Mr. Steve Leggett
National Film Preservation Board
Library of Congress
M/B/RS Division, LM-338
Washington, DC a 20540

Dear Mr. Leggett:

The Recording Industry Association of America offers its support of the National Film Preservation Board's intent to address the issue of preservation and restoration of audio recordings from non-commercial sources of classic American film music.

It is our strong belief that this art form of special sound recordings needs the same attention now being addressed to the preservation of our film heritage. Film scores are an integral part of this legacy and deserve restoration and preservation.

Best Regards,
