

prepaid cards. In light of the addition of Section V on general-use prepaid cards, as discussed earlier, the Board will exclude general-use prepaid card transactions from this section.

*Payment Card Network Survey (FR 3064b)*

### Section-by-Section Analysis

#### I. Respondent Information

The Board proposed to ask respondents to provide the network covered in this response and the contact person(s) name, section of the survey for which they are responsible, email, and phone number. Respondents also would report whether the payment card network is a single-message (PIN) or dual-message (signature) network, and whether the payment card network offers a tiered interchange fee rate schedule that differentiates between exempt issuers and non-exempt issuers, and the number of merchant locations. The Board received no comments on this section. This section will be implemented as proposed with clarifying changes as appropriate.

#### II. Debit Card Transactions (Including General-Use Prepaid Card Transactions)

The Board proposed to ask respondents to report the volume and value of settled purchase transactions; as well as information related to card-present versus card-not-present transactions; general-use prepaid card versus non-general-use prepaid card transactions; general-use prepaid card transactions exempt from the interchange fee standards in Regulation II versus general-use prepaid card transactions that are not exempt; transactions processed for small issuers that are exempt from the interchange fee standards versus those processed for non-exempt issuers; pre- and post-effective date transactions processed for exempt and non-exempt debit card issuers; chargebacks and returns to merchants; the value of interchange fees; the value of network fees; and payments and incentives paid by networks to acquirers, merchants, and issuers.

The Board requested comment on whether the networks can provide data for exempt and non-exempt issuers that compares information for three time periods: January 1 to June 30, 2011 (during which all transactions would be considered exempt); July 1 to September 30, 2011 (during which some networks may have begun to distinguish between exempt and non-exempt issuers, if such networks are offering a tiered interchange fee schedule); and October 1 to December 31, 2011 (during which

all networks that provide a tiered interchange fee schedule would distinguish between exempt and non-exempt issuers). Four commenters stated that the data should be collected only for two time periods, pre-and post-October 1, 2011, in order to assess the effect of Regulation II on the practices of networks in paying and assessing fees. The Board considered the comments and has decided to modify the request to collect data for two time periods: January 1 to September 30, 2011 and October 1 to December 31, 2011.

\* Annual estimate for each of the three years.

\*\* Number of consumer calls and online submissions are calculated by projecting over the 3-year clearance period sought 5% annual growth.

There is more information relating to likely respondents for each type of activity and for total estimated annual labor costs in the 60-Day FR Notice. One correction to annual cost burden for likely respondents for Applications to the Commission is that the annual cost burden is approximately \$69,000 (as opposed to the \$46,000 set out in the 60-Day FR Notice). This is because the projected annual hours for those likely respondents is 150 and not 100.

### Agency for Healthcare Research and Quality

#### Patient Safety Organizations: Voluntary Relinquishment From HSMS Patient Safety Organization

**AGENCY:** Agency for Healthcare Research and Quality (AHRQ), HHS.

**ACTION:** Notice of Delisting.

**SUMMARY:** AHRQ has accepted a notification of voluntary relinquishment from the HSMS Patient Safety Organization of its status as a Patient Safety Organization (PSO). The Patient Safety and Quality Improvement Act of 2005 (Patient Safety Act), Public Law 109-41, 42 U.S.C. 299b-21-b-26, provides for the formation of PSOs, which collect, aggregate, and analyze confidential information regarding the quality and safety of health care delivery. The Patient Safety and Quality Improvement Final Rule (Patient Safety Rule), 42 CFR part 3, authorizes AHRQ,

on behalf of the Secretary of HHS, to list as a PSO an entity that attests that it meets the statutory and regulatory requirements for listing. A PSO can be "delisted" by the Secretary if it is found to no longer meet the requirements of the Patient Safety Act and Patient Safety Rule, including when a PSO chooses to voluntarily relinquish its status as a PSO for any reason.

**DATES:** The directories for both listed and delisted PSOs are ongoing and reviewed weekly by AHRQ. The delisting was effective at 12:00 Midnight ET (2400) on December 6, 2011.

**ADDRESSES:** Both directories can be accessed electronically at the following HHS Web site: <http://www.pso.AHRQ.gov/index.html>.

#### SUPPLEMENTARY INFORMATION:

##### Background

The Patient Safety Act authorizes the listing of PSOs, which are entities or component organizations whose mission and primary activity is to conduct activities to improve patient safety and the quality of health care delivery.

HHS issued the Patient Safety Rule to implement the Patient Safety Act. AHRQ administers the provisions of the Patient Safety Act and Patient Safety Rule (PDF file, 450 KB, PDF Help) relating to the listing and operation of PSOs. Section 3.108(d) of the Patient Safety Rule requires AHRQ to provide public notice when it removes an organization from the list of federally approved PSOs. AHRQ has accepted a notification from the HSMS Patient Safety Organization, PSO number P0077, which is a component entity of Healthcare Safety Management Systems, Inc., to voluntarily relinquish its status as a PSO. Accordingly, the HSMS Patient Safety Organization was delisted effective at 12:00 Midnight ET (2400) on December 6, 2011.

More information on PSOs can be obtained through AHRQ's PSO Web site at <http://www.pso.AHRQ.gov/index.html>.
