays and Holidays there is no mail delivery. All outgoing mail will be handed to the unit officer unsealed and will be picked up daily. Outgoing legal mail will be given to the Unit Officer after general correspondence has been handed out.

Your mail is not routinely censored, but it is screened for contraband according to the policy of the Bureau of Prisons. Incoming mail is opened, inspected and stapled/taped.

You may receive hard cover publications direct from the publisher, a bookstore, or a book club. Soft cover materials (magazines and paperback books) publications must be sent from the publisher. Newspapers are allowed by subscription only.

Inmates are authorized to receive certain types of packages in the mail (Package Authorization forms are available from your Unit

Team). A package is defined as a bundle, usually small or medium sized, that is packed, padded, wrapped, or boxed. Additionally, an article weighing 16 ounces or more containing other than paper material or excessive paper materials will be considered a package and will require approval. Some packages are authorized under other BOP policies (i.e.: magazines, special mail, paperback books, educational or legal materials) and you are not required to have these packages pre-approved. These packages **must** be marked with words "**Authorized by Bureau Policy.**" They are intended to alert mail room staff that enclosed materials contain matter which does not require prior approval. These markings assist mail room staff in identifying and processing the material to avoid erroneous returns.

All postage requirements will be your responsibility. Postage stamps are to be purchased through the Commissary and cannot be received through the mail.

If you transferred from another Federal Institution, the R&D officer will either place you on call out or contact your supervisor for you to receive all authorized property after its arrival.

Correspondence Between Confined Inmates

An inmate may be permitted to correspond with an inmate confined in another penal or correctional institution. This is permitted if the other inmate is either a member of the immediate family or a party in a current legal action (or a witness) in which both parties are involved. For more information submit an Inmate Request to Staff seeking approval to correspond.

Rejection of Correspondence

The Warden may reject correspondence sent by or to an inmate if it is determined to be detrimental to the security, good order, or discipline of the institution, to the protection of the public, or if it might facilitate criminal activity. Examples include:

- . Matter which is non-mailable under law or postal regulations.
- . Information of escape plots, of plans to commit illegal activities, or to violate institution rules.
- . Direction of an inmate's business (prohibited act 408). An inmate may not direct a business while confined.

This does not, however, prohibit correspondence necessary to enable an inmate to protect property or funds that were legitimately his at the time of his commitment. Thus, for example, an inmate may correspond about refinancing a mortgage for his home or sign insurance papers, however, the inmate may not operate (for example) a mortgage or insurance business while confined in the institution.

Notification of Rejection

The Warden will give written notice to the sender concerning the rejection of mail and the reasons for rejection. The sender of the rejected correspondence may appeal the rejection. The inmate will also be notified of the rejection of correspondence and the reasons for it. The inmate also has the right to appeal the rejection. The Warden will refer the appeal to a designated officer other than the one who originally disapproved the correspondence. Rejected correspondence ordinarily will be returned to the sender.

Sentence Computation

The Designation and Sentence Computation Center (DSCC), located in Grand Prairie, Texas, is responsible for the computation of inmate sentences. An inmate will be given a copy of his sentence computation as soon as it is prepared. Any questions about good time, jail time credit, parole eligibility, full term dates, release dates, or periods of supervision, are resolved by staff upon inmate request for clarification.

Fines and Costs

In addition to jail time, the court may impose a committed or non-committed fine and/or costs. Committed fine means that the inmate will stay in prison until the fine is paid, makes arrangements to pay the fine, or qualifies for release under the provisions of Title 18 USC, Section 3569 (paupers' oath). Payment of a non-committed fine or cost is not required for release from prison or transfer to a Residential Reentry Center. Unpaid non-committed fines may require an agreement of payment while on supervised release. After an installment schedule is signed, the inmate may be released on his scheduled release date.

Detainers

Felony Warrants (or certified copies of Warrants) based on pending charges, overlapping, consecutive, or unsatisfied sentences in federal, state, or military jurisdictions, will be accepted as detainers. Case management staff may give assistance to offenders in their efforts to have detainers against them disposed of, either by having the charges dropped, by restoration to probation or parole status, or by arrangement for concurrent service of the state sentence. The degree to which the staff can assist in such matters as these will depend on individual circumstances. Federal and state detainers may be quickly processed under the procedures of the "Interstate Agreement on Detainers." This agreement applies to all detainers based on pending charges which have been lodged against an inmate by a "member" state, including the U. S. Government, regardless of when the detainer was

lodged. For an inmate to use this procedure, the felony warrant must be lodged with the institution. If no detainer is actually lodged at the institution, but the inmate knows of pending charges, it is important for the inmate to contact the court and district attorney because, in some states, the detainer notice may start the time running for a Speedy Trial Act agreement.

Good Conduct Good Time

The following is applicable to inmates sentenced for an offense committed after November 1, 1987, but before September 13, 1994:

The Comprehensive Crime Control Act became law November 1, 1987. The two most significant changes in the sentencing statutes deal with good time and parole issues. There are no provisions under the new law for parole. The only good time available will be fifty-four (54) days per year served, good conduct time. This may not be awarded until the end of the year, and may be awarded in part or in whole, contingent upon behavior during the year. Once awarded, it is vested and may not be forfeited. There is no statutory good time or extra good time for people being sentenced for crimes committed after November 1, 1987.

The following is applicable to inmates sentenced for an offense committed on or after September 13, 1994, but before April 26, 1996:

Amendments to 18 U.S.C. § 3624(b) under the provisions of the Violent Crime Control and Law Enforcement Act of 1994 (VCCLEA) create distinctions between violent and nonviolent offenders and inmates who have, or do not have, a high school diploma or equivalency. These distinctions can affect the awarding, disallowance, and forfeiture of good conduct time (GCT) and the aggregation of VCCLEA sentences with other federal sentences. Inmates may receive fifty-four (54) days of GCT credit for sentences of more than one year, other than a term of life when he displays compliance with institutional disciplinary regulations. Credit for the last partial year is prorated. Inmates with an Education Development Information (EDI) assignment of GED UNSAT cannot vest GCT, both the GCT is available for forfeiture. Inmates will resume vesting when returned to a non-GED UNSAT status. You may earn and vest up to 54 days of GCT at the end of each anniversary year provided disciplinary sanctions by the DHO are not imposed and you earn or are making satisfactory progress toward earning a high school diploma or equivalent degree. The following is applicable to inmates sentenced for an offense committed on or after April 26, 1996:

The Prison Litigation Reform Act of 1995 (P.L. 104-134) (PLRA) amended 18 U.S.C. § 3624(b) to hold all inmates to an "exemplary compliance" standard for violations of institutional rules and regulations. In addition, the amendment requires educational progress toward earning a high school diploma or an equivalent degree in awarding good conduct time (GCT) credits. The PLRA also specifies that GCT will vest on the date the inmate is released from custody. This means that all earned GCT for the year, or years, preceding the current or final partial year, is available for forfeiture throughout service of the sentence. A PLRA inmate in a non-GED UNSAT status earns 54 days of GCT per year and 42 days per year while in a GED-UNSAT status.

