

# Introduction to the Facilitated Enrollment Notice: Full Subsidy Version

## What's the purpose of this notice?

This notice informs people with Medicare that because they qualify for Extra Help, Medicare will enroll them in a Medicare Prescription Drug Plan if they don't enroll themselves or decline coverage.

There are two versions of the notice: one for people who qualify for the full low-income subsidy, and one for people who qualify for the partial low-income subsidy. People who qualify for the full low-income subsidy will get Extra Help to pay their full premiums and deductibles in certain plans and will have minimal cost sharing. People who qualify for the partial low-income subsidy will get Extra Help and pay reduced premiums, deductibles, and cost sharing.

Each notice includes two pages. The first page is a letter printed on green paper that includes a list of plans for each region that have premiums at or below the regional low-income premium subsidy amount on the back. The second page of the notice includes questions and answers about Medicare prescription drug coverage on the front and back.

## Who gets this notice?

Medicare mails the notice to people who get Supplemental Security Income (SSI) benefits, people who belong to Medicare Savings Programs (MSP), or people who apply and qualify for Extra Help, and who have not yet joined a Medicare drug plan.

This mailing is limited to those who currently get Medicare benefits through Original Medicare. We also exclude people enrolled in certain qualifying employer or union plans.

## How often does Medicare mail the notice?

This notice is mailed on a daily basis.

## What should people do next?

People with Medicare should consider their options carefully. If they don't join a plan themselves or call 1-800-MEDICARE (1-800-633-4227) to decline Medicare prescription drug coverage, Medicare will enroll them in the plan listed in the notice. People who want more information about Medicare prescription drug coverage can:

- Visit [www.medicare.gov](http://www.medicare.gov) and get personalized drug plan information.
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.
- Call their State Health Insurance Assistance Programs (SHIP) for free personalized health insurance counseling. See the "Medicare & You" handbook or call 1-800-MEDICARE for the phone number for their state.

People should reference CMS Product No. 11186 if they call Medicare or their SHIP with questions.

**Please keep this notice for your records.** You're getting this notice because you qualify for Extra Help paying Medicare prescription drug coverage costs. You'll get this drug coverage at very low cost to you. To get Medicare drug coverage and the Extra Help, you need to join a Medicare drug plan.

### What to Do Next: You Have 3 Options

Option 1: You can join a Medicare drug plan on your own. See the list of plans on the back of this notice. You can join any one of these plans and pay \$0 monthly premium because you qualify for Extra Help.

Option 2: Medicare will enroll you in a Medicare drug plan. If you don't join a Medicare drug plan, Medicare will enroll you in <Organization name>'s <Plan Name>, and your coverage starts <enrollment effective date>. Here's what you'll pay with this plan in 2012:

- \$0 for your monthly prescription drug plan premium
- \$0 for your yearly prescription drug plan deductible
- Up to \$2.60 for each generic drug and up to \$6.50 for each brand-name drug covered by the plan

This plan serves <states>. If this isn't where you live, call <Plan Name> at <Plan phone> to make sure it serves where you live now. **Bring this green notice when you get a prescription filled, so the pharmacist knows you qualify for Extra Help.**

If you need drug coverage before <enrollment effective date>, your pharmacist can bill Medicare's Limited Income Newly Eligible Transition (NET) program. Also, if you paid for any prescriptions before you got this notice, and you were eligible for Medicare and Medicaid, you may be able to get back part of what you paid. Call Limited Income NET for more information at **1-800-783-1307**. TTY users should call 1-877-801-0369.

Option 3: You can decline Medicare drug coverage ("opt out"). If you currently have other drug coverage, like coverage from an employer or union, joining a Medicare drug plan may not be right for you. You may want to keep your current coverage and decline enrollment from Medicare. If you don't want a Medicare drug plan, call 1-800-MEDICARE (1-800-633-4227) or the plan shown above and tell them you want to opt out of Medicare drug coverage. TTY users should call 1-877-486-2048.

### Get More Information

For more information about <Plan Name>, call <Plan phone >, or visit <Plan website>. For help understanding this notice, call 1-800-MEDICARE. You can also call your local Office on Aging or your State Health Insurance Assistance Program (SHIP) at < SHIP phone number> for free personalized health insurance counseling.

# Important Questions and Answers about Your New Drug Coverage

## What is Medicare prescription drug coverage?

Medicare prescription drug coverage is insurance provided by the government. Medicare drug plans help you pay for both brand-name and generic drugs you need. Plans have a list of drugs they cover. The drug list of a particular plan may not include a specific drug you're taking. However, in most cases, a similar drug that's safe and effective will be available. If not, your doctor can ask the plan to make an exception and cover the drug you're currently taking.

Medicare drug plans serving your area must contract with pharmacies in your area. Check with the plan to make sure the contracting pharmacies are convenient to you. Some plans also let you get prescriptions through the mail.

## What should I do now?

Consider your three options carefully. If you don't join a plan on your own or call 1-800-MEDICARE (1-800-633-4227) to opt out of (decline) Medicare prescription drug coverage, Medicare will enroll you in a drug plan. TTY users should call 1-877-486-2048. For free help in another language, say "Agent" at any time to talk to a customer service representative.

