DEPARTMENT OF LABOR

Employment and Training Administration

[NAFTA-03888]

Lear Corp., United Technologies, Automotive, Inc.; Mold and Die Shop, El Paso, TX; Amended Certification Regarding Eligibility To Apply for NAFTA-Transitional Adjustment Assistance

In accordance with Section 250(A), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974 (19 USC 2273), the Department of Labor issued a Certification for NAFTA Transitional Adjustment Assistance on July 11, 2000, applicable to workers of Lear Corp., Mold and Die Shop, El Paso, Texas. The notice was published in the **Federal Register** on July 24, 2000 (65 FR 45621).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers inspected, modified and assembled dies manufactured by outside vendors but used by the subject firm for crimping wire terminals. New information received from the company shows that on May 4, 1999, Lear Corp. purchased United Technologies Automotive, Inc. Information also shows that workers separated from employment at Lear Corp., Mold and Die Shop had their wages reported under a separate unemployment insurance (UI) tax account for United Technologies Automotive, Inc.

Accordingly, the Department is amending the certification to properly reflect this matter.

The intent of the Department's certification is to include all workers of Lear Corp., Mold and Die Shop, El Paso, Texas who were adversely affected by the shift of production to Mexico.

The amended notice applicable to NAFTA-03888 is hereby issued as follows:

All workers of Lear Corp., United Technologies Automotive, Inc., Mold and Die

Shop, El Paso, Texas who became totally or partially separated from employment on or after April 21, 1999 through July 11, 2002 are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed at Washington, D.C. this 13th day of September, 2000.

Edward A. Tomchick,
Director, Division of Trade Adjustment Assistance.

BILLING CODE 4510-30-M

LIBRARY OF CONGRESS

Copyright Office

[Docket No. 2000-7 CARP SD 96-98]

Ascertainment of Controversy for the 1996-1998 Satellite Royalty Funds

AGENCY: Copyright Office, Library of Congress.

ACTION: Notice with request for comments and notices of intention to participate.

SUMMARY: The Copyright Office of the Library of Congress directs all claimants to royalty fees collected under the section 119 statutory license in 1996, 1997 and 1998 to submit comments as to whether a Phase I or Phase II controversy exists as to the distribution of those fees, and a Notice of Intention to Participate in a royalty distribution proceeding.

DATES: Comments and Notices of Intent to Participate are due by October 10, 2000.

ADDRESSES: If sent by mail, an original and five copies of written comments and a Notice of Intention to Participate should be addressed to: Copyright Arbitration Royalty Panel (CARP), P.O. Box 70977, Southwest Station, Washington, D.C. 20024. If hand delivered, an original and five copies should be brought to: Office of the General Counsel, James Madison Memorial Building, Room 403, First and Independence Avenue, S.E., Washington, D.C. 20540.

FOR FURTHER INFORMATION CONTACT: David O. Carson, General Counsel, or

Tanya M. Sandros, Senior Attorney, Copyright Arbitration Royalty Panels, P.O. Box 70977, Southwest Station, Washington, DC 20024. Telephone (202) 707-8380. Telefax: (202) 252-3423.

SUPPLEMENTARY INFORMATION: Each year satellite carriers submit royalties to the Copyright Office for the retransmission to their subscribers of over-the-air broadcast signals. 17 U.S.C. 119. These royalties are, in turn, distributed in one of two ways to copyright owners whose works were included in a retransmission of an over-the-air broadcast signal and who timely filed a claim for royalties with the Copyright Office. The copyright owners may either negotiate the terms of a settlement as to the division of the royalty funds, or the Librarian of Congress may convene a Copyright Arbitration Royalty Panel ("CARP") to determine the distribution of the royalty fees that remain in controversy. See 17 U.S.C. chapter 8.

During the pendency of any proceeding, however, the Librarian of Congress may distribute any amounts that are not in controversy, provided that sufficient funds are withheld to cover reasonable administrative costs and to satisfy all claims with respect to which a controversy exists under his authority set forth in section 119(b)(4)(C) of the Copyright Act, title 17 of the United States Code. See, e.g., Order, Docket No. 97-1 CARP SD 92-95 (dated July 20, 1999).

