Instructions for items other than those that are self-explanatory, are as follows:

- (a) Item 1 (Contract ID Code). Insert the contract type identification code that appears in the title block of the contract being modified.
- (b) Item 3 (Effective date).
 - (1) For a solicitation amendment, change order, or administrative change, the effective date shall be the issue date of the amendment, change order, or administrative change.
 - (2) For a supplemental agreement, the effective date shall be the date agreed to by the contracting parties.
 - (3) For a modification issued as an initial or confirming notice of termination for the convenience of the Government, the effective date and the modification number of the confirming notice shall be the same as the effective date and modification number of the initial notice.
 - (4) For a modification converting a termination for default to a termination for the convenience of the Government, the effective date shall be the same as the effective date of the termination for default.
 - (5) For a modification confirming the contracting officer's determination of the amount due in settlement of a contract termination, the effective date shall be the same as the effective date of the initial decision.
- (c) Item 6 (Issued By). Insert the name and address of the issuing office. If applicable, insert the appropriate issuing office code in the code block.
- (d) Item 8 (Name and Address of Contractor), For modifications to a contract or order, enter the contractor's name, address, and code as shown in the original contract or order, unless changed by this or a previous modification.
- (e) Items 9, (Amendment of Solicitation No.-Dated), and 10, (Modification of Contract/Order No.-Dated). Check the appropriate box and in the corresponding blanks insert the number and date of the original solicitation, contract, or order.
- (f) Item 12 (Accounting and Appropriation Data). When appropriate, indicate the impact of the modification on each affected accounting classification by inserting one of the following entries:

MAC DARK SCHOOL

ITE OF VERY DE TROPE OF ACUAT

THE OWN TO STATES OF AMERICA (1) Accounting classification Net increase \$ \$

(2)	Accounting classification	
	Net decrease	\$

NOTE: If there are changes to multiple accounting classifications that cannot be placed in block 12, insert an asterisk and the words "See continuation sheet".

- (g) Item 13. Check the appropriate box to indicate the type of modification. Insert in the corresponding blank the authority under which the modification is issued. Check whether or not contractor must sign this document. (See FAR 43.103.)
- (h) Item 14 (Description of Amendment/Modification).
 - (1) Organize amendments or modifications under the appropriate Uniform Contract Format (UCF) section headings from the applicable solicitation or contract. The UCF table of contents, however, shall not be set forth in this document.
 - (2) Indicate the impact of the modification on the overall total contract price by inserting one of the following entries:
 - (i) Total contract price increased by
 - Total contract price decreased by \$
 - (iii) Total contract price unchanged.
 - (3) State reason for modification.
 - (4) When removing, reinstating, or adding funds, identify the contract items and accounting classifications.
 - (5) When the SF 30 is used to reflect a determination by the contracting officer of the amount due in settlement of a contract terminated for the convenience of the Government, the entry in Item 14 of the modification may be limited to -
 - (i) A reference to the letter determination; and
 - (ii) A statement of the net amount determined to be due in settlement of the contract.
 - (6) Include subject matter or short title of solicitation/contract where feasible.
- Item 16B. The contracting officer's signature is not required on solicitation amendments. The contracting officer's signature is normally affixed last on supplemental agreements.

G.4 SUBMISSION OF VOUCHERS/INVOICES DRMS (JULY 1988)

- a. Submit separate invoices for each delivery order issued under this contract (if applicable).
- b. Include the information required by the clause at I. 92 entitled; "INVOICES", DOD FAR SUP 52.232-7000.
 - c. Submit the following documentation with invoices:
- (1) A cover letter signed by a responsible company offical certifying that all services rendered were performed in accordance with the terms and conditions of the contract.
- (2) All Certificates of Disposal (DRMS Form 1683), dated and signed by a responsible company official.
 - (3) All manifests or bills of lading, if applicable.
 - (4) All Pickup Reports (DRMS Form 1786).
- (5) All reports of analyses performed for disposal, if not previously provided to the Contracting Officer's Representative (COR).
- (6) All waste analyses or waste profile sheets, if not previously provided to the COR.
- (7) All certifications of final treatment/disposal; and/or certificates of destruction signed by a responsible disposal facility official.
 - d. Submit invoices as follows:
- (1) The original and four (4) copies of each invoice, accompanied by one copy of the documentation described in paragraph c(1) through c(7) above, to:

