### C. Brief description of why **some** requests are not granted:

The nature of the information created and/or maintained at the SBA commonly involves businesses requesting or receiving assistance. Therefore the most frequently cited exemptions at the SBA are Exemptions 4, 5, and 6, when requests are made by third parties. Information withheld includes: commercial financial information; trade secrets; business plans; information on pending, declined, withdrawn, or canceled applications; information on defaults, delinquencies, losses; business owner's personal history, home address, birth date, social security number and medical information; internal documents not incorporated into final Agency actions; and attorney work-product on pending litigation.

## III. Definitions of Terms and Acronyms Used in this Report

### A. SBA – U.S. Small Business Administration

### B. Basic Terms:

1. FOIA/PA request -- Freedom of Information Act/Privacy Act request. A FOIA request is **generally** a request for access to records concerning a third party, an organization, or a particular topic of interest. A Privacy Act request is a request for records concerning oneself; such requests are also treated as FOIA requests. (All requests for access to records, regardless of which law is cited by the requester, are included in this report.)
2. Initial Request -- a request to a federal agency for access to records under the FOIA.
3. Appeal -- a request to a federal agency asking that it review at a higher administrative level a full or partial denial of access to records under the FOIA, or any other FOIA determination such as a fee waiver or assessment.

### **SBA FOIA Annual Report FY '01 – page 3**

4. Processed Request or Appeal -- a request or appeal for which an agency has taken a final action in all respects on the request or the appeal.
5. Multi-track processing -- a system in which simple requests requiring relatively minimal review are processed on one track, and more voluminous and complex requests are processed on one or more other tracks. Requests in each track are processed on a first-in/first out basis. A requester who has an urgent need for records may request expedited processing.
6. Expedited processing -- an agency will process a FOIA request on an expedited basis when a requester has shown an exceptional need or urgency for the records, which warrants prioritization of his or her request over other prior requests.
7. Simple request -- a FOIA request that an agency using multi-track processing assigns to its fastest (nonexpedited) track based on the volume and/or simplicity of records requested.
8. Complex request -- a FOIA request that an agency using multi-track processing assigns to a slower track based on the volume and/or complexity of records requested.
9. Grant -- an agency decision to disclose in full all records in response to a FOIA request.
10. Partial grant -- an agency decision to disclose a record in part in response to a FOIA request, deleting information it determines is exempt under one or more exemptions; or a decision to disclose some records in full, but to withhold others in whole or in part.
11. Denial -- an agency decision not to release any part of a record or records in response to a FOIA request because the agency determines all the information in the requested records is exempt under one or more exemptions, or for some procedural reason (such as because no record is located in response to a FOIA request).

12. Time limits -- the time period for an agency to respond to a FOIA request (ordinarily 20 working days from proper receipt of a "perfected" FOIA request).
13. "Perfected" request -- a FOIA request for records which adequately describes the records sought; which has been received by the FOIA office of the agency or agency component in possession of the records; and for which there remains no question about the payment of applicable fees.
14. Exemption 3 statute -- a separate federal statute prohibiting the disclosure of a certain type of information and authorizing its withholding under FOIA subsection (b)(3).
15. Median number -- the middle, not average, number. For example, among 3, 7, and 14, the median number is 7.
16. Average number -- the number obtained by dividing the sum of a group of numbers by the quantity of numbers in the group. For example, of 3, 7, and 14, the average number is 8.
