

an energy action, for a resolution described in paragraph (2)(A) of this subsection with respect to the same such action.

The amendments described in clauses (i) and (ii) of this subparagraph shall not be amendable.

(6)(A) Motions to postpone, made with respect to the discharge from committee, or the consideration of a resolution and motions to proceed to the consideration of other business, shall be decided without debate.

(B) Appeals from the decision of the Chair relating to the application of the rules of the Senate or the House of Representatives, as the case may be, to the procedure relating to a resolution shall be decided without debate.

(7) Notwithstanding any of the provisions of this subsection, if a House has approved a resolution with respect to an energy action, then it shall not be in order to consider in that House any other resolution with respect to the same such action.

These statutory procedures have been used for consideration of a motion to discharge a committee from consideration of a resolution disapproving an "energy action" under Public Law 94-163 (Apr. 13, 1976, p. 10794; May 27, 1976, p. 15772).

14. Extensions of Emergency Energy Authorities [42 U.S.C. 8374]

SEC. 404. EMERGENCY AUTHORITIES.—(a) COAL ALLOCATION AUTHORITY.—(1) If the President—

(A) declares a severe energy supply interruption, as defined in section 3(8) of the Energy Policy and Conservation Act [42 U.S.C. 6202(8)], or

(B) finds, and publishes such finding, that a national or regional fuel supply shortage exists or may exist which the President determines—

(i) is, or is likely to be, of significant scope and duration, and of an emergency nature;

(ii) causes, or may cause, major adverse impact on public health, safety, or welfare or on the economy; and

(iii) results, or is likely to result, from an interruption in the supply of coal or from sabotage, or an act of God;

the President may, by order, allocate (and require the transportation thereof) for the use of any electrical power-plant or major fuel-burning installation, in accordance

with such terms and conditions as he may prescribe, to insure reliability of electric service or prevent unemployment, or protect public health, safety, or welfare.

(2) For purposes of this subsection, the term "coal" means anthracite and bituminous coal and lignite (but does not mean any fuel derivative thereof).

(b) EMERGENCY PROHIBITION ON USE OF NATURAL GAS OR PETROLEUM.—If the President declares a severe energy supply interruption, as defined in section 3(8) of the Energy Policy and Conservation Act [42 U.S.C. 6202(8)], the President may, by order, prohibit any electric powerplant or major fuelburning installation from using natural gas or petroleum, or both, as a primary energy source for the duration of such interruption. Notwithstanding any other provision of this section, any suspension of emission limitations or other requirements of applicable implementation plans, as defined in section 110(d) of the Clean Air Act [42 U.S.C. 7410(d)], required by such prohibition shall be issued only in accordance with section 110(f) of the Clean Air Act [42 U.S.C. 7410(f)].

(c) EMERGENCY STAYS.—The President may, by order, stay the application of any provision of this act, or any rule or order thereunder, applicable to any new or existing electric powerplant, if the President finds, and publishes such finding, that an emergency exists, due to national, regional, or systemwide shortages of coal or other alternate fuels, or disruption of transportation facilities, which emergency is likely to affect reliability of service of any such electric powerplant.

(d) DURATION OF EMERGENCY ORDERS.—(1) Except as provided in paragraph (3), any order issued by the President under this section shall not be effective for longer than the duration of the interruption or emergency, or 90 days, whichever is less.

(2) Any such order may be extended by a subsequent order which the President shall transmit to the Congress in accordance with section 551 of the Energy Policy and Conservation Act [42 U.S.C. 6421]. Such order shall be subject to congressional review pursuant to such section.

(3) Notwithstanding paragraph (1), the effectiveness of any order issued under this section shall not terminate under this subsection during the 15-calendar-day period during which any such subsequent order described in paragraph (2) is subject to congressional review under section 551 of the Energy Policy and Conservation Act [42 U.S.C. 6421].

15. Nuclear Waste Fund Fees [42 U.S.C. 10222]

SEC. 302. (a) CONTRACTS.—(1) In the performance of his functions under this Act, the Secretary is authorized to enter into contracts with any person who generates or holds title to high-level radioactive waste, or spent nuclear fuel, of domestic origin for the acceptance of title, subsequent transportation, and disposal of such waste or spent fuel. Such contracts shall provide for payment to the Secretary of fees pursuant to paragraphs (2) and (3) sufficient to offset expenditures described in subsection (d).

* * *

(4) Not later than 180 days after the date of enactment of this Act, the Secretary shall establish procedures for the collection and payment of the fees established by paragraph (2) and paragraph (3). The Secretary shall annually review the amount of the fees established by paragraphs (2) and (3) above to evaluate whether collection of the fee will provide sufficient revenues to offset the costs as defined in subsection (d) herein. In the event the Secretary determines that either insufficient or excess revenues are being collected, in order to recover the costs incurred by the Federal Government that are specified in subsection (d), the Secretary shall propose an adjustment to the fee to insure full cost recovery. The Secretary shall immediately transmit this proposal for such an adjustment to Congress. The adjusted fee proposed by the Secretary shall be effective after a period of 90 days of continuous session have elapsed following the receipt of such transmittal unless during such 90-day period either House of Congress adopts a resolution disapproving the Secretary's proposed adjustment in accordance with the procedures set forth for congressional review of an energy action under section 551 of the Energy Policy and Conservation Act [42 U.S.C. 6421].