LEGAL ISSUES

Attorney Visits

Attorneys should ordinarily make advance appointments for each visit with the unit team. Attorneys are encouraged to visit during the regular visiting hours. However, visits from an attorney can be arranged at other times based on the circumstances of each case and available staff. Attorney visits will be subject to visual monitoring, but not audio monitoring.

Legal Material

During attorney visits, a reasonable amount of legal materials may be allowed in the visiting area with prior approval. Legal material may be transferred during attorney visits, but is subject to inspection for contraband. This material will be treated in a similar manner as the special mail procedures described above. Inmates are expected to handle the transfer of legal materials through the mail as often as possible.

Attorney Phone Calls

In order to make an unmonitored phone call between an attorney and an inmate, the inmate must contact a member of his Unit Team. You must show an impending court deadline or a reason why you can't discuss this through legal mail or attorney visit. All calls placed through the regular inmate phones are recorded and subject to monitoring.

Law Library

The law library is located in the Education Department, and contains a variety of legal reference materials for use in preparing legal papers. Reference materials include the United States Code Annotated, Federal Reporter, Supreme Court Reporter, Bureau of Prisons Program Statements, Institution Supplements, Indexes, and other legal materials. The Law Library is open Monday through Thursday, from 7:30 a.m. to 8:15 p.m., excluding lunch and the 4 p.m. count, Fridays from 7:30 a.m. to 3:30 p.m., Sundays from 11 a.m. to 8:15 p.m., excluding the 4 p.m. count and is closed on Saturdays and holidays. An inmate Law Library Clerk is available for assistance in legal research. Legal materials are also available to inmates in the Special Housing Unit via delivery system and satellite collection.

Notary Public

Under the provisions of 18 USC 4004, Case Managers are authorized to notarize documents. A recent change in the law allows that a statement to the effect that papers which an inmate signs are "true and correct under penalty of perjury" will suffice in federal courts and other federal agencies, unless specifically directed to do otherwise. Some states will not accept a government notarization for real estate transactions, automobile sales, etc. In these cases, it will be necessary for you to contact your legal team and arrange for notary service at your expense.

Copies of Legal Materials

In accordance with institution procedures, inmates may copy materials necessary for their research or legal matters. A copy machine is available in the Law Library for inmate use at a cost of \$.10 per page. You will be required to purchase a copy card from the commissary. Individuals who have no funds and who can demonstrate a clear need for particular copies, may submit a written request to the Unit Team for a reasonable amount of free duplication.

Federal Tort Claims

If the negligence of institution staff results in personal injury or property loss or damage to an inmate, it can be the basis of a claim under the Federal Tort Claims Act. To file such a claim, inmates must complete a standard Form 95. They can obtain this form from the Safety Manager.

Freedom of Information/Privacy Act of 1974

The Privacy Act of 1974 forbids the release of information from agency records without a written request by, or without the prior written consent of, the individual to whom the record pertained, except for specific instances. All formal requests for access to records about another person and/or agency record other than those pertaining to themselves (including Program Statements and Operations Memoranda) will be processed through the Freedom of Information Act, 5 USC 552. To obtain a copy of a document in his central file, or review the central file, an inmate should contact the Unit Team. To obtain a copy of his medical file he should submit a request to the medical department.

HEALTH SERVICES

It is the policy of the Bureau of Prisons to provide all care and medical treatment during incarceration which is necessary and needed to maintain the health status of the individual. The decision as to appointment time and treatment lies solely with the Medical Staff.

Sick Call Procedures

Routine sick call is held Monday, Tuesday, Thursday and Friday between 6:30 a.m. and 7:00 a.m. Cop-outs will not be accepted in order to be seen for sick call. You must sign up for sick call in person. Sick call is not held on Wednesday. Medical providers use this day to complete scheduled appointments, surgical procedures and specialty clinics. If an urgent or emergent need should arise, medical staff will remain on call and available.

In order to receive any type of medical or dental care you must bring your ID card to with you to Health Services. You will not be seen for sick call or treated without your ID card. Be advised, the provider signing up sick call, depending on the number of inmates requesting to be seen that day, may need to prioritize the requests and limit the number of sick call seen on a given day. Inmates will be triaged and those individuals with non-urgent conditions will be scheduled to be seen at a later date.

All inmates going to sick call whether it's dental or for medical, must notify his work supervisor prior to sick call. Inmate accountability will be followed at all times. Inmates who fail to keep their sick call appointment or a call-out are subject to an incident report. All other visits to the medical department will be by appointment only (except for emergencies). Should an inmate become ill or injured, a staff member must call Health Services and give details concerning the illness or injury prior to the inmate going to Health Services. Health Services staff will determine whether or not the inmate will be seen at that time or instructed to sign up for sick call on the next scheduled sick call day. If it is an emergency, Health Services will be notified and appropriate care will be provided, including transport to the hospital, if necessary.

Dental Sick Call

Dental sick call is held on Tuesday and Friday at 7:00 a.m. DO NOT send cop-outs requesting a sick call appointment for a toothache, swelling or infection. You must sign up for dental sick call in person. All information outlined in the sick call procedures for Health Services is applicable to seeking dental care. Co-pays will be charged for all dental sick call services.

If you are interested in receiving routine dental care (which includes hygiene services, permanent fillings, and evaluation for partial or full dentures) you must first fill out a cop-out and send it to the Dental Department. Your name will be placed on the routine dental care list and you will be seen in the order in which it was received. All other complaints or concerns are addressed through sick call.

Fogline Procedures – Medical and Dental

If fogline should occur on a scheduled sick call day and the census count clears BEFORE 8:30 a.m. Sick Call will be announced immediately thereafter. If the count does NOT clear by 8:30 a.m. sick call will NOT be held for that day and you will need to make the next scheduled sick call.

Your health care provider will determine if the type of appointment scheduled is subject to a copay fee.

Indigency: An **indigent inmate** is an inmate who has not had a trust fund account balance of \$6 for the past 30 days. If you are considered indigent, you will not have the co-pay fee deducted from your Inmate Commissary Account. If you are NOT indigent, but you do not have sufficient funds to make the co-pay fee on the date of the appointment, a debt will be established by TRUFACS, and the amount will be deducted as funds are deposited into your Inmate Commissary Account.

Complaints: You may seek review of issues related to health service fees through the Bureau's Administrative Remedy Program (see 28 CFR part 542).

Examination by a Physician

The most efficient way to obtain an examination by a physician or an outside specialist, if necessary, is to sign up for sick call, explain your problem to the P.A. or nurse, and they will refer you to a physician, if your condition warrants it. The Utilization Review Committee must approve all evaluations and procedures by outside specialists. Pre-existing conditions are treated, if they are determined to be medically necessary.

Chronic Care Clinics

Chronic Care Clinics are regular call-outs with a Physician or Physicians Assistant (P.A.) to assess and/or monitor conditions such as high blood pressure, heart disease or diabetes. If you take medications on a daily basis for a chronic disease or condition, you may be placed in a chronic care clinic. If you are not on a clinic list, but feel you should be, please submit a Cop-Out to the Clinical Director or the Health Services Administrator.