**If you want to keep the plan Medicare enrolls you in, you don't have to do anything.** Call your Medicare drug plan to get information about your new drug coverage, and read the materials your plan mails to you. You should find out if the plan covers the prescriptions you take and includes the pharmacies you use.

You may need to go to the pharmacy before your plan membership card arrives in the mail. If you do, bring this green notice, or a letter from the plan that shows your confirmation number. That way the pharmacy can bill your plan directly. You should also bring your Medicare card and photo identification.

**Note:** If you moved recently, please call the plan to be sure it serves where you live. If it doesn't, call 1-800-MEDICARE to choose and join a plan that serves your area.

## What if my new plan doesn't cover a drug I already take?

Your Medicare drug plan will cover a one-time, temporary supply of your current drug. During your first 90 days in a plan, Medicare requires Medicare drug plans to give you and your doctor time to find a drug on the plan's drug list that would work as well as the drug you're taking. Your doctor can also contact your plan to request an exception to cover your current drug. Call your plan for more information.

## How do I join a different plan?

As long as you qualify for Extra Help, you can switch Medicare drug plans at any time. To join a different Medicare drug plan, call the new plan to find out how to join. Joining a different plan will automatically end your coverage in (disenroll you from) your current plan. You don't need to call your current plan to disenroll. Your new plan coverage would start the next month.

## How can I find out about other Medicare drug plans?

For information about other Medicare drug plans in your area, read the list of plans included with this notice. This is the list of all the plans you can join and still have your monthly premium be \$0. Compare the plans and join one that works for you. You should find out which plans cover the drugs you already take and include the pharmacies you use. If you join a Medicare drug plan that isn't on the list included with this notice, you may have to pay part of the monthly premium instead of \$0.

You can also call your State Health Insurance Assistance Program (SHIP) for free personalized health insurance counseling. See the front page of this notice for their phone number.

## What if I have other prescription drug coverage?

If you have or are eligible for another type of prescription coverage, read all the materials you get from your insurer or plan provider to learn how joining a Medicare drug plan may affect any coverage you or your family already have. You may not need a Medicare drug plan. Examples of other types of prescription drug coverage include coverage from an employer or union, TRICARE, the Department of Veterans Affairs, or a Medicare Supplement Insurance (Medigap) policy.

**Note:** If you now get drug or other health care coverage through an employer or union plan, you or your dependents could lose that coverage completely if you join a Medicare drug plan, and you may not be able to get it back. Please call your health plan benefits administrator if you have any questions.

## What if I don't want Medicare prescription drug coverage?

If you don't want to join the plan Medicare is enrolling you in, and you don't want any other Medicare drug plan, call 1-800-MEDICARE (1-800-633-4227) as soon as possible and tell them you want to opt out of (decline) Medicare prescription drug coverage.

**Keep in mind that you pay nothing to keep the coverage.** If you drop this coverage and need prescription drugs later, Medicare won't pay until you join a Medicare drug plan. As long as you qualify for Extra Help, you can change your mind and join a Medicare drug plan at any time. You may have to pay a penalty to join later if you don't still qualify for Extra Help.

## Medicare Drug Plans in Maine & New Hampshire for \$0 Premium

**You can join any plan in the list below and pay \$0 premium in 2012.** You'll pay up to \$2.60 for a generic drug and up to \$6.50 for a brand-name drug covered by the plan. Since you qualify for Extra Help, you can join or switch Medicare drug plans anytime.

Compare the plans and join one that works for you. You should ask if the plan covers the drugs you take, about what special drug coverage rules may affect your prescriptions (like prior authorization, which means the plan won't cover a specific drug unless the plan approves it first), and what pharmacies you can use.

## Medicare Drug Plans in Georgia for \$0 Premium

**You can join any plan in the list below and pay \$0 premium in 2012.** You'll pay up to \$2.60 for a generic drug and up to \$6.50 for a brand-name drug covered by the plan. Since you qualify for Extra Help, you can join or switch Medicare drug plans anytime.

Compare the plans and join one that works for you. You should ask if the plan covers the drugs you take, about what special drug coverage rules may affect your prescriptions (like prior authorization, which means the plan won't cover a specific drug unless the plan approves it first), and what pharmacies you can use.

## Medicare Drug Plans in Texas for \$0 Premium

**You can join any plan in the list below and pay \$0 premium in 2012.** You'll pay up to \$2.60 for a generic drug and up to \$6.50 for a brand-name drug covered by the plan. Since you qualify for Extra Help, you can join or switch Medicare drug plans anytime.

Compare the plans and join one that works for you. You should ask if the plan covers the drugs you take, about what special drug coverage rules may affect your prescriptions (like prior authorization, which means the plan won't cover a specific drug unless the plan approves it first), and what pharmacies you can use.

## Medicare Drug Plans in Alaska for \$0 Premium

**You can join any plan in the list below and pay \$0 premium in 2012.** You'll pay up to \$2.60 for a generic drug and up to \$6.50 for a brand-name drug covered by the plan. Since you qualify for Extra Help, you can join or switch Medicare drug plans anytime.

Compare the plans and join one that works for you. You should ask if the plan covers the drugs you take, about what special drug coverage rules may affect your prescriptions (like prior authorization, which means the plan won't cover a specific drug unless the plan approves it first), and what pharmacies you can use.