Defense Reutilization and Marketing Service Accounting and Finance Branch (DRMS-CFE) Federal Center
74 N. Washington Avenue
Battle Creek, MI 49017-3092

(2) One (1) copy of each invoice, accompanied by one copy of the documentation described in paragraphs c(1) through c(7) above, to:

Defense Reutilization and marketing Service 2163 Airwys Blvd, 210/Bay4, DRMS-P Memphis, TN 38114-5052

- e. Payment Due Date: All payments, including proper partial payments, will be made as close as possible to, but not later than the thirtieth (30) day after receipt of a proper invoice including all supporting documentation or acceptance of the item, or completion by the Government of a reasonable inspection of the services and documentation provided, whichever is later. This Government inspection period shall not exceed twenty (20) days.
- f. If a payment for less than the total invoice amount is made because the invoice lacked complete documentation, the contractor agrees that a new invoice for the remaining amount will be submitted with the necesary supporting documentation.

I.109 PAYMENTS

FAR 52,232-1 (APR 1984)

The Government shall pay the Contractor, upon the submission of proper invoices or vouchers, the prices stipulated in this contract for supplies delivered and accepted or services rendered and accepted, less any deductions provided in this contract. Unless otherwise specified in this contract, payment shall be made on partial deliveries accepted by the Government if -

(a) The amount due on the deliveries warrants it; or deliveries is at least \$1,000 or 50 percent of the total contract

NAME OF OFFEROR OR CONTRACTOR

CHEMICAL WASTE MANAGEMENT

ITEM NO. SUPPLIES/SERVICES QUANTITY UNIT UNIT PRICE AMOUNT

(X) C.44 RETROGRADES

The contractor agrees to pick up and remove retrograded property from (port) Charleston SC. A retrograde is defined as the return of U.S. made and procured property from an overseas U.S. military location. The contractor will received a delivery order listing all of the property in the shipment a minimum or thirty days in advance of the date the shipment is scheduled to arrive in CONUS at the port indicated. The contractor will be provided with the following: carrier(s) name, carrier(s) point of contact, shipping information and estimated arrival date/time. The contractor will be required to obtain port clearances required for vehicles, contractor personnel, and any equipment required for pick up. The contractor must remove the arriving property from the port of entry (POE) within ninety-six hours once the property is available for removal. It is the contractor's responsibility to coordinate with the carrier(s) and POE to determine the availability of property as to time and date or changes in carrier(s) or POE in order to meet the removal time frame.

HO DRMS Jun 86 (Previous edition to be used until exhausted)

(SEE REVERSE FOR ADDITIONAL REMARKS IF APPLICABLE)

PAGE

ADDITIONAL INSTRUCTIONS DRMS 1786 1. Fill in all areas as complete as possible. 2. Write or print legibly. Typing is also permitted. 3. When xeroxing copies, make sure the information is not covered up by curled edges or cut off. 4. Block 1 - CLIN suffixing is required on the delivery order request after the CLINs have been identified. a. Select the appropriate CLIN. (Four digits shown on the contract bid schedule some CLINs may be followed by two alpha characters). The two alpha characters go in the first section of block 2 suffix, if the contract does not show a suffix fill in with "pg".

c. Block 3 - Insert the appropriate NSN or LSN if applicable.

suffix each CLIN the same until you have exhausted all CLINs.

d. Block 4 - DTIDS must be complete. If all DTIDS are the same except the serial, ditto's may be used to eliminate repetition, however, each time a DODAAC or date changes the complete DTID must be indicated.

b. The second section of block 2 suffix is completed after all the

"ZZ". Continue to suffix until all like CLINs are suffixed, then suffix the next CLIN starting with "AA" until all like CLINs are suffixed. Continue to

delivery order information is completed. Each CLIN is suffixed to make it unique, starting the first time the CLIN is identified by using "AA", the next time the CLIN appears on the delivery order it would be "AB" continuous through