Medication Line

Medications will be dispensed at the Pharmacy window two times per day. Inmates who are receiving pill line medications, insulin injections or picking up prescriptions must do so at this time. Medication Line (pill line) will be announced as follows:

Monday-Friday:	6:30 a.m. (when mainline opens) 4:45 p.m. (when mainline opens)	Weekends/Holidays:	8:30 a.m. 4:45 p.m. (when mainline opens)
Insulin Line:	6:20 a.m. 4:30 p.m. (after count clears)	Weekends/Holidays:	8:20 a.m. 4:30 p.m. (after count clears)

As soon as medication (pill lines) are announced you are expected to go directly to Health Services/Pharmacy. If you arrive late and pill lines have been completed – you will NOT be seen.

Pharmacy

Prescription refills will be requested utilizing the Prescription Refill Request form (Prescription bottles will not be accepted). The request should be submitted 2-3 days before your prescription runs out to permit processing of the request by Pharmacy Staff. Incomplete or inappropriately completed forms will not be processed. Your Request for Refill forms need to be placed in the mailbox outside of Health Services. **If you have a medication that has no refills or has expired, you must sign up for sick call and be seen by a provider in order to have your prescription renewed. NO EXCEPTIONS.**

Pharmacy Medication Counseling Services

If you have questions concerning your medications, the Pharmacist is available for counseling services during morning pill lines only, Monday – Friday, excluding holidays. Health services staff conducting evening and weekend pill lines are not pharmacists. It is important, if you have questions, to direct them to the Pharmacist for expert advice on your prescription medications.

Routine Physical Examinations

A history and physical exam is performed on all new commitments to the Bureau of Prisons, whether the inmate is a self-surrender or transferee from a county jail or state facility. Routine screening procedures for tuberculosis on a yearly basis using the PPD skin test. Other procedures are done based upon clinical findings during your physical examination.

Inmates over 50 years old may request a yearly health screening. Labs performed include a chemistry panel, complete blood count, thyroid stimulating hormone, free T 4, and a lipid panel. An electrocardiogram (EKG), a screening test for glaucoma, a rectal examination with Hemocult (a test for blood in the stools), and a Prostrate Specific Antigen (PSA) tests will also be performed. Requests for PSA testing without a rectal exam will not be honored.

Many people request a complete physical when they have only one specific concern, or have no concerns or symptoms at all. An examination is only as good as the history you give to the practitioner. If you are under age 50 and have no health problems or concerns, the likelihood of a general physical exam revealing a significant problem is very low. Any inmate scheduled for release may request a physical exam, regardless of age, if they have not had one within the past 12 months of incarceration.

Infectious diseases, such as colds, flu, and skin infections, are easily spread within a crowded environment. Good hygiene is very important—keep your body, clothes, and areas clean. Wash your hands frequently. Cough into your elbow or upper arm. If

you cough or sneeze into your hands, wash your hands. Keep scratches and open areas clean and covered. Dispose of soiled bandages appropriately and wash your hands. Flu vaccinations will be offered each fall.

Infectious Diseases

The Bureau will manage infectious disease in the confined environment of a correctional setting through a comprehensive approach which includes testing, appropriate treatment, prevention, education, and infection control measures.

Inmates may voluntarily request testing for infectious diseases (Hepatitis B, Hepatitis C, and HIV) and sexually transmitted diseases (syphilis, gonorrhea, Chlamydia, herpes, genital warts, etc.). Inmates may request testing via an Inmate Request to Staff Member (BP-S148) form addressed to Health Services. If it is an emergency, inmates are encouraged to present to medical sick call for evaluation.

Mandatory testing is performed when there are risk factors and the test is clinically indicated and/or surveillance testing is required. Inmates must participate in mandatory HIV testing programs.

All inmates will be assessed by a health care professional for clinical signs and symptoms of active pulmonary tuberculosis during intake screening, (i.e., weight loss, chronic cough, spitting up blood, night sweats). Inmates are advised to report to Health Services should they experience any of these signs and symptoms while at FCI Sheridan. These may indicate active tuberculosis, which is a contagious infection and needs to be identified and treated promptly.

Tuberculin skin screening is mandatory for all inmates and is performed at least annually, more often, if clinically indicated. The only exception to mandatory testing are individuals who have tested positive and have verifiable Bureau of Prisons documentation or documented completion of treatment.

Disease Prevention: Influenza, Pneumococcal, Tetanus/Diphtheria, and Measles/Mumps/Rubella immunizations will be provided routinely to inmates in accordance with CDC guidelines and guidance from the Federal Bureau of Prisons Medical Director.

Programming, Duty and Housing Restrictions: Any inmate with an infectious disease will be evaluated for programming, duty and housing. Inmates with infectious diseases that are transmitted through casual contact will be prohibited from work assignments in any area, until fully evaluated and cleared by a health care provider.

Inmates with infectious diseases that are not food borne or transmitted by casual contact; i.e., HBV, HCV, HIV, will not be prohibited from assignment to Food Service based solely upon the diagnosis of the infectious disease. The primary care provider will determine the inmate's suitability for Food Service.

Over-The-Counter-Medications

Commissary has a wide range of over-the-counter medications. Stock up on those items you routinely need.

DNA Blood Samples

On December 19, 2000, the DNA Analysis Backlog Elimination Act of 2000 (Pub. L. No. 106-546) was enacted. That law required the Bureau to obtain a DNA sample from each inmate convicted of a qualifying offense. Program Statement 5311.01, **Inmate DNA Sample Collection Procedures**, was effective February 1, 2011. Collection of DNA via buccal swab has been incorporated into the collection method. The policy states "...Pursuant to these authorities, the Bureau will collect DNA samples from persons in Bureau custody who are:

- Convicted of any federal offense (felony or misdemeanor);
- Convicted of any Uniform Code of Military Justice (military) offense (felony or misdemeanor);
- Convicted of a qualifying D.C. Code offense (as provided on a list);
- Arrested or facing charges (pretrial inmates); and
- Non-United States persons who are detained under the authority of the United States (including the Bureau) (persons who are not United States citizens and who are not lawfully admitted for permanent residence as defined by 8 C.F.R. § 1.1 (b))...."

PSYCHOLOGIST

This person is responsible for the performance of diagnostic, therapeutic, research, educational and evaluations pertinent to

psychological services. The Psychologist plans, organizes, participates and provides professional expertise for unit counseling programs. This function includes the assessment of inmate psychological needs and the design of corresponding programs to meet specific needs. You may request an appointment with a psychologist by submitting a Request to Staff Member form. A Psychologist is also available to inmates at open house Monday through Friday from 11 a.m. to 12 p.m., or on emergency basis, by request from staff.

Suicide Prevention Program

The suicide prevention program is coordinated by Psychology Services. Inmates may volunteer as □Inmate Companions□ and receive training in this area. Inmates are encouraged to contact our service if they are experiencing depression and/or hopelessness and desire counseling. Additionally, if you see a peer (another inmate) exhibiting signs of depression, hopelessness, etc., you are encouraged to tell a staff member immediately (see below).

It is not uncommon for people to experience depression and hopelessness while in jail or prison, particularly if they are newly incarcerated, are serving long sentences, are experiencing family problems or problems getting along with other inmates, or have just received bad news. Sometimes inmates consider committing suicide due to all the losses they have suffered and the pressure they are under. Staff members are trained to monitor inmates for signs of suicide risk and to refer all concerns to the Psychology Department.

