Flu Vaccine
The best way to keep you and your family healthy this year.

Flu is a very serious respiratory virus that causes sickness and can lead to death.

Everyone who wants to prevent flu this year should receive **Flu Vaccine.**

Talk today to your doctor about the benefits of flu vaccine... It could save a life.

Flu vaccine is available at:
Alaska Native Health Center
Fairbanks, Alaska

For more information, visit:
www.idhhs.com

Life is a delicate balance.
Your flu vaccine protects me, my flu vaccine protects you.

American Indian and Alaska Native may be at a greater risk from complications such as hospitalization or death. Know, think, protect your and your community against flu disease... It's not too late to get your flu vaccine.

Learn more about the risks of influenza among American Indians and Alaska Natives.

Life is a delicate balance.
Your flu vaccine protects me. My flu vaccine protects you.

Even healthy people can get the flu, and it can be serious. Everyone 6 months and older should get a flu vaccine.

Help protect Alaska from the flu. Get vaccinated.

For more information, visit <http://www.flu.gov>

Life is a delicate balance

Your flu vaccine protects me. My flu vaccine protects you. When you get your flu vaccine, you can keep yourself healthy and keep from spreading the flu. Protect the circle of life.

For more information, visit <http://www.flu.gov>

Protect the Circle of Life

Your Flu Vaccine Protects Me My Flu Vaccine Protects You

- The flu vaccine is safe. You can't get the flu from a flu vaccine.
- The flu is the fourth leading cause of death among American Indian and Alaska Native elders.
- Please get a flu vaccine each year to protect you and your family.
