California Housing Finance Agency Mortgage Assistance Corporation ("CalHFA MAC")

UNEMPLOYMENT MORTGAGE ASSISTANCE PROGRAM

Summary Guidelines

1. Program Overview	The Unemployment Mortgage Assistance Program (UMA) is one of CalHFA MAC's federally-funded programs developed to provide temporary financial assistance to eligible California homeowners who wish to remain in their homes but have suffered a loss of income due to unemployment. CalHFA MAC is partnering with financial institutions to directly provide program funds to subsidize an eligible homeowner's mortgage payments. UMA provides mortgage payment assistance equal to the lesser of \$3,000 per month or 100% of the PITI (principal, interest, tax, insurance) and any escrowed homeowner's association dues or assessments, for up to nine (9) months, with the purpose of preventing avoidable foreclosures until such time that the homeowner retains employment sufficient to meet the demands of satisfying their regular mortgage payment.
2. Program Goals	UMA's goal is to help homeowners remain in their homes and prevent avoidable foreclosures despite loss of income due to unemployment. The UMA program will minimize past due payments, and provide a homeowner with additional time to find alternate employment and replace income needed to make their mortgage payment. UMA was designed to assist homeowners who are currently eligible to receive unemployment benefits. UMA was designed to complement other loss mitigation programs, including increasing a homeowner's eligibility for an extended written forbearance plan and/or loan modification.
3. Target Population / Areas	UMA is designed to target low-to-moderate income homeowners and address the needs of a homeowner's specific situation in lieu of targeting certain regions or counties.
4. Program Allocation (Excluding	\$874,995,915.28

Administrative Expenses)	
5. Borrower Eligibility Criteria	• Homeowner must qualify as a low-to-moderate income household, as follows: o Low-to-moderate income of 120% or less of the HCD Area Median Income (as defined by the California State Department of Housing and Community Development), for a family of four, in the county where homeowner resides. o A loan financed in whole or in part by bonds that are tax-exempt under IRC section 143, the homeowner is presumed to satisfy income limits. • Homeowner must complete and sign a Hardship Affidavit / 3rd Party Authorization to document the reason for the hardship. • Homeowners who have recently encountered a financial hardship due to underemployment or unemployment, including those whose unemployment hardship is related to their military service. • Homeowner's total monthly first lien mortgage payment PITI+escrowed A (principal, interest, taxes, insurance and escrowed association fees, as applicable) must exceed 31 percent of the homeowner's gross monthly household income, including unemployment benefits. • Homeowner must agree to provide all necessary documentation to satisfy program guidelines established by CalHFA MAC. • Homeowner must be currently approved to receive or receiving unemployment benefits. • Mortgage loan is delinquent or at risk of imminent default as substantiated by homeowner's hardship documentation. • Loans in foreclosure at the time of homeowner request for assistance are not eligible. • General program eligibility is determined by CalHFA MAC, the housing counselor or servicer based on information received from the homeowner. Program-specific eligibility is determined by CalHFA MAC on a first-come/first-approved basis until program funds and funding reserves have been exhausted. Loan servicer will implement the HHF program based on participation agreement terms and conditions. • Funding allocation will be tracked, monitored and performed by CalHFA MAC in a centralized processing operation.
6. Property / Loan Eligibility Criteria	• Current unpaid principal balance (UPB) of the first lien mortgage loan is not greater than $729,750 (GSE conforming limit for a one-unit property). • The property securing the mortgage loan must not be

	abandoned, vacant or condemned. • The applicant must own and occupy the single family, 1-4 unit home (an attached or detached house or a condominium unit) located in California and it must be their primary residence. Mobile homes are eligible if they are permanently affixed to the real property that is secured by the first lien.
7. Program Exclusions	• A Notice of Default (NOD) has been recorded on the subject property as of the date of request for assistance or at the time homeowner requested HAMP UP forbearance from their servicer. • Homeowner in an "active" bankruptcy is ineligible for program assistance consideration. However, CalHFA MAC will handle written requests for assistance received from a homeowner's bankruptcy attorney or trustee on an exception basis. Final approval is subject to servicer participation in accordance with investor guidelines. Homeowners who have previously filed bankruptcy are eligible for consideration with proof of court order "Dismissal" or "Discharge". • Loan is in foreclosure as evidenced by a recorded NOD. • Homeowner's "hardship" is a result of voluntary resignation of employment. • Homeowner in an active HAMP trial modification is not eligible for UMA consideration unless the trial is cancelled. • Homeowner becomes re-employed at any time during the UMA benefit period. • The homeowner is no longer eligible for unemployment benefits from the California Employment Development Department (EDD) benefit.
8. Structure of Assistance	CalHFA MAC will structure the assistance as a non-recourse, non-interest bearing subordinate loan in favor of the Eligible Entity (CalHFA MAC) secured by a junior lien recorded against the property in the amount of the total reduced PITI and any escrowed homeowner's association dues or assessments, and equal to the total amount of HHF unemployment assistance. At the conclusion of (3) three years, the subordinate loan will be released. Loan funds will only be repaid to Eligible Entity (CalHFA MAC) in the event of a sale or a refinance that includes cash out with sufficient net equity proceeds prior to forgiveness. Recovered funds will be recycled in order to provide additional program assistance until December 31, 2017, at which time any recovered funds will be returned to Treasury. After December 31, 2017, any remaining or returned funds will be returned to Treasury.
9. Per Household Assistance	Up to $27,000 per household total (average funding of $14,483.56), equaling the lesser of $3,000 per month or 100% of PITI and any escrowed homeowner's association dues or assessments (and in all

