Subject: Docket 2009-1 settlement comments

I am the faculty adviser for student-run radio station WACW at Asbury University. I am writing to let you know that I support the terms of the agreement negotiated by the College Broadcasters, Inc. and SoundExchange. It was published in the Federal Register on April 1, 2010. I believe the agreement does represent well our interests as a small campus-only station. Even as it is, our budget for SoundExchange fees comprises 40% of our annual budget, so by helping to keep it no higher than its current level it allows us to continue our mission of giving students opportunities to learn about broadcasting and to develop their communication skills. As a result, the settlement does provide a reasonable basis for setting terms and rates.

Thanks for seeking input on this issue which is so important to our continuing existence.