- e. Block 5 Indicate the item name and/or the US DOT description if applicable.
- f. Block 6 Type of storage container containing the hazardous waste and drum number(s) if desired.
- g. Block 7 Storage location in IDMS of material to be removed by contractor.
 - h. Block 8 Quantity to be removed.
 - i. Block 9 Unit of issue as stated on contract EA, LB, GL, CY, etc.
 - j. Block 10 Unit Price to be completed by contracting office.
 - k. Block 11 Amount to be completed by contracting office.
- 5. Pick Up Report Pick Up Report to be completed at the time of pickup. Complete all identifier information.
- a. Block 12 Indicate the appropriate EPA Waste Code for regulated material, for non-regulated material indicate WOO2.
- b. Block 13 Picked Up "Quantity" total amount of CLIN removed. Picked Up "Unit" Unit of issue as stated on delivery order.
- c. Block 14 On top line indicate the pickup manifest number used for the material removed. Line Code is the alpha line on the manifest the DTID is shown (a,b,c or d, etc.).
- d. Block 15 Date picked up (removed from Government installation) indicate the day, month and year: Sample 05/07/86 (5 Jul 86).

- 1. Fill in all areas as complete as possible.
- 2. Write or print legibly. Typing is also permitted.
- 3. When xeroxing copies, make sure the information is not covered up by curled edges or cut off.
- 4. Block 1 CLIN suffixing is required on the delivery order request after the CLINs have been identified.
- a. Select the appropriate CLIN. (Four digits shown on the contract bid schedule some CLINs may be followed by two alpha characters). The two alpha characters go in the first section of block 2 suffix, if the contract does not show a suffix fill in with "\$\psi\$".
- b. The second section of block 2 suffix is completed after all the delivery order information is completed. Each CLIN is suffixed to make it unique, starting the first time the CLIN is identified by using "AA", the next time the CLIN appears on the delivery order it would be "AB" continuous through "ZZ". Continue to suffix until all like CLINs are suffixed, then suffix the next CLIN starting with "AA" until all like CLINs are suffixed. Continue to suffix each CLIN the same until you have exhausted all CLINs.
 - c. Block 3 Insert the appropriate NSN or LSN if applicable.
- d. Block 4 DTIDS must be complete. If all DTIDS are the same except the serial, ditto's may be used to eliminate repetition, however, each time a DODAAC or date changes the complete DTID must be indicated.
- e. Block 5 Indicate the item name and/or the US DOT description if applicable.
- f. Block 6 Type of storage container containing the hazardous waste and drum number(s) if desired.
- g. Block 7 Storage location in IDMS of material to be removed by contractor.
 - h. Block 8 Quantity to be removed.
 - i. Block 9 Unit of issue as stated on contract EA, LB, GL, CY, etc.
 - j. Block 10 Unit Price to be completed by contracting office.
 - k. Block 11 Amount to be completed by contracting office.
- 5. Pick Up Report Pick Up Report to be completed at the time of pickup. Complete all identifier information.
- a. Block 12 Indicate the appropriate EPA Waste Code for regulated material, for non-regulated material indicate WOO2.
- b. Block 13 Picked Up "Quantity" total amount of CLIN removed. Picked Up "Unit" Unit of issue as stated on delivery order.
- c. Block 14 On top line indicate the pickup manifest number used for the material removed. Line Code is the alpha line on the manifest the DTID is shown (a, b, c or d, etc.).
- d. Block 15 Date picked up (removed from Government installation) indicate the day, month and year: Sample 05/07/86 (5 Jul 86).

