SUBJ: IRP Publication, Request for

Ref: (a) my letter to AC/S, EMD of 8 August 2000

(b) AC/S, FAC, MCRB letter of 7 May 1987 from U.S.G.S.

Reference (a) requested a publication contracted for by the DON and conducted by the U.S. Geological Survey entitled:

"Ground Water Resources of the Camp Lejeune Marine Corps Base Water Use Data, A Preliminary Geohydrologic Framework and Water Level Data", dated 6/2/1987.

I have yet to receive this IRP document, please advise status. Please see reference (b) for background of the noted ground water resources study.

NEW, BUT RELATED SUBJECT: MCRB Environmental Engineer memo of 31 March 1987 to AC/S, Facilities noted certain NACIP milestones to be met. One is entitled "Hadnot Point Characterization Study Report (extent of pollution of ground water supply) which was due by June 1987. Memo was signed by a Mr. R.E. Alexander, a FAC employee.

The undersigned officer would appreciate a copy of that completed NACIP document.

Respectfully Submitted,

MAJOR, USMC (Retired)