	cases, subject to the HHF Program maximum benefit cap of $50,000 with respect to monies previously received under other HHF Programs, if any).
10. Duration of Assistance	Homeowner participation in UMA is limited to nine (9) months maximum.
11. Estimated Number of Participating Households	Approximately 60,413. This figure is based on loans with unpaid principal balances ranging from $200,000 to $400,000 with an average funding of $14,483.56.
12. Program Inception / Duration	The statewide launch of UMA was January 10, 2011 and it will continue up to five (5) years or until funding is fully reserved.
13. Program Interactions with Other HFA Programs	UMA will serve as a gateway to homeowner programs aimed at reinstatement and principal reduction as permitted by program guidelines.
14. Program Interactions with HAMP	This benefit may precede or extend HAMP, including HAMP UP for temporary unemployment assistance which when combined may provide assistance for more than one year. HAMP UP currently offers a minimum of twelve months forbearance for some homeowners.
15. Program Leverage with Other Financial Resources	Upon completion of all UMA benefit assistance payments and based on homeowner need, the Servicer agrees to consider an extension of unemployment forbearance plan (such as HAMP UP or other Proprietary program) or other foreclosure prevention program as applicable per investor guidelines. CalHFA MAC will request that the loan servicer waive fees (e.g., NSF and late charges).
16. Qualify as an Unemployment Program	☑ Yes ☐ No

SCHEDULE B-2

MORTGAGE REINSTATEMENT ASSISTANCE PROGRAM

Summary Guidelines

1. Program Overview	The Mortgage Reinstatement Assistance Program (MRAP) is one of CalHFA MAC's federally-funded programs developed to provide temporary financial assistance to eligible homeowners who wish to remain in their homes but are in imminent danger of losing their home to foreclosure. MRAP provides funds to assist income-qualified homeowners to help them cure their delinquent first mortgage loan arrearages, which may also include payments needed to reinstate their loans from foreclosure.
2. Program Goals	The MRAP program will prevent avoidable foreclosures by helping homeowners reinstate their past due first mortgage loans. MRAP will also mitigate the need for large reinstatement dollars to be capitalized with remaining loan balance, and thus, broaden the population of homeowners who otherwise may not qualify for modification.
3. Target Population / Areas	MRAP is designed to target low-to-moderate income homeowners and address the needs of a homeowner's specific situation in lieu of targeting certain regions or counties.
4. Program Allocation (Excluding Administrative Expenses)	$159,400,000.00

5. Borrower Eligibility Criteria	• Homeowner must qualify as a low-to-moderate income household, as follows:

Program-specific eligibility is determined by CalHFA MAC on a first-come/first-approved basis until program funds and funding reserves have been exhausted. 8. Structure of Assistance	CalHFA MAC will structure the assistance as a non-recourse, non-interest bearing subordinate loan in favor of the Eligible Entity (CalHFA MAC) secured by a junior lien recorded against the property in the amount of the HHF assistance. At the conclusion of (3) three years, the subordinate loan will be released. Loan funds will only be repaid to Eligible Entity (CalHFA MAC) in the event of a sale or a refinance that includes cash out with sufficient net equity proceeds prior to forgiveness. PRINCIPAL REDUCTION PROGRAM

