## SOUNDINGS IN METERS

### NOTE A

Navigation regulations are published in Chapter 2 U.S. Coast Pilot 4, or weekly Notices to Mariners which include new or revised regulations. Information concerning the regulations may be obtained at the Office of the District Engineer, Corps of Engineers in Wilmington, N.C.

Anchorage regulations may be obtained at the Office of the Commander, 5th Coast Guard District in Portsmouth, Va.

**CAUTION**  
Numerous fish traps, duck blinds and stakes have been reported in the area of this chart; some may be submerged. Small craft should use caution when operating outside the main channel.  
  
Temporary defects in aids to navigation are not indicated on charts, except where a buoy replaces a fixed aid. See Notice to Mariners.  
  
The controlling depth at mean low water from the International Waterway to Jacksonville, N.C. was 9 feet for a middle width of 45 feet on May 1971.

Vertical coordinate labels on the left side of the chart, ranging from 38°23' to 38°49' latitude.

Vertical coordinate labels on the right side of the chart, ranging from 38°23' to 38°49' latitude.

Horizontal coordinate labels at the bottom of the chart, ranging from 77°12' to 77°30' longitude.