However, staff members do not always see what inmates see. If you are personally experiencing any of the problems noted above, or you or another inmate are showing signs of depression, PLEASE tell a staff member today. Depression is seen as sadness, tearfulness, irritability, lack of enjoyment in usual activities, staying away from others, refusing phone calls and / or visits, feeling worthless, being hard on oneself, hopelessness, giving away possessions, and statements like “there is nothing to live for.”□

Your input can save a life!

Sexually Abusive Behavior Prevention and Intervention

What is sexually abusive behavior? According to federal law (Prison Rape Elimination Act of 2003) sexually abusive behavior is defined as:

a. **Rape:** The carnal knowledge, oral sodomy, or sexual assault with an object or sexual fondling of a person **FORCIBLY** or against that person’s will;

The carnal knowledge, oral sodomy, or sexual assault with an object or sexual fondling of a person not forcibly or against the person’s will, where the victim is **incapable of giving consent** because of his/her youth or his/her temporary or permanent mental or physical incapacity; or

The carnal knowledge, oral sodomy, or sexual assault with an object or sexual fondling of a person achieved through the **exploitation of the fear or threat** of physical violence or bodily injury.

Carnal Knowledge: Contact between the penis and vulva or the penis and the anus, including penetration of any sort, however slight.

Oral Sodomy: Contact between the mouth and the penis, the mouth and the vulva, or the mouth and the anus.

b. **Sexual Assault with an Object:** the use of any hand, finger, object, or other instrument to penetrate, however slightly, the genital or anal opening of the body of another person (**NOTE:** This does NOT apply to custodial or medical personnel engaged in evidence gathering or legitimate medical treatment, nor to health care provider’s performing body cavity searches in order to maintain security and safety within the prison).

c. **Sexual Fondling:** The touching of the private body parts of another person (including the genitalia, anus, groin, breast, inner thigh, or buttocks) for the purpose of sexual gratification.

d. **Sexual Misconduct** (staff only): The use of indecent sexual language, gestures, or sexually oriented visual surveillance for the purpose of sexual gratification.

NOTE: Sexual acts or contacts between two or more inmates, even when no objections are raised, are prohibited

acts, and may be illegal. Sexual acts or contacts between an inmate and a staff member, even when no objections are raised by either party, are always forbidden and illegal.

Your Right to be Safe from Sexually Abusive Behavior

While you are incarcerated, **no one has the right to pressure you to engage in sexual acts.** You do not have to tolerate sexually abusive behavior or pressure to engage in unwanted sexual behavior regardless of your age, size, race, ethnicity, or sexual orientation.

Your Role in Preventing Sexually Abusive Behavior

Here are some things you can do to protect yourself and others against sexually abusive behavior:

- Carry yourself in a confident manner at all times. Do not permit your emotions (fear/anxiety) to be obvious to others.
- Do not accept gifts or favors from others. Most gifts or favors come with strings attached to them.
- Do not accept an offer from another inmate to be your protector.
- Find a staff member with whom you feel comfortable discussing your fears and concerns.
- Be alert! Do not use contraband substances such as drugs or alcohol; these can weaken your ability to stay alert and make good judgments.
- Be direct and firm if others ask you to do something you don't want to do. Do not give mixed messages to other inmates regarding your wishes for sexual activity.
- Stay in well lit areas of the institution.
- Choose your associates wisely. Look for people who are involved in positive activities like educational programs, psychology groups, or religious services. Get involved in these activities.
- Trust your instincts. If you sense that a situation may be dangerous, it probably is. If you fear for your safety, report your concerns to staff.

What to do if you are Afraid or Feel Threatened

If you are afraid or feel you are being threatened or pressured to engage in sexual behaviors, you should discuss your concerns with staff. Because this can be a difficult topic to discuss, some staff, like psychologists, are specially trained to help you deal with problems in this area.

If you feel threatened, immediately approach any staff member and ask for assistance. It is part of his/her job to ensure your safety.

What to do if you are Sexually Assaulted

If you become a victim of a sexually abusive behavior, **you should report it immediately to staff** who will offer you protection from the assailant and refer you for a medical examination and clinical assessment. You do not have to name the inmate(s) or staff assailant in order to receive assistance, but specific information may make it easier for staff to know how best to respond. You will continue to receive protection from the assailant, whether or not you have identified him or her (or agree to testify against him/her.)

Even though you may want to clean up after the assault **it is important to see medical staff BEFORE you shower, wash, drink, eat, change clothing, or use the bathroom.** Medical staff will examine you for injuries which may or may not be readily apparent to you. They can also check you for sexually transmitted diseases, and gather any physical evidence of assault. The individuals who sexually abuse or assault inmates can only be disciplined and/or prosecuted if the abuse is reported.

How to Report an Incident of Sexually Abusive Behavior

It is important that you **tell a staff member if you have been sexually assaulted.** It is equally important to inform staff if you have witnessed sexually abusive behavior. You can tell your Case Manager, Chaplain, Psychologist, SIS, the Warden or

any other staff member you trust. BOP staff members are instructed to keep reported information confidential and only discuss it with the appropriate officials on a need to know basis concerning the inmate-victim's welfare and for law enforcement or investigative purposes.

There are other means to confidentiality report sexually abusive behavior if you are not comfortable talking with staff.

Write directly to the Warden, Regional Director or Director. You can send the Warden an Inmate Request to Staff Member (Cop-out) or a letter reporting the sexually abusive behavior. You may also send a letter to the Regional Director or Director of the Bureau of Prisons. To ensure confidentiality, use special mail procedures.

File an Administrative Remedy. You can file a Request for Administrative Remedy (BP-9) if you determine your complaint is too sensitive to file with the Warden, you have the opportunity to file your administrative remedy directly with the Regional Director. (BP-10) you can get the forms from your counselor or other unit staff.

Write the Office of the Inspector General (OIG) which investigates allegations of staff misconduct. OIG is a component of the Department of Justice and is not a part of the Bureau of Prisons. The address is:

**Office of the Inspector General
P. O. Box 27606
Washington, D.C. 20530**

Understanding the Investigative Process

Once the sexually abusive behavior is reported, the BOP and/or other appropriate law enforcement agency will conduct an investigation. The purpose of the investigation is to determine the nature and scope of the abusive behavior. You may be asked to give a statement during the investigation. If criminal charges are brought, you may be asked to testify during the criminal proceedings.

Counseling Programs for Victims of Sexually Abusive Behavior

Most people need help to recover from the emotional effects of sexually abusive behavior. If you are the victim of sexually abusive behavior, whether recent or in the past, you may seek counseling and/or advice from a psychologist or chaplain. Crisis counseling, coping skills, suicide prevention, mental health counseling, and spiritual counseling are all available to you.

Management Program for Assailants

Those who sexually abuse/assault others while in the custody of the BOP will be disciplined and prosecuted to the fullest extent of the law. If you are an inmate assailant, you will be referred to Correctional Services for monitoring. You will be referred to Psychology Services for an assessment of risk and treatment and management needs. Treatment compliance or refusal will be documented and decisions regarding your conditions of confinement and release may be effected. If you feel that you need help to keep from engaging in sexually abusive behaviors, psychological services are available.

