COL. MILLER, - - - - EDITOR.

WHITE CLOUD, KANSAS:  
Thursday, : : November 8, 1860.

## RAGS! RAGS!! RAGS!!!

We will take any quantity of clean cotton or woolen rags, at 1 cent per pound, in payment for subscription, advertising and job work. Save your rags, and get something for them, instead of casting them away. No other kind will be taken than such as are named above.

## LOOK HERE, BOYS!

We want an honest and industrious boy, to learn the printing business. One from 14 to 17 years of age preferred, and must be able to read and write. Any boy desirous of learning the business, and possessing the above qualifications, is requested to come along, without delay.

**AN INQUIRY.**—Post Offices are supposed to have been established for the accommodation of the people; but the Iowa Point Post Office is used for the advantage of a few ruffians. A friend informs us that a Democrat of Iowa Point (a prominent actor in the row on election day,) told him, a few days before the election, that all the copies of the Chief of October 25th, containing some passages in the life of Blakely, that were sent to Iowa Point, were either destroyed or cabbaged from the Post Office, and that a copy could not be found. Complaints from our subscribers at that office are almost incessant; and several have ordered their papers sent to Highland, that they may receive them regularly. This is scandalous. The Iowa Point Post Office is in the hands either of A. Taylor J. A. Farrall. The latter is a young man, who, we think, aims to do what is right, and therefore we cannot think he is the culprit. A. Taylor, in our opinion, will do just as his masters command. He is the Postmaster, and he is responsible. Were it not that a change in the office will take place in the Spring, we would ferret out the abuses spoken of, and bring him to the mark. But we have renewed cause to thank God that Abe Lincoln is our next President; and one desirable consequence will be, the cleaning out of the Iowa Point Post Office.

**BORDER RUFFIAN THREATS.**—We are informed, daily, that terrible threats are made against us by the Pro-Slaveryites, for articles published during the County canvass, particularly those against Blakely. A Democratic friend has warned us that he has it from Pro-Slaveryites, that we are to be "put through" in every manner possible, whenever we are caught in a favorable position. A person who came from Atchison County, on Monday, tells us that he heard it below Troy, that the Democrats intended to lynch us, on election day!

**Iowa Township.**—We congratulate the Republicans of Iowa Township upon the good work they did, on Tuesday. It is the Home of Blakely, and every string was pulled in his favor; yet he leaves the Township with 33 majority, when he expected at least 100. This stronghold of Pro-Slavery Democracy is gradually coming around right, and in a short time will roll up a majority for the true faith.

White Cloud did gloriously—overreached our most sanguine anticipations. We promised only about 30 majority here, but have given an average of 46.—Hough beats Blakely 58. This is the result of organization and work. The vote was the largest ever polled in the precinct, while a large number legitimately belonging here went to Iowa Point.—Mr. Markham received a number of Republican votes upon personal grounds; but aside from this, the Republicans voted well.

Highland has done nobly. Fears were entertained for her. Since the previous election, a large number of Republicans had left the neighborhood, and Democrats had come in; it was thought that there would be no effort to get out the vote; and in some quarters, it was suspected that those who did vote would not stick to the ticket well—yet she has given a good majority—very good, under the circumstances—and vindicated herself against the suspicions of those who distrusted the fidelity of her Republican voters.

At Iowa Point, the Republicans polled a much better vote than was expected of her—and they did this in the face of ruffianism and mobocracy of the most undiluted stamp. When it is known that to be a Republican in Iowa Point, makes a man a mark for persecution, politically, socially, and in business affairs, all will acknowledge that our ticket did well in that precinct.

We know of but one solitary Republican above Iowa Point who remained away from the polls, and not one Democrat.—It was the closest voting ever done in the Township; and we think, with an entire vote, leaving out the bogus votes that are smuggled in, the Democracy honestly have 20 majority in the Township. The following was the vote of Iowa Township on Tuesday:—

	Iowa Point.	White Cloud.	Highland.	Total.
<i>Territorial Sup. Sch.</i>

# WHOOOP-EE!

PRESIDENT,  
**ABRAHAM LINCOLN.**

VICE PRESIDENT,  
**HANNIBAL HAMLIN.**

**THE MILLENIUM COME!**

**DEMOCRACY UP A SPOUT!**

**DONIPHAN COUNTY REDEEMED!**

**WHISKEY AND RUFFIANISM COL-  
LAPSED A FLUE!**

We have the glorious tidings to proclaim, that Lincoln and Hamlin are our next President and Vice President, by overwhelming majorities. They have carried every Free State this side of the Rocky Mountains, except, perhaps, New Jersey, where the vote is close. Douglas will probably carry "nary one!" From the returns received, the majorities will stand about thus:

MAINE,	25,000!
NEW HAMPSHIRE,	10,000!
VERMONT,	30,000!
MASSACHUSETTS,	70,000!
RHODE ISLAND,	5,000!
CONNECTICUT,	10,000!
NEW YORK,	50,000!
PENNSYLVANIA,	75,000!
OHIO,	40,000!
MICHIGAN,	25,000!
INDIANA,	20,000!
ILLINOIS,	10,000!
WISCONSIN,	15,000!
IOWA,	10,000!
MINNESOTA,	10,000!
NEW JERSEY,	Doubtful.

The returns render it probable that Bell has carried Missouri, Virginia, Kentucky and Tennessee. Maryland is close between Bell and Breckinridge. Delaware is close between Lincoln and Breckinridge—the latter doubtless carrying the State. The balance of the Southern States have, from appearances, gone for Breckinridge. We shall be able to give a more correct statement of the result, next week.

Doniphan County has done gloriously, electing the entire Republican ticket, with the exception of one Representative, who

election day!

Now, we do not doubt the disposition of the Democracy to carry these threats into execution, but we are not to be deterred by them. We have published not a word, in the matters in question, but what we have reason to believe was true; and when we know of reasons why men should not be entrusted with office, we shall say so, in plain and unvarnished language. As for the threat that we must retract certain charges, we have to suggest that we never learned that part of the business, particularly when we believe the charges to be true. The only way to silence us, will be to destroy our office or "put out our chunk!" Threats won't do it—we are used to them.

**CONNECTIONS.**—The Falls City (Nebraska) Broad-Axe sends out on Extra, for the double purpose, as we judge from its contents, of publishing legal advertisements, and contradicting some of our "misrepresentations." Concerning "Nebraska Justice," our statement of the murder trial came from one who was there during the entire session of Court; but as he was somewhat interested, his account may have been partial and prejudiced. As to the debate at Rulo, we reiterate our former account. We do not (and did not) mean to say that the crowd prevented Daily from getting up and trying to speak; but they interrupted him so shamefully that his attempt at a speech was a failure, and but for the name of the taing, he might as well not have appeared in the town. This we received from a disinterested person, who was present; and a correspondent of the Brownville Advertiser gave substantially the same statement. We see no reason to alter our statement, notwithstanding the information to the contrary which has been furnished to the Broad-Axe.

**A BREATHING SPELL.**—Now that the election is over, people have time to attend to other matters of importance.—The campaign has been a long one, and everybody is heartily tired of politics. Party strife should now be forgotten, and good feeling restored. The Republicans can now surely afford to treat the Democracy like white men—at the same time, we trust the Democracy will give them cause to do so, by endeavoring to act like white men!

**In the Domestic Recipe department of the Rural New Yorker, we find directions for making "Lincoln Cake." We have seen no account of a "Douglas Cake," for the reason, we suppose, that "his cake is all dough!"**

**Blakely is requested to examine the vote of our precinct, and then tell us, confidentially, how dearly he loves White Cloud!**

**ELECTION IN HOLT.**—We have been furnished with the vote of several precincts in Holt County, Mo., which are very nearly correct. It stands:—

	Douglas.	Bell.	Lincoln.	Break.
Oregon,	141	168	118	97
Forest City,	144	70	51	16
Richville,	6	25	17	16

At Whig Valley, Lincoln received about half the votes cast. At Mound City, Douglas has a considerable majority. Several precincts to hear from. Douglas will have from 70 to 100 majority in the County.

Two-thirds of the Douglas party in Holt are out-and-out Free Soilers; and not less than one-third of the Bell men are of the same. Many old Free Soilers voted for Bell. The sentiment of Holt is overwhelmingly Free State, if the voters would but come squarely up to the mark.

