Gentlemen,

DOJ recommends that the previously provided chronology be retained internally. Therefore, feel free to use it within your department as needed, but please do not distribute it without prior consultation. I intend to provide an improved version (that incorporates DOJ's comments) for your use by early next week. Hope everyone had a Merry Christmas and Happy New Year.

Neal,

Per your request, attached is a factual chronology that you can use in answering Senator Warner's inquiries and in responding to future information requests. The attached document is not protected attorney work product, and it can be released to the public under appropriate circumstances. Respectfully request that your department (and any others within EMD or PAO) dispose of (or return to me) previous versions of the chronology that may be in your possession. Thanks in advance for your coordination and please let me know if I may be of further assistance.
