# Retire Online — It's So Easy!

**A**pplying for Social Security retirement benefits is easier than ever. Boldly go to [www.socialsecurity.gov](http://www.socialsecurity.gov). Retire online. It's so easy!

## Why should I use the online application?

Applying online for retirement benefits offers several advantages:

- You can start your application immediately. There is no need to wait for an appointment;
- You can apply from the convenience of your home, or on any computer; and
- You can avoid trips to a Social Security office, saving you time and money.

## How secure is my personal information?

We use the most secure technology on the Internet to keep your information private.

## How does the online application make it easy for me to apply?

- The application has a “retirement estimator” that gives you personal estimates of how much your benefit will be at different ages and different “stop work” dates.
- As you go through the application, you’ll see “More Info” links. If you need more information at any time to answer a question, just select one of these links.
- When you finish your application, you’ll get a receipt that you can print and keep for your records.
- We’ll give you a confirmation number that you can use to check the status of your application online after you’ve applied.

## How do I use the online application?

Go to ***www.socialsecurity.gov*** and select “Apply online for retirement benefits.”

- You’ll go through a series of screens that will ask you questions about yourself, your family, and your work.

- You don't have to complete the application all in one sitting. If you need a break, you can stop working on the application and restart it again without losing any of the information you entered.
- Once you've answered all of the questions, select "Submit Now."
- Your application will be sent electronically to Social Security.

## What happens next?

Once we receive your application, we'll review it and contact you if we need clarification about your answers or if we need to see any documents.

We'll also let you know if we think you may be able to receive more money on another person's record, such as your spouse. We'll also tell you if other family members may be able to receive benefits on your work record.

When we have all of the necessary information and documents, we'll process your application and send you a letter in the mail about our decision.