ADDITIONAL INSTRUCTIONS DRMS 1786 Fill in all areas as complete as possible. 2. Write or print legibly. Typing is also permitted. 3. When xeroxing copies, make sure the information is not covered up by curled edges or cut off. 4. Block 1 - CLIN suffixing is required on the delivery order request after the CLINs have been identified. a. Select the appropriate CLIN. (Four digits shown on the contract bid schedule some CLINs may be followed by two alpha characters). The two alpha characters go in the first section of block 2 suffix, if the contract does not show a suffix fill in with "00". b. The second section of block 2 suffix is completed after all the delivery order information is completed. Each CLIN is suffixed to make it unique, starting the first time the CLIN is identified by using "AA", the next time the CLIN appears on the delivery order it would be "AB" continuous through "ZZ". Continue to suffix until all like CLINs are suffixed, then suffix the next CLIN starting with "AA" until all like CLINs are suffixed. Continue to suffix each CLIN the same until you have exhausted all CLINs. c. Block 3 - Insert the appropriate NSN or LSN if applicable. d. Block 4 - DTIDS must be complete. If all DTIDS are the same except the serial, ditto's may be used to eliminate repetition, however, each time a DODAAC or date changes the complete DTID must be indicated. e. Block 5 - Indicate the item name and/or the US DOT description if applicable. f. Block 6 - Type of storage container containing the hazardous waste and drum number (s) if desired. g. Block 7 - Storage location in IDMS of material to be removed by contractor.

i. Block 9 - Unit of issue as stated on contract EA, LB, GL, CY, etc.

Pick Up Report - Pick Up Report to be completed at the time of pickup.

b. Block 13 - Picked Up "Quantity" - total amount of CLIN removed. Picked

c. Block 14 - On top line indicate the pickup manifest number used for the

material removed. Line Code - is the alpha line on the manifest the DTID is

d. Block 15 - Date picked up (removed from Government installation) indicate the day, month and year: Sample - 05/07/86 (5 Jul 86).

j. Block 10 - Unit Price to be completed by contracting office.

a. Block 12 - Indicate the appropriate EPA Waste Code for regulated material, for non-regulated material indicate WOO2.

k. Block 11 - Amount to be completed by contracting office.

Up "Unit" - Unit of issue as stated on delivery order.

h. Block 8 - Quantity to be removed.

Complete all identifier information.

- 1. Fill in all areas as complete as possible.
- 2. Write or print legibly. Typing is also permitted.
- 3. When xeroxing copies, make sure the information is not covered up by curled edges or cut off.
- 4. Block 1 CLIN suffixing is required on the delivery order request after the CLINs have been identified.
- a. Select the appropriate CLIN. (Four digits shown on the contract bid schedule some CLINs may be followed by two alpha characters). The two alpha characters go in the first section of block 2 suffix, if the contract does not show a suffix fill in with "00".
- b. The second section of block 2 suffix is completed after all the delivery order information is completed. Each CLIN is suffixed to make it unique, starting the first time the CLIN is identified by using "AA", the next time the CLIN appears on the delivery order it would be "AB" continuous through "ZZ". Continue to suffix until all like CLINs are suffixed, then suffix the next CLIN starting with "AA" until all like CLINs are suffixed. Continue to suffix each CLIN the same until you have exhausted all CLINs.
 - c. Block 3 Insert the appropriate NSN or LSN if applicable.
- d. Block 4 DTIDS must be complete. If all DTIDS are the same except the serial, ditto's may be used to eliminate repetition, however, each time a DODAAC or date changes the complete DTID must be indicated.
- e. Block 5 Indicate the item name and/or the US DOT description if applicable.
- f. Block 6 Type of storage container containing the hazardous waste and drum number(s) if desired.
- g. Block 7 Storage location in IDMS of material to be removed by contractor.
 - h. Block 8 Quantity to be removed.
 - i. Block 9 Unit of issue as stated on contract EA, LB, GL, CY, etc.
 - j. Block 10 Unit Price to be completed by contracting office.
 - k. Block 11 Amount to be completed by contracting office.
- 5. Pick Up Report Pick Up Report to be completed at the time of pickup. Complete all identifier information.
- a. Block 12 Indicate the appropriate EPA Waste Code for regulated material, for non-regulated material indicate WOO2.
- b. Block 13 Picked Up "Quantity" total amount of CLIN removed. Picked Up "Unit" Unit of issue as stated on delivery order.
- c. Block 14 On top line indicate the pickup manifest number used for the material removed. Line Code is the alpha line on the manifest the DTID is shown (a,b,c or d, etc.).
- d. Block 15 Date picked up (removed from Government installation) indicate the day, month and year: Sample 05/07/86 (5 Jul 86).