On September 15, 2000, representatives of the Phase I claimant categories to which royalties have been allocated in prior satellite distribution proceedings filed a motion with the Copyright Office for a partial distribution of 75% of the 1996-1998 satellite royalty funds. The Office will consider this motion after all interested parties have been identified by filing the Notices of Intention requested herein and have had an opportunity to file responses to the motion.

1. Comments on the Existence of Controversies

Before commencing a distribution proceeding or making a partial distribution, the Librarian of Congress must first ascertain whether a

controversy exists as to the distribution of the royalty funds and the extent of those controversies. 17 U.S.C. 803(d). Therefore, the Copyright Office is requesting comment on the existence and extent of any controversies, at Phase I and Phase II, as to the distribution of the 1996–1998 satellite funds.

In Phase I of a satellite royalty distribution, royalties are distributed to certain categories of broadcast programming that has been retransmitted by satellite carriers. The categories have traditionally been syndicated programming and movies, sports, commercial and noncommercial broadcaster-owned programming, religious programming, and music programming. We seek comments as to controversies between these categories for royalty distribution.

In Phase II of a satellite royalty distribution, royalties are distributed to claimants within a program category. If a claimant anticipates a Phase II controversy, the claimant must state each program category in which he or she has an interest that has not, by the end of the comment period, been satisfied through a settlement agreement.

The Copyright Office must be advised of all Phase I and Phase II controversies and the extent of those controversies by the end of the comment period. We will not consider any controversies that come to our attention after the close of that period.

2. Notice of Intention To Participate

Those parties who have not settled their claims to the 1996–1998 satellite royalty funds and who wish to participate in a CARP proceeding, either at Phase I or Phase II, to resolve the distribution must file a Notice of Intent to Participate. Notices of Intent to Participate are due no later than October 10, 2000. Failure to file a timely Notice of Intent to Participate may preclude a claimant or claimants from participating in a CARP proceeding.

Section 251.45(a) of the rules, 37 C.F.R., requires that a Notice of Intent to Participate must be filed in order to participate in a CARP proceeding, but it does not prescribe the contents of the Notice. Recently, in another proceeding, the Library has been forced to address the issue of what constitutes a sufficient Notice and to whom it is applicable. See Orders in Docket No. 2002–2 CARP CD 93–97 (June 22, 2000, and August 1, 2000); see also 65 FR 54077 (September 6, 2000). These rulings will result in a future amendment to § 251.45(a) to specify the content of a properly filed Notice. In the meantime, the Office advises those parties filing Notices of

Intent to Participate in this proceeding to comply with following instructions.

Each claimant that has a dispute over the distribution of the 1996–1998 satellite royalty funds, either at Phase I or Phase II, shall file a Notice of Intent to Participate that contains the following: (1) the claimant's full name, address, telephone number, and facsimile number (if any); (2) identification of whether the Notice covers a Phase I proceeding, a Phase II proceeding, or both; and (3) a statement of the claimant's intention to fully participate in a CARP proceeding.

Claimants may, in lieu of individual Notices of Intent to Participate, submit joint Notices. In lieu of the requirement that the notice contain the claimant's name, address, telephone number and facsimile number, a joint notice shall provide the full name, address, telephone number, and facsimile number (if any) of the person filing the notice and it shall contain a list identifying all the claimants that are parties to the joint Notice. In addition, if the joint Notice is filed by counsel or a representative of one or more of the claimants identified in the joint Notice, the joint Notice shall contain a statement from such counsel or representative certifying that, as of the date of submission of the joint Notice, such counsel or representative has the authority and consent of the claimants to represent them in the CARP proceeding.

3. Motion of Phase I Claimants for Partial Distribution

A claimant who is not a party to the motion, but who files a Notice of Intention to Participate, may file a response to the motion no later than the due date set forth in this Notice for comments on the existence of controversies and the Notice of Intent to Participate. The Motion of Phase I Claimants for Partial Distribution is available for copying in the Office of the General Counsel and may be found on the Copyright Office website at <http://www.loc.gov/copyright/carp/satellitepetition.pdf>.

Dated: September 18, 2000.

David O. Carson,

General Counsel.