BOP Policy Definitions

Prohibited Acts: Inmates who engage in inappropriate sexual behavior with or direct it at others, can be charged with following Prohibited Acts under the Inmate Disciplinary Policy.

Staff Misconduct: The Standards of Employee Conduct prohibit employees from engaging in, or allowing another person to engage in, sexual, indecent, profane or abusive language or gestures, and inappropriate visual surveillance of inmates. Influencing, promising or threatening an inmate's safety, custody, privacy, housing, privileges, work detail or program status in exchange for sexual favors are also prohibited.

THE SALES UNIT IS CLOSED ON WEEKENDS, HOLIDAYS AND FOR INVENTORY.

TRULINCS/TRUFONE Accounts

You are provided with individual TRULINCS account, similar to the TRUFONE accounts. Each housing unit has dedicated TRULINCS workstations to perform the following functions:

Contact list management
Messaging
Account transaction viewing
Electronic Law Library

In order to use TRULINCS (email), an Inmate Consent Form to participate in the TRULINCS Programs must be signed and returned to your Counselor.

You are allowed a maximum TRULINCS session length of 60 minutes before being automatically logged out for 15 minutes to allow other inmates access to the system. There is not a monthly time limit for public messaging (emailing). Once you have access to your account, you may purchase TRULINCS session time at the rate of 5 cents per unit (Tru-Unit). Electronic messaging is billed as one Tru-Unit per minute of session time, printing is billed as three (.45) Tru-Units per page. You may purchase from 40 to 600 Tru-Units at one time and your Commissary account which is immediately deducted.

Contact list

You must have a pre-approved email address in order to perform electronic messaging and you must use your contact list. The contact list will also be used to manage your approved telephone numbers within TRUFONE, sending funds out from your Commissary account (BP-199) and printing postal mailing labels. You are allowed up to 30 contacts for the TRULINCS and TRUFONE system, plus up to 100 contacts to print postal mailing labels. The telephone number and email addresses are counted based on the first 30 entered, if you are adding a contact only to communicate via postal mail, then you should not enter a telephone number or email address on the contact.

Electronic Messaging

If an email address is entered for a contact, TRULINCS sends a system generated message to the contact giving them the opportunity to accept or reject the email prior to receiving any messages from you. If a positive response is received, then you may begin exchanging electronic messages with this contact. If a contact rejects TRULINCS participation, then you are blocked from sending any messages to that email address. Messages are limited to 13,000 characters. You will not have access to the Internet nor are you able to receive pictures or other attachments. The delivery of all incoming and outgoing messages is delayed by a minimum of one hour to prevent the engagement of chat sessions. All messages are stored for monitoring at the institution's convenience.

Account Transaction Viewer

You are provided the opportunity to view your last 45 days of Commissary transactions, telephone account statement, and Tru-Unit transactions via TRULINCS.

Trust Funds Accounts

Inmate payroll will be posted by the 10th of each month. Questions regarding inmate accounts are to be submitted on an Inmate Request to a Staff Member to the Correctional Counselor, or to the office of Financial Management.

TRUFONE (PAC & VPIN)

There is a telephone room, for inmate use, located in each housing unit. In the secure housing unit, staff provide a portable telephone for inmates use while confined to their cells. Inmates who require a high degree of security may be required to submit their request for phone use to the Unit Counselor. Calls will be limited to 15 minutes. When an inmate enters the facility, a phone access code must be used in accessing both direct charge and collect call features. In addition, each inmate wanting to use the phone will be required to activate his VPIN thru their Counselor. This basically entails recording your voice to access the phone system. Inmates needing an unmonitored attorney call will request in writing to the Unit Counselor at least 24 hours in advance.

Inmates are limited to 300 minutes per calendar month for TRUFONE monitored telephone calls. This limitation applies to all inmates with a TRUFONE account, and may be used for any combination of collect or direct dial calls at the inmates' discretion.

Inmates who exhaust their 300 minutes limitation may, at the Warden's discretion, be provided a telephone call for good cause shown. Inmates should request calls through the Unit Team. It is intended this exception be used sparingly and only for bonafide emergencies. The inmate is responsible for the cost of such calls.

This limitation does not affect an inmate's ability to place unmonitored, legal telephone calls according to the Program Statement on Telephone Regulations for Inmates.

This limitation is needed to maintain the security and good order of Bureau institutions and to protect the public by increasing the Bureau's ability to minimize inmate abuses of the telephone for illegal or disruptive purposes. The Bureau believes a 300 minute limitation provides adequate opportunity for inmates to maintain community ties in conjunction with visiting and written correspondence.

The telephones are for the purpose of allowing the inmates to place local or long distance calls to their family members and friends. This enables them to keep in contact and establish good communications with their family members and friends.

Inmates must transfer funds to their TRUFONE account before any direct charge call can be placed. Transfers to your TRUFONE account must be made from your Commissary account. Once funds are transferred to your TRUFONE account they cannot be returned to your commissary account. Phone calls will be placed as long as sufficient funds are available to make at least a one (1) minute phone call. Calls cannot be completed to area codes 700, 800, 900, 976 or 888.

The Bureau of Prisons reserves the authority to monitor (this includes recording) conversations on any telephone located within its institutions. The daily monitoring is to preserve the security and orderly management of this institution and to protect the public. An inmate's use of the institution telephones constitutes consent to this monitoring.

Inmate Telephone Usage

Additional guidelines have been received at BOP facilities nationwide regarding telephone use.

1. Only one telephone in each housing unit will be available for use from 6:00 a.m. to 3:30 p.m. These telephones are for those on day off, or who work early morning, or late shift hours.
2. Upon the completion of a telephone call, inmates will not be permitted to make another call for 60 minutes.
3. Telephone use may be suspended pending investigation of suspicious telephone conversations (talking in code, making an illusion to criminal activity, etc.)
4. The following sanctions will be considered for telephone abuse:
 - 1st offense: loss of telephone privileges for 6 to 18 months
 - 2nd offense: loss of telephone privileges for 18 to 36 months
 - Repetitive violations will be met with increased sanctions.
5. If you receive an incident report and loss of telephone privileges for abuse of telephones, your Unit Team may recommend to the Warden additional telephone restriction pursuant to 28 CFR §540.100 after the UDC/DHO sanction has expired. This classification could result in you being limited to one telephone call per month. If so classified, you will receive written notice from the Warden and instructions on appeal rights.
6. Inmates transferring to Sheridan, may be subject to the limitation of one telephone call per month, pursuant to 28 CFR §540.100. Specifically, a criminal conviction involving use of a prison telephone will be scrutinized. Factors such as: recency of the conviction and behavior in prison will also be taken into consideration. If so classified, you will receive written notice from the Warden with instructions on appeal rights.

RELIGIOUS ACTIVITIES

Religion can be a significant influence in a person's life, especially during imprisonment when more time for thought and reflection is available. To assist the inmate in this regard, the Pastoral Care Department consists of two Chaplains, who are also available for counseling services. Assisting the Chaplains are approved volunteers and contract religious leaders. The religious activities schedule is posted on bulletin boards in the Chapel and in the Units.