Summary Guidelines

1. Program Overview	The Principal Reduction Program (PRP) is one of CalHFA MAC's federally-funded programs developed with a goal to provide capital on a dollar-for-dollar matching basis with participating lenders to reduce over a three-year period the outstanding principal balances of qualifying properties with negative equity. PRP will provide monies to reduce the principal balance of the first mortgage loan for the purpose of establishing an appropriate level of debt for eligible homeowners with qualifying properties.
2. Program Goals	The PRP program will, in cooperation with participating lenders, leverage the HHF dollars by reducing the principal balances of underwater mortgages and provide an incentive for qualifying homeowners to remain in their homes during this period of steep declines in value. A reduction in principal through PRP can achieve desired income ratios and affordability for a homeowner on the existing mortgage loan or can be used in conjunction with a loan modification.
3. Target Population / Areas	PRP is designed to target low-to-moderate income homeowners and address the needs of a homeowner's specific situation in lieu of targeting certain regions or counties.
4. Program Allocation (Excluding Administrative Expenses)	$772,197,793.52
5. Borrower Eligibility Criteria	• Homeowner must qualify as a low-to-moderate income household, as follows: o Low-to-moderate income of 120% or less of the HCD Area Median Income (as defined by the California State Department of Housing and Community Development), for a family of four, in the county where homeowner resides. o A loan financed in whole or in part by bonds that are tax-exempt under IRC section 143, the homeowner is presumed to satisfy income limits. • Homeowner must complete and sign a Hardship Affidavit /

Program-specific eligibility is determined by CalHFA MAC on a first-come/first-approved basis until program funds and funding reserves have been exhausted. Loan servicer will implement the HHF program based on participation agreement terms and conditions. • Funding allocation will be tracked, monitored and performed by CalHFA MAC in a centralized processing operation.

Mobile homes are eligible if they are permanently affixed to the real property that is secured by the first lien.

Unemployment benefits may not be used to qualify for PRP assistance.
8. Structure of Assistance	In the event that CalHFA MAC receives less than 100% match by the lender/servicer, CalHFA MAC will structure the assistance as a non-recourse, non-interest bearing subordinate loan in favor of the Eligible Entity (CalHFA MAC) secured by a junior lien recorded against the property in the amount of the HHF assistance. At the conclusion of (3) three years, the subordinate loan will be released. Loan funds will only be repaid to Eligible Entity (CalHFA MAC) in the event of a sale or a refinance that includes cash out with sufficient net equity proceeds prior to forgiveness. Recovered funds will be recycled in order to provide additional program assistance until December 31, 2017, at which time any recovered funds will be returned to Treasury. If the lender/servicer matches the assistance in an amount equal to or greater than 100% of the HHF Program assistance provided to the homeowner, then the assistance is not required to be structured as a loan to the homeowner. After December 31, 2017, any remaining or returned funds will be returned to Treasury.

PRP may also be combined or used in conjunction with the HAMP Principal Reduction Alternative (PRA). PRP funds are not eligible in any combination to qualify for HAMP PRA investor incentive compensation.
15. Program Leverage with Other Financial Resources	The goal of the program is for the applicable servicer/lender to match PRP funds on a dollar-for-dollar basis. The servicer/lender's matching funds will be paid no later than at the time of CalHFA MAC program funding. CalHFA MAC will require that the servicer waive all accrued and unpaid late charges and NSF fees at the time the modification agreement is completed

Community HousingWorks
C2MPRP: Community 2nd Mortgage Principal Reduction Program

Summary Guidelines

1. Program Overview	The Community 2nd Mortgage Principal Reduction Program (Community 2nd Mortgage PRP, or C2M PRP) is offered through a CalHFA federally-funded Hardest Hit Fund program through a contract between CalHFA MAC and Community HousingWorks. Community HousingWorks will administer this program. C2M PRP will provide capital on 35/65 matching basis with participating nonprofit, credit union and small community lenders, to reduce the outstanding principal balances of subordinate second mortgages, for qualifying properties with negative equity exceeding 115% CLTV. The lenders who will participate in this program are nonprofit lender, small credit unions and small community based lenders. These lenders provided “amortizing community seconds” for first time and low to moderate home buyers throughout California. Participation in this program is Statewide**.** C2M PRP will provide monies to reduce the principal balance on a 35/65 matching basis for the purposes of establishing an appropriate level of debt for eligible borrowers with qualifying properties. For example, if the subordinate debt to be extinguished is $50,000, the C2MPRP program will provide up to 35% of that amount or $17,500 and the participating lender/investor would forgive 65% or $32,500. A reduction in principal through C2M PRP can achieve desired income ratios and affordability for a borrower on the existing mortgage loans or can be used in conjunction with a loan modification.
2. Program Goals	The goal of this program is to reduce foreclosures by reducing principal balances, on qualified amortizing subordinate debt, to those market levels needed to prevent avoidable foreclosures and promote sustainable homeownership. The C2M PRP thus provides an incentive for qualifying homeowners to remain in their homes during this period of steep declines in value, in situations when existing Making Home Affordable and CalHFA programs are unable to do so.
3. Target Population / Areas	This program will be offered on a statewide basis.