**THE RESULT.**—Republicans can truly rejoice over the result of the election in this County. They have elected all their candidates but one, and beaten every Democrat who acted a part in the days of Border Ruffianism and Locomotionism. This is as it should be. All such men should be marked. Personally, they should not be molested, their business interfered with, nor their rights violated; but when they come before the people, asking for offices of honor or profit, the people should give them to understand, in an unmistakable manner, that their past misdeeds are treasured up against them.

**THE HOG SEASON.**—Mr. Bailey commenced slaughtering, on Wednesday. He will this season operate on both sides of the river. Notwithstanding the failure of the corn crop in Kansas, several fine droves of hogs have come in. Had there been good crops, the number and quality of hogs furnished by Kansas farmers would have been astonishing.

the exception of one Representative, who has been shamefully defeated by his own party. Brown County elects the entire Republican ticket.—Atchison County has gone 200 Democratic. **PETERSON'S MAGAZINE.**—We are in receipt of this popular Lady's Magazine for December. It is a splendid number. "Peterson" has a circulation of 100,000. It will be greatly improved in 1861. It will contain 1000 pages of double column reading matter; 14 steel plates; 12 colored steel fashion plates; 12 colored patterns in Berlin work, embroidery or crochet, and 800 wood engravings—*proportionately more than any other periodical gives.* Its stories and novels are by the best writers. Its fashions are always the latest and prettiest.—Every neighborhood ought to make up a club. Its price is but Two Dollars a year, or a dollar less than Magazines of its class. *Subscribe for it and save a Dollar.* To clubs, it is cheaper still—viz: three copies for \$5, or eight for \$10. To every person getting up a club, the Publisher will send a magnificent premium. Specimens sent gratis to those wishing to get up clubs. Address, post-paid, Charles J. Peterson, 306 Chestnut Street, Philadelphia.

"WANTED TO BEAT SOL. MILLER."— Such was the song of the Blakelyites, from the day of his nomination until the close of the polls. Blakely expressed great concern lest the Chief should not be circulated throughout the County, as he expected to derive much benefit from its opposition to him. He sent us word, that if he had any money to spend in the canvass, he could put it to a better purpose than buying whiskey—that he would purchase us a new suit of clothes, in consideration of the great service we were doing him by our opposition. On election day, some of his over-confident friends congratulated us upon the benefit we had been to him; and on the same day, we are told, Blakely himself declared that he wanted to be elected, if for nothing else than to beat Sol. Miller. They were going to have rare sport at our expense, when Blakely was elected. Gentlemen, Sol. Miller is perfectly satisfied with the result. How do you like it? Has he helped you much?

The Atlantic Monthly, for November, commences the fourth year of the existence of this able work. It contains, besides the editorial notices and reviews, ten original contributions, in prose and verse, most of them of considerable interest, and all ably written, viz: Thomas Hood; Fayal and the Portuguese; Midsummer and May; Gone; Expression; Italian Experience in Collecting "Old Masters;" "Tenty Scran"; Recollections of Irving; Irons An adyomene; and a continuation of The Professor's Story. Now is a good time to subscribe. Published by Ticknor and Fields, Boston, at \$3 a year. We will furnish it to our subscribers for \$2 a year.

COMES TO THE RACK!—Quite a number of "confidence" men accepted our proposition to send the Chief one year, to be paid for when Lincoln was elected President. We take this method of slyly hinting to them that said event has come to pass, and we confidently expect every one of them, as men of honor, to roll along the "Spondulicks." Friends, please shell out, while we sing that good old hymn—

Come, ye sinners, poor and lowly,  
Dirty, ragged, "sprung" and "tore;"  
Toss the mark, and face the music,  
For those said "spondulicks" o'er.

After which, we shall listen to a discourse from the Leavenworth Dispatch, with reference to the fools all being deaf!

The Democracy of this Township, confident of victory, had made preparations for high carryings on. On Wednesday evening, after the news of Blakely's election was received, they meant to make their cannon do some loud talking—they would fire it from the top of the highest bluff in Iowa Point. no

**BAD BUSINESS.**—Mr. Markham is elected over Mr. Jenkins by a majority of 8 votes. For this result, a few of the Republicans of White Cloud can take their share of the credit. After demanding that the Republicans of other precincts should not trade off any of the candidates, they have done worse—voted for a Democrat, without a corresponding equivalent in return. We admit that Mr. Markham is well qualified to perform the duties of a legislator; and were we called upon to vote for a first-rate, clever fellow, or for a man upon the ground of personal friendship, we should vote for Mr. Markham. But there was a principle at issue; and if those Republicans who defeated Mr. Jenkins, hold that by so doing they advanced the principles of their party, we pity their principles—that's all.