RESIDENTIAL DRUG ABUSE PROGRAM

The Residential Drug Abuse Program is a unit-based program that takes approximately 9 months to complete. Residential programs are located in various federal institutions. Each program delivers a standardized treatment package in which participants program 10 to 15 hours a week in a wide variety of therapeutic modalities targeting skills acquisition. For those being released after completion of the program, a period of 3 to 6 months of transitional services will be arranged. The transitional services program is coordinated out of the Central Office and is planned to consist of four hours of treatment weekly. As incentive to participate in residential treatment, inmates admitted to the program who have neither current nor prior violent offenses are eligible to receive up to a 1-year sentence reduction for successful completion of the program. This includes completion of the Residential Re-entry Center (halfway house) as well. Another incentive for participating in RDAP is the conferring of financial awards, based upon the inmate's achievement/completion of program phases. These financial rewards may be provided as participants successfully move through the program. The awards should be based on achievement rather than mere attendance.

RESIDENTIAL PROGRAM TREATMENT FOCUS:

1. Orientation to Treatment
2. Rational Thinking Skills
3. Criminal Lifestyles
4. Living with Others
5. Lifestyle Balance
6. Recovery Maintenance
7. Transitioning into the Community

Non-Residential Drug Abuse Program

Non-residential drug abuse treatment is provided at all institutions and ordinarily consists of individual and/or group counseling and self-help programming. It is a voluntary program, available to inmates with

drug/alcohol problems who are not eligible or interested in participating in the residential drug abuse treatment program. Nonresidential drug abuse services will include a minimum of 1-hour of individual or group contacts each month as indicated by a treatment plan. Topics typically addressed in nonresidential treatment include: Interpersonal skills building, errors in thinking, post release survival and anger management. The focus must be on the topics' relationship to alcohol and drug abuse and methods used to overcome drug-using patterns.

Drug Education/Outpatient Services

The Drug Education Program is a 40-hour program providing general information about drug abuse and treatment options. The program is standardized and presented in most federal institutions. A certificate of achievement will be awarded to all who successfully complete the program. A copy of this certificate will be forwarded to the unit team for placement in the inmate's central file.

Outpatient services, such as Alcoholics Anonymous and Narcotics Anonymous, are also provided at FCI Sheridan, and in most other federal institutions. They are designed to meet the treatment needs of inmates who are not in comprehensive treatment programs.

ACADEMIC AND VOCATIONAL TRAINING

We stress education at Sheridan, both in the academic and in vocational training programs, as preparation for your release. We believe the more education you have, the easier it will be for you to return successfully to society.

You are, therefore urged to look into educational opportunities available and to take full advantage of them. Through the classification process, your Unit Team may, include educational self-improvement as one of your institution goals, should the need be evident.

To serve as a guide for your future planning, the following are general descriptions of the available programs. Educational Handbooks that give further information on programs are available through your Educational Advisor if you wish to have one.

An unsatisfactory status could also affect furloughs, transfers, sentence computations and halfway house.

General Education Development Program (GED)

The GED Program is mandatory for all inmates who do not have written documentation of a high school diploma or GED Certificate, who were sentenced on or after May 1, 1991. This documentation must be verified in your Pre-Sentence Investigation Report, be an original certificate, or an official transcript verifying graduation. All classes are open entry/open exit and are offered throughout the year. GED instruction and testing are generally available in both English and Spanish. A GED Certificate will be required, and/or one must demonstrate 480 hours of satisfactory progress towards earning a GED to secure work assignments above the fourth (4th) pay grade level.

After determining you have an appointment at a specific place and time, **BE PROMPT**. Notify your immediate supervisor prior to your departure for an appointment. Failure to keep appointments may result in disciplinary action.

ACCOUNTABILITY AND INMATE PASS SYSTEM

In any correctional setting, accountability of inmates confined in the facility is essential. The key to keeping this system in a relaxed balance is for you to assume your responsibility of being in the right place at the right time. At this institution CMS is the only work detail with passes. During the work day (from 7:30 a.m. until 3:45 p.m.) in order to leave your CMS work detail you will need a pass. Passes may be obtained from the CMS foreman responsible for your crew detail. All passes must be returned to the employee of issue prior to the 4 p.m. count. If you are in an area without authorization, you are considered out of bounds, and subject to disciplinary action.

COUNTS

Do not distract those counting by talking. All radios and TV sets will be turned off. During ALL counts the inmates will show "flesh." If flesh cannot be seen, the inmate will be called upon to show flesh in order to be counted. When you are on out-count (for example, on kitchen duty, etc.) respond quickly and accurately if asked your name and unit number so that the out-count can be reported promptly.

DAILY CENSUS COUNTS

A Census Count will be conducted Monday through Friday (except holidays) at 8:30 a.m. and 12:30 p.m. All unit orderlies, as well as inmates unassigned, on vacation, medical lay-in, convalescence and medically unassigned must be in their assigned housing unit during the census counts, and must check with the Unit Officer or Unit Staff prior to leaving the unit for any reason, except a call-out.

RESTRICTED AREAS

Out of bounds areas will be posted on the Housing Unit bulletin boards. It is your responsibility to know the out of bounds areas and to adhere to these restrictions. Such areas include all lawn areas, and sidewalks marked "OUT OF BOUNDS". In addition, a 20 foot-restricted zone has been established on all perimeter fence lines. All inmates will remain free of this restricted zone unless under direct supervision.

INSTITUTION EMERGENCIES

When staff are responding to an emergency situation inmates will clear all walkways and doorways and follow any additional instruction given by staff. Inmates in affected area will lay face down on the ground/floor. Inmates who interfere with staff are subject to disciplinary actions.

OPEN COMPOUND\CONTROLLED MOVEMENT

1. During the evening hours, Monday through Friday, on weekends, and on Holidays, FCI Sheridan will utilize an "Open compound" concept in conjunction with "controlled movement" concept for specifically identified areas.
2. The Housing Units will be called to the evening meal on a weekly rotating basis. Commencing when the dining room is officially cleared, at the FCI, and secured of all inmates at the conclusion of the evening meal (Monday Through Friday), the Evening Watch Activities Lieutenant will contact the Control Room Officer and notify him/her the FCI Compound is "closed." The Control Room Officer will make an announcement over the institution's P.A. system informing the inmate population that the compound is closed. This will indicate that all areas will operate on a subsequent hour for a 10 minute period.
3. The walkway extending from the Food Service entrance to the gymnasium will be the only walkway allowed for inmate movement. This inmate movement will only be during the "controlled movement access" time frame. Any inmate found in this aforementioned area during any other time will be "out of bounds" and subject to disciplinary action.
4. "Open Compound" will be allowed in the Commissary and Barber Shop. Inmates will be allowed to move from their respective living unit and travel toward any of the aforesaid locations. Inmates will not be allowed to congregate on any of the sidewalks. Any inmate found to be on a sidewalk leading to a living unit in which he does not reside will be subject to disciplinary action.

The Barber Shop is open to all inmates. Those who opt to remain in one of this area after movement is over will remain

there until the next movement. The Commissary will be accessible to all inmates authorized to shop on that day. Inmates who have finished shopping will be allowed to go back to their respective unit's patio and remain there until the next movement. Restroom facilities are not available in the Commissary and Barber Shop areas. Inmates should utilize the restroom prior to movement.