4. Program Allocation (Excluding Admin Expenses)	$9,245,330.00
5. Borrower Eligibility Criteria	• Borrower earns 120% AMI or less, as defined by the county they reside in. • Borrower must complete and sign a Hardship Affidavit and document the reason for the hardship. • Hardship is defined as economic hardship as derived from Treasury Regulations § 301.6343-1. An Economic hardship occurs when a household is unable to pay reasonable basic living expenses. The determination of a reasonable amount for basic living expenses will be made by the Underwriter and will vary according to the unique circumstances of every individual household. • Borrower has adequate income to sustain modified mortgage payments. • Borrower has completed level 2 counseling with a HUD-approved agency. Payment for counseling services will not be paid out of Hardest Hit funds • Borrower is able to satisfy program guidelines. • The first or second subordinate mortgage loan is delinquent or the servicer receives documentation from the borrower that substantiates an imminent default that meets hardship qualifications.
6. Property/Loan Eligibility Criteria	• The property is encumbered by a first lien conventional loan, and a modification of the 1st mortgage has been attempted. • Property must be single family residential 1-4 units, condominium, or cooperative. • The total mortgage indebtedness cannot exceed to GSE conforming limit of $729,750. • The property securing the mortgage loan must not be abandoned, vacant, condemned or in a serious state of disrepair. • The subject property is the borrower's principal residence and the property is located in California.
7. Program	• Borrower's property is subject to a foreclosure trustee sale.

Exclusions	• Hardship caused by voluntary resignation of employment. • Borrower owns other real property. • Second mortgages and servicers eligible for 2MP or 2LP. • Borrower fails to satisfy underwriting guidelines.

10. Duration of Assistance	The assistance will be a onetime payment.
11. Estimated Number of Participating Households	Approximately 370
12. Program Inception/ Duration	The Program will launch within 90 days of Treasury approval and will be available for approximately 2-3 years, until funds are exhausted. Any funds remaining on hand on December 31, 2017 will be returned to Treasury.
13. Program Interactions with Other HFA Programs	C2M PRP cannot be utilized with other Keep Your Home California programs
14. Program Interactions with HAMP	C2M PRP complements and leverages HAMP 1st mortgage modifications since reduction or elimination of the 2nd liens will enable many borrowers to qualify for a HAMP modification.
15. Program Leverage with Other Financial Resources	Participating nonprofit lender/credit union 2nd lien holder will be required to write down 65% of the overall principal reduction calculated and approved by C2M PRP Underwriting, and C2M PRP shall pay the lender the remaining 35% as a subsidy. The nonprofit lender/credit union will provide modification of the Note to reflect 100% of the overall principal reduction.

NeighborWorks® Sacramento Short Sale Gateway Program

Summary Guidelines

1. Program Overview	The Short Sale Gateway Program (the "Program") provides an avenue for homeowners who have exhausted options to modify loans to remain in their homes through a short sale coupled with a lease-purchase agreement between the homeowner and NeighborWorks® Sacramento ("NWS"). This will give the homeowner the possibility of returning to homeownership at the conclusion of a successful predetermined lease period. HHF assistance is structured in the form of a payment to the existing lender to enable a short sale (the "Program Payment"), which allows the purchase of the property by Neighbor Works® Sacramento at the then current market value, funded by a new mortgage loan obtained by NWS, and the lease of the property back to the original homeowner/borrower. The borrower will be eligible to execute a lease purchase agreement that will allow the borrower to purchase the property at the end of the lease period. To accomplish the purchase transaction, the borrower will assume the mortgage at the conclusion of the lease period at its then-current unpaid principal balance. The Program Payment will be twenty percent of the negative equity, not to exceed $45,000. Sales proceeds paid by NWS plus the Program Payment to lender will never exceed 80% of unpaid principal balance. Property value will be determined by Broker Price Opinion. The portion of the sales price paid by NWS must not exceed the value established by the Broker Price Opinion. NeighborWorks® Sacramento will receive an activity delivery fee of $5,000 per unit at the closing of the short sale transaction. The Program Payment and activity delivery fee will be paid from HHF funds by CalHFA MAC to NWS. Funds used for the remainder of the sales proceeds will come from separate financing sources or NWS cash on hand.

	If a borrower does not successfully complete the lease period, the home will be sold by NWS. Profits in excess of costs to NWS will be returned to CalHFA MAC for use in other Hardest Hit Fund programs or to be returned to the Department of Treasury. All transactions must be closed prior to December 21, 2017. Unspent funds as of December 31, 2017 and funds recaptured from sales upon lease termination after December 31, 2017 will be returned to the Department of Treasury.
