1 Data not available.

2 Part of the area is one or more adjacent states.

3 All of the area is in one or more adjacent states.

4 Mining and logging is combined with construction.

NOTE: State and area data are currently estimated from 2011 benchmark levels. When more recent benchmark data are introduced with the release of January 2013 estimates, unadjusted data from April 2011 are subject to revision. Area definitions are base on Office of Management and Budget Bulletin No. 10-02, dated December 1, 2009, and are available at [www.bls.gov/lau/lausmsa.htm](http://www.bls.gov/lau/lausmsa.htm). Areas in the six New England states are Metropolitan New England City and Town Areas (NECTAs), while areas in other states are county-based. Some metropolitan areas lie in two or more states. They are listed under the state that appears first in their titles. Some divisions lie in more than one state, and some, like Camden, N.J., are totally outside the states under which their metropolitan areas are listed.

State, area and division	Financial activities			Professional and business services		
	2009	2010	2011	2009	2010	2011
Washington - Continued						
Seattle-Tacoma-Bellevue.....	95.0	89.7	89.1	221.4	220.6	228.3
Seattle-Bellevue-Everett.....	82.7	78.5	78.1	197.5	197.1	204.8
Tacoma.....	12.3	11.2	11.1	23.9	23.5	23.5

1 Part of the area is one or more adjacent states.

2 All of the area is in one or more adjacent states.

NOTE: State and area data are currently estimated from 2011 benchmark levels. When more recent benchmark data are introduced with the release of January 2013 estimates, unadjusted data from April 2011 are subject to revision. Area definitions are base on Office of Management and Budget Bulletin No. 10-02, dated December 1, 2009, and are available at [www.bls.gov/lau/lausmsa.htm](http://www.bls.gov/lau/lausmsa.htm). Areas in the six New England states are Metropolitan New England City and Town Areas (NECTAs), while areas in other states are county-based. Some metropolitan areas lie in two or more states. They are listed under the state that appears first in their titles. Some divisions lie in more than one state, and some, like Camden, N.J., are totally outside the states under which their metropolitan areas are listed.

2 All of the area is in one or more adjacent states.

NOTE: State and area data are currently estimated from 2011 benchmark levels. When more recent benchmark data are introduced with the release of January 2013 estimates, unadjusted data from April 2011 are subject to revision. Area definitions are base on Office of Management and Budget Bulletin No. 10-02, dated December 1, 2009, and are available at [www.bls.gov/lau/lausmsa.htm](http://www.bls.gov/lau/lausmsa.htm). Areas in the six New England states are Metropolitan New England City and Town Areas (NECTAs), while areas in other states are county-based. Some metropolitan areas lie in two or more states. They are listed under the state that appears first in their titles. Some divisions lie in more than one state, and some, like Camden, N.J., are totally outside the states under which their metropolitan areas are listed.
