

Food Defense Plan for Warehouses and Distribution Centers

(Your facility's name) _____

After completing a Food Defense Self-Assessment determine if changes should be made to your current practices. Copy any potential vulnerabilities you have identified into the first column of the table below and then list what food defense measures you plan to use to reduce them. You may find suggested defense measures from guidance through your trade association.

Inside Security

Potential/Identified Vulnerability	Solutions/Preventative Measures

Outside Security

Potential/Identified Vulnerability	Solutions/Preventative Measures

Storage Security

Potential/Identified Vulnerability	Solutions/Preventative Measures

Personnel Security

Potential/Identified Vulnerability	Solutions/Preventative Measures