Dingus reminds us that he is still erect, by getting off the following:

Why is it reasonable to suppose that the last place a toper would visit, would be a whiskey shop next door to his own? Because it is a dernier (*dermed near*) resort!

We learn that there was a fracas at MOUND CITY, MO., on election day, in which a German, after being whipped in a fight by one Williams, drew a Bowie-knife and stabbed two of Williams' brothers—one, it is thought, fatally.

The Holt County News, we learn, has changed hands. A. R. Conklin, of the Forest City Courier, will henceforth be its conductor. We have not heard what is to become of the Courier.

### Our Special Washington Dispatch.

WASHINGTON, Oct. 26.

#### TREASON IN HIGH PLACES.

A New York correspondent says that Mr. R. J. Lackey, late of the Treasury Department, who was removed on suspicion of Lincolnism, has revealed a plan entered into by high officials for a dissolution of the Union. Mr. Lackey says the plan was that the Governor, of the Southern States should convene their Legislatures on the 8th of November, and as soon as Lincoln's election was ascertained, the Legislatures were to declare the Union dissolved, and pronounce in favor of Breckinridge as President of the Southern Confederacy. The same correspondent charges Cobb with being a party to the scheme, which seems to be confirmed by the fact that Cobb, when in Georgia recently, avowed himself favorable to a dissolution in case Lincoln was chosen.

#### DISSOLUTION INSISTED UPON.

The Constitution newspaper is said to be entirely in the hands of the Southern members of the Cabinet. The Northern members do not interfere, neither does the President; and hence, under the guidance of Cobb and Thompson, the Government organ, day after day, predicts dissolution in case of Lincoln's election. It is rumored here that secret agents, well supplied with money, are traveling South stirring up the diannion feeling. It is

### Thanksgiving Proclamation.

To the People of Kansas:

In the beginning we were promised that "while the earth remaineth, seed time and harvest, and cold and heat, and summer and winter, and day and night shall not cease."

This great promise to man's hope and industry was made by Him, who is the fountain of Truth; who also said, "go forth and replenish the earth;" and who said unto the tempest "be still." But in to God's great purposes man cannot pry.—His ends are worked out in His own good time. He chastiseth for our good, giveth and withholdeth that His name may receive the higher glory among His creatures. The contrite in heart are chastened and the proud are humbled. Let man, therefore, not repine at what, to him, is a mystery, but rather let him thank God, with humble obedience, putting trust in His great promises fulfilled unto so many generations,—rather bow in grateful adoration to Him by whose power he breathes and moves, than ignorantly curse the hand which extendeth blessings and withholdeth no needed good.

THANKSGIVING, I, SAMUEL MEDARY, Governor of the Territory of Kansas, do, in accordance with custom—a custom sanctioned by a Christian people—appoint and set apart THURSDAY, the 29th day of November, 1860, as a day of THANKSGIVING and PRAISE for the many mercies vouchsafed to us. Though drouth has come upon us and our people are sorely tried in this their hour of destitution—though the granaries are empty and food is given out with a sparing hand, yet it is a cause for rejoicing, for thanksgiving and praise, that unusual health pervades every part of our Territory—that plenty is within reach—that the means of communication are rapid—that the hearts of a Christian people beat quick in acts of mercy, so that our wants are but to be made known to be supplied; and, more than all, that we have an opportunity of doing good works for one another—that our hearts may have a closer communion, and society be moulded together with "Faith, Hope and Charity."

Given under the Seal of the Territory, at the City of Leecompton, this 30th day of October, A. D. 1860.

By the Governor; S. MEDARY.  
GEORGE M. BEUSS, Secretary of Kansas Territory.

Constitution?

**WE** have the pleasure of inform-  
ing the Dispatch that that queer Sam of  
Ros. Williams' don't bother him any-  
hasn't "cripled" him a bit. But he is  
still as much of a philanthropist as ever  
—as an evidence of which, he begs of us  
not to taunt the down-trodden Democracy.

