#### SEC. 4. HEALTH CARE REFORM.

(a) If health care reform legislation is reported (including by a committee of conference), budget authority, outlays, and new entitlement authority shall be allocated to committees, and the total levels of budget authority, outlays, and revenues shall be adjusted, to reflect such legislation if the legislation in the form in which it will be considered would not increase the total deficit for the period of fiscal years 1995 through 1999.

(b) Upon reporting of legislation described in subsection (a) and again upon submission of a conference report on such legislation, the chairman of the Committee on the Budget shall publish in the Congressional Record revised allocations under section 602(a) of the Congressional Budget Act of 1974 and revised levels of total budget authority, outlays, and revenues to carry out this section. Such allocations and totals shall be considered as the allocations and aggregates under this resolution.

#### SEC. 5. SENSE OF THE CONGRESS.

It is the sense of Congress that the following legislation should be enacted:

- (1) Legislation providing enforceable limits to control the growth of entitlement or mandatory spending.
- (2) Amendments to the Budget Enforcement Act of 1990 to establish a regular procedure to provide assistance for disasters and other emergencies without adding to the deficit.
- (3) Legislation granting the President expedited rescission authority over appropriations measures, as provided by H.R. 1578, as passed the House.

#### SEC. 6. SENSE OF COMMITTEE ON THE BUDGET ON SCORING HEALTH REFORM.

It is the sense of the Committee on the Budget that all financial transactions associated with the President's health reform legislation or similar health reform legislation relying on mandated payments to a Government entity be treated as part of the Federal budget, including premium payments by individuals and employees to health alliances

(which should be treated as receipts) and payments by health alliances to providers (which should be treated as outlays), for all purposes under the Congressional Budget Act of 1974.

#### SEC. 7. SENSE OF COMMITTEE ON THE BUDGET.

(a) The Committee on the Budget is troubled by the Federal Government's failure to enforce immigration laws and secure United States borders from illegal immigration. The Government has also failed to investigate and prosecute Federal wage and hour violations, thus creating incentives to hire persons illegally in the United States and exacerbating the problem of illegal immigration. (b) The Committee on the Budget recog-

- (b) The Committee on the Budget recognizes that the Federal Government has an obligation to help fund increasing State and local government costs directly resulting from ineffective Federal enforcement efforts in this area. Therefore, the Committee assumes that adequate funding in this resolution will be used to reimburse States and local governments for both authorized program costs and legally binding obligations associated with providing:
- (1) Elementary and secondary education for undocumented children in the public schools.
- (2) Emergency medical assistance to undocumented persons.
- (3) Law enforcement resources and personnel to incarcerate and supervise parole of criminal aliens. This funding can either be used by the Federal Government to take into custody and incarcerate criminal aliens or to reimburse States and local governments for their associated costs.
- (4) Services incidental to admission of refugees under the Refugee Admission and Resettlement program.

# SEC. 8. SENSE OF THE CONGRESS REGARDING RESERVE FUNDS FOR EMERGENCIES.

It is the sense of Congress that-

(1) the emergency designation under section 251 of the Balanced Budget and Emergency Deficit Control Act of 1985 has repeatedly been invoked to circumvent the discretionary spending limits for other than emergency purposes;

(2) amounts for emergencies should be set aside within a reserve fund and subject to the discretionary spending limit;

(3) the reserve fund shall total 1 percent of annual budget outlays; and

(4) emergency funding requirements in excess of amounts held in the reserve fund should be offset by a reduction in appropriations.

# SEC. 9. SENSE OF THE CONGRESS REGARDING UNFUNDED MANDATES.

It is the sense of Congress that—

- (1) the Federal Government should not diminish the fiscal autonomy of State and local governments over their own sources of revenue;
- (2) the Federal Government should not shift the costs of administering Federal entitlements to State and local governments;

(2) the starting point for deliberations on a budget resolution should be the current year.