5. All inmates will be required to be in possession of their Inmate Account Card at all times, when out of the assigned living quarters. Failure to comply with this order will be subject to disciplinary action.
6. The sidewalk leading to the administration area and immediately adjoining the Associate Wardens' Office, R&D, the Medical area, and the Special Housing Unit are off limits. An inmate must be called to these areas by staff personnel. Any inmate not having business in these areas will be subject to disciplinary action if found in these areas.
7. All lawn areas throughout the FCI are off limits to all inmates. Any inmate found on any lawn area will be subject to an incident report and subsequent disciplinary action.
8. Patio areas in front of each unit are accessible only during movement periods. Inmates utilizing the patio area are responsible for maintaining a high level of sanitation prior to leaving the area. Trash and garbage of any kind will not be tolerated. Please be considerate of those inmates whose windows face the patio area and keep the noise level down. All inmates who utilize the patio areas must be fully clothed. There will be no sunbathing or inmates without shirts in this area.

During controlled movement on evenings, weekends and holidays:

1. The unit doors will remain locked during non-movement periods.
2. The Operations Lieutenant will have a special one way movement from Food Service to the respective units of all Food Service inmates who are going off duty. No other inmates will be allowed to move during this movement.

Recall Schedule: 2:50 p.m. Recreation Recall (weekdays)
 3 p.m. UNICOR Recall (weekdays)
 3:10 p.m. CMS Recall (weekdays)
 3:30 p.m. Recreation Recall (weekends)

AREA SEARCHES

Any staff member may search an inmate's room to retrieve contraband or stolen property. It is not necessary for the inmate to be present when his room is inspected. The property and living area will be left in the same general condition as found and these inspections will be unannounced and random.

DRUG AND ALCOHOL SURVEILLANCE

The Bureau operates a drug and alcohol surveillance program that includes mandatory random testing, as well as testing of certain other categories of inmates. If a staff member orders an inmate to provide a urine sample or Breathalyzer for either program, and the inmate does not do so, the inmate will be subject to an incident report.

VISITS

It is the policy of the Bureau of Prisons to encourage visiting by family and community members to maintain the morale of the inmates and to develop closer relationships between the staff, family members and the community. Some of your basic questions concerning visiting will be answered in this handbook. However, we recommend that you consult with your Correctional Counselor or other Unit Team members and become fully aware of the visiting regulations. ALL visitors are required to clear the metal detector. If a legitimate medical condition prohibits the visitor from clearing the metal detector, the proposed visitor must provide adequate medical documentation in advance to their Unit Correctional Counselor. Visitors will not be permitted to enter the facility until documentation is received and approved.

Upon your arrival at this institution, you will be provided a form to request the persons you desire to be placed on your visiting list. All proposed visitors will be screened. Talk to your Correctional Counselor if you wish to add or delete an individual from the list. The Visiting Room is located in the Administration Building. Inmates will not be allowed to enter the Visiting Room without wearing black institution polished shoes, (no sneakers, soft shoe pass required) clean Khaki shirt and pants, name tags MUST be on the shirt and pants. Each inmate will receive 12 visiting points per month. Each inmate will be allowed to have up to six visitors at any one time. The six visitors may include adults and children, although the total number of children is limited to four. If the number of children exceeds this amount, they may switch out and split the visit or, under special circumstances you may receive authorization from your team to exceed this number. If the visit is split, at least one adult must remain in the

visiting room, and children are not to be left unattended on the grounds. Coloring books and Crayons are available upon request.

Visiting points will be charged as follows:

- Two (2) points per day Saturday, Sunday and Federal Holidays
- One (1) point per day Thursday and Friday

No points are charged on Thanksgiving, Christmas, New Years and the Fourth of July.

VISITING TIMES

- | | |
|---|---------------------|
| Thursday (SHU Inmates Only) | 8:30 a.m. to 3 p.m. |
| Friday, Saturday, Sunday & Federal Holidays | 8:30 a.m. to 3 p.m. |

Inmates may receive visits during the scheduled periods. A limit of 6 visitors per visit will be enforced. An infant child who can be held by an adult will not be counted against the total of 6 allotted visitors. Due to space limitations, the Operations Lieutenant and/or Staff Duty Officer are authorized to terminate visits early to avoid overcrowding.

The following regulations must be strictly adhered to:

VISITING REGULATIONS

1. No visitors will be allowed entrance after 2 p.m.
2. Children less than 16 years of age must be accompanied by an adult member of the family. If the Visiting Room becomes too crowded, visits for persons from the local area will be terminated according to the time of arrival, with the first to arrive being the first terminated.
3. Anyone visiting the institution must be on an inmate's approved visiting list or be approved in advance for a special visit.
4. For identification purposes, visitors will be required to present a picture identification (valid driver's license, passport, etc.).
5. Appropriate attire will be worn by visitors. Due to the general and diverse types of visitors, and the fact that the Visiting Room is not a public facility, certain restrictions must be placed on visitors clothing. Please see your counselor for a copy of the visitors regulations on this matter.
6. Visitors are not allowed to bring food, gifts, games, needlework, pocket books, baby strollers, or packages into the visiting room. Any item that cannot be thoroughly searched will not be allowed into the institution. Business transactions and written messages may not be exchanged during a visit. The Visiting Room Officer will enforce the standards set forth in policy. Life support medication may also be allowed into the Visiting Room under the direct handling and supervision of the Visiting Room Officer.
8. Once seated, movement by inmates and their visitors should be limited to that which is necessary. Inmates are not allowed to accompany their visitors to the vending machine area. Inmates will not use the visitors' restrooms. If the need arises, the inmate must contact the visiting room officer for access to an inmate's restroom. Unnecessary lingering, walking the aisles, etc., is not only distracting to other visitors, but prevents proper staff supervision.
9. It is the responsibility of the inmate to control the behavior of their young visitors. Children will not be allowed to move up and down the aisles or come and go from the inside area to the outside area. Children should be under the direct supervision of the adult visitor and inmate at all times. Failure to properly supervise children may result in early termination of the visit.

X **Security of the Visiting Room:** All doors to the inside Visiting Room area are to be locked and controlled by

the Visiting Room Officers. This is necessary to account for all movement in and out of the area.

- X Clear plastic coin purses and wallets are allowed. No cash will be allowed to enter the Visiting Room (coins only up to \$30).
- X Smoking: Smoking is prohibited.
- X Statutory Authority: Title 18 USC, Section 1701, 1791, and 3571, provides a penalty of not more than twenty (20) year's imprisonment or a fine of not more than \$250,000.00 for any person who introduces or attempts to introduce into or upon the ground of a Federal Penal Institution, or takes or attempts to take or send there from ANYTHING whatsoever without the knowledge and consent of the Warden. Additionally, pursuant to Title 18 USC, Section 1001, visitors will be required to sign an agreement that false statements are not being given and that they will abide by the visiting guidelines of the institution. FINANCIAL RESPONSIBILITY PROGRAM (FRP)

The Financial Responsibility Program was adopted in the Bureau of Prisons in April 1987. Through this program, inmates are required to demonstrate a responsible effort and attitude toward identified financial obligations. During initial classification and subsequent program reviews, the Unit Team will evaluate each inmate's financial obligations and will work with the inmate to establish a mutually agreeable financial responsibility plan regarding payment.

