Project: _____

Site: _____

Motorcycle Identification

Make _____

Year _____

Serial # _____

Justification: (ATTACH AND INITIAL)

Conditions for motorcycle use: (ATTACH AND INITIAL)

Programming Officer Signature _____

PCMO Clearance Signature _____

In accepting authorization to operate the above described motorcycle, I understand that:

- I am authorized to use this motorcycle only for the purposes and under the conditions described above and in emergencies.
- I will operate the motorcycle in accordance with the motor vehicle laws of the host country and the regulations established by Peace Corps. I have been provided a copy of Peace Corps Manual Section 523, describing Peace Corps' regulations, and a copy of any additional regulations applicable to the country to which I am assigned.
- I may be subject to disciplinary action if I permit unauthorized persons to use the motorcycle described above.
- I will be administratively separated from Peace Corps service if I fail to wear a Peace Corps approved motorcycle helmet while operating or riding on a motorcycle, if I operate a motorcycle carrying a person not wearing a Peace Corps approved motorcycle helmet (even if the person is not a U.S.

citizen), or if I operate a motorcycle in an unsafe manner or while under the influence of drugs or alcohol. In extraordinary circumstances the Country Director may determine that administrative separation is not required, for example, if the threat of imminent harm outweighed the risks associated with my failure to wear a helmet or with any other violation described above. Disciplinary action, including administrative separation, may be taken for any other violation of Manual Section 523 or any Peace Corps motorcycle policy applicable to my country of assignment.

The policy applies at all times while I am a Volunteer/Trainee, including periods of leave.

Signature: _____ Date: _____

I certify that this Peace Corps Volunteer/Trainee meets performance standards to operate this motorcycle.