**A** never-failing method of telling  
a candidate for office in Kansas, is to ex-  
amine his purse. You will find it filled  
with change, from the smallest to the  
largest denomination—to treat an "in-  
dependent voter" to a five cent "nip,"  
or to liquor a patriotic crowd.

**AFTER** our County ticket was no-  
minated, in speaking of Ros. Williams'  
popularity up this way, we remarked:  
"For farther particulars, see the vote, in  
November." In order to give the public  
that opportunity, we publish the vote of  
our Township, in this issue.

**WILL** the Deputy District Clerk  
have the kindness to issue a search war-  
rant for that 200 majority which the De-  
mocratic ticket was going to receive in  
Doniphan County? He can put the busi-  
ness into Charley Blakely's hands!

**OUR** friend, Charles Miller, (good  
name,) of Palermo, has our thanks for  
a Club of subscribers at that place. Let  
others "go and do likewise."

stirring up the disunion feeling. It is  
also said that the visit of Cobb and  
Thompson to New York has reference  
to the withdrawal of the funds from  
the Subtreasury, in case of Lincoln's  
election.

**THE BLUE COCKADE.**—We have be-  
fore stated that Minute Companies are  
formed in South Carolina, who mount  
the blue cockade. This is not the first  
time cockades have been mounted in this  
country for partisan purposes. In 1798,  
the Federal party mounted the black  
cockade in Philadelphia and other places.  
In three years more the Federal party re-  
ceived its death blow, and the reign of  
black cockades was over. In less than  
that time the blue cockades will share the  
same fate. The cockade party may live  
long enough to hold another Hartford or  
Nashville Convention, but hardly that.—  
Their doom is fixed. They, like the old  
Federalists, will call themselves the nob-  
lest party on earth, think they know all  
about the Constitution, make a little  
more noise, and sputter out—the ambi-  
tious part taking office from the hands of  
the Republicans.

**TWO NEW YORKERS SENTENCED TO BE  
HUNG IN SOUTH CAROLINA.**—The follow-  
ing paragraph in the Charleston Mer-  
cury of the 17th, gives the probable de-  
velopment of the excitement which dis-  
turbed the citizens in the interior of South  
Carolina a few days since:

From Cheraw we learn that the two  
Hitchings, concerning whose arrest and  
trial as Abolition incendiaries a full ac-  
count was published in the Mercury of  
Saturday, had been duly convicted and  
sentenced to be hung on Friday next.—  
Additional and crushing evidence had  
been adduced to prove their complicity  
in an insurrectionary plot, and this seal-  
ed their doom. At last accounts, "Min-  
ute-Men" were actively forming in Che-  
raw and the vicinity.

#### Plans of Disunionists.

LOUISVILLE, Oct. 30.

This morning's Journal says, remark-  
ably shrewd and well informed politi-  
cians, recently from Washington, state  
that some of the principal Breckinridge  
leaders from the South, including Wig-  
fall, of Texas, and Judge Mack, of Ala-  
bama, agreed, last Thursday, upon a  
plan of action in case of Lincoln's elec-  
tion, viz: South Carolina, within thirty  
days after the election, would declare  
herself independent, and send an am-  
bassador to Washington asking recognition.  
If recognized, other Southern States  
would follow suit, and after a sufficient  
number of States have thus been recog-  
nized, a Southern Confederacy would be  
formed.

**A LINCOLN OX IN KANSAS.**—Nelson  
Abbey, Esq., of Doniphan County, Kan-  
sas, has a choice ox which he has long  
been fattening for the entertainment of  
his friends, in the event of Mr. Lincoln's  
election. Mr. Abbey was, for many  
years, a neighbor of Mr. Lincoln, and en-  
tertains that enthusiastic regard for him  
which all persons have who are intimately  
acquainted with the next President of  
the Republic. It is needless to add that,  
when the ox is killed, there will be a  
pleasant party of the friends of Lincoln  
and Abbey.—St. Joseph Free Democ-  
rat.

complaining of their aches and pains. Why do  
they not forthwith procure a bottle of J. L. Cur-  
tis' MANALUKE LINIMENT and re-invigorate their  
diseased muscles? It is a pain killer,  
and no mistake. And remember, also, that his  
Compound Syrup of Sassafras is a sure remedy  
for Coughs, Colds, and the thousand and one  
diseases of the respiratory organs. No medi-  
cines are more efficacious and some more popu-  
lar. See advertisement. Oct. 18.
