[Docket ID FEMA-2011-0002; Internal Agency Docket No. FEMA-B-1229]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS. ACTION: Proposed rule; correction.

SUMMARY: On November 14, 2011, FEMA published in the **Federal Register**

a proposed rule that contained an erroneous table. This document provides corrections to that table, to be used in lieu of the information published at 76 FR 70397. The table provided here represents the flooding sources, location of referenced elevations, effective and modified elevations, and communities affected for Sauk County, Wisconsin, and Incorporated Areas. Specifically, it addresses the following flooding sources: Baraboo River, Devil's Lake Tributary (backwater effects from Baraboo River), Hay Creek (backwater effects from Baraboo River), Little Baraboo River (backwater effects from Baraboo River), Narrows Creek

⁺ North American Vertical Datum.

[#] Depth in feet above ground.

[∧] Mean Sea Level, rounded to the nearest 0.1 meter.

^{**}BFEs to be changed include the listed downstream and upstream BFEs, and include BFEs located on the stream reach between the referenced locations above. Please refer to the revised Flood Insurance Rate Map located at the community map repository (see below) for exact locations of all BFEs to be changed.

(backwater effect from Baraboo River), Plum Creek (backwater effects from Baraboo River), and Seeley Creek (backwater effects from Baraboo River). **DATES:** Comments are to be submitted on or before February 7, 2013.

ADDRESSES: You may submit comments, identified by Docket No. FEMA-B-1229, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (email)

Luis.Rodriguez3@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646–4064 or (email) Luis.Rodriguez3@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) publishes proposed determinations of Base (1% annualchance) Flood Elevations (BFEs) and modified BFEs for communities participating in the National Flood Insurance Program (NFIP), in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are minimum requirements. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings.

Correction

In the proposed rule published at 76 FR 70397, in the November 14, 2011, issue of the Federal Register, FEMA published a table under the authority of 44 CFR 67.4. The table, entitled "Sauk County, Wisconsin, and Incorporated Areas" addressed the flooding sources: Baraboo River, Devil's Lake Tributary (backwater effects from Baraboo River), Hay Creek (backwater effects from Baraboo River), Little Baraboo River (backwater effects from Baraboo River). Narrows Creek (backwater effect from Baraboo River), Plum Creek (backwater effects from Baraboo River), and Seeley Creek (backwater effects from Baraboo River). That table contained inaccurate information as to the location of referenced elevation, effective and modified elevation in feet, and/or communities affected for the Baraboo River. In this document, FEMA is publishing a table containing the accurate information, to address these prior errors. The information provided below should be used in lieu of that previously published.

RIN 0648-BC28

Fisheries Off West Coast States; West Coast Salmon Fisheries; Notice of Availability for Amendment 17 to the Salmon Fishery Management Plan

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce. **ACTION:** Availability of amendment to a fishery management plan; request for comments.

SUMMARY: NMFS announces that the Pacific Fishery Management Council (Council) has transmitted Amendment 17 to the Pacific Coast Salmon Fishery Management Plan (FMP) for Secretarial review. Amendment 17 revises the maximum fishing mortality threshold (MFMT) for Quillayute fall coho, revises the FMP to correct typographical errors, updates reporting measures to reflect new technology, and updates or removes other obsolete or unnecessary language.

DATES: Comments on Amendment 17 must be received on or before January 8, 2013.

ADDRESSES: You may submit comments, identified by NOAA–NMFS–2012–0192, by any one of the following methods:

• Electronic Submissions: Submit all electronic public comments via the Federal e-Rulemaking Portal http://www.regulations.gov. To submit comments via the e-Rulemaking Portal, enter NOAA–NMFS–2011–0227 in the

search box. Locate the document you wish to comment on from the resulting list and click on the "Submit a Comment" icon on the right of that line.

- Mail: William W. Stelle, Jr., Regional Administrator, Northwest Region, NMFS, 7600 Sand Point Way NE., Seattle, WA 98115–0070 or to Rod McInnis, Regional Administrator, Southwest Region, NMFS, 501 West Ocean Boulevard, Suite 4200, Long Beach, CA 90802–4213.
- Fax: 206–526–6736 Attn: Peggy Mundy, or 562–980–4047 Attn: Heidi Taylor.

Instructions: Comments must be submitted by one of the above methods to ensure that the comments are received, documented, and considered by NMFS. Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered. All comments received are a part of the public record and will generally be posted for public viewing on http://www.regulations.gov without change.