Obligations will generally include, but are not limited to:

Court Ordered Fines	Assessments	Court Costs
Restitution	State Fines	Other Restitutions
Child Support	Other Government Obligations	

The Financial Responsibility Plan must reflect a "responsible effort" toward addressing the financial obligation. Generally, inmates will be encouraged to use community resources to satisfy their obligations in addition to performance pay. Both are used to establish the FRP plan. Monthly allotments can be established from either UNICOR pay or performance pay toward financial obligations.

Refusal to establish a Financial Responsibility Plan (FRP) will be interpreted as a poor demonstration of program participation and living skills, those inmates will not be permitted to work in UNICOR. Those inmates in UNICOR will be removed if they refuse to participate in FRP. Additionally, inmates refusing to participate in the FRP will be limited to maintenance pay (\$5.25 per month) and may be precluded from other programs and activities.

The inmate must understand what is required of him in relation to the FRP program. The inmate is responsible for maintaining enough funds in his account to make a payment or establish outside payments. The inmate is also responsible for obtaining receipts of prior payments or outside payments on any court ordered obligation and having these receipts mailed into the Unit Team. The "RESPONSIBLE EFFORT" TOWARDS AN INMATE'S FINANCIAL RESPONSIBILITY PROGRAM WILL BE DETERMINED BY THE UNIT TEAM. Any concerns or problems that may develop should be addressed with the Unit Counselor as soon as possible. The FRP is discussed in detail in Program Statement 5380.05 in the Law Library.

PROBLEM RESOLUTION**INMATE REQUESTS TO STAFF MEMBER**

The Bureau form BP-Admin-70, commonly called a "Cop-Out," is used to make a written request to a staff member. Any type of request can be made with this form. "Cop-Outs" may be obtained in the living units from the Correctional Officer on duty. Staff members who receive a "Cop-Out" will answer the request in a "reasonable" period of time. The answer will be written on the bottom of the request form.

ADMINISTRATIVE REMEDY PROCESS

The Bureau emphasizes and encourages the resolution of complaints on an informal basis. Hopefully, an inmate can resolve a problem informally by contact with staff members or "Cop-Outs." When informal resolution is not successful, however, a formal complaint can be filed as an Administrative Remedy. Complaints regarding Tort Claims, Inmate Accident Compensation, Freedom of Information or Privacy Act Requests, and complaints on behalf of other inmates are not accepted under the Administrative Remedy Procedure.

The first step of the Administrative Remedy procedure is the documentation of the informal resolution attempts on a form received from the Correctional Counselor or other designated unit staff member. On the form, the inmate will briefly state the nature of the

problem and list the efforts made to resolve the problem informally.

Following that process, and if the issue cannot be informally resolved, the Counselor will issue a BP-229 (BP-9) form (usually within 48 hours of the time the inmate approached the employee with the problem). The inmate will return the completed BP-9 along with the Informal Resolution Attempt form through institution mail to the Administrative Remedy Coordinator. The BP-9 complaint must be filed within twenty (20) calendar days from the date on which the basis for the incident or complaint occurred, unless it was not feasible to file within that period of time. Institution staff have twenty (20) calendar days to act on the complaint and to provide a written response to the inmate. This time limit for the response may be extended for an additional twenty (20) calendar days, but the inmate must be notified of the extension.

When a complaint is determined to be of an emergency nature and threatens the inmate's immediate health or welfare, the reply must be made as soon as possible, and within forty-eight (48) hours from receipt of the complaint.

If the inmate is not satisfied with the response to the BP-9, he may file an appeal to the Regional Director. This appeal must be received in the Regional Office within twenty (20) calendar days from the date of the BP-9 response. The Regional Appeal is written on a BP-230 (BP-10) form, and must have a copy of the BP-9 form and response attached. The Regional Appeal must be answered within thirty (30) calendar days, but the time limit may be extended an additional thirty (30) days. The inmate must be notified of the extension.

If the inmate is not satisfied with the response by the Regional Director, he or she may appeal to the Central Office of the Bureau of Prisons. The National Appeal must be made on a BP-231 (BP-11) form and must have copies of the BP-9 and BP-10 forms with responses.

The BP-11 form may be obtained from the Correctional Counselor. The National Appeal must be answered within forty (40) calendar days, but the time limit may be extended an additional (20) days if the inmate is notified.

In writing a BP-229, BP-230, or BP-231, it should be written in three sections and should only address one issue:

Statement of Facts
Grounds for Relief
Relief Requested

Sensitive Complaints

If an inmate believes a complaint is of such a sensitive nature that he would be adversely affected if the complaint became known to the institution, he or she may file the complaint directly to the Regional Director. The inmate must explain, in writing, the reason for not filing the complaint with the institution. If the Regional Director agrees that the complaint is sensitive, it will be accepted and a response to the complaint will be processed. If the Regional Director does not agree that the complaint is sensitive, the inmate will be advised in writing of that determination. If the complaint is not determined to be sensitive, it will be returned. The inmate may then pursue that matter by filing a BP-9 at the institution.

DISCIPLINE

The disciplinary system at Sheridan is designed to be efficient and to protect the inmate's rights by providing a fair hearing.

Informal Resolutions of incidents involving violations of institutional rules at the moderate or low moderate severity scale are encouraged. When any employee has reason to believe an institutional rule has been violated and an informal resolution of the incident is not warranted, an Incident Report will be written and the following steps taken:

1. The inmate will receive a copy of the charges against him ordinarily within 24 hours after staff becomes aware of the incident, unless circumstances prevent this, such as an extended investigation, escape, FBI referral, etc.
2. A Lieutenant will investigate the facts surrounding the report ordinarily within 24 hours after appointment. He/She will make a decision if an informal resolution is warranted, or refer the incident to the Unit Disciplinary Committee (UDC).
3. If the report is referred to the UDC, the inmate will meet with his Unit Disciplinary Committee within five working days (excluding holidays and weekends) after receiving notice of the report of the incident unless the investigation is not completed at that time. All circumstances must be documented.

4. The inmate will be given a written copy of the decision and disposition of the UDC.
5. If the charge is serious enough to warrant a major sanction, it is referred to the Discipline Hearing Officer (DHO). The inmate may have a Staff Representative and/or testimony from witnesses who have relevant evidence to present at the DHO hearing.

You should review the Bureau of Prison's Program Statement concerning "Inmate Discipline," (5270.09). A copy may be obtained in the Law Library. This publication lists all prohibited acts according to the severity of the offense, and the sanctions available to be taken against the inmate.

Appeals of Disciplinary Actions

Appeals of all disciplinary actions may be made through Administrative Remedy procedures. Appeals of a DHO sanction are made to the Regional Director (BP-10), and the General Counsel (BP-11). Appeals of a UDC sanction are made to the Warden (BP-9). Informal resolution is not required. On appeals, the following items will be considered:

- < Whether the UDC or DHO substantially complied with the regulations on inmate discipline.
- < Whether the UDC or DHO based its decisions on substantial evidence.
- < Whether an appropriate sanction was imposed according to the severity level of the prohibited act.

The following pages you will find a listing of your rights, your responsibilities, prohibited acts, and sanctions.
